

Associate in Arts in Psychology

Program Outcomes

Upon completion of this degree, students will have experienced a broad introduction to the field of psychology. In coordination with the general education components, students will be able to communicate effectively in a variety of situations in the field, demonstrate knowledge of and apply psychological concepts and theories to real world situations, and gather and analyze data within their own research.

Employment Opportunities or Additional Educational Options

This degree prepares students to transfer to a four-year institution to work in the field while attaining a higher-level degree. The American Psychological Association provides the following as career options: drug counseling assistant, social service clerk, elderly home recreation aide, paraprofessional counselor, patient admissions record keeper. Students should meet with their advisor frequently to meet their specific needs.
