Preparing the Annual Disclosure of Crime Statistics

The Office of Institutional Research prepares the Annual Security and Fire Safety Report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. This report is prepared in cooperation with the Campus Security Coordinator, the Executive Director of Campus Life, the Director of Security & Conduct and local law enforcement.

Campus crime, arrest and referral statistics provided in this report are compiled from local law enforcement, designated campus officials as well as reports made to the college's "Cause for Concern Incident Reporting System" (also known as Maxient or Concerns Report) at [Concerns Report](#).

Each year an electronic announcement (internally known as a "wired announcement") is sent to all students, staff and faculty outlining that the report is available and where it can be found as well as an announcement through the mass communication system.

Reporting a Crime

Students, faculty, staff, community members and guests are encouraged to accurately report all crimes and public safety incidents in a timely manner to the Campus Security Director or the Dowagiac Police Department when the victim of a crime elects to or is unable to make such a report. Reporting crimes to the Campus Security Director will assure timely warning can be given to the campus community if needed and accurate statistics may be reported. To report a crime, individuals may contact the Campus Security Director at 269-783-2194. If it is an emergency, call 911. For non-emergencies after hours call 269-445-1560. Reporters may also access the Concerns Form available on-line ([Concerns Report](#)) which provides a means for anonymous reporting if this is preferred. The college refers all reports of criminal activity to Dowagiac Police Department. If you are the victim of a crime and do not want to pursue action within the College system or the criminal justice system, you may still want to consider making a confidential report by filling out the Concerns Form available on-line ([Concerns Report](#)). The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to enhance the future safety of yourself and others. With such information, the College can keep an accurate record of the number of incidents involving students, employees and visitors; determine where there is a pattern of crime with regard to a particular location, method, or assailant; and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.

Southwestern Michigan College contracts with Dowagiac Police Department as on campus law enforcement. Cass County Sheriff's Department and a contractual security guard agency also patrol campus. The Security Director oversees these contracts.

Southwestern Michigan College has four phases of security. These include: 1. The Campus Security Director, 2. Contractual agreement with Dowagiac Police Department, 3. Contractual agreement with a private security company and a contract with Cass County Sheriff's Department and 4, weekend "student safety patrols."

The Campus Security Director and Dowagiac Police Department enforce college policies, Federal laws and Michigan State laws. The Director maintains a close working relationship with Dowagiac Police Department along with the Cass County Sheriff's Department. The Campus Security Director does not have power of arrest while Dowagiac Police Department and the Cass County Sheriff's Department do. SMC works with the above listed agencies on investigations of crimes on campus. SMC currently does not have an MOU with Dowagiac Police Department and/or Cass County Sheriff's Department regarding the investigation of alleged criminal incident though there is a contractual arrangement described earlier.

Responses to a Report

Emergency Dispatchers are available at 911 twenty four (24) hours a day to answer your calls. In response to a call, the Campus Security Director and/or Dowagiac Police Department will take the required action, either dispatching an officer or asking the victim to report in person to file an incident report. All reported crimes will be concurrently investigated by the College and/or Dowagiac Police Department and may become a matter of public record. All incident reports are forwarded to the Director of Security for review and for potential action, as appropriate. Investigators will investigate a report when it is deemed appropriate. If assistance is required from the Dowagiac Police Department, the Campus Security Director will contact the appropriate unit. If a sexual assault or rape should occur, staff on the scene, including the Campus Security Director, will offer the victim a wide variety of services.

SMC maintains a daily crime log which is available to the public for viewing during normal business hours in the Campus Security Office, 2104 Briegel Building.

SMC, in the Fall of 2016, began a partnership with United Way to provide a location on it's Dowagiac campus for limited counseling services. The counselor is bound by professional and ethical standards to report immediate issues related to campus safety to security or law enforcement.

In addition, SMC does not have any officially recognized student organizations with off-campus locations. Therefore, we do not monitor or record criminal activities off-campus though local police agencies.

SMC will, upon written request, disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by SMC against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for the purposes of this paragraph.

Timely Notification

In the event that a situation arises on campus that in the judgment of the college President or designee is deemed to pose a security risk to the college community, timely warnings will be issued through the college mass communication system which provides instant communication via email, cell phone, and home phone. Students and employees of the college may also elect to receive notifications via text messages.

Timely Warning Notices shall be provided to students and employees in a manner that is timely, that withholds the names of complainants as confidential, and with the intent to aid in the prevention of similar occurrences. The following Uniformed Crime Reporting (UCR) Program/National Incident Based Reporting System (NIBRS) crime classifications are typically reviewed for a Timely Warning Notice: major incidents of arson, aggravated assault, murder/non-negligent manslaughter, robbery, and sex offenses. Cases of aggravated assault and sex offenses are considered on a case-by-case basis, depending on when and where the incident occurred, when it was reported, and the amount of information known by SMC. The Director of Security & Conduct or designee reviews all reports, in consultation with the Chief of Staff and President, as described above, to determine if there is an ongoing threat to the community and if the distribution of Timely Warning Notice is warranted. Timely Warning Notices may also be posted for other crime classifications and locations, as deemed necessary. Timely Warning Notices are typically written and distributed by any of the following persons or designee: President, Vice President for Enrollment Management or Campus Life or the Director of Security & Conduct.

Security of and Access to Campus Facilities

Most of the Southwestern Michigan Colleges' instructional buildings are closed from 11:00 p.m. until 8:00 a.m. Monday through Thursday and after 5:00 on Fridays. The Dowagiac campus is closed weekends except during classes and special events. Buildings are locked and secured when either or both college campuses are officially closed. Hours of operation of the Learning Center in the Fred L. Mathews Library and Conference Center Building vary during the year and are posted. The Student Activities Center is generally open evenings and weekends. Other than posted hours, these buildings are secured and only accessible to appropriate and qualified college employees through keyed entrance.

SMC offers a number of security features to improve safety on campus for our residential students. These include:

- A three-level security entry system with locks on the outside of the building, on each dorm room, and on each bedroom door within the dorm room.
- Security is progressively more limited:
 - Only housing residents can enter the residence halls.
 - Only suite mates can enter the suites.
 - Only the individual student can enter his or her own bedroom, and a PIN is also required for bedroom entry.
- Valid security cards are required for each lock. Security cards are coded for entry and each lock requires separate security coding. Cards can be disabled for access at any time. In addition, access can be limited on individual cards to specific hours. Reporting and analysis can be done on attempted and failed card access.
- The front desk in each residence hall is staffed 24/7 with view of all entry and exit activity.
- All guests must be checked in through the front desk 24 hours day.
- Guests must be escorted by the resident at all times.
- Security cameras are stationed in all common areas of the building's interior as well as the housing entrance and the parking lot. These cameras are monitored 24/7 by the housing front desk staff.
- In the event of emergency, communication to student housing will occur via the campus network system.

Contractual security patrols facilities to ensure all areas are safe and secure.

SMC maintains campus facilities in a way that minimizes hazardous and unsafe conditions. Parking lots and walkways are illuminated with lighting. The Campus Security Coordinator works closely with Facilities Management to address burned out lights promptly as well as malfunctioning door locks or other physical conditions that enhance security.

Missing Student Resident Notification

A missing housing student should be reported to a residential life professional:

Executive Director of Student Life – 269-783-2159
 Resident Hall Manager, McKenzie Hall – 269-783-2702
 Resident Hall Manager, Jerdon Hall – 269-783-2802
 Resident Hall Manager, White Hall – 269-783-2902

When a residential professional is contacted with the information that a student may have been missing for more than 24 hours, the residential life professional will first attempt to contact that student through the phone numbers that the student has provided to the College. If the location of the student cannot be confirmed, it is the responsibility of the residential life professional staff to contact local law enforcement immediately. All missing students will be reported to local law enforcement by calling the numbers below:

Dowagiac Police Department – (non-emergency) 269-782-9743
 Cass County Sheriff Department – (non-emergency) 269-445-1560

Students also have the option to designate a confidential contact person that shall be contacted if the student is considered missing. This confidential contact person will only be contacted by the appropriate authorities in the event of a missing person investigation. SMC students are advised that their contact information will be registered confidentially, and that this information will be accessible only to authorized campus officials and law enforcement and that this may not

be disclosed outside of a missing person investigation. Students residing in campus housing will be informed annually that each student has the option to identify a person designated as a confidential missing person contact to be notified by SMC no later than twenty-four (24) hours after the time the student is determined to be missing by members of the Residence Life Office. The confidential contact may be a person designated by the student in addition to the declared emergency contact. Should the student not formally declare a separate missing person contact, the emergency contact on record will be notified.

Notification of this policy will be made directly to all students residing in campus housing annually and be available in conjunction with the "Annual Security and Fire Safety Report for the Dowagiac campus" that provides information in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Security Crime Statistics Act. SMC residential life staff will ask residents to provide missing contact information at move in. This is stored separately from emergency contact information and will be used only for the purpose of missing person. This information will be considered accurate until the student voluntarily provides different information.

Any student who is under 18 years of age and is not emancipated will have their parents and their confidential contact notified within 24 hours, if there is a report made that they are missing.

Contact will then be made to the missing person contact, if contact information has been provided, within twenty-four (24) hours of the determination that the student is missing by the Executive Director of Student Life or designee. Regardless of whether the person has identified a contact person, is above the age of 18 or is an emancipated minor, SMC will inform the Dowagiac Police Department (or the local law enforcement with jurisdiction) that the student is missing within 24 hours.

Security Awareness & Crime Prevention Programs

Programs relating to security awareness and crime prevention are sponsored by various college departments throughout the year. The College Security Director in conjunction with college personnel facilitates programs for student, parent, faculty, and new employee orientations, student organizations, community organizations, in addition to quarterly programs for Resident Life Advisors and residents providing a variety of educational strategies and tips on how to protect themselves from sexual assault, theft and other crimes. A common theme among the security awareness programs is to encourage students and employees to be responsible for their own security and the security of others.

Prohibited Substances

Southwestern Michigan College and its Board of Trustees certify and pledge to make every effort to provide and maintain a drug free work place and learning environment for employees and students. This is in compliance with the Drug-Free Schools and Communities Act Amendment of 1989 (Public Law 101-226). For more information online, see [Drug and Alcohol Program](#).

Southwestern Michigan College recognizes that alcohol and drug misuse or abuse is a chronic progressive disease that can erode the foundation of SMC's goals and objectives. Further, it can diminish or disrupt the attainment of an individual's intellectual, social and emotional growth. Therefore, SMC is committed to providing a safe, healthy and sober environment. To this end, the college annually distributes the Drug & Alcohol Abuse Prevention Program Notice and conducts a biennial review of the programs that inform the college community about the risks of

alcohol and illegal drugs as well as the sanctions applied to violators of the college's policies related to illegal behavior related to prohibited substances.

Standards of Conduct

Southwestern Michigan College and its Board of Trustees prohibit the manufacture, distribution, possession, use of, and/or sale of any controlled substance and/or alcohol on the SMC campus or while engaged in any college activity. Violations of this policy by faculty, staff or students could result in disciplinary action up to and including termination or expulsion.

Legal Sanctions

There are legal sanctions under local, state and federal law, for the unlawful possession, use, or distribution of illicit drugs and alcohol as well as underage drinking. A violation under state law may result in a misdemeanor or felony conviction, depending on the nature of the offense, punishable by imprisonment, payment of fines, confiscation of real and personal property, or a combination of the three.

For further information on standards of conduct and legal sanctions, employees can refer to the Employee Handbook given at the time of employment. Students may reference the Student Handbook ([Student Code of Conduct](#).) The consumption, possession, use and sale of alcoholic beverages by students or their guests on campus, at any college sponsored function or by any group that is identified with the college is prohibited. Dowagiac Police Department will enforce Michigan underage drinking laws. Any student appearing on campus or at any college-sponsored function under the influence of intoxication will be subject to disciplinary action.

Drugs

The illegal consumption, possession, use and sale of any narcotic or unlawful drug will be grounds for disciplinary action and is prohibited at SMC. The Dowagiac Police Department will enforce Federal and Michigan drug laws.

Emergency Response and Evacuation Procedures

Each year the college updates its Emergency Preparedness and Response Plan (EPRP). This document can be found on the college's website: [Emergency Preparedness and Response Plan](#).

The purpose of the EPRP is to protect employees and students from serious injury, property loss, or loss of life, in the event of an actual or potential major disaster. A major disaster may include, but is not limited to, any of the following: fire, tornado, earthquake, bomb threat, or hazardous chemical spill. The EPRP discusses Emergency Operation Center activation, emergency communications as well as emergency protocols for fire and evacuation, medical emergency, bomb threat, hostile intruder/active shooter, utility failure and natural disaster, severe weather, earthquakes, shelter in place/safe shelter and suspicious package.

Authority to declare a college emergency rests with the college president or his appointee in consultation with the Cabinet (Vice President of Enrollment Management & Campus Life, Sr Vice President for Business Affairs & Chief Financial Officer, Provost, Vice President for Institutional Advancement.)

As one part of the general procedures, emergency warning will be given. The warning could come from following sources: commercial radio or television, internal paging system, mass communication system, an external siren, building smoke detection or sprinkler system, web/internet, private citizen or local police. It is recommended that several sources be

monitored to assist in determining when emergency situations exist since no one system can cover all circumstances.

SMC uses these systems to immediately notify the campus community, upon confirmation that a dangerous situation or emergency exists involving an immediate threat to the health or safety of students or staff on campus and when immediate action is required by the recipient.

If the President confirms that an emergency or dangerous situation exists that poses an immediate threat to some part or of all of the campus community, the Cabinet will collaborate to initiate the message, determine the recipients, decide if the emergency impacts a segment of the community, design the content of the warning and will use some or all of the above described systems to deliver that message. The Cabinet will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders, compromise the efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. Follow up messages are sent to the SMC community using some or all of the communication methods described above as deemed appropriate.

System to Use	Primary Message Creator	Backup Message Creator	Authority for Approving and Sending Messages	Primary Message Sender	Backup Message Sender
Internal Paging System	President	VP of Enroll Mgmt & campus Life	President	Executive Director of Computing Services	Programmer
Rave System	Vice President for Institutional Advancement	VP of Enroll Mgmt & campus Life	President	Vice President for Institutional Advancement	Director of Security and Conduct

Students and employees automatically receive notifications via email or voice mail to all email addresses and phone numbers entered into the Banner system. Students may opt into the text messaging service by visiting Student Service Center at the Dowagiac and/or Niles Campus. Employees need to complete the Employee Change Request Form in ORC for text opt in.

In the event the situation impacts the larger community outside of campus, the President or designee develops the information to be disclosed and Marketing disseminates the information to the larger community.

Testing of the various emergency alert systems are conducted prior or at the start of each semester. Campus Security ensures that the testing and proper documentation and notification of the results occur.

The following are the Building Evacuation procedures that are outlined in the EPRP.

- Take only keys, wallets and essential belongings with you.
- If possible wear weather appropriate clothing.
- If you are the last one to exit your room close, and lock doors.
- Leave the building immediately.
- Do not investigate the source of the emergency.
- Walk, don't run, to the nearest exit.
- Use stairs, not elevators.
- Assist people with special needs.
- If there is no immediate danger, persons with disability/mobility limitations should shelter in place and 911 and Security (269) 782-1234 to report location and number of people needing assistance.
- If there is imminent danger and evacuation cannot be delayed, the person with a disability should be carried or helped from the building in the best and fastest manner (the person with the disability is the best authority as to how to be moved out of the building).
- If you are unable to evacuate, call 911 & Security (1234) and report your location.
- As you make your way out, encourage those you encounter to exit as well.
- Follow instructions of Security or other identified emergency personnel.
- Wait for instructions before returning to your building after an evacuation.

Sexual Misconduct

SMC does not discriminate on the basis of sex in its educational programs and sexual harassment and sexual violence are types of sex discrimination. Other acts can also be forms of sex-based discrimination and are also prohibited whether sexually based or not and include dating violence, domestic violence, and stalking. As a result, SMC issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to a college official. In this context, SMC prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the college community.

For a complete copy of SMC's policy governing sexual misconduct, visit [Sexual Responsibility and Misconduct at SMC](#).

Definitions

There are numerous terms used by SMC in our policy and procedures.

Consent is defined by SMC as "...sexual permission. Consent can be given by word or action, but non-verbal consent is not as clear as talking about what you want sexually and what you

don't. Consent to some form of sexual activity cannot be automatically taken as consent to another form of sexual activity. Silence—without actions demonstrating permission—cannot be assumed to show consent." (SMC Sexual Misconduct Policy, pg. 4).

Sexual Assault: "Sexual assault" means an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting system. A sex offense is any act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest is defined as non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape is defined a non-forcible sexual intercourse with a person who is under the statutory age of consent.

See Appendix A for a summary of Michigan State definitions of criminal sexual conduct.

Domestic Violence: The term "domestic violence" means

- 1) Felony or misdemeanor crimes of violence committed—
 - a. By a current or former spouse or intimate partner of the victim;
 - b. By a person with whom the victim shares a child in common;

 - e. By any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
- 2) For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

- 1) who is or has been in a social relationship of a romantic or intimate nature with the victim and
- 2) The existence of such a relationship shall be based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

For the purposes of this definition-

- Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
- Dating violence does not include acts covered under the definition of domestic violence.

For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Dating violence is covered under domestic violence in Michigan State law. Please note the definition of “dating relationship” in Act 389 of 1978, section 400.1501:

¹ ([http://www.legislature.mi.gov/\(S\(5d4ny0iufomd5idaopm1y4s\)\)/mileg.aspx?page=getObject&objectName=mcl-400-1501](http://www.legislature.mi.gov/(S(5d4ny0iufomd5idaopm1y4s))/mileg.aspx?page=getObject&objectName=mcl-400-1501))

 - (ii) Approaching or confronting that individual in a public place or on private property.
 - (iii) Appearing at that individual's workplace or residence.
 - (iv) Entering onto or remaining on property owned, leased, or occupied by that individual.
 - (v) Contacting that individual by telephone.

- (f) "Victim" means an individual who is the target of a willful course of conduct involving repeated or continuing harassment.

Education and Prevention Programs

The College has developed comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking that:

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

Educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students and employees that:

- 1) Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct;
- 2) Defines using definitions provided both by the Department of Education as well as state law what behavior constitutes domestic violence, dating violence, sexual assault, and stalking;
- 3) Defines what behavior and actions constitute consent to sexual activity in the State of Michigan and/or using the definition of consent found in the Sexual Misconduct Policy;

- 4) Provides a description of safe and positive options for bystander intervention. Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene;
- 5) Information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for Complainants in order to promote safety and to help individuals and communities address conditions that facilitate violence.
- 6) Provides an overview of information contained in the Annual Security and Fire Safety Report in compliance with the Clery Act.

The College has also developed an annual educational campaign consisting of presentations that include distribution of educational materials to new students; participating in and presenting information and materials during new employee orientation.

Procedures for Reporting a Complaint

The College has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. The College will make such accommodations, if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to the Director of Security or local law enforcement. Students and employees should contact Lyndon Parrish, Security & Conduct Director, Office of Security, 2104 Briegel Building.

After an incident of sexual assault and domestic violence, the victim should consider seeking medical attention as soon as possible at Borgess-Lee Memorial Hospital, 420 West High St, Dowagiac, Michigan 49047. In Michigan, evidence may be collected even if you chose not to make a report to law enforcement.³ It is possible that the hospital may need the victim's name. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 120 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if complainants do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. Complainants of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to College hearing boards/investigators or police. Although the college strongly encourages all members of its

³ Under the Violence Against Women and Department of Justice Reauthorization Act of 2005, starting in 2009, states must certify that they do not "require a victim of sexual assault to participate in the criminal justice system or cooperate with law enforcement in order to be provided with a forensic medical exam, reimbursement for charges incurred on account of such an exam, or both."

community to report violations of this policy to law enforcement, it is the victim's choice whether or not to make such a report and complainants have the right to decline involvement with the police. The College will assist any victim with notifying local police if they so desire. The Dowagiac Police Department may also be reached directly by calling 269-782-9743, in person at 241 South Front Street, Dowagiac, Michigan, 49047. Additional information about the Dowagiac Police department may be found online at [City of Dowagiac, Police Information](#).

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator, (Employees: Human Resources Director Kristin Evans, 2106 Briegel Building, 58900 Cherry Grove Dowagiac, MI 49047 269 783-2110 or kevans11@swmich.edu. Students: Security & conduct Director Lyndon Parrish Security Office, 2104 Briegel Building, 58900 Cherry Grove Road, Dowagiac MI 49047 or at 269-782-1321 or lparrish@swmich.edu) by calling, writing or coming into the office to report in person (if the victim so desires.)⁴ You may also fill out the college concerns form ([Concerns Report](#)). The College will provide resources, on campus, off campus or both, to persons who have been complainants of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Campus Security or other law enforcement to preserve evidence in the event that the victim changes her/his mind at a later date.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to the College, the below are the procedures that the College will follow as well as a statement of the standard of evidence that will be used during any investigation on campus arising from such a report:

Incident Being Reported: Sexual Assault, Domestic Violence, Dating Violence or Stalking

Evidentiary Standard: Preponderance of the Evidence

- 1) Depending on when reported (immediate vs delayed report), institution will provide complainant with access to medical care.
- 2) Institution will assess immediate safety needs of complainant.
- 3) Institution will assist complainant with contacting local police if complainant requests and complainant will be provided with contact information for local police department.
- 4) Institution will provide complainant and respondent with referrals to on and off campus mental health & sexual assault advocate providers.
- 5) Institution will assess need to implement interim or long-term protective measures, such as housing changes, change in class schedule, and/or "No Contact" directive between both parties. This may occur whether or not the complainant wishes to proceed with an official report.
- 6) Institution will provide a "No trespass" directive to accused party if deemed appropriate.
- 7) Institution will provide assistance with applying for Protective Order.

⁴ The Title IX Coordinator is regarded as a "Responsible Employee" under Title IX and also a "Campus Security Authority" under the Clery Act. Statistical information less the victims identifying information will be provided to campus public safety or whomever at the institution compiles the annual crime statistics even if the victim chooses not to alert campus public safety personally.

- 8) Institution will provide the Sexual Harassment & Misconduct Policy to complainant and respondent inform both regarding timeframes for inquiry, investigation and resolution.
- 9) Institution will inform both parties of the outcome of the investigation, whether or not the accused will be administratively charged and what the outcome of the hearing is.
- 10) Institution will enforce the anti-retaliation policy and take immediate and separate action against parties that retaliate against a person for complaining of sex-based discrimination or for assisting in the investigation.

Assistance: Rights & Options

Regardless of whether a complainant elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the college will assist parties of sexual assault, domestic violence, dating violence, and stalking and will provide each party with a written explanation of their rights and options. The following are the rights of the complainant and respondent according to college policy:

- The right to investigation and appropriate resolution of all credible complaints of sexual misconduct made in good faith to college administrators;

- The right to have college policies and procedures followed without material deviation;
- The right to be informed in advance of any public release of information regarding the complaint;
- The right not to have released to the public any personally identifiable information about the complainant or respondent, without his or her consent.

In Michigan, a victim of domestic violence, dating violence, sexual assault or stalking has the following rights:

Be treated throughout the criminal justice process with fairness and respect for their dignity and privacy.

- Timely disposition of the case following the arrest of the accused.
- Receive an explanation of court procedures.
- Reasonable protection from the accused throughout the criminal justice process, including having a waiting area separate from the defendant and the defendant's relatives and witnesses (if practical), and to receive an explanation of procedures to follow if threatened or intimidated by the defendant.
- Be free from threats or acts of discharge from your employer because you are subpoenaed or requested by the prosecuting attorney to testify in court.
- Consult with the prosecuting attorney to give your views about the disposition of the case.
- Notice of:
 - Emergency and medical services from the investigating police agency.
 - The name of the person in the prosecutor's office with information about your case.
 - All scheduled court proceedings, including sentencing.
 - The defendant's release on bond or escape from custody while awaiting trial.
 - The address and telephone number of the probation department that is preparing the pre-sentence investigation report, if one is ordered by the judge.

- Victim compensation benefits, including the address of the crime victims compensation board, and an explanation of eligibility requirements for compensation funds.
- Attend trial and all other court proceedings the accused has the right to attend (except possible sequestration during a trial before you testify).
- Confer with the prosecution before trial and before the jury is selected.
- Make an oral statement to a pre-sentence investigator, or to have a written impact statement included in the pre-sentence report.
- Make an oral or written statement to the court at sentencing.
- Your oral or written statement at sentencing is important.

Further, SMC complies with Michigan law in recognizing orders of protection by complying with whatever the judge directs in the order. Any person who obtains an order of protection from Michigan or any other state should provide a copy to the Security Office and the Office of the Title IX Coordinator. A student may then meet with the Director of Security to develop a Safety Action Plan, which is a plan for the Office of Security and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to: escorts, special parking arrangements, providing a temporary cellphone, changing classroom location or allowing a student to complete assignments from home, etc. The College cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). The victim is required to apply directly for these services through the court that has jurisdiction in their residence. Protection from abuse orders may be available by contacting Domestic and Sexual Assault Services (DASAS), PO Box 402, Three Rivers, Michigan, dasasinfo@dasasmi.org, or 1-800-828-2023 (crisis line). The College may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. To the extent of the victim's cooperation and consent, college offices will work cooperatively to ensure that the complainant's health, physical safety, work and academic status are protected, pending the outcome of a formal college investigation of the complaint. For example, if reasonably available, a complainant may be offered changes to academic, living, or working situations in addition to counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement. Additionally, personally identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20).) Further, the institution will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The College does not publish the name of crime victims nor house identifiable information regarding victims in the campus security department's Daily Crime Log or online. Victims may request that directory information on file be removed from public sources by contacting Lyndon Parrish, Director of Security & Conduct, 269-782-1321 or lparrish@swmich.edu.

How to Be an Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.”⁵ We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list⁶ of some ways to be an active bystander. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

- 1) Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
- 2) Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
- 3) Speak up when someone discusses plans to take sexual advantage of another person.
- 4) Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
- 5) Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

Risk Reduction

The following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)

- 1) **Be aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- 2) **Try to avoid isolated areas.** It is more difficult to get help if no one is around.
- 3) **Walk with purpose.** Even if you don’t know where you are going, act like you do.
- 4) **Trust your instincts.** If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
- 5) **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.
- 6) **Make sure your cell phone is with you** and charged and that you have cash money.
- 7) **Don't allow yourself to be isolated** with someone you don't trust or someone you don't know.
- 8) **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
- 9) **When you go to a social gathering, go with a group of friends.** Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
- 10) **Trust your instincts.** If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
- 11) **Don't leave your drink unattended** while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
- 12) **Don't accept drinks from people you don't know or trust.** If you choose to accept a

- drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
- 13) **Watch out for your friends, and vice versa.** If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
 - 14) **If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).** Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
 - 15) If you need to get out of an uncomfortable or scary situation here are some things that you can try:
 - a. **Remember that being in this situation is not your fault.** You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
 - b. **Be true to yourself.** Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
 - c. **Have a code word with your friends or family** so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
 - d. **Lie.** If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
 - 16) **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
 - 17) **If you and/or the other person have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

Reporting violations of Sexual Harassment and Misconduct policy

Students and employees may file a formal complaint with the Title IX Coordinator in person, via college email or by using the Concerns reporting system.

The college utilizes the college supplied e-mail system for all communications. Students are expected to check their college e-mail on a regular basis. When communication is sent to a student's e-mail account, it is considered delivered.

Adjudication of Violations

When appropriate, upon receipt of notice and/or a formal complaint, the Title IX Coordinator will initiate a prompt, fair and impartial process, commencing with an investigation which may lead to the imposition of sanctions for a respondent based upon a preponderance of the evidence.

Procedures detailing investigation and resolution processes of the college can be found online at <https://www.swmich.edu/media/website/content-assets/documents/sexual-misconduct-policy-ADA.pdf> Whether or not criminal charges are filed, the college⁷ or a person may file a

⁷ Title IX states that if an institution knows or reasonably should know of sexual harassment, to include sexual violence, the institution has a duty to investigate. Consequently, whether a complainant chooses to cooperate or not should not be the deciding factor for whether or not disciplinary charges are brought against an accused party. If an investigation

complaint under the Sexual Harassment & Misconduct policy alleging that a student or employee violated the College's policy on sexual misconduct.

Violations that have a sexual component are adjudicated through the sexual misconduct process while those that are non-sexual are adjudicated through student conduct.

All parties are entitled to a process which:

- Is prompt fair and impartial. This includes being:
 - Completed within a reasonably prompt time frame with written notice and explanation of delays to all parties;
 - Conducted in a manner that is consistent with the colleges policies and transparent to the parties;
 - Given timely notice of meetings
 - Given timely provision to the parties and appropriate officials of equal access to any information that will be used during any disciplinary meetings;
 - Conducted by officials that do not have a conflict of interest or bias for or against any of the involved parties.
- Is conducted by administrators who, at a minimum, receive annual training on:
 - Issues related to dating violence, domestic violence, sexual assault, sexual harassment, retaliation, stalking and other behaviors that can be forms of sex or gender-based discrimination, harassment or violence covered by Title IX and the Clery Act;
 - How to investigate and conduct a hearing process that protects the safety of the parties and promotes accountability;
- Allows all parties the same opportunities to have others present during any disciplinary proceeding, including the right to have an advisor of their choice accompany them to any meeting or hearing.
- Does not limit the choice of advisor for any party in any meeting or proceeding; however the college may establish rules regarding the extent to which an advisor may participate as long as any restrictions apply to both parties.
- Provides for simultaneous written notification to all parties of:
 - The result of any disciplinary proceeding that arises from an allegation of dating/domestic violence, sexual assault or stalking;
 - The colleges procedures for the parties to appeal the result of the any disciplinary proceeding;
 - Any change in the result of a proceeding;
 - When such results become final
- Prohibits retaliation

Confidentiality

The college will protect the identity of persons who report having been victims of sexual assault, domestic violence, dating violence, or stalking to the fullest extent of the law and as previously mentioned in this document.

determines that it is more likely than not that the institution's sexual misconduct policy was violated, then the "College" may assume the role of the complainant.

Sanctions and Protective Measures

In all cases, investigations that result in a finding of more likely than not that a violation of the Sexual Misconduct/Student Conduct policy occurred will lead to the initiation of disciplinary procedures against the accused individual. The following are the College sanctions that may be imposed upon those determined to have violated this policy:

- Any student found responsible for violating the policy on Non-Consensual or Forced Sexual Contact (where no intercourse has occurred) will likely receive a sanction ranging from probation to expulsion, depending on the severity of the incident, and taking into account any previous campus conduct code violations.
- Any student found responsible for violating the policy on Non-Consensual or Forced Sexual Intercourse will likely face a recommended sanction of suspension or expulsion.
- Any student found responsible for violating the policy on sexual exploitation or sexual harassment will likely receive a recommended sanction ranging from warning to expulsion, depending on the severity of the incident, and taking into account any previous campus conduct code violations.
- Student Conduct violations (non-sexual in nature) have the following sanctions: warning, probation, loss of privileges, fines, restitution, discretionary sanctions, residence hall suspension, residence hall expulsion, college suspension, college expulsion, revocation of admission and/or degree, withholding degree.

The College shall implement protective measures following the report of domestic violence, dating violence, sexual assault and/or stalking which may include either or both of the following actions: interim suspension and/or no contact order. For students, sexual assault, domestic violence, dating violence, and stalking are violations of the Student Code of Conduct & the Sexual/Gender-based Misconduct policy. Employees who violate this policy will be subject to discipline, up to and including termination of employment. Sexual assault, domestic violence, dating violence, and stalking are criminal acts which also may subject the perpetrator to criminal and civil penalties under federal and state law.

The Title IX Coordinator or their designee will determine whether interim interventions and protective measures should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include, but are not limited to: a College order of no contact, residence hall relocation, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved.⁸ Violations of the Title IX Coordinator's directives and/or protective measures will constitute related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by SMC.

Sex Offender Registration

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student.

⁸ Applicable law requires that, when taking such steps to separate the complainant and the accused, the College must minimize the burden on the complainant and thus should not, as a matter of course, remove the complainant from his or her job, classes or housing while allowing the accused to remain.

In Michigan, convicted sex offenders must register with the Michigan Department of State Police. You can link to this information, which appears on the Michigan State Police website at [Michigan Public Sex Offender Registry](#).

Fire Safety

Housing Facility Fire Safety System

The housing units at Southwestern Michigan College are both equipped with a system that monitors the building for fire and/or smoke. All three floors of the units have sprinklers that are triggered if needed. If triggered, there is a visual (strobe lights) and audio alarm. The system is also monitored by a security company which follows up on all alarms triggered.

Weapons

The display, possession, use or intent to use firearms, ammunition, firecrackers, explosives, or other hazardous objects or substances is prohibited inside all Residence Life facilities. Prohibited weapons include, but are not limited to: handguns, rifles, shotguns, BB guns, pellet guns, air/CO2 guns, paint guns, soft air guns, blow guns, or sling shots; Longbows, compound bows, crossbows and arrows; All knives (with exception of culinary knives used solely in kitchen areas for cooking purposes); Martial arts weapons such as nun chucks, swords, throwing stars, etc. Weapons may not be possessed or used in Residence Life facilities.

Restrictions on and Instructions for Use of Appliances and Electronic Items

Residents may not leave heat producing items (e.g., irons, toasters, blow dryers, George Forman grills, etc.) unattended. Such items should be unplugged when not in use and should be cool to the touch before they are stored. Residents may not cover ventilation openings on TVs, stereos, or radios. Appliances and electronic items may only be used with proper extension cords. If the cord of an appliance or electronic item is frayed or damaged, the appliance or item is no longer safe and may not be used in the suite.

Residents must unplug all appliances and electronic items before leaving for an extended period of time. Residents may not overload circuits by plugging too many devices into one outlet. If SMC determines that a resident is overloading a circuit, an SMC staff member will ask the resident to remove some items from the circuit. Residents must comply with such a request, and the failure to comply with such a request may result in disciplinary action. Residents may also not bring full size appliances into the suites.

Smoking

Smoking is prohibited within all Residence Life facilities. This includes the use of pipes, cigarettes, hookahs, e-cigarettes, vape pens, and like items. Residents found to have violated this policy will be referred to Student Conduct. Outdoor smoking is permitted in designated smoking areas. Students are not allowed to tamper with fire detection/suppression devices.

Procedures for Student Housing Evacuation

During an emergency, students are asked to exit the building quickly but in an orderly fashion. Resident Assistant staff will remain on their floors until the residents have left or until they feel that they are in any direct danger. The RA will help direct the flow of traffic. If there is a student who is in a wheelchair, they will have somebody assigned that will assist them in exiting the building. After students leave the building, they will proceed to their floors meeting place.

These meeting places are as follows:

Jerdon Hall: Grass near the Lyons Building

McKenzie Hall: Grass area near the SAC

White Hall: Grass area in the Backyard

Once at the meeting space, the RA will do their best to identify if anybody is still potentially left in the building. The front desk worker should grab the desk binder and proceed to their evacuation area. They will help to ensure that any guest in the log is also accounted for.

Fire Safety Education and Training Programs

Fire Safety education and training is conducted within Housing. There is currently a fire safety training program for each student employee within the housing units. Information on fire safety is posted throughout the housing units for all housing students to see.

Policies Students and Employees Should Follow In Case of a Fire

Your worst enemy during a fire is smoke. If you're surrounded by smoke, get down on the floor and crawl to safety. Hold your breath and close your eyes if you can. Close doors behind you as you escape. Always use stairs to escape. **Never** use an elevator. Here are a few simple fire safety tips:

- Learn the location of fire exits and alarm pull stations near you and know the emergency number for assistance – 911.
- Sound the fire alarm if you see smoke or detect a burning odor.
- Have a prepared escape plan and know your escape route.
- Remember to remain calm.
- Use exit stairs. **Never** use elevators.
- Close doors behind you as you escape. In most cases this will prevent smoke damage and fire from entering the room you are exiting.
- Do not re-enter a fire-damaged building until it has been declared safe.
- If you become trapped, seal off cracks around doors and vents with cloth or rugs. Soak them in water if possible.
- Shut off fans and air conditioners.
- Signal help from a window. If a phone is available/operational, call 911.

Reporting a Fire

Per federal law, SMC is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. Listed below are the **non-emergency** numbers to call to report fires that have already been extinguished in on-campus student housing. These are fires for which you are unsure that SMC personnel may already be aware. If you find evidence of such a fire or if you hear of such a fire, please contact one of the following:

Residence Life: Jeffery Hooks
Executive Director of Campus Life
College Services Building, Rm 1007
(269) 783-2159
jhooks@swmich.edu

On campus:
Campus Security Director
College Services Building, Rm 2104B
(269) 783-2194

When calling, please provide as much information as possible about the location, date, time and cause of the fire.

Fire Log

Federal law requires that every college that operates on-campus student housing facilities maintain a written and easily understood log of all fires that occur in such facilities, including records of the nature, date, time, and general location of each fire.

- The law requires that the log be available for public inspection for the most recent 60-day period and that additions or changes to the log be made within two business days of the receipt of the information.
- The law also requires that any portion of the log older than 60 days be made available within two business days of a request for inspection.

For the purpose of this log, a "fire" is defined as "any instance of open flame or other burning in a place not intended to contain burning or in an uncontrolled manner". If a specific day is not listed, then no fires were reported on that day. This fire log will be available at each residence hall front desk.

Future Improvements in Fire Safety

SMC does not have any plans for future improvements to fire safety systems.
