Academic Calendar for 2024-2025

Fall 2024 Semester

(9/3/2024–12/13/2024)

Tuesday, September 3	Fall Classes Begin
Tuesday, September 10	Last Day to Add or Drop Semester-Length and Early End Classes
Monday, October 14	Last Day to Withdraw from Early End Classes (please be aware that hybrid courses may have an earlier withdraw date) No Refund of Tuition/Fees
Monday, October 21	Early End Classes End
Tuesday, October 22	Midsemester Classes Begin
Wednesday, October 23	Last Day to Add or Drop Midsemester Classes
November 27-29	No Classes—College Closed—Thanksgiving Break (Wednesday–Friday)
Monday, December 2	Classes Resume
Monday, December 2	Last Day to Withdraw from Semester-Length and Midsemester Classes (please be aware that hybrid courses may have an earlier withdraw date) No Refund of Tuition/Fees
Friday, December 13	Fall Semester Ends

Spring 2025 Semester

(1/21/2025–5/9/2025)

Monday, January 20	Martin Luther King Jr. Day
Tuesday, January 21	Spring Classes Begin
Tuesday, January 28	Last Day to Add or Drop Semester-Length or Early End Classes
Monday, March 3	Last Day to Withdraw from Early End Classes (please be aware that hybrid courses may have an earlier withdraw date) No Refund of Tuition/Fees
Tuesday, March 11	Early End Classes End
Wednesday, March 12	Midsemester Classes Begin
Thursday, March 13	Last Day to Add or Drop Midsemester Classes
March 31–April 4	No Classes—Spring Break (Monday–Friday)
Monday, April 7	Classes Resume
Friday, April 18	No Classes—College Closed—Good Friday
Monday, April 21	Classes Resume
Monday, April 28	Last Day to Withdraw from Semester-Length and Midsemester Classes (please be aware that hybrid courses may have an earlier withdraw date) No Refund of Tuition/Fees
Friday, May 9	Spring Semester Ends
Saturday, May 10	Commencement

Summer 2025 Semester

(6/2/2025–8/7/2025)

Monday, June 2	Summer Classes Begin
Friday, June 6	Last Day to Add or Drop Classes
Thursday, July 4	No Classes—College Closed—Independence Day Break
Friday, July 25	Last Day to Withdraw from Classes (please be aware that hybrid courses may have an earlier withdraw date) No Refund of Tuition/Fees
Thursday, August 7	Summer Semester Ends

About Southwestern Michigan College

The Purpose of a College Catalog

The purpose of a college catalog is to be of use to current or potential students and family members, to serve as a historical document, to describe the nature and scope of programs available, to prepare students with the tools and resources for academic success, and to outline the policies that govern a student's education. Every effort has been made to ensure accuracy at the time of publication.

Students have the responsibility to become familiar with catalog content as they pursue their educational goals. The administration, faculty, and staff share in the responsibility to abide by the content of these pages and make learning come alive to students. The catalog should be used as a guide in conjunction with the student's program-planning tools and academic advisor to ensure that the necessary requirements are met for graduation.

The college reserves the right to change any part of the catalog and to make any changes retroactive for students currently enrolled. References to SMC throughout the catalog are references to Southwestern Michigan College. Items not specifically addressed in this catalog may be covered in department, program, or school handbooks. Those resources are not designed to supersede the content published in this catalog, but when items are not found in this catalog, those handbooks should be referenced and followed.

History

Action by people with a sense of responsibility—perhaps these words best express the reason for the rapid development of Southwestern Michigan College from an idea formally discussed in the summer of 1963 to its reality today.

After a number of meetings in the summer of 1963 discussing post-high school education in the county, a Cass County Citizen's Advisory Committee was established by the Lewis Cass Intermediate School District Board of Education on August 20, 1963. The purpose of the committee was to study the postsecondary educational situation for the young people and adults of the area. Even at this initial state, enthusiastic public support was evident. When funds were required to carry out the study, they were immediately provided by a "Committee of Fifty" that represented leaders in various areas of community life.

The Advisory Committee met during the next eight months and submitted its final report on May 7, 1964. The report indicated the need for the establishment of a public community college in Cass County and recommended that steps be taken to found one.

The Michigan Superintendent of Public Instruction approved this application in August 1964. On November 3, 1964, the people of Cass County approved the establishment of the college, elected individuals to its first Board of Trustees, and approved a \$1.5 million property tax levy to finance the institution. The existence of the college became official on November 19, 1964, when the newly elected Board of Trustees was sworn in.

At its first meeting, the Board of Trustees of Southwestern Michigan College set September 1966 as the opening date for the college and chose the site for the new college campus, a 158-acre tract of land in LaGrange Township bordered by Cherry Grove Road on the east and Dailey Road on the west. In December 1964, they selected the college's first President, Dr. Nathan A. Ivey. In March 1965, the Board approved master building plans and the name "Southwestern Michigan College," and the first student applications for admission to Southwestern Michigan College were accepted on July 1, 1965.

Mission Statement

The mission of Southwestern Michigan College is to serve our community by providing affordable, local access to high-quality postsecondary career preparation and college education—including the total college-life experience.

Core Values

The core values of Southwestern Michigan College describe the beliefs that direct the college in all that it does.

1. "Excellence with a personal touch" is a working principle guiding our actions.
2. High quality is inherent in all that we do.
3. We have a commitment to be responsible managers of college resources: of human resources by promoting growth, satisfaction, and empowerment; of financial resources by operating with a balanced budget and investing in the future; and of physical resources by maintaining a high-quality physical plant.
4. We believe in knowledge for all. As the only institution of higher education in the district, Southwestern Michigan College has the dual responsibilities of providing postsecondary career preparation for those who are seeking immediate employment and providing college coursework and degrees for those seeking baccalaureate degrees.
5. We have a commitment to being a learner-centered college, developing students through a total college-life experience, and providing them with 21st-century services.

Accreditation

Southwestern Michigan College is accredited by the Higher Learning Commission, a regional accreditation agency recognized by the U.S. Department of Education.

Higher Learning Commission
230 South LaSalle Street, Suite 7-500
Chicago, Illinois 60604-1411
<https://www.hlcommission.org>

Southwestern Michigan College is also a member of the American Association of Community Colleges.

AACC
One Dupont Circle, NW, Suite 700
Washington, DC 20036
<https://www.aacc.nche.edu>

The Associate in Applied Science in Nursing program at Southwestern Michigan College is accredited by the Accreditation Commission for Education in Nursing (ACEN).

Accreditation Commission for Education in Nursing
3390 Peachtree Road NE, Suite 1400
Atlanta, GA 30326
<https://www.acenursing.org>

The Automotive Technology program is accredited by the National Institute for Automotive Service Excellence (ASE).

National Institute for Automotive Service Excellence
1503 Edwards Ferry Rd., NE, Suite 401
Leesburg, VA 20176

Administrative Leadership and Deans

There are so many wonderful people at SMC who will teach, guide, encourage, mentor, and support students through their educational journey. Here is a list of just a few of them, our leadership team:

- Dr. Joe Odenwald, President
- Dr. David Fleming, Provost
- Ms. Susan Coulston, Senior Vice President for Business Affairs and Chief Financial Officer
- Mr. Michael O'Brien, Vice President for Institutional Advancement
- Dr. Katie Hannah, Vice President for the Student Experience
- Dr. Keith Howell, Dean, School of Arts and Sciences
- Dr. Karen Reilly, Dean, School of Business and Advanced Technology
- Dr. Melissa Kennedy, Dean, School of Nursing and Health Services
- Dr. Jeff Hooks, Executive Director of Campus Life

Equal Opportunity and Non-Discrimination Policy

Southwestern Michigan College is committed to diversity and providing an inclusive learning and working environment that recognizes the unique value and perspective of each person.

The college is committed to providing equal opportunities in employment, education, all of its programs and use of its facilities for all persons regardless of race, color, sex, age, religion, national origin, creed, ancestry, height, weight, sexual orientation, gender identity, gender expression, disability, pregnancy, familial status, marital status, military status, veteran's status, or other status as protected by law or genetic information in all programs, activities, services, employment, and advancement including admission to, access to, treatment in, or compensation in employment that is unrelated to the person's ability to perform the duties of a particular job or position or that is unrelated to the person's ability to participate in educational programs, courses, services, or activities offered by the college.

The college complies with all state and federal laws and regulations prohibiting discrimination including, but not limited to, the Elliott Larson Civil Rights Act, Title VI, Title IX, Section 504, and Title II of the Americans with Disabilities Act and with all requirements and regulations of the U.S. Department of Education. The college does not tolerate any form of retaliation against any person for bringing charges of discrimination or participating in an investigation.

For inquiries related to Title IX please contact the Director of Security and Conduct (for students) or the Director of Human Resources (for employees). For inquiries related to the Equal Opportunity Policy and/or Title VI, Section 504, or the ADA please contact the Vice President for Student Experience.

Director of Security and Conduct, David C. Briegel Building, Room 2104, 58900 Cherry Grove Rd., Dowagiac, MI 49047, 269-782-1321, titleix@swmich.edu.

Director of Human Resources, David C. Briegel Building, Room 2106, 58900 Cherry Grove Rd., Dowagiac, MI 49047, 269-783-2110, titleix@swmich.edu.

For inquiries related to the Equal Opportunity Policy and/or Title VI, Section 504, or the ADA, please contact the Vice President for Student Experience.

Vice President for Student Experience, David C. Briegel Building, Room 1101A, 58900 Cherry Grove Rd., Dowagiac, MI 49047, 269-783-2185, civilrights@swmich.edu.

For further information on notice of non-discrimination, visit the [Office for Civil Rights](#) website for the address and phone number of the office that serves your area, or call 1-800-421-3481.

Title IX Policy

Southwestern Michigan College is committed to complying with the Title IX amendment, prohibiting discrimination on the basis of sex, including gender-based behaviors that deny a student the ability to participate in their educational experience. This includes all forms of sexual violence, sexual harassment, sexual assault, stalking, dating violence, and domestic violence. See the full Sexual Misconduct Policy <https://www.swmich.edu/life-at-smc/campus-security/sexual-responsibility-and-misconduct/> on the SMC website.

Services for Students

Most services at Southwestern Michigan College are available virtually. Please contact the appropriate department below for more information.

Student ID Cards

Student ID cards are used for many things at SMC. They are available for all registered students and are mandatory to access the Student Activity Center and for residence life students to gain access to residence halls and rooms. In addition, the student ID card is needed for campus printing and serves as a library card. Online program students do not need an ID card but can request one. The card must be activated in order to check out books and materials. A student ID card may be obtained at the Office of First Year Experience on the Dowagiac campus or the Student Service Center on the Niles campus. This card should be carried at all times. A replacement fee of \$15 is charged for all lost or damaged cards.

Student Employment

Many students enjoy having a job on the SMC campus and contribute to the success of the school. Two part-time on-campus student employment programs are in operation at SMC. The Federal Work-Study Program is supported through government funds and provides part-time campus jobs to eligible students. In addition, there are a limited number of regular campus jobs that are available for students. To browse and apply for student jobs, visit swmich.edu/jobs.

Testing Centers

Testing Centers are located on the Dowagiac campus in the Briegel Building and on the Niles campus. Please review the testing policies and procedures below. If you have questions about testing, contact the Testing Center at 269-782-1347 or testingcenter@swmich.edu.

Placement Testing

New students admitted to the college may be required to complete placement testing before registering for classes for prerequisite or placement purposes. Accuplacer placement tests are available in reading, writing, and math. ACT, SAT, or high school GPA may be sufficient for placement. Placement test results are issued for course placement and, in some cases, for program requirements. Testing is free, requires a photo ID, and is offered on both the Dowagiac and Niles campuses. Students requiring disability accommodations for testing should contact Disability Services at 269-782-1303. Contact testingcenter@swmich.edu or call 269-782-1347 for an appointment for testing. Remote testing may also be available.

Placement Retesting

Students may retest one time in each subject area prior to the add/drop period. Same-day retesting is not permitted, and placement is based on the highest score. Accuplacer, SAT, and ACT reading and writing scores are valid for ten years; math scores are valid for two years. Any exceptions must be approved by the appropriate Department Chair and the Testing Center Coordinator.

Students seeking to retest for the purpose of accelerating through an approved math sequence (e.g., jumping from MATH 114 to MATH 130) are permitted to retest during any period of time in which they are not currently enrolled in a math course. A math Accuplacer fee of \$20 is due at the time of testing, if the student is retesting for the purpose of accelerating through a math sequence that they have already initiated. Students should be aware that they will earn no academic credit for accelerating to a higher math course through a successful retesting process. Also, final grades earned in previous courses cannot be changed through the retesting process. Students are expected to meet with an advisor prior to scheduling the retest session. Students are also expected to study for the retesting. Resources can be found at studentportal.accuplacer.org.

Achieved Credit by Examination (ACE)

Achieved Credit by Examination, or ACE, is one way to earn credit for some SMC courses. ACE tests are written by SMC faculty and reflect the content taught in courses, similar to a comprehensive final exam. Credit achieved through ACE testing might not be transferable to other institutions. Students who plan to transfer to another college should contact that institution and inquire whether ACE credits are accepted there. Course objectives, score requirements, and other specifications are located in the Testing Center and the Fred L. Mathews Library. To be eligible to take an ACE test, students must have an application for admission on file with SMC and present a valid picture ID at the time of testing. Each test can be taken one time only and has a non-refundable fee of \$50.00 to be paid via cash or check in the Testing Center at the time of testing. Test results may take up to four weeks.

Subject Challenge Tests

Challenge Tests allow students to test out of a basic-level course. The exams are not for credit but will allow students to take the next-level course in sequence. There is no fee for the first test. One retest is allowed, with a fee of \$20.00. Contact the Testing Center for available Challenge Tests.

College-Level Examination Program (CLEP)

SMC offers CLEP testing by appointment, with an additional \$20 proctor fee at the time of testing. Information regarding available tests and SMC equivalencies can be found in the Testing Centers. Prior to sending scores to another institution, students should contact that institution and discuss whether they accept CLEP exams for credit. Registration must be completed at clep.collegeboard.org. For more information, contact the Testing Center at 269-782-1347.

Student Advising

The Office of First Year Experience guides students through their first year at SMC and eases them through the transitions of college. First-time degree or certificate-seeking students admitted to the college must sign-up for New Student Orientation. At this orientation, students will learn about college resources, degree requirements and program options, and register for their classes with guidance from an academic advisor. First year students will have the opportunity to participate in first-year programming that encompasses: convocation, learning communities, lunch and learns, academic success workshops and many other events. Contact the Office of First Year Experience at 269-782-1499 or email fye@swmich.edu.

All students will be assigned an academic advisor for their entirety at SMC. Students will collaborate with advisors to discuss degree requirements, register for classes, participate in degree planning, explore transfer options in preparation of completing their degree. Students that pursue occupational pathways will benefit from internship and career opportunities. Contact the Academic Advising and Resource Center at 269-782-1303 or email askanadvisor@swmich.edu.

Online Program Advising

Students interested in any of SMC's online programs will be assigned an online program advisor who will guide them through the curriculum, help them with registration, and be available to answer any questions that may arise as they go through the program.

The Honors Program

The Honors Program was designed to give high-achieving students the opportunity for advanced study in their chosen curriculum with one-on-one guidance from experienced faculty. Students who participate in the Honors Program prove that they have the aptitude and determination to perform above and beyond the call of duty and are highly attractive to employers and major universities. Students interested in the Honors Program at SMC should review the admission criteria, application procedures, and expectations at <https://www.swmich.edu/academics/honors-program/>.

Career Development

The Office of Career Development provides students with resources and assistance as they explore academic and career pathways, identify and develop in-demand skills, prepare to present themselves confidently and professionally and connect with employers.

Located in the Academic and Advising Resource Center on the Dowagiac campus, career services are available to all SMC students and alumni. In-person or virtual visits can be scheduled to meet with a career coach, take personality assessments, and/or attend workshops or networking events. They can also access career services online from the SMC Wired website under the "Career" tab to explore additional career resources and employment opportunities. Contact the Career Development Manager at 269-782-1490 or email careerdevelopment@swmich.edu.

Disability Services

SMC is committed to complying with Section 504 of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act of 1990 (ADA), as amended. Disability Services provides resources, education, and accommodations to ensure that individuals with disabilities achieve equal access to all aspects of the college experience. Students have the right to either disclose or not disclose a disability. Students wishing to receive academic accommodations must apply for Disability Services and provide documentation of disability. If a student does not have documentation, the student can contact Disability Services for a confidential discussion. For more information, contact the Academic Advising and Resource Center (AARC) at 269-782-1303 or email disabilityservices@swmich.edu. Accommodations can take several weeks to implement, so students are encouraged to apply as soon as possible.

The Fred L. Mathews Library

The Fred L. Mathews Library is the college's primary resource for learning support to all students, including online program students. It is home to the Carol A. Tate Teaching and Learning Center, which offers free tutoring to students. The library offers scholarly and fiction books, databases, eBooks, downloadable audiobooks, and more for students to borrow for free. Students will find that the Fred L. Mathews Library is a place to unwind between classes, receive reference services, and study independently or in groups. The Carol A. Tate Teaching and Learning Center on the Niles campus also offers free tutoring as well as library services, including the ability to send and receive materials between both campuses. For more information, contact the Fred L. Mathews Library at 269-782-1339 or email library@swmich.edu.

The Carol A. Tate Teaching and Learning Center

The Carol A. Tate Teaching and Learning Center (TLC) offers free subject-specific tutoring and academic support for all SMC students both in person and online. It is located in the Fred L. Mathews Library on the Dowagiac campus and off the main commons area at the Niles campus. The TLC is also a computer lab and study space. It is a great place to work independently, in a study group, or with a learning consultant. Beyond subject-specific tutoring, they can also help with study skills, test-taking prep, using campus technology including Moodle, and more. For more information, contact the Carol A. Tate Teaching and Learning Center at 269-782-1409.

Bookstore

All required textbooks are available in the SMC bookstore located in the bookstore annex to the Dale A. Lyons Building on the Dowagiac campus. Class materials, computers, apparel, and a variety of miscellaneous college items are also available, as well as digital and rentable textbooks. For more information, contact the bookstore at 269-782-1384 or visit the online store at <https://www.swmich.edu/life-at-smc/student-services/bookstore/>.

Niles Campus Student Services

Students who take courses on the SMC Niles campus are afforded many of the same quality services as on the Dowagiac campus. Such services include veterans' advising, student advising, career services, financial aid, tutoring and writing assistance, testing, a fitness room, food options, a game room, and more.

Records Office

The Records Office maintains all student academic records, including the processing of diplomas and graduation. Other services include name and address changes, course audit requests, transfer credit evaluations, as well as the processing of official and unofficial transcripts. Students and alumni can order transcripts online anytime at www.getmytranscript.com. This service allows for electronic processing and distribution of transcripts for employment, further schooling, or any other purpose. For more information about the Records Office and its services to SMC students, contact 269-782-1351 or email records@swmich.edu.

Campus Security

SMC is committed to ensuring the safety of students so that they can concentrate on their studies. To this end, the following measures are coordinated through the Campus Security office.

Patrols

Each campus is patrolled by campus security and local law enforcement. The college also contracts with private security, the Dowagiac Department of Public Safety, and the Cass County Sheriff's Offices to provide 24-hour protection and response for the college.

Severe Weather Alerts

The National Weather Service has certified both of SMC's campuses as STORMREADY. This means that SMC has outstanding weather monitoring and reporting systems in place, including 24/7 monitoring of National Weather Service alerts.

Emergency Situations

Students and staff receive training throughout the year on various hazardous situations, including active violence training and severe weather and evacuation procedures. Each building has designated first responders for medical response and evacuation situations. Emergency procedures and contact information are posted in every room.

Emergency Notification

The college uses outdoor sirens and the RAVE notification system to alert students and staff to emergency situations and campus closings. The RAVE system sends notifications via phone calls, text messages, emails, and on-campus computer monitors. Students should update their emergency information by accessing swmich.edu/rave.

Prevention

Campus safety is enhanced through a web of security features such as video cameras, emergency phones in each building, electronic door locks, and specialized lighting. The residence halls have additional security features including secured keycard entry into parking lots, residence halls, suites, and bedrooms; a Resident Assistant on each floor; a Residence Hall Manager in each building available 24/7; and a front desk in each building where visitors must check in.

Reporting and Emergencies

For emergencies, contact 911. An anonymous, non-emergency reporting system (<https://www.swmich.edu/concerns>) is also in place in order to identify concerning behaviors and incidents. Campus Security can also be contacted directly at 269-782-1234 or 269-783-2194.

Commencement

When a student is nearing the end of their program, they should plan to participate in commencement. A commencement ceremony is held once each year in April/May. Students who finished their certificate or degree during the prior fall semester, as well as students who will finish their certificate or degree in the spring semester and upcoming summer semester are eligible to participate. To participate in commencement, students must complete two forms, the Application for Graduation form, and the Register for Commencement form, both of which are online. Failure to submit either of these documents by the posted deadline could result in not being able to walk in commencement.

The Admissions Process

Apply for Admission

Southwestern Michigan College is an equal opportunity, equal access college with an open-door admission policy. Individuals are eligible for admission if they have a high school diploma, GED, or have completed a home school program. Individuals with a Certificate of Completion, Alternative Diploma, or an equivalent high school status, are not eligible for enrollment in a degree or certificate program. Final admission decisions rest with the college. SMC also cannot guarantee admission to a specific program of study as certain programs are competitive or have limited capacity.

There is no cost to submit an application for admission to Southwestern Michigan College, and it only takes a few minutes to do so. Prospective students can complete the application online at <https://swmich.edu/apply>.

After submitting the application for admission, prospective students should submit their final high school or GED transcript and their SAT or ACT scores, if they have taken either of these tests. More information about admission procedures and policies can be found online at <https://www.swmich.edu/admissions>.

Attend a New Student Orientation

All new students must complete New Student Orientation. Online program students will complete orientation virtually. During campus orientation, new students will register for classes, learn about campus resources and how to succeed in their program, meet key staff including program Deans, and finish up last-minute business. Students will have the opportunity to tour campus and connect with other students. From placement tests to class registration and financial aid, a student can complete all necessary steps to get started at SMC. Please see the Online Program Students section (p. 13) to learn more about specific onboarding requirements for online program students.

Send Transcripts and Make Payment

The final steps toward enrollment include sending transcripts from previous colleges directly to SMC and paying the first semester balance. While high school transcripts should be sent to the Admissions Office, 58900 Cherry Grove Road, Dowagiac, MI 49047, students should send any prior college transcripts to the SMC Records Office. It is important that prior college transcripts arrive before the start of the semester for evaluation so that any necessary schedule adjustments can be made prior to the start of the term. Transcripts that arrive after the start of the semester will not automatically change a student's current schedule of courses.

More information about the transfer of credit for coursework completed at regionally accredited post-secondary educational institutions, AP, CLEP, and military credit can be found online at <https://swmich.edu/admissions/testing-and-earning-credit/transferring-credit-to-smc/>.

To make payment for courses, students should contact or visit the Business Office located on the first floor of the Briegel Building on the Dowagiac campus or in the Student Services Center on the Niles campus. Students can also call 269-782-1298 or email ecashier@swmich.edu. Payment plans are available. Bills are due August 1 for the fall semester, December 1 for the spring semester, and May 1 for the summer semester. For more information about payment options and policies, visit <https://swmich.edu/business-office>.

Applicants with a Criminal History or Disciplinary Record

Applicants answering affirmatively to questions about felony or misdemeanor charges on the application may be required to submit a non-refundable \$40 check or money order in order for SMC officials to conduct a criminal background check. The applicant may also be asked to provide written statements which will provide SMC officials with additional details of the nature of the offense(s). Interviews with college administrators may be scheduled in an effort to determine if the applicant should be granted admittance, receive deferred admittance, or be denied admission. A committee at SMC will make that determination. All information gathered will be kept on file and will be handled in a confidential manner. However, it should be noted that SMC reserves the right to notify the administration, faculty, and/or staff of the college, on a need-to-know basis, of the student's name and criminal and rehabilitative history. Please direct any questions you may have to the Director of Campus Security and Conduct, David C. Briegel Building, Room 2104, 58900 Cherry Grove Rd., Dowagiac, MI 49047, 269-782-1321, lparrish@swmich.edu.

Applicants with International Credentials

SMC is not currently accepting applications for admission from international students who have or will require an F-1 student visa to enroll. If you are a legal permanent resident of the United States, are undocumented/DACA, or have a different type of visa that permits study in the United States, you may apply for admission.

Applicants who attended high school outside of the U.S. or wish to transfer college credits from international colleges and universities to SMC must have their international transcripts and credentials evaluated by an independent international credential evaluation service. All international credentials must be sent directly from the evaluation service in order to be considered official. Credential evaluation means converting foreign academic credentials into their U.S. equivalents. The service companies listed below produce individualized, written reports describing each certificate, diploma, or degree you have earned, including details of individual courses and credits, specifying the U.S. equivalents. SMC does not perform its own credit evaluations of international transcripts. One of the following services, or another NACES member service, must complete the evaluation. It is important to request a "course-by-course" evaluation rather than a "document-by-document" evaluation. This enables SMC to transfer individual course credits.

Online Program Students

Online program students enroll in one of the fully online programs offered at SMC. All student services offerings are available to online program students in a virtual format, including placement testing, new student orientation, advising, registration, financial aid services, tutoring, and library services. IT Help Desk services are also available for students. Online program students can access all student services and academic programming for their degree without ever physically coming to one of our brick-and-mortar campuses. If the student would rather access services in-person, that is an option as well.

Online program students are afforded all the onboarding and advising opportunities as any student that physically attends SMC. Online orientation and virtual advising are expectations prior to registration. A dedicated academic advisor guides the student from application through graduation, by enrolling the student each semester to ensure a smooth navigation through our online programs. Students receive an individualized degree plan to outline a semester-by-semester guide to their degree completion.

To be officially considered an online program student, the student must declare their major as one of SMC's online programs. New students should apply to the college and select one of the online programs as their major. Major changes for current students into an online program must be done in consultation with the academic advisor for online programs.

Guest College Students

Guest college students enroll in courses at SMC to transfer credits back to their home college or university for the purpose of degree-completion at the home institution. Guest college students of SMC should be high school graduates with some college-level work previously finished. A student who studies at SMC as a guest college student is not eligible for financial aid. Guest college students should complete an application for admission to SMC and be prepared to provide unofficial or official transcripts from their home institutions to demonstrate satisfaction of SMC prerequisites. An advisor specifically assigned to guest college students will help the student navigate registration and additional onboarding needs. It is the responsibility of the student to investigate the transferability of the SMC course(s) back to the home institution.

Guest college students who consider remaining at SMC for consecutive semesters should speak with their advisor and will need to complete a new application for admission to formally declare the transition from guest to degree-seeking student at SMC. Guest college students should not remain in the "guest" status for more than one semester.

For more information about becoming a guest college student at SMC, contact 269-687-4811.

Student-Athletes

Southwestern Michigan College has six (6) athletic teams and competes in the National Junior College Athletic Association (NJCAA). Men's sports include Basketball, Cross-Country, and Wrestling. Women's sports include Basketball, Cross-Country, and Volleyball. Student-athletes are responsible for working with their coaches, instructors, and advisor to become and remain eligible for competition. Student-athletes must adhere to the same academic rules and policies as other SMC students, and also be aware of eligibility requirements set forth by the NJCAA.

For more information about becoming a student-athlete at SMC, contact 269-782-1401.

Dual Enrolled Students

Dual enrollment opportunities are available to students ages 14 and older who have not yet achieved a high school credential and who may obtain college credit by taking courses at Southwestern Michigan College. The following rules apply to these students:

High School Sponsored

The Postsecondary Enrollment Options Act (PA 160 of 1996) provides for payment from a school district's state aid foundation grant for enrollment of certain eligible high school students in postsecondary courses of education. The bill establishes eligibility criteria for students, institutions, and courses; requires eligible charges (tuition, mandatory course or material fees, and registration fees) to be billed to a school district; establishes enrollment and credit requirements; requires school districts to provide counseling and information to eligible students and their parents; and requires intermediate school districts to report to the U.S. Department of Education.

Eligibility

In order to meet eligibility requirements for dual enrollment, a student must:

- Be enrolled in at least one high school class in a school district, public school academy, or state-approved nonpublic school in Michigan,
- Not be a foreign exchange pupil enrolled under a cultural exchange program (J-1 Visa),
- Have at least one parent or legal guardian that is a resident of Michigan (unless the student is experiencing homelessness), and
- Not have been enrolled in high school for more than four school years (unless one of the exceptions provided for an administrative rule has been satisfied).

Eligible Postsecondary Institution—388.513(1)(e)

State universities, community colleges, or independent non-profit degree-granting colleges or universities located in Michigan that choose to comply with the Postsecondary Enrollment Options Act are eligible.

Eligible Course—388.513(1)(d)

In order to be eligible for dual enrolled credit, a course must:

- Be offered by an eligible postsecondary institution for postsecondary credit,
- Not be offered by the eligible student's high school (or is not available to the student due to an unavoidable scheduling conflict),
- Be academic in nature [i.e., it normally applies toward the satisfaction of (postsecondary) degree requirements],
- Not ordinarily be taken as an activity course,
- Not be a hobby, craft, or recreational course,
- Be in a subject area other than physical education, theology, divinity, or religious education, and
- Not be required for computer science or foreign language courses.

A district may elect to support a student's enrollment in a subject area in which the student has not yet achieved a qualifying score if it has been determined to be in the best educational interest of the student.

Course Limits

Up to 10 courses overall can be covered under the Postsecondary Enrollment Options Act. The following list describes how many courses may be covered each year depending on the grade in which a student first dual enrolls.

- 9th grade: Not more than two courses per year in 9th, 10th, and 11th grade, and not more than four courses in grade 12.
- 10th grade: Not more than two courses in 10th grade, and not more than four courses in 11th and 12th grade.
- 11th or 12th grade: Not more than six courses per year.

These limits may be waived when a written agreement exists between a school district and a postsecondary institution as discussed in MCL 388.513.

Self-Funded

Students acting independently of the school district's policies may elect to take college courses as well; however, they must meet all course prerequisites required by the college. A Dual Enrollment Approval form signed by a SMC official must be submitted at the time of registration.

Academies

Academies are occupation-based curricula offered via the Intermediate School District (ISD). Policies and procedures are available through the ISD. Some college courses may not be open to students enrolled in academies. A few of these courses are listed here: ENGL 115, MATH 114, MATH 114C.

Homeschooled Students

Students who are not participating in the school district curriculum but are completing their high school credential under the guidance of a parent or guardian may also participate in dual enrollment. The students must be currently enrolled in a curriculum in which the outcome of completing that curriculum is a high school credential. Generally, homeschooled students who are part of a partnership wishing to dual enroll at SMC must successfully place out of developmental reading and English (ENGL 115) before taking any courses at SMC. Moreover, prospective students must successfully place out of developmental math (MATH 114 and MATH 114C) before taking any math or science course. For students ages 14-17, a Dual Enrollment Approval form must be submitted at the time of registration. Adult students (ages 18 and above) are exempt from this policy. Students under the age of 13 are prohibited from taking college courses at SMC. Enrichment courses which are not part of organized academic curricula are not held to the structure of this policy.

Under-Age Students

Students ages 14 to 15 may be admitted to SMC for a specific class or classes only if they have written permission of a responsible school official and their parent or guardian. Students must meet any prerequisites for any course in which they choose to enroll. Parents of students ages 14 to 15 will also sign a permission statement acknowledging the nature of an adult educational environment. Students approved by a school official to participate in a class offered on-site at a middle school or high school are exempt from this policy. Students under the age of 14 will not be permitted to take academic classes at SMC. Students between the ages of 14 and 15 who are homeschooled must also abide by the Homeschooled Students policy above. Enrichment courses which are not part of organized academic curricula may be enrolled in without restriction.

High School Expulsion

Students who have been expelled from high school will not be eligible to take college classes at SMC.

Registration Information

After the first semester, in which students will be registered for courses with the help of an advisor, most students are responsible to register themselves in consultation with their advisor during the appropriate timelines published by the school. Online program students, however, will continue to be registered by an advisor. Below is information to help students better understand the registration process at SMC. Students who have questions concerning registration should contact the Academic Advising and Resource Center at 269-782-1303 or askanadvisor@swmich.edu.

Structure of Semesters

The beginning of the new academic year starts with the fall semester in September. Each fall and spring semester consists of 15 weeks and the summer semester consists of ten weeks. The fall and spring semesters have two sessions embedded within them called Early End and Late Start. An Early End course starts at the beginning of the semester and lasts approximately seven to eight weeks, concluding at the mid-point of the semester. A Late Start course begins near the middle of the semester, runs for approximately seven to eight weeks, and concludes at the end of the semester.

Schedule of Classes

Students will typically find the schedule of classes available within three weeks of registration opening for the upcoming semester. The schedule of classes can be found on SMC Wired. This allows students time to review the classes, meet with their advisor, and prepare for the opening of registration. Students can begin to register for summer and fall semester classes in late March/early April. Students can begin to register for spring semester classes in late October/early November. Registration remains open for students to adjust their schedule until the add/drop period ends in the new semester. Students who have an outstanding balance with the Business Office are not permitted to register for courses until their balance has been paid.

Full-Time Student Definition

The minimum course load required to be considered a full-time student is 12 credits for all semesters. Audited courses do not count toward determining course load. Students who carry 6-11 credits for the fall and spring semester are considered at least half-time status and remain eligible for financial aid. Students who carry a load below half-time status (5 credits or less during the fall and spring semester) may not be eligible for financial aid.

Adding and Dropping Courses

There is a firmly established deadline each semester for students to add a course or drop a course. SMC's Records Office, Financial Aid Office, and Business Office hold to these deadlines in the processing of grades, financial aid, and tuition charges. Students typically can add and drop courses themselves through SMC Wired through the first week of the semester. After this point, with most semester-length courses, students will assume full academic and financial responsibility for their participation in the course. With Late Start courses, students may only have one or two days from the start of the course to add and drop. Students are asked to pay very close attention to these deadlines to ensure that their registration schedule is accurate.

Lack of Participation Drops

Every instructor will confirm that students are participating in their registered classes. Students who are not participating by the end of the third week of classes may be administratively removed from the course. Students will have an opportunity to appeal this decision, but every effort should be made by students to actively engage in each course for which they are registered.

Withdrawing from Courses

Students who do not drop a course by the drop deadline and who want to officially withdraw from a class will be assigned a final grade of "W" for their participation in the course. The window for withdrawing from a course remains until the published last day to withdraw is announced (typically 90% of the course duration). The last day to withdraw from a course is also published to the student at the time of registration and is listed on the student's schedule on Dashboard. Students should be alerted to the different dates for different class formats. Students must see an advisor to start the withdrawal process. Once a course withdraw is processed, it cannot be reversed. A medical withdrawal is treated the same as any other type of course withdrawal.

Grading and GPA Calculations

SMC operates on a traditional 4-point grading scale with the following typical letter grades (A, A-, B+, B, B-, C+, C, etc.). GPA is calculated by taking the total quality points earned and dividing it by the SMC GPA hours. Letter grades from previous transfer credit, excluded courses through the course repeat process, incompletes, and withdrawal are not factored into a student's GPA calculation.

To calculate total quality points, you must multiply the point value for the letter grade earned by the number of credits earned. An "A" has a point value of 4. A student who takes a four-credit-hour course and earns a final grade of "A" has earned 16 quality points, while a student who earns an "A" in a three-credit-hour course has earned 12 quality points. Divide the quality points by the credits earned and both students have a 4.0 GPA. See the following example for GPA calculation:

SAMPLE GPA CALCULATION TABLE

Course	Grade	Credit	Quality Points	GPA
Course 1	A (4)	3	12	
Course 2	B- (2.67)	4	10.68	
Course 3	D+ (1.33)	2	2.66	
Course 4	C (2)	5	10	
Course 5	B+ (3.33)	1	3.33	
TOTALS		15	38.67	2.578

Students in the Honors Program at SMC may earn a letter grade followed by a "H" (e.g., AH, A-H, B+H, etc.). The letter "H" will not change the GPA quality points earned for a particular course but will display on the student's transcript to indicate that the course taken was administered to the student at an honors level.

Students who earn a GPA of 2.0 or above are considered in Good Academic Standing. See the Academic Statuses Policy in the Academic Policies section of this catalog for important information about students who are not in good standing, having cumulative GPAs below 2.0.

Understanding Financial Aid

Attending college is an investment worth making for students who are ready to meet the challenge. The initial appearance of a lack of funds should not stop anyone from exploring the possibility of making such an investment. Tuition at SMC is half the cost of most four-year schools, and we offer students financial assistance to help make their dreams come true.

All full- and part-time students should apply for financial aid. Although many awards are based on financial need or on academic achievement, there are numerous scholarships available that are awarded based on a wide range of criteria.

The first step in applying for financial aid is completing the Free Application for Federal Student Aid (FAFSA). The FAFSA is processed through the U.S. Department of Education using eligibility criteria established by the federal government. Access the FAFSA at <https://studentaid.gov/h/apply-for-aid/fafsa>.

Federal financial aid is primarily need-based and designed to eliminate economic barriers to education. Those students not expecting to meet the need-based criteria should still complete the FAFSA since it is required for loan applications and most scholarships.

Most SMC students receive some type of financial aid. Financial aid at SMC falls into four main categories:

- **Grants:** Need-based awards that, in most cases, do not have to be repaid.
- **Scholarships:** Money that is awarded based on grades, talent, or donor criteria that does not have to be repaid.
- **Federal Work Study:** Wages earned for on-campus and limited off-campus student employment.
- **Loans:** Money borrowed for college that must be repaid.

In addition to financial aid, SMC has several payment options. For more information, contact the Student Account Specialist at 269-782-1298 or email ecashier@swmich.edu.

Financial Aid Eligibility and Eligibility Requirements

The requirements listed below apply to federal, state, and some institutional and private financial aid programs. Some programs may have additional requirements. In order to be eligible for financial aid, an applicant must have a complete financial aid file and:

- Complete the Free Application for Federal Student Aid (FAFSA).
- Submit proof of high school completion.
- Submit official transcripts from other college(s) attended.
- Be enrolled as a student working toward an eligible degree or certificate program at SMC.
- Be a U.S. citizen or eligible non-U.S. citizen.
- Not currently in a federal loan default or owe an overpayment on a federal grant.
- Not be receiving financial aid from another institution; and
- Be making Satisfactory Academic Progress (SAP).

Types of Financial Aid

Pell Grants

A Federal Pell Grant, unlike a loan, does not have to be repaid in most cases. Pell Grants are awarded to undergraduate students who have not earned a bachelor's or professional degree. Pell Grants are considered a foundation of federal financial aid to which aid from other federal and nonfederal sources might be added.

There are limits on the maximum amount a student is eligible to receive each academic year and in total (aggregate Pell Grant limit). The maximum Pell Grant award amount for the 2023-2024 award year (July 1, 2023, to June 30, 2024) is \$7,395. A student may receive less than the maximum award depending, not only on financial need, but also on status as a full-time or part-time student and plans to attend school for a full academic year or less.

Any Pell Grant-eligible student whose parent or guardian died as a result of military service in Iraq or Afghanistan after September 11, 2001, will receive the maximum annual award. The student must be under 24 years old or enrolled at least part-time in college at the time of the parent or guardian's death.

IMPORTANT: A student may only receive a Pell Grant for up to a maximum of 12 full-time semesters or the equivalent. For more information, go to <http://studentaid.gov/understand-aid/types/grants/pell/calculate-eligibility>.

Federal Supplemental Educational Opportunity Grants (FSEOG)

The Federal Supplemental Educational Opportunity Grant (FSEOG) provides grant funds to qualified students who demonstrate exceptional financial need. The FSEOG is considered gift aid and does not need to be repaid.

To receive an FSEOG, the student must fill out the Free Application for Federal Student Aid (FAFSA) so the college can determine financial need. Students who will receive the Federal Pell Grant and have the most financial need will receive FSEOG first. For more information, go to <https://studentaid.gov/understand-aid/types/grants/fseog>.

FSEOG Facts:

- Students must meet the general federal aid eligibility requirements.
- Students must maintain Satisfactory Academic Progress (SAP).
- Both part-time and full-time students can receive the FSEOG.
- SMC award amounts are generally \$250 per semester.

First priority is given to Federal Pell Grant recipients whose Expected Family Contribution (EFC) is zero. Remaining funds, if any, are awarded to students with ascending EFCs until funds are exhausted. Students should submit their FAFSA and other required documents (if any) as early as possible since SMC only receives a certain amount of FSEOG funds each year from the U.S. Department of Education Office of Federal Student Aid. Once the full amount of the school's FSEOG funds have been awarded to students, no more FSEOG awards can be made for that year. Awards are generally \$500 per academic year and are not automatically renewed. Students must complete the FAFSA and meet all eligibility requirements each year.

State of Michigan Scholarships and Grants

Michigan residents and their dependents may qualify for aid programs through the State of Michigan, including the Tuition Incentive Program (TIP), the Michigan Achievement Scholarship, Michigan Reconnect, Fostering Futures, and the Children of Veterans Tuition Grant. Application and eligibility criteria vary by program. Proof of high school graduation/GED will be required. Visit <https://www.michigan.gov/mistudentaid/programs> for more information.

Michigan Indian Tuition Waiver

This program provides tuition waivers to North American Indians who have proper documentation of heritage and who have been Michigan residents for at least 12 months. Certification is received through the appropriate tribe and the Michigan Department of Civil Rights.

Federal Work Study

The Federal Work Study award is the maximum eligibility amount that the student may earn if a qualified student employment position is secured. The college cannot guarantee employment or that the student will receive the amount initially awarded. The student receives this award in the form of wages which may be used to assist with education-related expenses. Students interested in working on campus must be enrolled, have a completed financial aid file, and complete an online Student Employment Application.

Scholarship Programs

SMC offers scholarships based on a wide range of qualifications that extend beyond academic performance. Learn more about SMC scholarships and complete scholarship applications at <https://www.swmich.edu/cost-aid/financial-aid/scholarships/>.

Financial Aid Loan Programs

If grants, scholarships, and student employment are not sufficient to cover the student's necessary education-related expenses, loan options are available. Because loans are financial aid that must be repaid, a student should think carefully about how much to borrow for educational expenses. SMC does not automatically package loans for students, but students may request a Federal Direct Loan at <https://www.swmich.edu/cost-aid/financial-aid/loans/federal-direct-loans/>.

Federal Direct Loan

The Direct Loan program provides low-interest loans that are funded by the federal government. There are two different types of Federal Direct Loans, subsidized and unsubsidized. It is very important to understand the differences between these two. The Subsidized Federal Direct Loan is considered a need-based loan. Need is defined as the difference between the institution's Cost of Attendance (COA) and the Expected Family Contribution (EFC) that was determined from the Free Application for Federal Student Aid (FAFSA).

Funding from the Subsidized Federal Direct Loan programs can never exceed the student's need. Because the Subsidized Federal Direct Loan is considered a need-based loan, the federal government pays the interest on the loan while the student is in school (a minimum of half-time enrollment is required as defined by the federal regulations and institutional policies).

The Unsubsidized Federal Direct Loan is considered a non-need-based loan. The Unsubsidized Federal Direct Loan is awarded to students who do not have a demonstrated need or whose need portion of their budget has been met but still have room in their overall Cost of Attendance for more funding and have remaining Federal Direct Loan eligibility.

Because the Unsubsidized Federal Direct Loan is considered a non-need-based loan, the federal government does not pay the interest while the student is in school. It is the student's responsibility to pay accrued interest while in school or choose the option to capitalize the interest.

Capitalization of interest means the accrued interest on the Unsubsidized Federal Direct Loan will be added to the principal balance of the loan. The loan will not go into default to non-payment of interest while the student is in school or in the grace period, but the interest will build, and the student will pay interest on interest during repayment. It is suggested that, if at all possible, the student pay the interest while in school.

As of July 1, 2023, interest rates for both Subsidized and Unsubsidized Direct Loans for undergraduate students disbursed between July 1, 2023, to June 30, 2024, is 5.50%. The interest rates are based on the 91-day U.S. Treasury Bill index (subject to change). The interest rates are variable and change annually on July 1. The interest rate is capped at 8.25%.

Federal Direct PLUS Loan

This is a non-need-based source of loan funds available to parents of dependent students who are enrolled for six or more credits per semester. In this program, the parent is the borrower, a credit check is performed on the applicant, and repayment of interest and principal begins within 60 days of disbursement of the loan unless the parent requests a deferment of payments while the student is enrolled at least half-time in school. The Parent PLUS loan application and promissory note can be completed by going to <https://studentaid.gov/plus-app/>.

Private Alternative Education Loan

Private Alternative Educational Loans are student loans offered through agencies other than the federal government. These loans are based on the credit worthiness of the borrower and/or co-signer, if applicable.

Verification

Some students are selected for review in a process called "verification." In this process, the Office of Financial Aid compares information from the FAFSA with copies of the student and/or parent(s) federal tax transcripts, W-2 forms (if applicable), Dependent or Independent Verification Worksheets, and other financial aid documents. The Office of Financial Aid is mandated by the federal government to ask for this information before awarding federal aid. If there are differences between the FAFSA and the financial documents, the student or the Office of Financial Aid may need to make corrections electronically. Once the FAFSA has been electronically downloaded, the student will be sent a letter listing the required verification documentation. The required documentation will also be posted on SMC Wired/Student Dashboard. Students should complete and return the required documents as soon as possible; financial aid awards cannot be determined until the verification documents are received and processed by the Office of Financial Aid. If verification documents are submitted and there are found to be incomplete/missing items, the student will be notified by email, and documents will be filed as incomplete.

Once the complete documents are received, the financial aid staff will review the information. If a correction does not need to be submitted and the file is complete, the student will receive an award letter and email notification. If the documents are received and a correction needs to be made to the FAFSA, the Office of Financial Aid will submit the change electronically. Once the correction is electronically downloaded and the information is correct, the student will receive an award letter and email notification. Sometimes students need to make corrections to the FAFSA before the financial aid office can review the information. In this situation, the student will be notified that corrections must be made to the FAFSA.

Conflicting Information

If at any time SMC financial aid staff discovers conflicting information, they are required by federal law to obtain whatever documentation is necessary to resolve the conflict. The following are examples (not all-inclusive) of common areas reviewed for conflicting information: number of people in household, number of people in college, tax filing status, child support paid, and marital status.

Satisfactory Academic Progress

Federal regulations require that students receiving financial aid maintain progress toward the completion of a certificate or associate degree. The student must complete, with a passing grade, a minimum of 67% cumulative attempted credit hours and maintain a minimum cumulative 2.0 GPA. The student must also complete the program of study within 150% of its published length. Additional information can be found at <https://www.swmich.edu/media/website/content-assets/documents/sap-policy-ADA.pdf>.

Return of Title IV Policy

This policy is for students who completely withdraw from classes. In accordance with the federal code of regulations 34 CFR 668.22, the Office of Financial Aid is required by federal statute to recalculate federal financial aid eligibility for students who withdraw, cease attendance, or take a leave of absence prior to completing 60 percent of a payment period or term. The federal Title IV financial aid programs must be recalculated in these situations. Title IV aid includes the Pell Grant, Subsidized and Unsubsidized Direct Loans, Perkins Loans, FSEOG, Federal Work-Study, and Parent PLUS Loans.

The calculation is made for all federal financial aid recipients to determine whether a student who completely withdraws during a term has “earned” the monies disbursed. A student “earns” aid based on the period of time they remain enrolled. During the first 60% of the term, funds are earned in direct proportion to the length of time the student remains enrolled. After the 60% point in the payment period or period of enrollment, a student has earned 100% of the Title IV funds scheduled for the period. Any aid received in excess of the earned amount is considered unearned. If a student earned less aid than was disbursed, the institution would be required to return a portion of the funds, and the student may be required to return a portion of the funds. For more information regarding SMC’s withdrawal process, please refer to the Academic Policies section of the catalog or contact the Records Office at 269-782-1351 or records@swmich.edu. For more information regarding SMC’s Return of Title IV policy, please refer to SMC’s Consumer Information (<https://www.swmich.edu/media/website/content-assets/documents/return-title-iv-funds-ada.pdf>) or contact the Office of Financial Aid at 269-783-2143 or finaid@swmich.edu.

Repeated Coursework

Federal regulations limit the number of times a student may repeat a course and receive aid for that course. A student may receive financial aid for only one repetition of a previously passed course, even if a higher grade is needed as a prerequisite for the next-level course. If a student enrolls for a third time in a course after receiving a passing grade, there will be a recalculation of aid to exclude the credits for the repeated course.

Overaward Policy

An “overaward” is when a student’s need-based awards exceed their financial need, or the total of their awards exceed your Cost of Attendance. If a student has been overawarded, federal regulations require SMC to adjust the awards accordingly. If the unrevised awards have already been disbursed, the revision may result in a bill to recover the overaward. Need-based aid includes federal grants, Federal Work-Study, Subsidized Loans, and some outside resources. Non-need-based aid includes Unsubsidized Loans, Federal Parent PLUS Loans, and private education loans.

There are several possible reasons that an overaward can occur:

- The student receives additional financial aid.
- The residency status changes.
- The enrollment status changes.
- The Cost of Attendance changes.
- The student reports changes to your financial circumstances
- The verification process results in changes made to the student’s FAFSA data.

The federal overaward regulations require colleges to take into account any resources they know about or can anticipate when awarding or disbursing aid. In addition, colleges are required to reduce the size of the need-based aid package whenever the student receives need-based resources that exceed financial need. Additionally, a student’s total resources generally cannot exceed their Cost of Attendance.

To avoid an overaward, students should first, notify financial aid of any money they are receiving from outside sources, such as scholarships, alternative loans, etc. Second, check with financial aid before applying for additional aid to see if the maximum financial aid has already been awarded. If an overaward occurs, aid will generally be reduced in the following order:

- Federal Work Study
- Direct Unsubsidized Loan
- Direct Subsidized Loan
- State Funds
- Institutional Scholarships
- FSEOG
- Foundation Scholarship

Course Program of Study (CPOS)

Financial aid funds are only used to pay for courses that apply to a student's program of study. Students, through the registration process and working closely with their advisor, should ensure that they are registering each semester for courses that are a part of their academic program. A program could be defined as the choice of general education courses, major-specific courses, and elective courses that make up the total requirements needed to earn a degree or certificate in a particular field of study. Students can review the [Financial Aid Resources webpage](#) for additional information about CPOS.

Tuition and Fees

Tuition Per Contact Hour

(Fall 2024 Semester; Spring/Summer 2025 Semester)

Dual Enrollment:	\$139.25
In-district Resident:	\$144.75
In-state Resident:	\$191.50
Out-of-state Resident:	\$208.50

Contact Hour Fees

A total of \$62.25 in fees will be charged per contact hour to all students. The fees help support services provided by the college that are necessary to enhance the registration process and learning environment. Of the \$62.25, \$26.25 is assessed as a registration fee and \$36.00 as a technology fee to fund campus and classroom computer technology equipment and support upgrades. Additionally, a fee of \$20.00 per contact hour will be charged to students for each online course that they register for. Other fees may be assessed based on the course structure or payment plan option.

Non-Credit Course Fees

Students who enroll in non-credit courses typically do not pay tuition but do pay associated course fees. Fees for non-credit courses can be found through the online registration system or by consulting with an advisor.

MWTEC Tuition and Fees

Students who enroll in a program of study through Michigan Workforce Training & Education Collaborative (MWTEC, formerly EPIC) do not pay the SMC tuition rate, technology fee, or registration fee. Instead, specific courses within the program will be billed at a rate established by MWTEC. This rate is based on credit hours, not contact hours. There is also a course fee for each course in the program. In 2024-2025, the tuition rate is \$210 per credit hour. Course fees range from \$101 to \$647 per course. Additionally, out-of-state students may be charged an additional out-of-state adjustment fee.

Residency Policy

Information provided on the Application for Admission determines residency for tuition purposes. The college will require verification of place of residency. Residency status, as defined here, may be reconsidered upon presentation of written proof that the student's bona fide place of residence has changed. Students living in SMC housing will not constitute an in-district resident unless their permanent home address qualifies them for such a designation.

In-District Resident

- A student who holds or in the case of a dependent student, whose parents or legal guardians hold, real taxable property in the Southwestern Michigan College district (all of Cass County plus Keeler and Hamilton Townships in Van Buren County)
- A student who has resided in the aforementioned governmental unit before the first day of the semester in which the student initially registers for class.
- A student who receives Veterans Education Benefits
- A student who enrolls in a program in which the college is a member of a consortium or for which the college serves as a fiscal agent.

In-State Resident

- A student holding or a dependent student whose parents or legal guardians hold real taxable property within the state of Michigan but outside the in-district areas defined as in-district.
- Active-duty military personnel and dependents, if Michigan is the active-duty member's legal state of residence or if the active-duty member is stationed in Michigan.

Out-of-State Resident

- Students who are permanent U.S. residents and do not qualify as in-district or as in-state students.

Students Granted Asylum

Students who can provide documentary evidence that they have been granted asylum by the United States government or who are seeking legal citizenship will be charged out-of-state tuition.

Choice Act Covered Individuals

The following individuals shall be charged the in-district tuition rate:

- Any individual using educational assistance under either Chapter 30 (Montgomery GI Bill[®] – Active Duty Program), Chapter 31 (Vocational Rehabilitation), or Chapter 33 (Post 9/11 GI Bill[®]), of Title 38, United States Codes, and/or Marine Gunnery Sergeant John David Fry Scholarship (38 U.S.C. § 3311 (b)(9)) who lives in the state of Michigan while attending Southwestern Michigan College (regardless of their formal state of residence)

[®] GI Bill[®] is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill>.

Changing Residency Status

The college reserves the right to require documentation acceptable to the college in all cases of residency determination and verification. Documentation is required of any student changing to a reduced tuition status but may be asked of others as well. All accepted proof of residency documents must clearly indicate their name and permanent address and must be verified by the Records Office prior to the first day of the new term to take effect for that term. All documents must be originals or copies certified with a raised seal or stamp. If requested, the following forms of proof are acceptable:

- Valid current driver's license or state-issued ID card, AND one of the following pieces of documentation:
 - Most recent property tax receipt.
 - Utility bill or credit card bill.
 - Account statement from a bank or other financial institution.
 - Life, health, auto, or home insurance policy that clearly identifies the permanent address.
 - Federal, state, or local government documents, such as receipts, licenses, or assessments.
 - Vehicle title and registration.
 - Mortgage, lease, or rental agreement including landlord's telephone number.

Tuition-Allowable Refunds

Tuition is charged to provide instructional services, and, as such, refunds must be limited once those services have begun. Registration fees are used to establish the initial schedule, process student registration papers, and complete the withdrawal process. Technology fees are used partially to defray the costs of providing academic and administrative computing services and resources. Both are refundable following the tuition refund policy. Special fees are listed each semester in the college schedule where they are explained, and notations indicate under what circumstances they are or are not refundable. A complete listing of required supplies and equipment with costs by course is available in the college bookstore and on the bookstore's website.

It is vital to understand that a student is considered enrolled in a class until they have dropped their class. Consequently, a student is financially liable for the tuition/fees associated with a registered class until it is officially dropped. Non-attendance is not considered as official notice of dropping a class and does not constitute a basis for a refund.

General Refund Policies

The following general refund policies became effective as of July 1, 2006, and remain for the 2024-2025 academic year:

- If the college cancels a class, 100% of the tuition and fees will be refunded for that class.
- If the student officially drops a class within the drop period, 100% of the tuition and fees will be refunded for that class.
- If the student officially withdraws after the drop period ends, no tuition and fees will be refunded.
- Refunds assessed during the drop period will be issued by check or by electronic refund if elected. Applicants should allow four to six weeks for refund processing and/or mailing.
- The college recognizes that on occasion students may need to request an exception to the published drop/withdrawal deadlines. Written requests can be made if the student meets the criteria of extenuating circumstances outlined below. In all cases, the circumstance must have interrupted the student's ability to: a) attend class for a substantial length of time, b) complete the semester, and/or c) adhere to the usual withdrawal or refund procedures. Examples of extenuating circumstances may include severe illness or medical emergency, death of immediate family member, or U.S. military active duty or induction. The request for an exception must be made during the same semester in which the interruption occurred. For access to the complete policy and the Request for Exception for a Late Refund or a Late Withdrawal form, visit the Important Forms section of the Student Resources tab in Wired.

Indebtedness Policy

Students are expected to honor any debt to the college. Failure to pay may bar a student from using college services, the library, and issuance of transcripts. Students who owe tuition/fees or have other debts due to the college will not be allowed to register until the debts have been paid. Collection processes will be initiated for failure to pay.

Veterans Benefits and Transition Act of 2018

No penalty will be imposed, including the assessment of late fees; the denial of access to classes, libraries, or other institutional facilities; or the requirement that a Chapter 31 or Chapter 33 beneficiary borrow additional funds to cover the individual's inability to meet their financial obligations to the institution due to the delayed disbursement of a payment by the VA.

Academic Policies

The following academic policies serve to help students understand the "dos and don'ts" of their educational experience. SMC's faculty, staff, administrators, and board of trustees take careful aim at structuring academic policies in a way that benefits the growth and development of all students and supports the quality mission of the school.

Academic Appeals Process Policy

Policy: *Students are afforded an appeal process when decisions are made by staff, faculty, or administrators related to academic procedures, situations, or performance (such as course grades).*

SMC values students, listens to them, and welcomes healthy discussions and resolutions. Students should always try to resolve issues or differences in a professional manner by going straight to the source (i.e., instructor, department official). Students are expected to initiate the appeal process within 10 business days from grades being posted. If the student is unsatisfied with the outcome of this initial discussion, then the student should address the issue with the appropriate supervisor (i.e., Department Chair, Dean, Vice President). If the outcome of this conversation remains unsatisfactory, the student may submit a Student Grievance form available on SMC Wired.

Academic Credit Limit Policy

Policy: *Students cannot register for more than 20 credits in a given semester without approval.*

SMC values quality academic learning. While some students may be able to manage more credits per semester, SMC believes that attempting too many credits at one time leads to a student giving less than their best effort in each course. The typical course load for most SMC students is 12-15 credits per semester. Students who take fewer than 15 credits each semester may cause their degree program to extend beyond two years. Some semesters within certain academic programs may require more credits than the policy permits. If specified by the program, this is acceptable. Otherwise, students who wish to appeal this policy may contact the Records Office directly (records@swmich.edu).

Academic Forgiveness Policy

Policy: *Under certain circumstances, students with a prior record of poor academic performance can have previous grades forgiven from their academic record, thus making it more manageable to obtain a degree or certificate from SMC.*

Students who previously had a GPA below a 2.0 and who, upon re-entering SMC after a minimum five-year absence, completed 12 credit hours at SMC with a GPA of 2.0 or better (not including performance or developmental courses) may apply to have certain courses forgiven from their academic record. Such forgiven courses must have final grades of C- or below and must have been taken at least five years ago (60 months as measured from the ending date of the most recent term to be dropped). Forgiven courses will be deleted from GPA calculations. The original transcript of grades, however, will remain intact, but will include the forgiven coursework, clearly identified with an asterisk. An academically forgiven course cannot count toward degree completion. Students may not invoke academic forgiveness after they have graduated. Academic forgiveness cannot be applied to pass-fail type courses or to courses in which a student was found previously to be in violation of academic integrity. Academic forgiveness can only be invoked once and cannot be reversed once invoked. Students should be aware that the re-calculation of the GPA, earned hours, attempted hours, and quality points from the academic forgiveness process does not apply to the student's financial aid record, only to the academic record. All course attempts, whether forgiven or not, must be used in all financial aid calculations and determination for future financial aid.

Academic Honors Policy

Policy: *Students are awarded academic honors after completing a degree program in which they earned a cumulative GPA of 3.5 or greater.*

Academic honors are noted on the official transcript of each student who has earned such honors following completion of their degree. Academic honors are not associated with certificates or credential programs. For commencement purposes, honors are determined following the fall semester prior to the May commencement ceremony. It is possible for students to be recognized with honors at the spring commencement ceremony and not officially have honors on their transcript if their final semester grades drop them below the 3.5 cumulative GPA threshold. Students in the Honors Program at SMC are recognized as Honors Program graduates on their transcript by successfully completing a minimum of 12 honors-course credits.

Academic Statuses Policy

Policy: *Students who have a cumulative GPA below 2.0 will be placed on an academic probation status and can be dismissed from SMC if improvement in overall GPA is not demonstrated.*

SMC knows that education is an investment of time, energy, and resources for every student. Students must have a minimum GPA of 2.0 in order to complete a degree or certificate program. Therefore, students who are failing to meet this minimum standard must seriously consider re-evaluating their priorities to earn a degree or certificate from SMC. Students who do not meet the 2.0 cumulative GPA requirement will be notified of their academic status at the conclusion of each semester by SMC officials and must demonstrate improvement in their overall GPA during their next semester of enrollment or face possible dismissal from the institution.

Determination of academic statuses is performed by the Academic Status Committee which includes representatives of SMC's faculty and staff. Communication to students who are failing to meet the GPA requirement will occur at the conclusion of each academic semester in time for the next semester and will include one of the following academic statuses:

Academic Probation (PR)

This academic status will be communicated to each student who falls below a 2.0 cumulative GPA for the first time. This academic status will also be communicated to each student who remains below a 2.0 cumulative GPA, yet their GPA is improving (e.g., improvement from 1.47 to 1.78). Continuing to improve the overall GPA to 2.0 or higher will help the student return to "Good Standing (GS)" with SMC. Students are afforded an appeal process (described below) if they disagree with the committee's decision to be placed on Academic Probation.

Academic Probation Continued (PC)

This academic status will be communicated to each student who was on Academic Probation and did not improve their cumulative GPA during the next semester of enrollment (e.g., GPA decreased from 1.85 to 1.68; or GPA did not improve 1.85 to 1.85). Continuing to improve the overall GPA to 2.0 or higher will help the student return to "Good Standing (GS)" with SMC. Probation Continued students may be limited in the number of credit hours that they are permitted to register for during the next academic semester. Students are afforded an appeal process (described below) if they disagree with the committee's decision to be placed on Probation Continued.

Academic Dismissal (DS)

This academic status will be communicated to each student who was on Probation Continued and did not improve their cumulative GPA during the next semester of enrollment (e.g., GPA decreased from 1.68 to 1.42; or GPA did not improve 1.68 to 1.68). Dismissed students are not permitted to register for classes at SMC for one calendar year and may be required to re-apply to SMC for admission. Students are afforded an appeal process (described below) if they disagree with the committee's decision to be placed on Academic Dismissal.

Appeal Process

Students who are placed on any academic status and disagree with the decision of the committee may submit an appeal letter to the Records Office inbox within two weeks of receiving emailed notification of their status. The Vice President for Student Experience will review the appeal and respond back to the student within a few weeks but typically not before the start of the new academic semester. Appeal letters received after two weeks will not be considered.

Auditing a Course Policy

Policy: *Students who audit a course must declare the audit to the Records Office by the established date in the Action Calendar, usually within the first few weeks of the course, and must realize that auditing a course does not fulfill graduation requirements.*

SMC values students who desire to learn. Auditing a course typically means that the student wants to learn a particular subject without earning credit, satisfying graduation requirements, or receiving a typical letter grade. Students may complete the audit form found in the Records Office and return the form to the Records Office once proper signatures are obtained. On the form, the student is asked to secure the written permission of the instructor. The instructor can determine the level of involvement expected from an auditing student. Some instructors may choose not to have their course audited. Once a student chooses to audit the course and secures the instructor's permission, the student may not later switch the course back to a for-credit course. A final grade of "X" will be used on the grade sheets and permanent record.

College Catalog Advising Year Policy

Policy: *Students are assigned a college catalog year that represents the curriculum that they are to follow in order to satisfy degree requirements.*

Initially, the college catalog advising year of the student is the year in which the student started at SMC (e.g., if a student first enrolled in Fall 2024, the student is to follow the program outlined in the 2024-2025 College Catalog). This is true as well for early middle college students. This college catalog advising year may be modified only at the request of the student and the approval of the advisor. It is not to be adjusted to a year prior to the entry year of the student. Advisors and department faculty should not assume that every student is following the most current catalog advising year for their program. Final communication of the correct advising year of a student must be sent to the Records Office for processing. Students who change majors or degree programs should assume the catalog advising year that corresponds to the year in which the decision occurred. Students who return to SMC following a one or more-year absence [defined as at least two major semesters (fall and spring)] will be assigned the advising year that corresponds with the year of their return. Exceptions to this policy may be considered only at the request of the student and the approval of the advisor and Registrar.

College Transcript Prerequisite Course Policy

Policy: *Students, except guest college students, must provide an official transcript prior to enrolling in courses which require the prerequisite class they earned at another institution.*

There is no grace period for providing an official transcript for prerequisite purposes. The prerequisite course must have a final grade. In-progress courses are not sufficient for prerequisite purposes. Official transcripts are required if students wish to receive SMC credit for their transfer classes. If the official transcript supporting the prerequisite course is not received by SMC in a timely manner, the student will need to take the prerequisite course through SMC. If flagged for financial aid unusual enrollment, students will be required to submit all college transcripts. Students wishing to pursue a degree in nursing are required to submit all college transcripts. Guest college students may produce an unofficial transcript from their home institution. A final grade meeting the SMC prerequisite standard must be on the unofficial transcript.

Course Placement Policy

Policy: *Placement tests are for the purpose of putting the student at the best learning level for their current knowledge and are not credit-bearing exams.*

SMC wants every student to have a great learning experience and to take courses that they need based on their knowledge and skill level. A student who takes a placement test like Accuplacer Next-Generation Reading is not earning academic credit but is demonstrating their ability in a subject area at a certain level in order to clearly show the correct course to be guided into. Students who, through this process, are guided into a course that is higher than the required course for their declared academic program still need to satisfy the requirements of the academic program. In some cases, this may require students to need a curriculum variance (See Credit by Variance, Exam, or Experience policy). Students should talk to their advisor to ensure that they are taking the right courses to finish their certificate or degree program.

Course Repeat Policy

Policy: *Current and former students may repeat courses once to improve their grade only if such courses are offered in the current curriculum.*

When a student repeats a course, the best grade earned between the two attempts will be factored into the student's cumulative GPA. Both attempts of a course will be present on the academic transcript. Students are strongly encouraged to investigate any financial ramifications for repeating a course with the Office of Financial Aid prior to enrolling in a course again. Students may repeat courses that they have previously passed, failed, or withdrawn from. A student cannot use a different course to repeat the former course (e.g., cannot use MATH 150 as a repeat for MATH 128). If a student needs to repeat a course two or more times (i.e., three or more overall attempts), the student must submit a Repeat Course Appeal form. Students enrolled in the nursing program are subject to the repeat course policy as outlined in the Nursing Student Handbook. Veteran students should always investigate the impact of repeating a course on their VA benefits.

Credit by Variance, Exam, or Experience Policy

Policy: *Students may satisfy program requirements by 1) securing proper approval for a course variance (e.g., take EDUC 230 instead of EDUC 217); 2) taking an appropriate, qualifying exam (e.g., CLEP, AP, ACE, or other through the Testing Center); 3) or in some cases through experience (e.g., military training, adult education programs, or proper certifications/licensures).*

SMC will work with each student to ensure that proper steps are taken to help them earn a degree that they are proud of. Students should work closely with their advisor, Dean, the Testing Center, and Records Office to ensure that all approved variances, exams, and experiences are recorded on their academic record. Please know that the advisor or Dean may not approve a variance, exam, or experience. If that happens, please know that they are striving to act in the student's overall best interest. Please also know that some forms of curriculum variances may not satisfy MTA requirements. For instance, taking and passing a CLEP exam may satisfy a requirement for the degree but will not satisfy MTA.

Credit Hour Definition Policy

Policy: *SMC uses multiple modalities of instruction to teach its courses (e.g., hybrid, variable, independent study, practicum, virtual, hyflex) but ensures that all courses satisfy the definition of a credit hour therefore ensuring that a student's education meets or exceeds accreditation standards.*

SMC values quality education. SMC defines a credit hour as 800 minutes of instruction per semester. One credit hour must involve no less than the equivalent of one hour of direct faculty instruction (defined as 50 minutes for 16 weeks) and a minimum of two hours of out-of-class student work. Even though SMC courses are of a shorter duration than 16 weeks, faculty still adhere to the rule of 800 minutes equals one credit hour. Virtual, hybrid, individual instruction, and other-formatted courses make adjustments so that the total number of hours and minutes of work required by students is equivalent to that of a traditional face-to-face class.

Disposition of Academic Records Policy

Policy: *Student transcripts are maintained permanently, but other academic records are only maintained for five years by the Records Office.*

SMC strives for safe and accurate electronic record keeping of a student's academic records that may include the following: transcripts, transfer credit evaluations, curriculum and name changes, drop/add requests, graduation applications, admission applications, FERPA-related documents, and international student documents. Once a student withdraws or graduates from the school, most academic records are kept for five years. After five years, such documents are likely to be disposed, with the exception of the academic history records (i.e., transcript) of the former student. Faculty only maintain gradebooks from previously taught courses and the work of students in those courses for 30 days following the final grade being posted.

Dropping, Withdrawing, Adding Credits Policy

Policy: *Students may change their schedules after they have registered for the semester but must do so within the timeline and deadlines provided for each semester.*

Students should refer to the Academic Calendar for key dates and deadlines regarding a student's ability to adjust their schedule. Additional key dates for adding, dropping, and withdrawing can be located in the details of registering for classes through SMC Wired and on the Student Dashboard. Students should be aware that there are likely different deadlines for withdrawing from hybrid, early end, and late start courses. Students that register for a corequisite course should ask an advisor about the potential consequences of withdrawing or dropping such a course, as some courses cannot be taken as stand-alone courses. Students should be aware that dropping or withdrawing from a course does not necessarily generate a financial return to the student, depending upon the timing of such transactions. Withdrawing from a course or several courses may also have significant financial aid implications for the student. Students receive communication via email from the Financial Aid Office prior to being officially withdrawn from a course. This communication helps the student better understand their financial aid situation. See Withdrawal from SMC policy and Understanding Course Descriptions for more information.

EDUC 120 Waiver Policy

Policy: *Educational Exploration and Planning is a core requirement of all degree programs at SMC and can only be waived under specific conditions.*

Students who have successfully completed a minimum of 15 credit hours of college-level, post-high school credits (performance and developmental courses do not apply) can have EDUC 120 waived as a requirement in their SMC program. These 15 credit hours should be evidenced through attendance as a full-time student at an institution prior to enrollment with SMC. Current dual-enrolled students should not register for EDUC 120. Early middle college students should plan to take EDUC 120 in their 13th year. Waiving the requirement does not provide the student with credit hours. Students may have to earn additional credit hours to compensate for the waiving of EDUC 120.

ENGL 115 Waiver Policy

Policy: *Students must meet certain criteria in order to receive a waiver from ENGL 115, a fundamental prerequisite course for many other courses at SMC.*

Students can place into a higher-level English course than ENGL 115 with performance on specific tests like the SAT or ACT, or placement tests offered through the Testing Center. Students who do not meet these placement testing standards may qualify for an alternative ENGL 115 waiver by submitting an official college transcript to be evaluated by SMC. The official college transcript must reflect 12 or more credits of textbook-dependent courses with a grade of B or better in each course as evaluated by the appropriate academic personnel, and/or the student must have demonstrated a 2.75 or higher cumulative high school GPA. Dual enrolled students must be able to demonstrate a high school GPA of 2.75 or higher to be awarded the ENGL 115 waiver.

FERPA and Student Education Records Policy

Policy: *The institution maintains the privacy of student education records in its possession, with the exception of those situations in which the law or consent of the student permits disclosure according to FERPA legislation.*

A complete FERPA policy is available to every student upon request in the Records Office. The policy helps protect the privacy of student education records. FERPA gives students the right to inspect and review education records, the right to seek to amend those records, and to limit disclosure of information from the records in general or to specific individuals. The intent of FERPA is to protect students and to ensure the privacy and accuracy of their education records.

FERPA does allow SMC to disclose directory information about students without written permission upon request from third parties without violating FERPA. SMC has defined directory information as the student's name, SMC email address, curriculum, participation in officially recognized activities, dates of attendance, and degrees and awards received. Students have the option to restrict release of this information by providing written notice to the Records Office.

Final Examination Policy

Policy: *In any particular course, the course instructor or Dean of the school determines whether or not a final examination is appropriate and to be given. Such determination should be announced in class early in the semester.*

It is the intent of SMC that all final examinations for full semester-length courses and late-start courses (meeting the last 7-8 weeks of the semester) be given on the last day of the course meeting. However, on certain and rare occasions, final examinations are not deemed appropriate for certain courses or are scheduled at times other than the last class session. Alternative final exam times should be cleared by the academic department with the Provost prior to announcing to the students enrolled in the course. Students who have more than two final exams on the same day may contact an instructor to make special arrangements to take an exam at a different time.

Final Grade Change Policy

Policy: *A student's final grade can only be changed within 30 days after the posting of the grade and only if an error in calculation or the actual grade posting was found to be incorrect. Otherwise, the final grade stands.*

Students are responsible for checking their final grades shortly after grades are to be posted. If a student suspects an error has occurred, they should contact their instructor directly, within 10 days of the date after the grade was posted. If an error was found to have occurred, the instructor will submit a Change of Grade form to the Records Office for proper posting of the new grade.

Fulfillment of Michigan Transfer Agreement (MTA) Policy

Policy: *Not all courses that satisfy MTA requirements will satisfy SMC degree requirements, and not all courses that satisfy SMC degree requirements will satisfy MTA requirements.*

SMC wants to work closely with students to help them achieve both the MTA and their SMC degree, but different standards have been set to govern these two distinct achievements. For instance, students cannot use a successful CLEP Exam result to satisfy MTA (according to MTA policy) but may be able to use that same CLEP score to satisfy a graduation requirement in their degree path at SMC. Additionally, transfer credit from another university may meet MTA requirements but not SMC degree program requirements. SMC wants students to satisfy both and to do so properly so that these credentials are valued by other universities and/or employers. Students should refer to their DegreeWorks graduation planning tool on Wired and consult with the Academic Advising and Resource Center for details about their specific situation.

Graduation Policy

Policy: *To graduate from SMC, a student must complete all degree requirements (or have approved curriculum variances noted) for their program of study for the appropriate program year and have at least a 2.0 overall GPA.*

Completion of all degree requirements implies earning at least 60 credits for a degree program or 21 credits for a certificate program. The Graduation policy is different from being eligible to participate in commencement and different from securing one's diploma. The Graduation policy addresses what is required to earn a degree from SMC. The DegreeWorks graduation planning tool on Wired lists all of a student's program requirements including the courses to take, the credits to earn, the grades needed, and prerequisite requirements. It is the student's responsibility to ensure that they have met all graduation requirements. Students should work closely with their advisors in the Academic Advising and Resource Center as they start their final year of study. A complete list of graduation requirements can be found in the Graduation, General Education, and MTA section of this catalog.

High School Transcript Proof Policy

Policy: *All students are required to provide a final transcript with a graduation date or GED transcript.*

Students receive a one-semester grace period for not having their final high school transcript to SMC officials, which will be their first semester of enrollment. After this first semester, a student will not be permitted to register for any classes at SMC without a final, official high school transcript on file that indicates the graduation date (or equivalent GED document). Because summer and fall registration is open simultaneously, a new student can register for both summer and fall semester courses. Students who are attending SMC while in high school should work closely with the SMC manager of dual enrolled student success to supply transcripts as needed. Upon completion of the high school curriculum, a final high school transcript will be required to be on file with SMC. Adult students with prior completion of a bachelor's degree may substitute the bachelor's transcript for the high school transcript.

Incomplete Grades Policy

Policy: *Only in highly unusual situations, such as serious illness or other emergencies, will students be assigned an incomplete ("I"), pending a final grade. Students may be issued a maximum of 45 days to complete the remaining coursework.*

Students may request an incomplete through direct communication with the instructor. The instructor must have the Dean's approval before entering the final grade of "I." The instructor, in talking with the student, does not have to grant the additional course time and should only grant such time if highly unusual circumstances outside the control of the student occurred during the course, particularly later in the course. Additionally, the instructor can determine which assignments can be made up during the post-term timeframe, and the instructor can also determine the appropriate length of the incomplete not to exceed 45 days. In rare cases, an extension beyond 45 days is necessary. The individual faculty member, with the Dean's approval, can approve such extensions.

Legal Name Change Policy

Policy: *Students who have had their legal names changed by the appropriate government entities shall inform SMC of this change by completing the Change of Name form in the Records Office.*

Official documentation showing the name was changed legally is required. Acceptable documentation includes court order, driver's license, passport, social security card, or Tax Identification Number card. Former names and previous identities are maintained in the college student information system database to ensure correct selection when records are searched.

Math Waivers Policy

Policy: *Students with a high school GPA of 3.0 and above may be placed into a college-level math course.*

SMC strives to guide students into the appropriate mathematics course for their skill, aptitude, and academic program using a variety of methods and scores (e.g., advising guidance, PSAT, SAT, Accuplacer, etc.) The Math Waiver is another of these methods. Student's high school transcripts will be reviewed and those with a 3.0 GPA or greater will receive a waiver that could allow them to register for a college-level math course suitable to their program (i.e., MATH 127, 128, or 150). Students with a 2.5 GPA or better on their high school transcript will receive a waiver permitting them placement into a college-level corequisite course (i.e., MATH 127C, 128C, or 150C). Students with a 2.0 GPA or better on their high school transcript will receive a waiver permitting them placement into MATH 114. Students should always consult with their advisor about scheduling a mathematics course in order to choose the correct course that will lead to their most successful path. These waivers may also provide an opportunity to register for non-math courses that may require a certain level of mathematics achievement.

Military Withdrawals Policy

Policy: *Students who are members or are the spouse of a member in the National Guard or reserve forces of the United States and who are ordered to military service, federal service, or duty may complete or withdraw from course work without financial penalty.*

SMC is a military-friendly campus that holds to firm academic guidelines. Military students should contact the School Certifying Official at veterans@swmich.edu from their school email account to report their need to return to duty/training. In situations when the duty/training required is of a short duration, it may be determined that the student can work successfully with each instructor to continue making progress in their course(s). In other situations, this may not be possible, and the student must enact the Military Withdrawal. Our School Certifying Official will communicate with the student to let them know the exact paperwork that will need to be completed in order to withdraw from classes, as well as any paperwork needed to ensure the student is not responsible financially for the semester.

Participation Confirmation Policy

Policy: *Students are expected to be in attendance and participate outside the classroom for all courses in which they are registered. Failure of a student to participate in their courses may not excuse a student from academic and financial consequences if they are registered for the course.*

SMC values student learning and personal responsibility. If a student signs up, then the student needs to be an active participant. Being an active participant demonstrates the type of character and consistency that is important for achieving life goals. Students who lack participation in a course will receive communication from SMC personnel (typically during week three of the semester) informing them that they have been dropped for non-participation.

Participation in on-campus and online courses alike is defined as doing at least one of the following: attending a class session (even if it is just one time); attending a class session online; submitting an academic assignment; taking a quiz, exam, interactive tutorial, or computer-assisted instruction; participating in an online discussion; initiating contact with the instructor to ask a question related to the academic subject studied in the course; or participating in some other academically-related activity of the course known to the instructor. Students who engage their courses in at least one of these ways will remain actively enrolled. Students who do not will be administratively dropped. An appeal process is available for students who were dropped and seek re-admittance into a course.

The failure of a student to properly drop or withdraw from courses during the appropriate timeframe outlined by SMC does not necessarily excuse the student from the consequences, both academic and financial. Students should refer closely to the Academic Calendar for key deadlines for adjusting their semester academic schedule.

Preferred Name Policy

Policy: *Students may be called by a preferred name that differs from their given name while at SMC. However, the given name must still be tied to the student's official SMC records in certain circumstances for legal reasons.*

SMC recognizes that there are members of our community who prefer to use names other than their legal names to identify themselves. SMC is committed to using the preferred names of individuals in our community wherever possible. There are certain legal documents and communications that require use of an individual's legal name.

SMC allows students to use a first name different than their legal name on certain college records. Any student may choose to identify a preferred first name in addition to their legal name (as listed on the driver's license, social security card, Tax Identification Number card, or passport). The college will display the preferred first name where feasible and appropriate and make a good faith effort to update reports, documents, and systems accordingly.

Here is a partial listing of areas in which the preferred and legal names may appear: advisor/advisee lists, class/grade rosters, commencement program, President's and Dean's Lists, diploma, email display and username, ID card, major/minor lists, online student directory, and residence life rosters.

Here is a partial listing of areas in which the legal name may appear: billing statements, enrollment verifications, financial aid documents, immigration documents, medical documents, official correspondence with external entities, official and unofficial transcripts, paychecks, W2s, and 1098-T.

President's and Dean's List Policy

Policy: *Students are recognized on the President's List for GPAs of 4.0 in a given semester with a minimum of 12 credits earned in that semester. Students are recognized on the Dean's List for GPAs of 3.5–3.99 in a given semester with a minimum of 12 credits earned in that semester.*

SMC believes in celebrating outstanding educational achievements. Students are notified via letter of President's List and Dean's List accomplishments.

Reverse Transfer Policy

Policy: *Students who previously attended SMC and earned a minimum of 30 credits within the previous seven years may earn a SMC associate degree by transferring credits from their new school back to SMC.*

The Records Office at SMC will review the transfer credits and determine if an SMC degree can be awarded. Students who are found to have earned a SMC degree are eligible to participate in the next commencement ceremony by following all graduation procedures.

Second SMC Degree Policy

Policy: *Students may seek a second degree from SMC, but at least 21 credits of the second degree must be comprised of credits that are distinct from the first degree program. Additionally, all requirements of the second degree program must be satisfied.*

SMC wants each degree that a student earns to have value for their future. Therefore, students will not be permitted to earn another degree from SMC without completing at least 21 credits of the new program through SMC. Students need the approval of a Dean before pursuing a second SMC degree and should always consult with financial aid prior to starting a second degree program to understand the financial options available. In many cases, once the first degree is conferred, the student's financial aid options may become quite limited.

Transfer Credit Policy

Policy: *Transfer credits to SMC can be awarded from institutions that are regionally accredited postsecondary educational institutions.*

SMC values academic quality and accountability in the standards and processes of other schools in the evaluation of transfer credit. Students must have an application for admission on file with SMC and have an active student record before any credits will be evaluated for transfer. Transcripts must be sent directly to SMC from the transferring institution. Hand-delivered transcripts will only be accepted if the seal on the envelope has not been broken. SMC transfers credits, not grades. Therefore, transfer credits do not impact your SMC GPA positively or negatively. AP and CLEP test scores can be evaluated by SMC, but original scores, not copies or screen shots, should be sent directly to SMC. CLEP test scores do not satisfy MTA requirements. Military transcripts are also evaluated for academic credit by SMC. SMC only accepts grades of C or better for transfer. SMC only accepts courses for transfer that are 100 level or above and that were considered as counting toward credits needed to graduate at the previous institution. Pre-college courses do not transfer to SMC. SMC will attempt to award equivalent course credit for 100 and 200 level courses, and when direct equivalencies are not available, elective credit will be awarded in an appropriate academic subject. SMC will not evaluate 300 or higher-level courses unless equivalent course credit can be awarded (e.g., PSYC 364 at ABC University=PSYC 260 at SMC). Quarter credits will be converted to semester credits and reflected as semester credits on the SMC student record. A transfer course must be within 1 credit hour of SMC's standard to be considered. Credit is not awarded for seminars, student success courses, or special topics courses, nor is credit awarded for math courses below the equivalent of SMC's MATH 127/128/150. SMC may accept an unlimited number of transfer credits, but the student will still need to follow graduation guidelines for degree completion. Students must provide an official transcript prior to enrolling in courses which require the prerequisite class they earned at the other institution. There is no grace period for providing an official transcript for prerequisite purposes. The prerequisite course from the other institution must have a final grade. In-progress courses are not sufficient for prerequisite purposes at SMC.

Withdrawal from SMC Policy

Policy: *Students who find it necessary to withdraw from SMC should make sure they understand the potential impact of the withdrawal on their financial aid before finalizing their decision. If they still wish to withdraw, the student should remain in continual communication with their advisor throughout the entire withdrawal process.*

The process of withdrawing from a course begins with the student contacting their advisor to clearly communicate the intent. The advisor will start the communication workflow on behalf of the student involving the Financial Aid Office and the Residence Life team, if needed. Notifications are sent via SMC email to students throughout the process. After learning of the financial impact of the withdrawal process, the student is given the opportunity to solidify their decision to withdraw or reconsider it. The student must solidify their decision with their advisor in order for the withdrawal to be processed by the Records Office. A grade of "W" appears on the student transcript for all course withdrawals.

Withdrawing from a course or all courses in a given semester can have a large financial impact. Often times, for financial reasons, it is better to stay through the end of the semester rather than withdraw during the term. Students who "drop" a course or all of their courses prior to the published add/drop date for full-length courses and early end courses will receive a full refund without a "W" on their transcript. After the add/drop deadline, students who withdraw should expect to receive a "W" for each course. Students who withdraw from the school because of unusual or unforeseen circumstances may wish to receive a financial refund and can request an exception to this policy by completing the Request for Exception for a Late Refund or a Late Withdrawal form. Such refunds are rarely given unless in matters of student illness or medical emergency, the death of an immediate family member, or U.S. military active duty or induction. Each exception is considered by a SMC committee.

Institutional Learning Competencies (ILCs)

All curricula at SMC include a set of institutional values that we believe are an integral part of any higher education experience. These values are listed and defined here.

Global Awareness and Appreciation

Global Awareness and Appreciation is the knowledge of the interdependence of local, global, international, and intercultural people, societies, issues, trends, and systems, and an ability to apply this cultural and global awareness to human interaction and expression.

Ethical Responsibility

Ethical Responsibility is the thoughtful consideration about what is right and wrong and about making a positive impact upon one's community—locally, nationally, and/or globally. The practice of ethical responsibility arises when individuals confront challenges, choices, and ethical dilemmas and requires skill in assessing and articulating various ethical positions, analyzing the social contexts of problems, and considering the ramifications of various courses of action for oneself as well as the community.

Critical Thinking

Critical Thinking is a set of essential skills using inductive and deductive reasoning for the purposes of developing creative and effective solutions to a given problem.

Communication

Communication is the purposeful development of the expression and reception of verbal and non-verbal ideas and information.

Engagement

Engagement is the application of attention, curiosity, interest, optimism, and passion for learning through curricular and co-curricular experiences.

Graduation, General Education, and MTA

General Graduation Requirements for Associate in Arts (A.A.) and Associate in Science (A.S.) Degrees

In order to earn an A.A. degree or an A.S. degree from SMC, students must:

- Declare a program of study and adhere to a particular catalog advising year as assigned by the institution.
- Fulfill all requirements as specified on the program of study curriculum document. This will include the completion of at least 18 credits of major-specific courses, except for the General Studies major that will include the completion of at least 18 credits beyond the general education/MTA curriculum.
- Earn a cumulative Grade Point Average (GPA) of 2.0, equivalent to a C or higher.
- Earn a minimum grade of C or better in each general education course used to fulfill a general education component.
- Earn a minimum grade of C or better for each prerequisite course in the program of study.
- Complete a minimum of 60 credit hours, satisfying all course and credit hour requirements in an approved A.A. or A.S. curriculum.
- Earn a minimum of 30 credits from SMC or the last 15 credits from SMC. A maximum of 13 credits can be earned through SMC's Achieved Credit by Examination (ACE) process. ACE tests are written by SMC faculty and reflect the content taught in courses. Please know that credit earned by ACE testing may not transfer to other institutions.
- Take additional general elective courses, if needed, in order to reach a minimum of 60 credit hours. This is likely to occur when competency is demonstrated through testing procedures without resulting in credit for core curriculum courses.
- Understand that courses below the 100 level may not be applied toward meeting any A.A. or A.S. degree requirements.
- Understand that courses above the 100 level and courses deemed as transitional courses (those that are not a part of the curriculum but lead to required courses in the curriculum) may be applied toward meeting graduation requirements. A maximum of 12 credits from transitional courses will count toward graduation requirements.

In order to graduate from SMC with an A.A. or A.S. degree, students must:

- Submit a graduation application the semester before they plan to finish all degree requirements.

General Graduation Requirements for Associate in Applied Science (A.A.S.) Degrees

In order to earn an A.A.S. degree from SMC, students must:

- Declare a program of study and adhere to a particular catalog advising year as assigned by the institution.
- Fulfill all requirements as specified on the program of study curriculum document. This will include the completion of at least 24 credits of major-specific courses.
- Earn a cumulative Grade Point Average (GPA) of 2.0, equivalent to a C or higher.
- Earn a minimum grade of C or better in each general education course used to fulfill a general education component.
- Earn a grade of C or better for each prerequisite course in the program of study.
- Complete a minimum of 60 credit hours, satisfying all course and credit hour requirements in an approved A.A.S. curriculum.
- Earn a minimum of 30 credits from SMC or the last 15 credits from SMC. A maximum of 13 credits can be earned through SMC's Achieved Credit by Examination (ACE) process. ACE tests are written by SMC faculty and reflect the content taught in courses. Please know that credit earned by ACE testing may not transfer to other institutions.
- Take additional general elective courses, if needed, in order to reach a minimum of 60 credit hours. This is likely to occur when competency is demonstrated through testing procedures without resulting in credit for core curriculum courses.
- Understand that courses below the 100 level may not be applied toward meeting any A.A.S. degree requirements.
- Understand that courses above the 100 level and courses deemed as transitional courses, those that are not a part of the curriculum but lead to required courses in the curriculum, may be applied toward meeting graduation requirements. A maximum of 12 credits from transitional courses will count toward graduation requirements.

In order to graduate from SMC with an A.A.S. degree, students must:

- Submit a graduation application the semester before they plan to finish all degree requirements.

General Graduation Requirements for Certificate Programs

In order to earn a certificate from SMC, students must:

- Declare the certificate as their program of study and adhere to a particular catalog advising year as assigned by the institution.
- Earn a cumulative Grade Point Average (GPA) of 2.0, equivalent to a C or higher.
- Earn a minimum grade of C for each general education course in the certificate program, as applicable per the specific program of study.
- Earn a grade of C or better for each prerequisite course in the program of study.
- Satisfy at least 21 total credit hours of specific instruction as listed on the approved program curriculum sheet.
- Satisfy all course requirements of the certificate as listed on the approved program curriculum sheet, even if more than 21 credits are listed.
- Complete at least 12 overall credit hours of the certificate at SMC or complete at least the last 8 credits of the certificate program from SMC. A maximum of 9 of the 12 credits or 5 of the last 8 credits can be earned through SMC's Achieved Credit by Examination (ACE) process. ACE tests are written by SMC faculty and reflect the content taught in courses. Please know that credit earned by ACE testing may not transfer to other institutions.
- Take additional general elective courses, if needed, in order to reach the minimum number of credit hours. This is likely to occur when competency is demonstrated through testing procedures without resulting in credit for core curriculum courses.
- Understand that courses below the 100 level may not be applied toward meeting certificate or graduation requirements.

In order to graduate from SMC with a certificate, students must:

- Submit a graduation application the semester before they plan to finish all certificate requirements.

Guidelines for Completion of Credential Programs

In order to earn a credential from SMC, students must:

- Adhere to all information as outlined on the program curriculum page of this catalog (see specific program page) and any additional regulations as specified by the department in which the program resides.

Students in these programs are considered "completers" and not graduates of SMC. Therefore, these students are not required to fill out a graduation application for their program and will not receive a diploma.

General Education Requirements

The structure of SMC's general education requirements is presented below. Associate in Arts and Associate in Science degrees require students to satisfy courses in each of the following categories: English Composition, English Composition or Communication, Mathematics, Natural Science, Social Science, and Humanities. Associate in Applied Science degrees may require students to fulfill courses from one or more of these same categories, while certificate programs may or may not have a general education course as a part of completion requirements. Each course that counts toward the general education component of a degree or certificate program must be completed with a minimum grade of C.

ENGLISH COMPOSITION (1 course from the following options)

- ENGL 103 or ENGL 103W

ENGLISH COMPOSITION OR COMMUNICATIONS (1 course from the following options)

- ENGL 104
- SPEE 102
- SPEE 104

MATHEMATICS (1 course from the following options)

- MATH 127, 128, 129, 130, 141, 142, 150, 201, 203, 205

NATURAL SCIENCE (2 courses from the following options)

Coursework must be from more than one subject area. At least one course must contain a lab. Students should not complete both GEOG 110 and SCIE 190 to fulfill the Natural Science requirement.

- BIOL 101, 102, 110, 118, 202, 214, 215
- BISC 111
- CHEM 100, 101, 102, 201, 202
- ENST 112
- GEOG 110
- PHYS 101, 102, 201, 202
- SCIE 190

SOCIAL SCIENCE (2 courses from the following options)

Coursework must be from more than one subject area.

- ECON 201, 202
- EDUC 215
- HIST 201, 202, 247, 248
- POSC 201
- PSYC 101, 102, 180, 205, 215, 260, 296
- SOCI 201, 202, 203

HUMANITIES (2 courses from the following options)

Coursework must be from more than one subject area.

- ART 110, 200, 203, 204
- BDWI 101, 201
- ENGL 231, 232, 235, 251, 261, 263, 265, 282
- HIST 101, 102, 230
- HUMA 202, 204, 205, 210, 243
- MUSI 101, 102, 110, 201, 202, 203, 204
- PHIL 101, 201, 210
- SOCI 240
- SPAN 101, 102, 201, 202
- THEA 110

General Education Guidelines for Associate in Arts Degree Programs

The general education requirements for an Associate in Arts degree differ from those of any other degree. Please familiarize yourself with these guidelines if you wish to pursue an A.A. degree. Course numbers listed below are approved general education courses and may be substituted for courses listed in a specific A.A. degree program. Please consult an advisor for guidance.

COMMUNICATIONS (2 courses required)

A minimum grade of C is required in each course taken below. Students must complete at least one English class. Students are urged to take 9 total credits from this section, specifically ENGL 103, ENGL 104, and one speech course.

- ENGL 103 or ENGL 103W
- ENGL 104 or SPEE 102 or SPEE 104

MATHEMATICS (1 course required)

A minimum grade of C is required.

- MATH 127, 128, 129, 130, 141, 142, 150, 201, 203, 205

NATURAL SCIENCE (2 courses required)

A minimum grade of C is required in each course taken below. Students must complete at least one lab course, and choices in this category must be from more than one subject area. Students should not complete both GEOG 110 and SCIE 190 to fulfill the Natural Science requirement.

- BIOL 101, 102, 110, 118, 202, 214, 215
- BISC 111
- CHEM 100, 101, 102, 201, 202
- ENST 112
- GEOG 110
- PHYS 101, 102, 201, 202
- SCIE 190

SOCIAL SCIENCE (2 courses required)

A minimum grade of C is required in each course taken below. Students must complete courses from more than one subject area.

- ECON 201, 202
- EDUC 215
- HIST 201, 202, 247, 248
- POSC 201
- PSYC 101, 102, 180, 205, 215, 260, 296
- SOCI 201, 202, 203

HUMANITIES (2 courses required)

A minimum grade of C is required in each course taken below. Students must complete courses from more than one subject area.

- ART 110, 200, 203, 204
- BDWI 101, 201
- ENGL 231, 232, 235, 251, 261, 263, 265, 282
- HIST 101, 102, 230
- HUMA 202, 204, 205, 210, 243
- MUSI 101, 102, 110, 201, 202, 203, 204
- PHIL 101, 201, 210
- SOCI 240
- SPAN 101, 102, 201, 202
- THEA 110

General Education Guidelines for Associate in Science Degree Programs

The general education requirements for an Associate in Science degree differ from those of any other degree. Please familiarize yourself with these guidelines if you wish to pursue an A.S. degree. Course numbers listed below are approved general education courses and may be substituted for courses listed in a specific A.S. degree program. Please consult an advisor for guidance.

COMMUNICATIONS (2 courses required)

A minimum grade of C is required in each course taken below. Students must complete at least one English class. Students are urged to take 9 total credits from this section, specifically ENGL 103, ENGL 104, and one speech course.

- ENGL 103 or ENGL 103W
- ENGL 104 or SPEE 102 or SPEE 104

MATHEMATICS (1 course required)

A minimum grade of C is required. This MATH course cannot be duplicated in the Natural Science and/or Mathematics section below.

- MATH 130, 141, 142, 201, 203, 205

NATURAL SCIENCE AND/OR MATHEMATICS (20 credits required)

A minimum grade of C is required in each course taken below. Students must complete at least two science courses from different disciplines (at least one science course must have a lab component). Students must choose at least 15 credits from the science block of choices below and may choose no more than 5 credits from the second block of choices below.

- SCIENCE BLOCK (15-20 credits)
 - BIOL 101, 102, 118, 202, 214, 215
 - CHEM 101, 102, 201, 202
 - PHYS 101, 102, 201, 202
- MATH/SCIENCE BLOCK (0-5 credits maximum)
 - BIOL 110, BISC 111, CHEM 100
 - ENST 112, GEOG 110
 - MATH 127, 129, 130, 141, 142, 150, 201, 203, 205

SOCIAL SCIENCE (2 courses required)

A minimum grade of C is required in each course taken below. Students must complete courses from more than one subject area.

- ECON 201, 202
- EDUC 215
- HIST 201, 202, 247, 248
- POSC 201
- PSYC 101, 102, 180, 205, 215, 260, 296
- SOCI 201, 202, 203

HUMANITIES (2 courses required)

A minimum grade of C is required in each course taken below. Students must complete courses from more than one subject area.

- ART 110, 200, 203, 204
- BDWI 101, 201
- ENGL 231, 232, 235, 251, 261, 263, 265, 282
- HIST 101, 102, 230
- HUMA 202, 204, 205, 210, 243
- MUSI 101, 102, 110, 201, 202, 203, 204
- PHIL 101, 201, 210
- SOCI 240
- SPAN 101, 102, 201, 202
- THEA 110

Michigan Transfer Agreement (MTA)

The Michigan Transfer Agreement (MTA) is designed to facilitate the transfer of general education requirements between participating Michigan institutions. The agreement provides for the transferability of a block of core requirements. Students are encouraged to complete the MTA as a part of an associate degree but may achieve the distinction without completing a degree. At SMC, most Associate in Arts and all Associate in Science degrees facilitate the completion of the MTA requirements. Some Associate in Applied Science degrees at SMC also facilitate the completion of the MTA, but many more do not because the A.A.S. curriculum, by design, is more focused on helping students move toward employment opportunities rather than transferability.

To secure the MTA stamp of approval from SMC, students must complete a minimum of 30 MTA-approved credit hours, achieve a minimum grade of C for each approved course, and earn at least one of these MTA-approved courses through SMC. Students cannot use CLEP Exam scores to fulfill MTA requirements. The specific courses that meet MTA standards for the 2024-2025 academic year are listed below. Consult your advisor for changes or specific details.

ENGLISH COMPOSITION (1 course from the following options)

- ENGL 103 or ENGL 103W

ENGLISH COMPOSITION OR COMMUNICATIONS (1 course from the following options)

- ENGL 104
- SPEE 102
- SPEE 104

MATHEMATICS (1 course from the following options)

- MATH 127, 128, 129, 130, 141, 142, 150, 201, 203, 205

NATURAL SCIENCE (2 courses from the following options)

Coursework must be from more than one subject area. At least one course must contain a lab.

- BIOL 101, 102, 110, 118, 202, 214, 215
- BISC 111
- CHEM 100, 101, 102, 201, 202
- ENST 112
- GEOG 110
- PHYS 101, 102, 201, 202

SOCIAL SCIENCE (2 courses from the following options)

Coursework must be from more than one subject area.

- ECON 201, 202
- EDUC 215
- HIST 201, 202, 247, 248
- POSC 201
- PSYC 101, 102, 180, 205, 215, 260, 296
- SOCI 201, 202, 203

HUMANITIES (2 courses from the following options)

Coursework must be from more than one subject area.

- ART 110, 200, 203, 204
- BDWI 101, 201
- ENGL 231, 232, 235, 251, 261, 263, 265, 282
- HIST 101, 102, 230
- HUMA 202, 204, 205, 210, 243
- MUSI 101, 102, 110, 201, 202, 203, 204
- PHIL 101, 201, 210
- SOCI 240
- SPAN 101, 102, 201, 202
- THEA 110

Associate in Arts Degree Programs

To earn an A.A. degree in any A.A. program, students must:

- Complete the General Education Guidelines for Associate in Arts Degree Programs (p.35)
- Earn a grade of C or better in each course approved for the “General Education and MTA Courses” section on the program page.
- Earn a grade of C or better in each internship or capstone course (if applicable to the program requirements).
- Earn a grade of C or better in each prerequisite course in the program. Review the Course Descriptions (p.141-202) to understand prerequisite requirements.
- Earn a minimum of 18 major-specific credits to achieve the major credential (see Major-specific Required Courses section of each program curriculum in the pages to follow). Some majors require more than 18 credits to earn the credential. Students who fail to satisfy all major-specific requirements but who achieve all other degree requirements can be awarded the A.A. General Studies degree.
- Earn a minimum of 60 credits with a minimum cumulative GPA of 2.0.
- Submit a graduation application, preferably the semester before finishing all degree requirements.
- Adhere to the rest of the guidelines provided in the Graduation Requirements section for A.A. degrees (p.32).

Associate in Arts in Athletic Training/Sports Medicine

Program Overview

Upon completion of this degree, students will have experienced an introduction to athletic training and sports medicine that will propel them to success in future programs of this study. Students can prepare to transfer to a four-year institution to continue their pursuit of a bachelor's, and eventually master's degree, in Athletic Training and Sports Medicine.

To Learn More About This Program

Contact Dr. Melissa Kennedy at 269-782-1236 or nhs@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students, working closely with their advisor, are permitted to substitute the courses in the General Education and MTA Courses section below according to the guidelines on page 35 of this catalog. Each general education course, prerequisite course, internship/practicum, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Arts in Athletic Training/Sports Medicine may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

General Education and MTA Courses

COMMUNICATIONS

Course ID	Course	Credits
ENGL 103 or ENGL 103W	Freshman English 2 (or with workshop)	3 to 4 credits
ENGL 104 or SPEE 104	Freshman English 3 or Intro to Human Communication	3 credits

MATHEMATICS

Course ID	Course	Credits
MATH 127 or MATH 150	College Algebra or Statistics	4 credits

NATURAL SCIENCE

Course ID	Course	Credits
BIOL 214	Basic Human Anatomy	4 credits
CHEM 100	Fundamentals of Chemistry	4 credits

SOCIAL SCIENCE

Course ID	Course	Credits
PSYC 101	General Psychology	3 credits
SOCI 201	Principles of Sociology	3 credits

HUMANITIES

Course ID	Course	Credits
PHIL 210	Introduction to Ethics	4 credits
SOCI 240	Minority Groups in America	3 credits

Major-Specific Required Courses

Course ID	Course	Credits
EDUC 120	Educational Exploration and Planning	1 credit
ATHL 101	Kinesiology	3 credits
ATHL 105	Introduction to Athletic Training	3 credits
ATHL 110	Athletic Training Clinical I	3 credits
ATHL 115	Athletic Training Clinical II	3 credits
BIOL 215	Principles of Human Physiology	4 credits
HEED 101	Medical Terminology	3 credits
HEED 163	Nutrition	2 credits
PHED 103	Life Wellness	3 credits
PHED 215	Introduction to Recreation	3 credits

Total Program Credits: 59
(Need 60 credits to graduate)

Additional Notes About the A.A. in Athletic Training/Sports Medicine Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined meets MTA requirements.
- This program may not provide a student with all 60 credits needed to earn a degree. Students may need to take additional courses to reach 60 total credits.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
PHED 103 Life Wellness	3 credits	None
HEED 101 Medical Terminology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
MATH 127 College Algebra or MATH 150 Statistics	4 credits	See Course Description for details

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ATHL 101 Kinesiology	3 credits	HEED 101
BIOL 214 Basic Human Anatomy	4 credits	BIOL 101, BIOL 110, BIOL 202, BISC 111, or one year of high school biology with minimum grade of B taken within the last 5 years, or Challenge test score
CHEM 100 Fundamentals of Chemistry	4 credits	MATH 114, MATH 128, MATH 150 (concurrent enrollment allowed), Math test score (Level 2 or higher), or Permission of the Dean; ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 104 Freshman English 3 or SPEE 104 Intro to Human Communication	3 credits	See Course Description for details
HEED 163 Nutrition	2 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ATHL 105 Introduction to Athletic Training	3 credits	ATHL 101
ATHL 110 Athletic Training Clinical I	3 credits	ATHL 101; ATHL 105 (concurrent enrollment in ATHL 105 allowed)
BIOL 215 Principles of Human Physiology	4 credits	BIOL 214; CHEM 100, or one year of high school chemistry with minimum grade of B taken within the last 5 years, or Challenge test score
PHED 215 Introduction to Recreation	3 credits	None
SOCI 201 Principles of Sociology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ATHL 115 Athletic Training Clinical II	3 credits	ATHL 101; ATHL 105; ATHL 110
PHIL 210 Introduction to Ethics	4 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
PSYC 101 General Psychology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
SOCI 240 Minority Groups in America	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
Elective (if needed)	1 credit	See Course Description for details

Associate in Arts in Business

Program Overview

Upon completion of this degree, students will have experienced a well-rounded general education meeting the requirements of the MiTransfer Pathway for business. More information about the MiTransfer Pathway for business can be found at <https://mitransfer.org>.

To Learn More About This Program

Contact Andrew Churchill at 269-782-1218 or achurchill@swmich.edu or James Benak at 269-782-1221 or jbenak@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students, working closely with their advisor, are permitted to substitute the courses in the General Education and MTA Courses section below according to the guidelines on page 35 of this catalog. Each general education course, prerequisite course, internship/practicum, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Arts in Business may complete all requirements for this program fully online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

General Education and MTA Courses

COMMUNICATIONS

Course ID	Course	Credits
ENGL 103 or ENGL 103W	Freshman English 2 (or with workshop)	3 to 4 credits
SPEE 102	Fundamentals of Public Speaking	3 credits

MATHEMATICS

Course ID	Course	Credits
MATH 150	Statistics	4 credits

NATURAL SCIENCE

Course ID	Course	Credits
ENST 112	Environmental Science	4 credits
GEOG 110	Physical Geography	4 credits

SOCIAL SCIENCE

Course ID	Course	Credits
PSYC 101	General Psychology	3 credits
SOCI 201	Principles of Sociology	3 credits

HUMANITIES

Course ID	Course	Credits
ART 110 or MUSI 110	Art Appreciation or Music Appreciation	3 credits
HUMA 210	Intro to Non-Western Civilization	4 credits

Major-Specific Required Courses

Course ID	Course	Credits
EDUC 120	Educational Exploration and Planning	1 credit
BUSI 200	Small Business Management	3 credits

MiTransfer Required Courses

Course ID	Course	Credits
ACCO 201	Principles of Accounting 1	4 credits
ACCO 202	Principles of Accounting 2	4 credits
BUSI 207	Business Law 1	3 credits
ECON 201	Macroeconomics	3 credits
ECON 202	Microeconomics	3 credits

Elective Courses¹ Complete 9 credits from the list below (Online students must take BUSI 201, 214, and 220)

Course ID	Course	Credits
BUSI 201	Principles of Management	3 credits
BUSI 208 ²	Business Law 2	3 credits
BUSI 210	Personal Finance	3 credits
BUSI 214	Business Communications	3 credits
BUSI 220	Marketing	3 credits
BUSI 221	Advertising	3 credits
BUSI 225	Human Resource Management	3 credits

Notes:

¹ The selection of elective courses shall be made in conjunction with an advisor and by reviewing the transfer requirements of the four-year institution.

² BUSI 208 (Business Law 2) is a required course for some four-year institutions. Consult with an advisor and the transfer requirements of the four-year institution.

Total Program Credits: 61

Additional Notes About the A.A. in Business Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined meets MTA requirements.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence for On-Campus Program Students

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
ACCO 201 Principles of Accounting 1	4 credits	BUSI 200 (concurrent enrollment allowed)
BUSI 200 Small Business Management	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
BUSI 207 Business Law 1	3 credits	None; BUSI 200 recommended
SPEE 102 Fundamentals of Public Speaking	3 credits	None

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ACCO 202 Principles of Accounting 2	4 credits	ACCO 201
MATH 150 Statistics	4 credits	Math test score (Level 3 or higher) or concurrent enrollment in MATH 150C
SOCI 201 Principles of Sociology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
Elective	3 credits	See Course Description for details

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ART 110 Art Appreciation or MUSI 110 Music Appreciation	3 credits	See Course Description for details
ECON 202 Microeconomics	3 credits	None (concurrent enrollment in ECON 201 not recommended)
ENST 112 Environmental Science	4 credits	None
Elective	3 credits	See Course Description for details
Elective	3 credits	See Course Description for details

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ECON 201 Macroeconomics	3 credits	None (concurrent enrollment in ECON 202 not recommended)
GEOG 110 Physical Geography	4 credits	None
HUMA 210 Intro to Non-Western Civilization	4 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
PSYC 101 General Psychology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

Example Course Sequence for Online Program Students

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop) *ENGL 103W may not be offered online*	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
ACCO 201 Principles of Accounting 1	4 credits	BUSI 200 (concurrent enrollment allowed)
BUSI 200 Small Business Management	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
SPEE 102 Fundamentals of Public Speaking	3 credits	None

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ACCO 202 Principles of Accounting 2	4 credits	ACCO 201
BUSI 214 Business Communications	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
MATH 150 Statistics	4 credits	Math test score (Level 3 or higher) or concurrent enrollment in MATH 150C
PSYC 101 General Psychology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ART 110 Art Appreciation or MUSI 110 Music Appreciation *MUSI 110 may not be offered online*	3 credits	See Course Description for details
BUSI 207 Business Law 1	3 credits	None; BUSI 200 recommended
ECON 202 Microeconomics	3 credits	None (concurrent enrollment in ECON 201 not recommended)
ENST 112 Environmental Science	4 credits	None
SOCI 201 Principles of Sociology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
BUSI 201 Principles of Management	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
BUSI 220 Marketing	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ECON 201 Macroeconomics	3 credits	None (concurrent enrollment in ECON 202 not recommended)
GEOG 110 Physical Geography	4 credits	None
HUMA 210 Intro to Non-Western Civilization	4 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

Associate in Arts in Communications

Program Overview

Upon completion of this degree, students will be able to deliver messages appropriate to a variety of specific audiences and understand the role effective communication plays in human relationships across social and cultural contexts. Students will be introduced to key theoretical approaches within the field of communications and apply those theories across various contexts, including managing conflicts, working collaboratively with others, active listening, etc.

Associate in Arts in Elementary Education

Program Overview

Upon completion of this degree, students will have professional preparation aligned to Michigan's Teacher Preparation Standards including completion of minimum requirements for the apprenticeship component of clinical experiences in the primary grade band area of focus (PK-3 or 3-6). This program provides both research-based content and educator preparation including a practice-based preparatory system. Additionally, this degree aligns with the National Association for the Education of Young Children (NAEYC) Professional Standards. Students will be well-prepared to transfer to complete a bachelor's degree with PK-3 teacher certification and/or 3-6 teacher certification.

To Learn More About This Program

Contact Ranee Conley at 269-783-2116 or rconley@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students, working closely with their advisor, are permitted to substitute the courses in the General Education and MTA Courses section below according to the guidelines on page 35 of this catalog. Each general education course, prerequisite course, internship/practicum, and capstone course must be completed with a final grade of C or better.

Course Offerings

Additional Notes About the A.A. in Elementary Education Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined does NOT meet MTA requirements. A student would need one additional natural science course because SCIE 190 satisfies the A.A. general education requirements but not MTA. If interested in the MTA, students should seek help from an advisor for course selection.
- This program outlines two different tracks, one for students planning to teach grades PK-3 and one for grades 3-6. Complete one track to fulfill the requirements for the A.A. Please consult with an advisor regularly about your specific educational goals.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
BISC 111 Biological Science	4 credits	None
EDUC 101 Introduction to Teaching	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

Track Elective	3-4 credits	See Course Description for details

Associate in Arts in English

Program Overview

Upon completion of this degree, students will have taken a variety of courses within the English discipline. English courses in this program prepare students to be strong readers, writers, researchers, and critical thinkers. Depending on one's educational interests and/or career goals, the program allows for students to choose a pathway that is either more literature-focused or creative writing focused. The program also provides the opportunity for exposure to film studies, pop culture, gender studies, business writing, and mass media writing. The versatility of this program is particularly advantageous to students who wish to thoroughly explore the English discipline prior to transferring to a four-year college.

Additional Notes About the A.A. in English Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined meets MTA requirements.
- This program may not provide a student with all 60 credits needed to earn a degree. Students may need to take additional courses to reach 60 total credits.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
ENGL 261 Creative Writing/Fiction	3 credits	None
HUMA 204 Introduction to Film	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
MATH 128 Contemporary Mathematics or MATH 150 Statistics	4 credits	See Course Description for details

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ART 110 Art Appreciation or MUSI 110 Music Appreciation	3 credits	See Course Description for details
ENGL 104 Freshman English 3	3 credits	ENGL 103 or ENGL 103W
ENGL 232 American Literature 2 or ENGL 282 Survey of British Literature 2	3 credits	ENGL 103 or ENGL 103W
ENST 112 Environmental Science	4 credits	None
Program Elective	3 credits	See Course Description for details

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
GEOG 110 Physical Geography	4 credits	None
HIST 201 United States History 1 or HIST 202 United States History 2	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
SPEE 102 Fundamentals of Public Speaking or SPEE 104 Intro to Human Communication	3 credits	See Course Description for details
Program Elective	3 credits	See Course Description for details
Program Elective	3 credits	See Course Description for details

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ENGL 232 American Literature 2 or ENGL 282 Survey of British Literature 2	3 credits	ENGL 103 or ENGL 103W
ENGL 263 Creative Writing/Poetry or ENGL 265 Creative Nonfiction Writing	3 credits	None
PSYC 101 General Psychology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
Program Elective	3 credits	See Course Description for details
General or Program Elective (if needed)	3 credits	See Course Description for details

Associate in Arts in General Studies

Program Overview

Upon completion of this degree, students will have gained further understanding of valuing cultural and global diversity, being able to work effectively as part of a team and thinking critically to solve problems.

To Learn More About This Program

Contact the Office of First Year Experience at 269-782-1499 or fye@swmich.edu or the Academic Advising and Resource Center at 269-782-1303 or askanadvisor@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students, working closely with their advisor, are permitted to substitute the courses in the General Education and MTA Courses section below according to the guidelines on page 35 of this catalog. Each general education course, prerequisite course, internship/practicum, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Arts in General Studies may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

General Education and MTA Courses

COMMUNICATIONS

Course ID	Course	Credits
ENGL 103 or ENGL 103W	Freshman English 2 (or with workshop)	3 to 4 credits
ENGL 104 or SPEE 102 or SPEE 104	Freshman English 3 or Fundamentals of Public Speaking or Intro to Human Communication	3 credits

MATHEMATICS

Course ID	Course	Credits
MATH 127 or MATH 128 or MATH 150 or higher level	College Algebra or Contemporary Mathematics or Statistics or higher level	4 credits

NATURAL SCIENCE

Course ID	Course	Credits
ENST 112	Environmental Science	4 credits
GEOG 110	Physical Geography	4 credits

SOCIAL SCIENCE

Course ID	Course	Credits
PSYC 101	General Psychology	3 credits
SOCI 201	Principles of Sociology	3 credits

HUMANITIES

Course ID	Course	Credits
ART 110 or MUSI 110	Art Appreciation or Music Appreciation	3 credits
HUMA 210	Intro to Non-Western Civilization	4 credits

Major-specific Required Courses

Course ID	Course	Credits
EDUC 120	Educational Exploration and Planning	1 credit
SMC or Other College	Completion of enough other courses until 60 or more total credits are accumulated. Coursework can be from any field.	28 or more credits

Total Program Credits: 60

Additional Notes About the A.A. in General Studies Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined meets MTA requirements.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Additional Notes About the A.A. in Health Services Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined meets MTA requirements.
- Students who start in this health services program and are interested in the nursing program should contact an advisor in the Academic Advising and Resources Center (AARC) at 269-782-1303 for information.
- This program may not provide a student with all 60 credits needed to earn a degree. Students may need to take additional courses to reach 60 total credits.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
CHEM 100 Fundamentals of Chemistry	4 credits	MATH 114, MATH 128, MATH 150 (concurrent enrollment allowed), Math test score (Level 2 or higher), or Permission of the Dean; ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
PSYC 101 General Psychology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
BIOL 214 Basic Human Anatomy	4 credits	BIOL 101, BIOL 110, BIOL 202, BISC 111, or one year of high school biology with minimum grade of B taken within the last 5 years, or Challenge test score

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ENGL 104 Freshman English 3	3 credits	ENGL 103 or ENGL 103W
EDUC 215 Human Development and Learning	3 credits	PSYC 101
BIOL 215 Principles of Human Physiology	4 credits	BIOL 214; CHEM 100, or one year of high school chemistry with minimum grade of B taken within the last 5 years, or Challenge test score
MATH 127 College Algebra	4 credits	MATH 114 (minimum grade of B-), Math test score (Level 3 or higher), or concurrent enrollment in MATH 127C
Elective	3 to 4 credits	See Course Description for details

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
HEED 101 Medical Terminology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

SOCI 240 Minority Groups in America	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
Elective	3 to 4 credits	See Course Description for details

Associate in Arts in Music

Program Overview

Upon completion of this degree, students will have experienced a comprehensive introduction to music theory and performance, providing an active space for enculturation in both academic and professional environments of the music industry. The program will foster habits of mind conducive to building a creative and active learning community. Additionally, it will promote curiosity, flexibility, and openness to new information systems and approaches to learning in the service of creating expansive and enhanced spaces for persistence, engagement, and shared responsibility for the success of the curriculum.

To Learn More About This Program

Contact Dave Carew (voice) at 269-782-1226 or dcarew@swmich.edu or Mark Hollandsworth (instrumental) at 269-782-1225 or mhollandsworth@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students, working closely with their advisor, are permitted to substitute the courses in the General Education and MTA Courses section below according to the guidelines on page 35 of this catalog. Each general education course, prerequisite course, internship/practicum, and capstone course must be completed with a final grade of C or better.

Associate in Arts in Psychology

Program Overview

Upon completion of this degree, students will have experienced a broad introduction to the field of psychology. In coordination with the general education components, students will be able to communicate effectively in a variety of situations across multiple fields within psychology, as well as demonstrate knowledge of and apply psychological concepts and theories to real world situations. This degree is a stepping stone to long range goals in higher education in the field of psychology, as it prepares students to transfer to a four-year institute. Additionally, this degree serves as a foundation for entry-level positions in related disciplines.

To Learn More About This Program

Contact Christy Tidd at 269-782-1386 or ctidd01@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students, working closely with their advisor, are permitted to substitute the courses in the General Education and MTA Courses section below according to the guidelines on page 35 of this catalog. Each general education course, prerequisite course, internship/practicum, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Arts in Psychology may complete all requirements for this program fully online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

FOURTH SEMESTER

Course	Credits	Prerequisites (Minimum Grade of C Required)
PHIL 210 Introduction to Ethics	4 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
PSYC 180 Social Psychology	3 credits	PSYC 101
Program Elective	3 credits	See Course Description for details
Program Elective	3 credits	See Course Description for details
Program Elective	3 credits	See Course Description for details

Example Course Sequence for Online Program Students

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop) <i>*ENGL 103W may not be offered online*</i>	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
PSYC 101 General Psychology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
MATH 150 Statistics	4 credits	Math test score (Level 3 or higher) or concurrent enrollment in MATH 150C
SPEE 102 Fundamentals of Public Speaking	3 credits	None

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
SOCI 201 Principles of Sociology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
BIOL 110 Human Biology	4 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
PHED 103 Life Wellness	3 credits	None
EDUC 215 Human Development and Learning	3 credits	PSYC 101
PSYC 205 Child Psychology	3 credits	PSYC 101

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ART 110 Art Appreciation or MUSI 110 Music Appreciation <i>*MUSI 110 may not be offered online*</i>	3 credits	See Course Description for details
ENST 112 Environmental Science	4 credits	None
PSYC 260 Abnormal Psychology	3 credits	PSYC 101
PSYC 215 Organizational Psychology	3 credits	PSYC 101
SOCI 240 Minority Groups in America	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
PHIL 210 Introduction to Ethics	4 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
PSYC 180 Social Psychology	3 credits	PSYC 101
PSYC 102 Psychology of Adjustment	3 credits	PSYC 101
PSYC 296 Educational Psychology	3 credits	PSYC 101
SOCI 203 Marriage and Family	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

Associate in Arts in Social Science

Program Overview

Upon completion of this degree, students will have experienced a broad introduction to the social sciences. In coordination with the general education components, students will be able to communicate effectively in a variety of situations in the field, demonstrate knowledge of and apply concepts and theories to real world situations, and gather and analyze data within their own research.

To Learn More About This Program

Contact Barbara Karwacinski at 269-783-2112 or bkarwacinski@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students, working closely with their advisor, are permitted to substitute the courses in the General Education and MTA Courses section below according to the guidelines on page 35 of this catalog. Each general education course, prerequisite course, internship/practicum, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Arts in Social Science may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

General Education and MTA Courses

COMMUNICATIONS

Course ID	Course	Credits
ENGL 103 or ENGL 103W	Freshman English 2 (or with workshop)	3 to 4 credits

Total Program Credits: 61

Additional Notes About the A.A. in Social Science Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined meets MTA requirements.
- Students should consult with their advisor to ensure that they are making the right choices with program electives that will lead to their desired academic goal.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
MATH 150 Statistics	4 credits	Math test score (Level 3 or higher) or concurrent enrollment in MATH 150C
SOCI 201 Principles of Sociology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
Program Elective	3 credits	See Course Description for details

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ENGL 104 Freshman English 3	3 credits	ENGL 103 or ENGL 103W

Associate in Arts in Visual Arts

Program Overview

Upon completion of this degree, students will have experienced a comprehensive introduction to contemporary studio art practices, providing learners scaffolding for actively contributing to/within all arts-related fields. The open sequence of coursework allows for personal exploration and individualized depth of inquiry. The program will foster habits of mind conducive to building a creative and active learning community. Additionally, it will promote curiosity, flexibility, and openness to new information systems and approaches to learning in the service of creating expansive and enhanced spaces for persistence, engagement, and shared responsibility for the success of the curriculum.

To Learn More About This Program

Contact the Office of First Year Experience at 269-782-1499 or fye@swmich.edu.

(Need 60 credits to graduate)**

Additional Notes About the A.A. in Visual Arts Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined meets MTA requirements.
- This program may not provide a student with all 60 credits needed to earn a degree. Students may need to take additional courses to reach 60 total credits.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
MATH 128 Contemporary Mathematics	4 credits	AUTO 113, CONS 113, or WELD 113, Math test score (Level 3 or higher), or concurrent enrollment in MATH 128C
ART 101 Two-Dimensional Design	3 credits	None
ART 102 Drawing 1	4 credits	None

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ENST 112 Environmental Science	4 credits	None
PSYC 101 General Psychology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

Studio Elective	3 credits	See Course Description for details
Studio or General Elective	3 to 4 credits	See Course Description for details

Associate in Science Degree Programs

To earn an A.S. degree in any A.S. program, students must:

- Complete the General Education Guidelines for Associate in Science Degree Programs (p.36).
- Earn a grade of C or better in each course approved for the “General Education and MTA Courses” section on the program page.
- Earn a grade of C or better in each internship or capstone course (if applicable to the program requirements).
- Earn a grade of C or better in each prerequisite course in the program. Review the Course Descriptions (p.141-202) to understand prerequisite requirements.
- Earn a minimum of 18 major-specific credits to achieve the major credential (see Major-Specific Required Courses section of each program curriculum in the pages to follow). Some majors require more than 18 credits to earn the credential. Students who fail to satisfy all major-specific requirements but who achieve all other degree requirements can be awarded the A.S. General Studies degree.
- Earn a minimum of 60 credits with a minimum cumulative GPA of 2.0.
- Submit a graduation application, preferably the semester before finishing all degree requirements.
- Adhere to the rest of the guidelines provided in the Graduation Requirements section for A.S. Degrees (p.32).

Associate in Science in Biology and Medical Pre-Professional

Program Overview

This degree prepares students to transfer to a four-year institution to study upper-division science courses in a medical pre-professional program, with the ultimate goal of successful completion of an entrance exam and/or admissions requirement to a medical professional program.

To Learn More About This Program

Contact Tom Beaven at 269-782-1253 or tbeaven@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students, working closely with their advisor, are permitted to substitute the courses in the General Education and MTA Courses section below according to the guidelines on page 36 of this catalog. Each general education course, prerequisite course, internship/practicum, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Science in Biology and Medical Pre-Professional may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENST 112 Environmental Science	4 credits	None
CHEM 101 General Chemistry 1	5 credits	MATH 127 or Math test score (Level 4 or higher) concurrent enrollment allowed; CHEM 100, or one year of high school chemistry with minimum grade of B taken within the last 5 years, or Challenge test score; ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
MATH 130 Precalculus Mathematics	5 credits	MATH 127 or Math test score (Level 4 or higher)

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
PSYC 101 General Psychology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ART 110 Art Appreciation or MUSI 110 Music Appreciation	3 credits	See Course Description for details
CHEM 102 General Chemistry 2	5 credits	CHEM 101; MATH 127 or Math test score (Level 4 or higher)
GEOG 110 Physical Geography	4 credits	None

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
SOCI 201 Principles of Sociology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
CHEM 201 Organic Chemistry 1	5 credits	CHEM 102
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
BIOL 101 General Biology 1	5 credits	CHEM 100, or one year of high school chemistry with minimum grade of B taken within the last 5 years, or Challenge test score; ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
PHIL 201 Introduction to World Religion	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
CHEM 202 Organic Chemistry 2	5 credits	CHEM 201
BIOL 102 General Biology 2	5 credits	BIOL 101
ENGL 104 Freshman English 3	3 credits	ENGL 103 or 103W

Associate in Science in General Studies

Program Overview

Upon completion of this degree, students will have gained further understanding of valuing cultural and global diversity, being able to work effectively as part of a team and thinking critically to solve problems.

Contact the Office of First Year Experience at 269-782-1499 or fye@swmich.edu or the Academic Advising and Resource Center at 269-782-1303 or askanadvisor@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students, working closely with their advisor, are permitted to substitute the courses in the General Education and MTA Courses section below according to the guidelines on page 36 of this catalog. Each general education course, prerequisite course, internship/practicum, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Science in General Studies may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

General Education and MTA Courses

COMMUNICATIONS

Course ID	Course	Credits
ENGL 103 or ENGL 103W	Freshman English 2 (or with workshop)	3 to 4 credits
ENGL 104 or SPEE 102 or SPEE 104	Freshman English 3 or Fundamentals of Public Speaking or Intro to Human Communication	3 credits

MATHEMATICS

Course ID	Course	Credits
MATH 130 or higher level	Precalculus Mathematics	5 credits

NATURAL SCIENCE

Course ID	Course	Credits
BIOL 101	General Biology 1	5 credits
BIOL 102	General Biology 2	5 credits
CHEM 101	General Chemistry 1	5 credits
SMC or Other College	Other Approved Math and/or Natural Science courses (p. 36)	5 credits

SOCIAL SCIENCE

Course ID	Course	Credits
PSYC 101	General Psychology	3 credits
SOCI 201	Principles of Sociology	3 credits

HUMANITIES

Course ID	Course	Credits
ART 110 or MUSI 110	Art Appreciation or Music Appreciation	3 credits
HUMA 210	Intro to Non-Western Civilization	4 credits

Major-Specific Required Courses

Course ID	Course	Credits
EDUC 120	Educational Exploration and Planning	1 credit
SMC or Other College	Completion of enough other courses until 60 or more total credits are accumulated. Coursework can be from any field.	15 or more credits

Total Program Credits: 60

Additional Notes About the A.S. in General Studies Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined meets MTA requirements.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
MATH 130 Precalculus Mathematics	5 credits	MATH 127 or Math test score (Level 4 or higher)
BIOL 101 General Biology 1	5 credits	CHEM 100, or one year of high school chemistry with minimum grade of B taken within the last 5 years, or Challenge test score; ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ART 110 Art Appreciation or MUSI 110 Music Appreciation	3 credits	See Course Description for details
ENGL 104 Freshman English 3 or SPEE 102 Fundamentals of Public Speaking or SPEE 104 Intro to Human Communication	3 credits	See Course Description for details
BIOL 102 General Biology 2	5 credits	BIOL 101
Elective	3 credits	See Course Description for details
Elective	3 credits	See Course Description for details

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
SOCI 201 Principles of Sociology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
Elective or Other Approved Math and/or Natural Science courses	3 to 5 credits	See Course Description for details
CHEM 101 General Chemistry 1	5 credits	MATH 127 or Math test score (Level 4 or higher) concurrent enrollment allowed; CHEM 100, or one year of high school chemistry with minimum grade of B taken within the last 5 years, or Challenge test score; ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
Elective	3 credits	See Course Description for details

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
HUMA 210 Intro to Non-Western Civilization	4 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
PSYC 101 General Psychology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
Elective or Other Approved Math and/or Natural Science Courses	3 to 5 credits	See Course Description for details
Elective	3 credits	See Course Description for details

Associate in Science in Science, Engineering, and Math Professional

Program Overview

Upon completion of this degree, students will be able to think critically, understand fundamental concepts in math and science, and display sound problem-solving techniques.

To Learn More About This Program

Contact Andrew Dohm at 269-782-1255 or adohm@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students, working closely with their advisor, are permitted to substitute the courses in the General Education and MTA Courses section below according to the guidelines on page 36 of this catalog. Each general education course, prerequisite course, internship/practicum, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Science in Science, Engineering, and Math Professional may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

SOCI 201 Principles of Sociology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
MATH 201 Calculus 3	5 credits	MATH 142
PHYS 202 General Physics 2	5 credits	PHYS 201

Associate in Applied Science Degree Programs

To earn an A.A.S. degree in any A.A.S. program, students must:

- Earn a grade of C or better in each course listed in the “General Education Courses” section or the “Prerequisite Courses” section on the program page.
- Earn a grade of C or better in each prerequisite course in the program. Review the Course Descriptions (pp.141-202) to understand prerequisite requirements.
- Earn a grade of C or better in each internship or capstone course (if applicable to the program requirements).
- Earn a minimum of 24 major-specific credits to achieve the major credential (see Major-Specific Required Courses section of each program curriculum in the pages to follow).
- Earn a minimum of 60 credits with a minimum cumulative GPA of 2.0.
- Submit a graduation application, preferably the semester before finishing all degree requirements.
- Adhere to the rest of the guidelines provided in the Graduation Requirements section for A.A.S. Degrees (p.32).

Associate in Applied Science in Accounting

Program Overview

Upon completion of this degree, students will have enhanced knowledge and gained experience in foundational accounting and business practices such as financial statement preparation and analysis, valuation of current assets and liabilities, depreciation techniques, general ledger, and more.

To Learn More About This Program

Contact Clifford "Chip" Weeks at 269-782-1216 or cweeks@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students are permitted to complete a higher-level math course than shown below. Each general education course, prerequisite course, internship, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Applied Science in Accounting may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

Additional Notes About the A.A.S. in Accounting Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined does NOT meet MTA requirements. Students interested in the MTA would need one additional social science course, two different natural science courses (one with a lab), and two different humanities courses. If interested in the MTA, students should seek help from an advisor for course selection.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ACCO 201 Principles of Accounting 1	4 credits	BUSI 200 (concurrent enrollment allowed)
BUSI 200 Small Business Management	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
ISYS 110 Intro to Computer Technology	3 credits	None
SPEE 102 Fundamentals of Public Speaking	3 credits	None

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ACCO 202 Principles of Accounting 2	4 credits	ACCO 201
BUSI 201 Principles of Management	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

BUSI 207 Business Law 1	3 credits	None; BUSI 200 recommended
ECON 201 Macroeconomics	3 credits	None (concurrent enrollment in ECON 202 not recommended)

Associate in Applied Science in Agricultural Business

Program Overview

Upon completion of this degree, students will earn a Certificate in Agricultural Operations from Michigan State University in addition to the A.A.S. degree from Southwestern Michigan College. Students are also encouraged to consider transferring to Ferris State University after completion of the A.A.S. to earn a B.S. in Business Administration. All programs can be completed on the Southwestern Michigan College campus.

To Learn More About This Program

Contact Dr. Thomas Green at 269-782-1329 or tgreen10@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students are permitted to complete a higher-level math course than shown below. Each general education course, prerequisite course, internship, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Applied Science in Agricultural Business may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

Associate in Applied Science in Automotive Technology

Program Overview

Upon completion of this degree, students will have experience in diagnosing and fixing many common automotive problems. This program is certified by the National Institute for Automotive Excellence for ASE Master Technician.

To Learn More About This Program

Contact Jeff Robson at 269-783-2967 or jrobson01@swmich.edu or Kyle Schrock at 269-783-2123 or kschrock@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Each general education course, prerequisite course, internship, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Applied Science in Automotive Technology may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

Additional Notes About the A.A.S. in Automotive Technology Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined does NOT meet MTA requirements. Students would need a college-level math course, two different natural science courses (one with a lab), two different social science courses, and two different humanities courses. If interested in the MTA, students should seek help from an advisor for course selection.
- Students who have completed the A.A.S. Automotive Technology program have also met the requirements for the Certificate in Automotive Technology.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
AUTO 103 Intro to Automotive Tech	3 credits	None
AUTO 119 Electrical 1	3 credits	None
AUTO 116 Brake Systems	3 credits	None
AUTO 122 Steering and Suspension Systems	3 credits	None

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
AUTO 216 Heating and Air Conditioning	3 credits	AUTO 103
AUTO 147 Engine Repair 1	3 credits	AUTO 103
AUTO 222 Electrical 2	3 credits	AUTO 103 and AUTO 119
AUTO 113 Trade Mathematics–Automotive	3 credits	None
AUTO 227 Engine Performance 1	3 credits	AUTO 103 and AUTO 119

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
BUSI 240 Professionalism Workshop	1 credit	None
AUTO 228 Engine Performance 2	3 credits	AUTO 227
AUTO 148 Engine Repair 2	3 credits	AUTO 147
AUTO 131 Manual Transmissions	3 credits	AUTO 103
AUTO 232 Advanced Brakes and Chassis Systems	3 credits	AUTO 103; AUTO 116; AUTO 119; AUTO 122
SPEE 102 Fund of Public Speaking or SPEE 104 Intro to Human Comm	3 credits	See Course Description for details

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
AUTO 229 Engine Performance 3	3 credits	AUTO 228
AUTO 246 Alternative Fuels and Hybrid Electric Vehicles	3 credits	AUTO 222
AUTO 234 Automatic Transmissions	3 credits	AUTO 103
AUTO 223 Electrical 3	3 credits	AUTO 222
AUTO 255 Internship	5 credits	Completion of Automotive Certificate program courses and recommendation of program advisor

Associate in Applied Science in Business

Program Overview

Upon completion of this degree, students will have a well-rounded degree that concentrates on foundational business theories and practices. Students will gain competence in basic accounting principles, have a knowledge of the management theories found in today's marketplace, understand operational practices including marketing, communications, and human resources, and be familiar with the laws that govern business.

To Learn More About This Program

Contact Andrew Churchill at 269-782-1218 or achurchill@swmich.edu or James Benak at 269-782-1221 or jbenak@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students are permitted to complete a higher-level math course than shown below. Each general education course, prerequisite course, internship, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Applied Science in Business may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

General Education Courses

COMMUNICATIONS

Course ID	Course	Credits
ENGL 103 or ENGL 103W	Freshman English 2 (or with workshop)	3 to 4 credits
SPEE 102	Fundamentals of Public Speaking	3 credits

Additional Notes About the A.A.S. in Business Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined does NOT meet MTA requirements. Students would need to complete an additional natural science course, an additional social science course, and an additional humanities course (non-HUMA). If interested in the MTA, students should seek help from an advisor for course selection.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
ACCO 201 Principles of Accounting 1	4 credits	BUSI 200 (concurrent enrollment allowed)
BUSI 200 Small Business Management	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ISYS 110 Intro to Computer Technology	3 credits	None
SPEE 102 Fundamentals of Public Speaking	3 credits	None

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ACCO 202 Principles of Accounting 2	4 credits	ACCO 201
BUSI 201 Principles of Management	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
BUSI 220 Marketing	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
MATH 150 Statistics	4 credits	Math test score (Level 3 or higher) or concurrent enrollment in MATH 150C

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
BUSI 207 Business Law 1	3 credits	None; BUSI 200 recommended
BUSI 210 Personal Finance	3 credits	None
BUSI 214 Business Communications	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ECON 202 Microeconomics	3 credits	None (concurrent enrollment in ECON 201 not recommended)
ENST 112 Environmental Science	4 credits	None

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
BUSI 225 Human Resource Management	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
BUSI 240 Professionalism Workshop	1 credit	None
ECON 201 Macroeconomics	3 credits	None (concurrent enrollment in ECON 202 not recommended)
HUMA 210 Intro to Non-Western Civilization	4 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
BUSI or ISYS Elective	3 credits	See Course Description for details

Associate in Applied Science in Construction Trades Green Technology

Program Overview

Upon completion of this degree, students will have a solid foundation in “green” building in accordance with the National Association of Home Builders (NAHB) guidelines. Students will take a variety of courses to prepare them for nationally recognized certification exams. Students will develop the understanding and skills to build, inspect, repair, and weatherize structures utilizing trade specific tools and equipment.

To Learn More About This Program

Contact John Tinker at 269-783-2966 or jtinker01@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students are permitted to complete a higher-level math course than shown below. Each general education course, prerequisite course, internship, and capstone course must be completed with a final grade of C or better.

Course Offerings

Associate in Applied Science in Criminal Justice

Program Overview

Upon completion of this degree, students will have experienced a broad introduction to the field of criminal justice. In coordination with the general education components, students will be able to communicate effectively in a variety of situations in the field, demonstrate knowledge and application of analytical skills to criminal justice situations, and apply criminological theories to contemporary public policy.

Associate in Applied Science in Early Childhood Education

Program Overview

Upon completion of this degree, students will have professional preparation aligned to Michigan's Teacher Preparation Standards including completion of minimum requirements for the apprenticeship component of clinical experiences in the grade band area of focus birth to kindergarten and pre-kindergarten to grade 3. This program also supports professional preparation to serve as an educator in Early Head Start and Head Start programs. This program provides both research-based content and educator preparation including a practice-based preparatory system. Additionally, this degree aligns with the National Association for the Education of Young Children (NAEYC) professional standards. Students wishing to continue their education will be well-prepared to transfer to complete a bachelor's degree with Birth-Kindergarten teacher certification or PK-3 teacher certification.

To Learn More About This Program

Contact Ranee Conley at 269-783-2116 or rconley@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students are permitted to complete a higher-level math course than shown below. THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 208 Infant/Toddler Care	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
EDUC 230 Administration of Early Childhood Programs	3 credits	EDUC 115
EDUC 260 Emergent Literacy	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
PSYC 101 General Psychology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
SOCI 202 Social Problems	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 212 Introduction to Special Education	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
EDUC 224 Early Childhood Curriculum and Methods	4 credits	EDUC 217 (concurrent enrollment allowed)
EDUC 265 or EDUC 270 Early Childhood Internship	4 credits	Permission of the Program Director
BIOL 110 Human Biology	4 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

Associate in Applied Science in Engineering Technology

Program Overview

Upon completion of this degree, students will have developed a foundational knowledge in science, mathematics, and technology in preparation to transfer to four-year institutions for further study in Engineering Technology.

***Note: If you are interested in Engineering (Mechanical, Electrical, Chemical, Civil, Environmental, etc.) please follow the Associate in Science in Science, Engineering, and Math Professional degree program.**

To Learn More About This Program

Contact Andrew Dohm at 269-782-1255 or adohm@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students are permitted to complete a higher-level math course than shown below. Each general education course, prerequisite course, internship, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Applied Science in Engineering Technology may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

General Education Courses

COMMUNICATIONS

Course ID	Course	Credits
ENGL 103 or ENGL 103W	Freshman English 2 (or with workshop)	3 to 4 credits
SPEE 104	Intro to Human Communication	3 credits

MATHEMATICS

Course ID	Course	Credits
MATH 130	Precalculus Mathematics	5 credits

NATURAL SCIENCE

Course ID	Course	Credits
CHEM 101	General Chemistry 1	5 credits
PHYS 101	Introductory Physics 1	5 credits

SOCIAL SCIENCE

Course ID	Course	Credits
ECON 202	Microeconomics	3 credits
POSC 201	American Government	3 credits

HUMANITIES

Course ID	Course	Credits
HUMA 210	Introduction to Non-Western Civilization	4 credits
HIST 102	Western Civilization 2	4 credits

Major-Specific Required Courses

Course ID	Course	Credits
EDUC 120	Educational Exploration and Planning	1 credit
CADD 103	Blueprint Reading/Engineering Graphics I	4 credits
INTE 126	Intro to Manufacturing Systems	3 credits
ISYS 110	Introduction to Computer Technology	3 credits
MATH 141	Analytical Geometry and Calculus 1	5 credits
PHED 103	Life Wellness	3 credits
PHYS 102	Introductory Physics 2	5 credits

Total Program Credits: 59
(Need 60 credits to graduate)

Additional Notes About the A.A.S. in Engineering Technology

- This degree is designed to transfer into three different bachelor's degrees at Western Michigan University: Engineering Design Technology (EDT), Manufacturing Engineering Technology (MFT), or Engineering Management Technology (UEM).
- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence section.
- This program as outlined meets MTA requirements.
- This program may not provide a student with all 60 credits needed to earn a degree. Students may need to take additional courses to reach 60 total credits.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ISYS 110 Introduction to Computer Technology	3 credits	None
MATH 130 Precalculus Mathematics	5 credits	MATH 127 or Math test score (Level 4 or higher)
POSC 201 American Government	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
MATH 141 Analytical Geometry Calculus 1	5 credits	MATH 130 or Math test score (Level 5)
CHEM 101 General Chemistry 1	5 credits	MATH 127 or Math test score (Level 4 or higher) concurrent enrollment allowed; CHEM 100, or one year of high school chemistry with minimum grade of B taken within the last 5 years, or Challenge test score; ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
HUMA 210 Introduction to Non-Western Civilization	4 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
PHED 103 Life Wellness	3 credits	None

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
PHYS 101 Introductory Physics 1	5 credits	MATH 130 or Math test score (Level 5)
INTE 126 Intro to Manufacturing Systems	3 credits	None
CADD 103 Blueprint Reading/Engineering Graphics I	4 credits	None

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
PHYS 102 Introductory Physics 2	5 credits	PHYS 101
ECON 202 Microeconomics	3 credits	None (concurrent enrollment in ECON 201 not recommended)
HIST 102 Western Civilization 2	4 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
SPEE 104 Intro to Human Communication	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

Associate in Applied Science in Fire Science

Program Overview

Upon completion of this degree, students will have enhanced their firefighting techniques and developed a better understanding of building materials and fire prevention.

To Learn More About This Program

Contact Niles campus Student Services at 800-456-8675, ext. 4811, or niles@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students are permitted to complete a higher-level math course than shown below. Each general education course, prerequisite course, internship, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Applied Science in Fire Science may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

General Education Courses

COMMUNICATIONS

Course ID	Course	Credits
ENGL 103 or ENGL 103W	Freshman English 2 (or with workshop)	3 to 4 credits
SPEE 104	Intro to Human Communication	3 credits

MATHEMATICS

Course ID	Course	Credits
MATH 150	Statistics	4 credits

NATURAL SCIENCE

Course ID	Course	Credits
CHEM 100	Fundamentals of Chemistry	4 credits

SOCIAL SCIENCE

Course ID	Course	Credits
POSC 201	American Government	3 credits
PSYC 101	General Psychology	3 credits

Major-Specific Required Courses

Course ID	Course	Credits
EDUC 120	Educational Exploration and Planning	1 credit
BUSI 214	Business Communications	3 credits
FISC 100	Intro to Emergency Services and Firefighter 1	6 credits
FISC 101	Principles of Emergency Services and Firefighter 2	6 credits
FISC 105	Fire Behavior and Combustion	3 credits
FISC 111	Building Construction	3 credits
FISC 200	Principles of Firefighter Safety and Survival	3 credits
FISC 201	Fire Prevention and Community Risk Reduction	3 credits
FISC 214	Fire Service Community Relations	3 credits
FISC 216	Leadership On and Off the Fireground	3 credits
FISC 218	Fire Protection Systems	3 credits
HEED 131	Emergency Medical Technician 1	5 credits
HEED 132	Emergency Medical Technician 2	5 credits

Total Program Credits: 67

Additional Notes About the A.A.S. in Fire Science Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence section.
- This program as outlined does NOT meet MTA requirements. Students would need to complete another natural science course and two different humanities courses. If interested in the MTA, students should seek help from an advisor for course selection.
- The 12 credits of FISC 100 and 101 are available to students who present a valid Firefighter 1 and 2 certificate from the Michigan Fire Fighters Training Council or the Indiana Public Safety Institute with Hazmat training.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
FISC 100 Intro to Emergency Services and Firefighter 1	6 credits	None
FISC 105 Fire Behavior and Combustion	3 credits	None
MATH 150 Statistics	4 credits	Math test score (Level 3 or higher) or concurrent enrollment in MATH 150C

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
CHEM 100 Fundamentals of Chemistry	4 credits	MATH 114, MATH 128, MATH 150 (concurrent enrollment allowed), Math test score (Level 2 or higher), or Permission of the Dean; ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
FISC 101 Principles of Emergency Services and Firefighter 2	6 credits	FISC 100
FISC 111 Building Construction	3 credits	None
SPEE 104 Intro to Human Communication	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
BUSI 214 Business Communications	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
FISC 200 Principles of Firefighter Safety and Survival	3 credits	FISC 100; FISC 101
FISC 201 Fire Prevention and Community Risk Reduction	3 credits	FISC 100; FISC 101
HEED 131 Emergency Medical Technician 1	5 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
POSC 201 American Government	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
FISC 214 Fire Service Community Relations	3 credits	FISC 100; FISC 101
FISC 216 Leadership On and Off the Fireground	3 credits	FISC 100; FISC 101
FISC 218 Fire Protection Systems	3 credits	FISC 100; FISC 101
HEED 132 Emergency Medical Technician 2	5 credits	Successful completion of both the practical and written components of HEED 131
PSYC 101 General Psychology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

Associate in Applied Science in Graphic Design Technology

Program Overview

Upon completion of this degree, students will have experienced an orientation to contemporary systems of visual communication and client-driven, design-based practices. This degree is MTA compliant (p. 37), but it also prepares learners to move directly into a professional experience in their field upon graduation. The program fosters habits of mind conducive to building a creative and active learning community. It promotes curiosity, flexibility, and openness to new information systems and approaches to learning in the service of creating expansive and enhanced spaces for persistence, engagement, and shared responsibility for the success of the curriculum.

To Learn More About This Program

Contact Sam Walker at 269-783-2109 or swalker01@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students are permitted to complete a higher-level math course than shown below. Each general education course, prerequisite course, internship, and capstone course must be completed with a final grade of C or better.

Course Offerings

SOCI 201 Principles of Sociology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ART 255 Internship, COMM 110 Introduction to Mass Communication, COMM 115 Writing for Mass Media, or BUSI 200 Small Business Management	2 to 3 credits	See Course Description for details

Associate in Applied Science in Information Technology Networking

Program Overview

Upon completion of this degree, students will gain the knowledge, skills, and abilities in networking that provide career opportunities or career advancement. This degree also provides the foundation for business and industry certifications.

To Learn More About This Program

Contact Eric Clayborn at 269-783-2153 or eclayborn@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students are permitted to complete a higher-level math course than shown below. Each general education course, prerequisite course, internship, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Applied Science in Information Technology Networking may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

General Education Courses

Courses	Credits	Prerequisites (Minimum Grade of C Required)
BISC 111 Biological Science	4 credits	None
ECON 202 Microeconomics	3 credits	None (concurrent enrollment in ECON 201 not recommended)
SPEE 102 Fundamentals of Public Speaking	3 credits	None
HUMA 210 Introduction to Non-Western Civilization	4 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ISYS 282 Linux	3 credits	None

Associate in Applied Science in MRI Technology

Program Overview

Upon completion of this degree, students will earn an A.A.S. degree from Southwestern Michigan College and be eligible to sit for the MRI certification exam administered by the American Registry of Radiologic Technologists (ARRT).

To Learn More About This Program

Contact the Academic Advising and Resource Center at 269-782-1303 or askanadvisor@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students are permitted to complete a higher-level math course than shown below. Each general education course, prerequisite course, internship, and capstone course must be completed with a final grade of C or better (BIOL 214 with a grade of B- or better).

Course Offerings

This program is part of MWTEC (Michigan Workforce Training and Education Collaboration). Students pursuing an Associate in Applied Science in MRI Technology may complete general education courses, EDUC 120, BIOL 215, and HEED 101 through SMC either on-campus or online, if offered. All MRI courses are completed online through MWTEC and a partner institution. All MRI courses are charged at a per credit hour rate established by MWTEC. This rate differs from the Southwestern Michigan College tuition rate.

General Education Courses

PSYC 101	General Psychology	3 credits

Major-Specific Required Courses

Course ID	Course	Credits
EDUC 120	Educational Exploration and Planning	1 credit
BIOL 215	Principles of Human Physiology	4 credits
HEED 101	Medical Terminology	3 credits
MRI 200	Professional Prospectus	1 credit
MRI 260	Pre-Clinical Preparation	3 credits
MRI 261	Clinical Practice 1	3 credits
MRI 262	Clinical Practice 2	3 credits
MRI 263	Clinical Practice 3	3 credits
MRI 220	MRI Physics 1	3 credits
MRI 222	MRI Physics 2	3 credits
MRI 240	MRI Image Analysis	3 credits
MRI 295	MRI Certification Exam Prep	3 credits
MRI 201	Computer Applications in Medical Imaging	3 credits
MRI 241	Applied Sectional Anatomy	3 credits
MRI 230	MRI Procedures and Pathophysiology 1	3 credits
MRI 232	MRI Procedures and Pathophysiology 2	3 credits

Total Program Credits: 63

Additional Notes About the A.A.S. in MRI Technology Program

- This program is a collaborative partnership between SMC and MWTEC.
- This is a very competitive program in which students must satisfy general education requirements before being accepted into the online portion of the program (year two through MWTEC). Students who are not accepted into year two may have other options to complete a health-related SMC degree program.
- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined does NOT meet MTA requirements. Students would need another communication, one social science (non-PSYC), and two humanities courses. If interested in the MTA, students should seek help from an advisor for course selection.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
CHEM 100 Fundamentals of Chemistry	4 credits	MATH 114, MATH 128, MATH 150 (concurrent enrollment allowed), Math test score (Level 2 or higher), or Permission of the Dean; ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
BIOL 214 Basic Human Anatomy	4 credits	BIOL 101, BIOL 110, BIOL 202, BISC 111, or one year of high school biology with minimum grade of B within the last 5 years, or Challenge test score

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
PSYC 101 General Psychology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
BIOL 215 Principles of Human Physiology	4 credits	BIOL 214; CHEM 100, or one year of high school chemistry with minimum grade of B taken within the last 5 years, or Challenge test score.
MATH 127 College Algebra	4 credits	MATH 114 (minimum grade of B-), Math test score (Level 3 or higher), or concurrent enrollment in MATH 127C
HEED 101 Medical Terminology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

SUMMER SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
MRI 200 Professional Prospectus	1 credit	Formal admission to the MRI program is required
MRI 241 Applied Sectional Anatomy	3 credits	Formal admission to the MRI program is required
MRI 260 Pre-Clinical Preparation	3 credits	Formal admission to the MRI program is required

FALL SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
MRI 201 Computer Applications in Medical Imaging	3 credits	MRI 200, MRI 241, and MRI 260
MRI 220 Physics 1	3 credits	Formal admission to the MRI program is required
MRI 230 Procedures/Pathology 1	3 credits	BIOL 215, MRI 200, MRI 241, and MRI 260
MRI 261 Clinical Practice 1	3 credits	MRI 200, MRI 241, and MRI 260

SPRING SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
MRI 222 MRI Physics 2	3 credits	MRI 201, MRI 220, MRI 230, and MRI 261
MRI 232 Procedures/Pathology 2	3 credits	MRI 201, MRI 220, MRI 230, and MRI 261
MRI 240 MRI Image Analysis	3 credits	MRI 201, MRI 220, MRI 230, and MRI 261
MRI 262 Clinical Practice 2	3 credits	MRI 201, MRI 220, MRI 230, and MRI 261

SUMMER SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
MRI 263 Clinical Practice 3	3 credits	MRI 222, MRI 232, MRI 240, and MRI 262
MRI 295 MRI Certification Exam Prep	3 credits	MRI 222, MRI 232, MRI 240, and MRI 262

Associate in Applied Science in Neurodiagnostic Technology (EEG)

Program Overview

Upon completion of this degree, students will earn an A.A.S degree from Southwestern Michigan College and be eligible to sit for the national registry board exams. A passing score will earn them the designation of R. EEG T.

To Learn More About This Program

Contact the Academic Advising and Resource Center at 269-782-1303 or askanadvisor@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students are permitted to complete a higher-level math course than shown below. Each general education course, prerequisite course, internship, and capstone course must be completed with a final grade of C or better.

Course Offerings

This program is part of MWTEC (Michigan Workforce Training and Education Collaboration). Students pursuing an Associate in Applied Science in Neurodiagnostic Technology (EEG) may complete general education courses, EDUC 120, and HEED 101 through SMC either on-campus or online, if offered. All NDXT courses are completed online through MWTEC and a partner institution. All NDXT courses are charged at a per credit hour rate established by MWTEC. This rate differs from the Southwestern Michigan College tuition rate.

Example Course Sequence Continued for A.A.S. in Neurodiagnostic Technology (EEG) Program

SPRING SEMESTER (1ST 8 Weeks)

Courses	Credits	Prerequisites (Minimum Grade of C Required)
NDXT 130 Principles of EEG	2 credits	NDXT 100, NDXT 101, NDXT 102, and NDXT 120
NDXT 131 Principles of Electricity and Electrical Safety	1 credit	NDXT 100, NDXT 101, NDXT 102, and NDXT 120
NDXT 132 EEG Instrumentation 1	2 credits	NDXT 100, NDXT 101, NDXT 102, and NDXT 120
NDXT 220 EEG Clinical Practice 1	3 credits	NDXT 100, NDXT 101, NDXT 102, and NDXT 120

SPRING SEMESTER (2ND 8 Weeks)

Courses	Credits	Prerequisites (Minimum Grade of C Required)
NDXT 200 EEG Procedures and Pathology 1	1 credit	NDXT 100, NDXT 101, NDXT 102, and NDXT 120
NDXT 201 EEG Instrumentation 2	2 credits	NDXT 100, NDXT 101, NDXT 102, and NDXT 120
NDXT 202 EEG Quality Control	1 credit	NDXT 100, NDXT 101, NDXT 102, and NDXT 120
NDXT 220 EEG Clinical Practice 1 (continued)	3 credits	NDXT 100, NDXT 101, NDXT 102, and NDXT 120

SUMMER SEMESTER (1ST 6 Weeks)

Courses	Credits	Prerequisites (Minimum Grade of C Required)
NDXT 230 EEG Procedures and Pathology 2	1 credit	NDXT 130, NDXT 131, NDXT 132, NDXT 200, NDXT 201, NDXT 202, and NDXT 220
NDXT 231 EEG Procedures and Pathology 3	1 credit	NDXT 130, NDXT 131, NDXT 132, NDXT 200, NDXT 201, NDXT 202, and NDXT 220
NDXT 221 EEG Clinical Practice 2	3 credits	NDXT 130, NDXT 131, NDXT 132, NDXT 200, NDXT 201, NDXT 202, and NDXT 220

SUMMER SEMESTER (2ND 6 Weeks)

Courses	Credits	Prerequisites (Minimum Grade of C Required)
NDXT 232 EEG Procedures and Pathology 4	1 credit	NDXT 130, NDXT 131, NDXT 132, NDXT 200, NDXT 201, NDXT 202, and NDXT 220
NDXT 221 EEG Clinical Practice 2 (continued)	3 credits	NDXT 130, NDXT 131, NDXT 132, NDXT 200, NDXT 201, NDXT 202, and NDXT 220

Associate in Applied Science in Nursing (LPN to RN)

Program Overview

The nursing program at Southwestern Michigan College is committed to providing quality nursing education to students that will benefit clients, employers, and the dynamic and diverse community. Graduates will successfully embody the ability to promote human well-being by exhibiting sound nursing judgment and demonstrating an inquiry in practice during the continual development of their professional identity in a culturally diverse society. Upon successful completion of the three-semester program, the graduate will be eligible to sit for the National Council Licensure Examination (NCLEX).

To Learn More About This Program

Contact the Academic Advising and Resource Center at 269-782-1303 or askanadvisor@swmich.edu.

Degree Requirements

This is a competitive admission program. Potential students will need to submit an application and be accepted into the nursing program. To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. A student's graduation from an accredited program and active LPN license of less than two years satisfies the courses: NURS 160, 168 and 170. A student's graduation from an accredited program and active LPN license of two years or more satisfies the courses: NURS 160, 168, 170, ENGL 103/103W, MATH 127, BIOL 214, BIOL 215, and PSYC 101. Each prerequisite course and major-specific course must be completed with a grade of C or better (BIOL 214 with a grade of B- or better). Clinical courses require a grade of PC (passing).

Course Offerings

Students pursuing an Associate in Applied Science in Nursing may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

Prerequisite Courses

The courses below and BIOL 215 are satisfied with an active LPN license of 2 or more years and graduation from an accredited program.

COMMUNICATIONS

Course ID	Course	Credits
ENGL 103 or ENGL 103W	Freshman English 2 (or with workshop)	3 to 4 credits

MATHEMATICS

Course ID	Course	Credits
MATH 127	College Algebra	4 credits

NATURAL SCIENCE

Course ID	Course	Credits
BIOL 214	Basic Human Anatomy (min grade of B- required)	4 credits

SOCIAL SCIENCE

Course ID	Course	Credits
PSYC 101	General Psychology	3 credits

This prerequisite course must be satisfied by the student regardless of the active length of the LPN license.

NURSING

Course ID	Course	Credits
NURS 167	Principles of Medication Administration	2 credits

Major-Specific Required Courses

Course ID	Course	Credits
EDUC 120	Educational Exploration and Planning	1 credit
BIOL 215	Principles of Human Physiology	4 credits
NURS 178	Pharmacology 1	2 credits
NURS 186	Psychosocial Care in Nursing	2 credits
NURS 187	Psychosocial Care Clinical	3 credits
NURS 194	Care of Adults 1	2 credits
NURS 195	Care of Adults 1 Clinical	3.5 credits
NURS 204	Women's Health Care	2 credits
NURS 205	Women's Health Care Clinical	3 credits
NURS 208	Care of the Child	2 credits
NURS 209	Care of the Child Clinical	3 credits
NURS 212	Nursing Leadership	2 credits
NURS 228	Pharmacology 2	2 credits
NURS 238	Care of Adults 2	2 credits
NURS 239	Care of Adults 2 Clinical	3.5 credits
NURS 248	Care of Adults 3	2 credits
NURS 249	Care of Adults 3 Clinical	3.5 credits

**Total Program Credits: 58.5
(Need 60 credits to graduate)**

Additional Notes About the A.A.S. in Nursing (LPN to RN) Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined does NOT meet MTA requirements. Students would need one additional communications course, one additional science course (non-BIOL), one additional social science course (non-PSYC), and two different humanities courses. If interested in the MTA, students should seek help from an advisor for course selection.
- Proficiency in math and chemistry is required for this program. Therefore, some students may be required to take MATH 114 and CHEM 100 in addition to the courses listed on the previous page.
- A student's graduation from an accredited program and active LPN license of less than 2 years satisfies the courses NURS 160 Nursing Foundation, NURS 168 Nursing Foundations Clinical 1, and NURS 170 Nursing Foundations Clinical 2 (10 total credits), prerequisites for many courses in this program. A student's graduation from an accredited program and active LPN license of 2 or more years additionally satisfies ENGL 103/103W, MATH 127, BIOL 214, BIOL 2015, and PSYC 101.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
BIOL 214 Basic Human Anatomy	4 credits	BIOL 101, BIOL 110, BIOL 202, BISC 111, or one year of high school biology with minimum grade of B taken within the last 5 years, or Challenge test score
MATH 127 College Algebra	4 credits	MATH 114 (minimum grade of B-), Math test score (Level 3 or higher), or concurrent enrollment in MATH 127C
PSYC 101 General Psychology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
NURS 167 Principles of Medication Administration	2 credits	MATH 127; Permission of the Dean

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
BIOL 215 Principles of Human Physiology	4 credits	BIOL 214; CHEM 100, or one year of high school chemistry with minimum grade of B taken within the last 5 years, or Challenge test score
NURS 178 Pharmacology 1	2 credits	BIOL 215; NURS 160; NURS 167; NURS 168; NURS 170
NURS 186 Psychosocial Care in Nursing	2 credits	BIOL 215; NURS 160; NURS 167; NURS 168; NURS 170
NURS 187 Psychosocial Care Clinical	3 credits	BIOL 215; NURS 160; NURS 167; NURS 168; NURS 170; NURS 186 (concurrent enrollment allowed)
NURS 194 Care of Adults 1	2 credits	BIOL 215; NURS 160; NURS 167; NURS 168; NURS 170
NURS 195 Care of Adults 1 Clinical	3.5 credits	BIOL 215; NURS 160; NURS 167; NURS 168; NURS 170; NURS 194 (concurrent enrollment allowed)

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
NURS 204 Women's Health Care	2 credits	NURS 178; NURS 186; NURS 187; NURS 194; NURS 195; NURS 228 (concurrent enrollment allowed)
NURS 205 Women's Health Care Clinical	3 credits	NURS 178; NURS 186; NURS 187; NURS 194; NURS 195; NURS 204 (concurrent enrollment allowed); NURS 228 (concurrent enrollment allowed)
NURS 228 Pharmacology 2	2 credits	NURS 178; NURS 186; NURS 187; NURS 194; NURS 195
NURS 238 Care of Adults 2	2 credits	NURS 178; NURS 186; NURS 187; NURS 194; NURS 195; NURS 228 (concurrent enrollment allowed)
NURS 239 Care of Adults 2 Clinical	3.5 credits	NURS 178; NURS 186; NURS 187; NURS 194; NURS 195; NURS 228 (concurrent enrollment allowed); NURS 238 (concurrent enrollment allowed)

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
NURS 208 Care of the Child	2 credits	NURS 204; NURS 205; NURS 228; NURS 238; NURS 239; NURS 212 (concurrent enrollment allowed)
NURS 209 Care of the Child Clinical	3 credits	NURS 204; NURS 205; NURS 228; NURS 238; NURS 239; NURS 212 (concurrent enrollment allowed); NURS 208 (concurrent enrollment allowed)
NURS 212 Nursing Leadership	2 credits	NURS 204; NURS 205; NURS 228; NURS 238; NURS 239
NURS 248 Care of Adults 3	2 credits	NURS 204; NURS 205; NURS 228; NURS 238; NURS 239; NURS 212 (concurrent enrollment allowed)
NURS 249 Care of Adults 3 Clinical	3.5 credits	NURS 204; NURS 205; NURS 228; NURS 238; NURS 239; NURS 212 (concurrent enrollment allowed); NURS 248 (concurrent enrollment allowed)

Associate in Applied Science in Nursing (RN)

Program Overview

The nursing program at Southwestern Michigan College is committed to providing quality nursing education to students that will benefit clients, employers, and the dynamic and diverse community. Graduates will successfully embody the ability to promote human well-being by exhibiting sound nursing judgment and demonstrating an inquiry in practice during the continual development of their professional identity in a culturally diverse society. Upon successful completion of the four-semester program, the graduate will be eligible to sit for the National Council Licensure Examination (NCLEX).

NURS 208	Care of the Child	2 credits
NURS 209	Care of the Child Clinical	3 credits
NURS 212	Nursing Leadership	2 credits
NURS 228	Pharmacology 2	2 credits
NURS 238	Care of Adults 2	2 credits
NURS 239	Care of Adults 2 Clinical	3.5 credits
NURS 248	Care of Adults 3	2 credits
NURS 249	Care of Adults 3 Clinical	3.5 credits

Total Program Credits: 72.5

Additional Notes About the A.A.S. in Nursing (RN) Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined does NOT meet MTA requirements. Students would need one additional communication course, one additional social science course (non-PSYC), and two humanities courses. If interested in the MTA, students should seek help from an advisor for course selection.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
BIOL 214 Basic Human Anatomy	4 credits	BIOL 101, BIOL 110, BIOL 202, BISC 111, or one year of high school biology with minimum grade of B taken within the last 5 years, or Challenge test score
CHEM 100 Fundamentals of Chemistry	4 credits	MATH 114, MATH 128, MATH 150 (concurrent enrollment allowed), Math test score (Level 2 or higher), or Permission of the Dean; ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
MATH 127 College Algebra	4 credits	MATH 114 (minimum grade of B-), Math test score (Level 3 or higher), or concurrent enrollment in MATH 127C
PSYC 101 General Psychology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
BIOL 215 Principles of Human Physiology	4 credits	BIOL 214; CHEM 100, or one year of high school chemistry with minimum grade of B taken within the last 5 years, or Challenge test score
NURS 167 Principles of Medication Administration	2 credits	MATH 127; Permission of the Dean
NURS 160 Nursing Foundation	4 credits	Acceptance into the nursing program; NURS 167 (concurrent enrollment allowed)
NURS 168 Nursing Foundations Clinical 1	3 credits	NURS 160 (concurrent enrollment allowed)
NURS 170 Nursing Foundation Clinical 2	3 credits	NURS 160 (concurrent enrollment allowed); NURS 168 (concurrent enrollment allowed)

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
NURS 178 Pharmacology 1	2 credits	BIOL 215; NURS 160; NURS 167; NURS 168; NURS 170
NURS 186 Psychosocial Care in Nursing	2 credits	BIOL 215; NURS 160; NURS 167; NURS 168; NURS 170
NURS 187 Psychosocial Care Clinical	3 credits	BIOL 215; NURS 160; NURS 167; NURS 168; NURS 170; NURS 186 (concurrent enrollment allowed)
NURS 194 Care of Adults 1	2 credits	BIOL 215; NURS 160; NURS 167; NURS 168; NURS 170
NURS 195 Care of Adults 1 Clinical	3.5 credits	BIOL 215; NURS 160; NURS 167; NURS 168; NURS 170; NURS 194 (concurrent enrollment allowed)

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
NURS 204 Women's Health Care	2 credits	NURS 178; NURS 186; NURS 187; NURS 194; NURS 195; NURS 228 (concurrent enrollment allowed)
NURS 205 Women's Health Care Clinical	3 credits	NURS 178; NURS 186; NURS 187; NURS 194; NURS 195; NURS 204 (concurrent enrollment allowed); NURS 228 (concurrent enrollment allowed)
NURS 228 Pharmacology 2	2 credits	NURS 178; NURS 186; NURS 187; NURS 194; NURS 195
NURS 238 Care of Adults 2	2 credits	NURS 178; NURS 186; NURS 187; NURS 194; NURS 195; NURS 228 (concurrent enrollment allowed)
NURS 239 Care of Adults 2 Clinical	3.5 credits	NURS 178; NURS 186; NURS 187; NURS 194; NURS 195; NURS 228 (concurrent enrollment allowed); NURS 238 (concurrent enrollment allowed)

FIFTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
NURS 208 Care of the Child	2 credits	NURS 204; NURS 205; NURS 228; NURS 238; NURS 239; NURS 212 (concurrent enrollment allowed)
NURS 209 Care of the Child Clinical	3 credits	NURS 204; NURS 205; NURS 228; NURS 238; NURS 239; NURS 212 (concurrent enrollment allowed); NURS 208 (concurrent enrollment allowed)
NURS 212 Nursing Leadership	2 credits	NURS 204; NURS 205; NURS 228; NURS 238; NURS 239
NURS 248 Care of Adults 3	2 credits	NURS 204; NURS 205; NURS 228; NURS 238; NURS 239; NURS 212 (concurrent enrollment allowed)
NURS 249 Care of Adults 3 Clinical	3.5 credits	NURS 204; NURS 205; NURS 228; NURS 238; NURS 239; NURS 212 (concurrent enrollment allowed); NURS 248 (concurrent enrollment allowed)

Associate in Applied Science in Robotics

Program Overview

Upon completion of this degree, students will be able to install, maintain, and repair electrical and electronic equipment such as networked process controls, computer-controlled machinery, three-phase motors and variable frequency motor drives, robots, and servos. Students will also gain competency in hydraulics, pneumatics, and welding.

To Learn More About This Program

Contact Larry Holz at 269-687-5651 or lholt@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students are permitted to complete a higher-level math course than shown below. Each general education course, prerequisite course, internship, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Applied Science in Robotics may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

General Education Courses

COMMUNICATIONS

Course ID	Course	Credits
ENGL 103 or ENGL 103W	Freshman English 2 (or with workshop)	3 to 4 credits
SPEE 102 or SPEE 104	Fundamentals of Public Speaking or Intro to Human Communication	3 credits

MATHEMATICS

Course ID	Course	Credits
MATH 128	Contemporary Mathematics	4 credits

Total Program Credits: 60

Major-Specific Required Courses

Course ID	Course	Credits
EDUC 120	Educational Exploration and Planning	1 credit
CADD 103	Blueprint Reading/Engineering Graphics I	4 credits
ELEC 118	Fundamentals of Electricity 1	4 credits
ELEC 119	Fundamentals of Electricity 2	4 credits
ELEC 131	Digital Electronics	3 credits
ELEC 140	Motors and Motor Control Circuits	3 credits
ELEC 208	Electronic Communications	3 credits
ELEC 212	Microprocessors	4 credits
ELEC 218	Process Control Instrumentation 1	3 credits
ELEC 233	Programmable Logic Controllers	2 credits
ELEC 234	Advanced PLC and Motion Control	2 credits
ELEC 255	Internship	2 credits
INTE 126	Intro to Manufacturing Systems	3 credits
INTE 159	Hydraulics and Pneumatics	3 credits
INTE 227	Industrial Robotics	2 credits
INTE 229	Industrial Robotics Vision	1 credit
INTE 237	Industrial Robotic Welding	2 credits
INTE 245	Robot Integration and Automation	2 credits
WELD 159	Basic Welding	2 credits

Additional Notes About the A.A.S. in Robotics Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined does NOT meet MTA requirements. A student would need two different science courses (one with a lab component), two different social science courses, and two different humanities courses. If interested in the MTA, students should seek help from an advisor for course selection.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ELEC 118 Fundamentals of Electricity 1	4 credits	None; concurrent enrollment in ELEC 119 preferred
ELEC 119 Fundamentals of Electricity 2	4 credits	ELEC 118 (concurrent enrollment allowed)
ELEC 140 Motors and Motor Control Circuits	3 credits	None

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ELEC 131 Digital Electronics	3 credits	ELEC 119
ELEC 218 Process Control Instrumentation 1	3 credits	ELEC 119
ELEC 233 Programmable Logic Controllers	2 credits	ELEC 119
INTE 159 Hydraulics and Pneumatics	3 credits	
INTE 227 Industrial Robotics	2 credits	None
WELD 159 Basic Welding	2 credits	None

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
CADD 103 Blueprint Reading/Engineering Graphics I	4 credits	None
ELEC 234 Adv PLC and Motion Control	2 credits	ELEC 233
INTE 126 Intro to Manufacturing Systems	3 credits	None
INTE 229 Industrial Robotics Vision	1 credit	INTE 227
MATH 128 Contemporary Mathematics	4 credits	AUTO 113, CONS 113, or WELD 113, Math test score (Level 3 or higher), or concurrent enrollment in MATH 128C
SPEE 102 Fund. of Public Speaking or SPEE 104 Intro to Human Communication	3 credits	See Course Description for details

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ELEC 208 Electronic Communications	3 credits	ELEC 119
ELEC 212 Microprocessors	4 credits	ELEC 131
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
INTE 237 Industrial Robotic Welding	2 credits	INTE 227; WELD 159
INTE 245 Robot Integration and Automation	2 credits	INTE 159; INTE 227; ELEC 233
ELEC 255 Internship	2 credits	Completion of robotics certificate; recommendation of program advisor

Associate in Applied Science in Social Work

Program Overview

Upon completion of this degree, students will have experienced a broad introduction to the field of social work. In coordination with the general education components, students will be able to communicate effectively in a variety of situations in the field, demonstrate knowledge of and apply behavioral science principles in a variety of cultural contexts, and appreciate the role of values in diverse cultural settings.

To Learn More About This Program

Contact Christi Young at 269-783-2106 or cyoung@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students are permitted to complete a higher-level math course than shown below. Each general education course, prerequisite course, internship, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Applied Science in Social Work may complete all requirements for this program fully online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

Total Program Credits: 62

Additional Notes About the A.A.S. in Social Work Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined meets MTA requirements.
- Students should use caution when selecting electives as some courses may only transfer to one or two known schools (e.g., SOWK 205 will only transfer to Ferris State University).
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence for On-Campus Program Students

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
MATH 150 Statistics	4 credits	Math test score (Level 3 or higher) or concurrent enrollment in MATH 150C
SOWK 100 Introduction to Social Work	3 credits	None
SPEE 102 Fundamentals of Public Speaking	3 credits	None

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
BIOL 110 Human Biology	4 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 104 Freshman English 3	3 credits	ENGL 103 or ENGL 103W
PSYC 101 General Psychology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
SOCI 201 Principles of Sociology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
SOWK 120 Social Work/Interview Skills	3 credits	SPEE 102

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 215 Human Development and Learning	3 credits	PSYC 101
ENST 112 Environmental Science	4 credits	None
PHIL 210 Introduction to Ethics	4 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
POSC 201 American Government	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
PHED 103 Life Wellness	3 credits	None

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
SOCI 203 Marriage and Family	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
SOCI 240 Minority Groups in America	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
SOWK 200 Social Welfare	3 credits	SOWK 100 and SOWK 120
SOWK 240 Field Experience	3 credits	SOWK 100; SOWK 120; completion of 45 credit hours including specific SOWK courses; recommendation of program advisor
Program Elective	3 credits	See Course Description for details

Example Course Sequence for Online Program Students

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop) <i>*ENGL 103W may not be offered online*</i>	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
MATH 150 Statistics	4 credits	Math test score (Level 3 or higher) or concurrent enrollment in MATH 150C
SOWK 100 Introduction to Social Work	3 credits	None
SPEE 102 Fundamentals of Public Speaking	3 credits	None

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
BIOL 110 Human Biology	4 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ENGL 104 Freshman English 3	3 credits	ENGL 103 or ENGL 103W
PSYC 101 General Psychology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
SOCI 201 Principles of Sociology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
SOWK 120 Social Work/Interview Skills	3 credits	SPEE 102

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 215 Human Development and Learning	3 credits	PSYC 101
ENST 112 Environmental Science	4 credits	None
PHIL 210 Introduction to Ethics	4 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
POSC 201 American Government	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
PHED 103 Life Wellness	3 credits	None

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
PSYC 205 Child Psychology	3 credits	PSYC 101
SOCI 203 Marriage and Family	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
SOCI 240 Minority Groups in America	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
SOWK 200 Social Welfare	3 credits	SOWK 100 and SOWK 120
SOWK 240 Field Experience	3 credits	SOWK 100; SOWK 120; completion of 45 credit hours including specific SOWK courses; recommendation of program advisor

Associate in Applied Science in Sports Management

Program Overview

Upon completion of this degree, students will have gained a well-rounded general education degree and the understanding, and skills needed in the sports management field.

To Learn More About This Program

Contact Richard Reynolds at 269-782-1333 or rreynolds03@swmich.edu.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0 or higher, complete a minimum of 60 credit hours, and fulfill the course requirements of the program listed below. Students are permitted to complete a higher-level math course than shown below. Each general education course, prerequisite course, internship, and capstone course must be completed with a final grade of C or better.

Course Offerings

Students pursuing an Associate in Applied Science in Sports Management may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

INTE 237	Industrial Robotic Welding	2 credits
INTE 255	Internship	3 credits
ISYS 110	Introduction to Computer Technology	3 credits
WELD 113	Trade Mathematics-Welding	3 credits
WELD 159	Basic Welding	2 credits
WELD 168	Welder Certification Preparation	2 credits
WELD 169	GMAW/MIG Welding	4 credits
WELD 175	GTAW/TIG Welding	4 credits
WELD 180	SMAW/Stick Welding	4 credits
WELD 200	Advanced Welding	3 credits
WELD 265	Thermal Cutting Processes	2 credits
WELD 277	Welding Fabrication and Maintenance Repair	2 credits
WELD 280	Metallurgy, Testing, and Inspection	3 credits
WELD 287	Fabrication and Maintenance II	3 credits

Additional Notes About the A.A.S. in Welding Technology Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined does NOT meet MTA requirements. A student would need two different science courses (one with a lab), two different social science courses, and two different humanities courses. If interested in the MTA, students should seek help from an advisor for course selection.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
EDUC 120 Educational Exploration and Planning	1 credit	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
WELD 113 Trade Mathematics-Welding	3 credits	None
WELD 159 Basic Welding	2 credits	None
WELD 180 SMAW/Stick Welding	4 credits	WELD 159 (concurrent enrollment allowed)
WELD 265 Thermal Cutting Processes	2 credits	None
WELD 280 Metallurgy, Testing, and Inspection	3 credits	WELD 159 (concurrent enrollment allowed)

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
WELD 168 Welder Certification Preparation	2 credits	WELD 159
WELD 169 GMAW/MIG Welding	4 credits	WELD 159
WELD 175 GTAW/TIG Welding	4 credits	WELD 159
WELD 277 Welding Fabrication and Maintenance Repair	2 credits	WELD 113; WELD 159; WELD 169; WELD 175; WELD 265 (concurrent enrollment in WELD 113, 169, and 175 allowed)

SUMMER SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
INTE 255 Internship	3 credits	Completion of welding certificate; recommendation of program advisor

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
CADD 103 Blueprint Reading/Engineering Graphics I	4 credits	None
INTE 227 Industrial Robotics	2 credits	None
ISYS 110 Intro to Computer Technology	3 credits	None
MATH 128 Contemporary Mathematics	4 credits	AUTO 113, CONS 113, or WELD 113, Math test score (Level 3 or higher), or concurrent enrollment in MATH 128C
WELD 200 Advanced Welding	3 credits	WELD 277

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
INTE 159 Hydraulics and Pneumatics	3 credits	None
INTE 237 Industrial Robotic Welding	2 credits	INTE 227; WELD 159
SPEE 102 Fundamentals of Public Speaking	3 credits	None
WELD 287 Fabrication and Maintenance II	3 credits	WELD 277

Certificate and Credential Programs

Certificate in Automotive Technology

Program Overview

Upon completion of this certificate, students will have experience in diagnosing and fixing many common automotive problems.

To Learn More About This Program

Contact Jeff Robson at 269-783-2967 or jrobson01@swmich.edu or Kyle Schrock at 269-783-2123 or kschrock@swmich.edu.

Certificate Requirements

To earn this certificate, students must have an overall GPA of 2.0 or higher, fulfill the course requirements of the program listed below, and complete a minimum of 21 credit hours. Each prerequisite course must be completed with a minimum grade of C.

Course Offerings

Courses within this program are offered on-site at our Dowagiac campus.

Certificate Courses

Course ID	Course	Credits
AUTO 103	Intro to Automotive Technology	3 credits
AUTO 113	Trade Mathematics–Automotive	3 credits
AUTO 116	Brake Systems	3 credits
AUTO 119	Electrical I	3 credits
AUTO 122	Steering Suspension Systems	3 credits
AUTO 147	Engine Repair 1	3 credits
AUTO 216	Heating and Air Conditioning	3 credits
AUTO 222	Electrical 2	3 credits
AUTO 227	Engine Performance 1	3 credits

Total Program Credits: 27

Additional Notes About the Certificate in Automotive Technology Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Students in this certificate program routinely continue into the A.A.S. in Automotive Technology program.
- Students in the A.A.S. in Automotive Technology program complete this certificate automatically as a condition of fulfilling their A.A.S. degree.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
AUTO 103 Intro to Automotive Technology	3 credits	None
AUTO 116 Brake Systems	3 credits	None
AUTO 119 Electrical 1	3 credits	None
AUTO 122 Steering and Suspension Systems	3 credits	None

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
AUTO 113 Trade Mathematics–Automotive	3 credits	None
AUTO 147 Engine Repair 1	3 credits	AUTO 103
AUTO 216 Heating and Air Conditioning	3 credits	AUTO 103
AUTO 222 Electrical 2	3 credits	AUTO 103 and AUTO 119
AUTO 227 Engine Performance 1	3 credits	AUTO 103 and AUTO 119

Certificate in Business Management

Program Overview

Upon completion of this certificate, students will have general business knowledge to guide them in the management of their office of employment or as a foundation for growing their own business. This certificate can also be added to an associate degree in a non-business area to provide knowledge that supports management in that field (i.e., Automotive, Construction, Graphic Arts, Welding, etc.).

To Learn More About This Program

Contact Andrew Churchill at 269-782-1218 or achurchill@swmich.edu or James Benak at 269-782-1221 or jbenak@swmich.edu.

Certificate Requirements

To earn this certificate, students must have an overall GPA of 2.0 or higher, fulfill the course requirements of the program listed below, and complete a minimum of 21 credit hours. Additionally, any prerequisite course must be completed with a minimum grade of C.

Course Offerings

Students pursuing a Certificate in Business Management may complete all requirements for this program fully online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

Certificate Courses

Course ID	Course	Credits
ACCO 201	Principles of Accounting 1	4 credits
BUSI 200	Small Business Management	3 credits
BUSI 201	Principles of Management	3 credits
BUSI 207	Business Law I	3 credits
BUSI 214	Business Communications	3 credits
BUSI 220	Marketing	3 credits
ECON 202	Microeconomics	3 credits
ISYS 110	Intro to Computer Technology	3 credits

Total Program Credits: 25

Additional Notes About the Certificate in Business Management

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
BUSI 200 Small Business Management	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
BUSI 201 Principles of Management	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
BUSI 214 Business Communications	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ISYS 110 Introduction to Computer Technology	3 credits	None

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ACCO 201 Principles of Accounting 1	4 credits	BUSI 200 (concurrent enrollment allowed)
BUSI 207 Business Law 1	3 credits	None; BUSI 200 recommended
BUSI 220 Marketing	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ECON 202 Microeconomics	3 credits	None (concurrent enrollment in ECON 201 not recommended)

Certificate in Construction Trades Green Technology

Program Overview

Upon completion of this certificate, students will have a solid foundation in “green” technologies and practices related to construction. The curriculum is aligned with national competency standards and trade-specific skills as designated by the Michigan Residential Builder, Maintenance and Alteration Contractor license, and local apprenticeship training programs. Students will develop the understanding and skills to build, inspect, and repair structures. Students will learn to effectively utilize trade-specific tools and equipment, learn how to read blueprints and plans, and develop the ability to manage projects while controlling costs.

To Learn More About This Program

Contact John Tinker at 269-783-2966 or jtinker01@swmich.edu.

Certificate Requirements

To earn this certificate, students must have an overall GPA of 2.0 or higher, fulfill the course requirements of the program listed below, and complete a minimum of 21 credit hours. Each prerequisite course must be completed with a minimum grade of C.

Course Offerings

Courses within this program may be offered on-site at our Dowagiac or Niles campus.

Certificate Courses

Course ID	Course	Credits
CONS 113	Trade Mathematics-Construction	3 credits
CONS 114	Intermediate Construction Practices	8 credits
CONS 117	Print Reading for Construction Trades	2 credits
CONS 131	Exterior Finishes	3 credits
CONS 140	Quantity and Cost Estimating	3 credits
CONS 145	Administration and Scheduling	3 credits
ISYS 110	Intro to Computer Technology	3 credits

Total Program Credits: 25

Additional Notes About the Certificate in Construction Trades Green Technology Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Students in this certificate program routinely continue into the A.A.S. in Construction Trades Green Technology program.
- Students in the A.A.S. in Construction Trades Green Technology program complete this certificate automatically as a condition of fulfilling their A.A.S. degree.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
CONS 114 Intermediate Construction Practices	8 credits	None
ISYS 110 Introduction to Computer Technology	3 credits	None

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
CONS 113 Trade Mathematics-Construction	3 credits	None
CONS 117 Print Reading for Construction Trades	2 credits	None
CONS 131 Exterior Finishes	3 credits	None
CONS 140 Quantity and Cost Estimating	3 credits	ISYS 110
CONS 145 Administration and Scheduling	3 credits	None

Credential in Emergency Medical Technician

Program Overview

Upon completion of this credential program, students will have gained the knowledge and skills practiced by many EMT health care professionals.

To Learn More About This Program

Contact the Office of First Year Experience at 269-782-1499 or fye@swmich.edu.

Certificate Requirements

To earn this credential, students must have an overall GPA of 2.0 or higher, fulfill the course requirements of the program listed below, and complete a minimum of 10 credit hours.

Course Offerings

Courses within this program may be offered on-site at our Dowagiac or Niles campus.

Prerequisite Courses:

- Students are required to successfully complete the Accuplacer exam prior to registering for the course.
- No course prerequisites are required, but previous knowledge of medical terminology is helpful.
- This position requires students to be on their feet for most of the shift. Students should be able to lift more than 50 lbs.
- Students who have previously failed this class will not be able to repeat the course.

Credential Courses

Course ID	Course	Credits
HEED 131	Emergency Medical Technician 1	5 credits
HEED 132	Emergency Medical Technician 2	5 credits

Program Requirements:

- Students must successfully complete both the theory and lab portions of both courses to be eligible for the licensing examination.
- Students must have access to reliable transportation to complete clinical assignments.
- Students are expected to demonstrate proof of required immunizations, CPR certification, and a negative TB test. See program advisor for specifics.
- HEED 131 is offered in the fall semester only.
- HEED 132 is offered in the spring semester only.
- Prior to HEED 132, students will be required to undergo a criminal background check and drug screening. Students concerned with possible findings on their background check should talk to the Dean of the School of Nursing and Health Services before registering for the class.

Total Program Credits: 10

Certificate in Fire Science

Program Overview

Upon completion of this certificate, students will have improved writing skills and demonstrated competency in important general education requirements. This certificate was created as a jump-start program for the already-certified firefighter, recognizing their technical certifications.

To Learn More About This Program

Contact the Niles Campus Student Services Center at 800-456-8675, ext. 4811, or niles@swmich.edu.

Certificate Requirements

To earn this certificate, students must have an overall GPA of 2.0 or higher, fulfill the course requirements of the program listed below, and complete a minimum of 21 credit hours. Additionally, each General Education course and prerequisite course must be completed with a minimum grade of C.

Course Offerings

Students pursuing a Certificate in Fire Science may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

General Education and Certificate Courses

COMMUNICATIONS

Course ID	Course	Credits
ENGL 103 or ENGL 103W	Freshman English 2 (or with workshop)	3 to 4 credits
SPEE 104	Intro to Human Communication	3 credits

MATHEMATICS

Course ID	Course	Credits
MATH 150	Statistics	4 credits

NATURAL SCIENCE

Course ID	Course	Credits
CHEM 100	Fundamentals of Chemistry	4 credits

FIRE SCIENCE COURSES

Course ID	Course	Credits
FISC 100	Intro to Emergency Services and Firefighter 1	6 credits
FISC 101	Principles of Emergency Services and Firefighter 2	6 credits
HEED 131	Emergency Medical Technician 1	5 credits
HEED 132	Emergency Medical Technician 2	5 credits

Total Program Credits: 36

Additional Notes About the Certificate in Fire Science Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog.
- Students must submit Firefighter 1 and 2 certification to receive 12 credits for FISC 100 and FISC 101 courses.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ENGL 103 or ENGL 103W Freshman English 2 (or with workshop)	3 to 4 credits	ENGL 103W: English test score (Level 2 or higher) ENGL 103: ENGL 115 or English test score (Level 3); concurrent enrollment in ENGL 115 allowed
FISC 100 Intro to Emergency Services and Firefighter 1	6 credits	None
HEED 131 Emergency Medical Technician 1	5 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
MATH 150 Statistics	4 credits	Math test score (Level 3 or higher) or concurrent enrollment in MATH 150C

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
CHEM 100 Fundamentals of Chemistry	4 credits	MATH 114, MATH 128, MATH 150 (concurrent enrollment allowed), Math test score (Level 2 or higher), or Permission of the Dean; ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
FISC 101 Principles of Emergency Services and Firefighter 2	6 credits	FISC 100
HEED 132 Emergency Medical Technician 2	5 credits	Successful completion of both the practical and written components of HEED 131
SPEE 104 Intro to Human Communication	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

Certificate in Information Technology Cybersecurity & System Administrator

Program Overview

Upon completion of this certificate, students will be able to apply their technical competency towards the behavioral analytics of networks and devices, to help assess the cybersecurity posture of an organization. This certificate also provides the foundation for industry certifications such as the CompTIA Security+ and the CompTIA CySA+.

To Learn More About This Program

Contact Eric Clayborn at 269-783-2153 or eclayborn@swmich.edu.

Certificate Requirements

To earn this certificate, students must have an overall GPA of 2.0 or higher, fulfill the course requirements of the program listed below, and complete a minimum of 21 credit hours. Additionally, each prerequisite course must be completed with a minimum grade of C.

Course Offerings

Courses within this program are offered on-site at our Dowagiac campus.

Certificate Courses

Course ID	Course	Credits
ISYS 201	IT Support	3 credits
ISYS 207	Managing and Maintaining PCs	4 credits
ISYS 229	Scripting Languages	3 credits
ISYS 271	Networking Essentials	3 credits
ISYS 281	Installing Windows Server	3 credits
ISYS 282	Linux	3 credits
ISYS 285	Network Security	3 credits
ISYS 295	Cybersecurity Analysis	3 credits

Total Program Credits: 25

Additional Notes About the Certificate in Information Technology Cybersecurity & System Administrator Program

- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ISYS 201 IT Support	3 credits	None
ISYS 207 Managing and Maintaining PCs	4 credits	None
ISYS 271 Networking Essentials	3 credits	ISYS 207 (concurrent enrollment allowed)
ISYS 285 Network Security	3 credits	ISYS 271 (concurrent enrollment allowed)

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ISYS 229 Scripting Languages	3 credits	None
ISYS 281 Installing Windows Server	3 credits	ISYS 207 and ISYS 271
ISYS 282 Linux	3 credits	None
ISYS 295 Cybersecurity Analysis	3 credits	ISYS 285

Certificate in Information Technology Help Desk

Program Overview

Upon completion of this certificate, students will be able to provide Level-One support in information technology. This certificate provides the foundation for business and industry certifications.

To Learn More About This Program

Contact Eric Clayborn at 269-783-2153 or eclayborn@swmich.edu.

Certificate Requirements

To earn this certificate, students must have an overall GPA of 2.0 or higher, fulfill the course requirements of the program listed below, and complete a minimum of 21 credit hours. Additionally, any prerequisite course must be completed with a minimum grade of C.

Course Offerings

Students pursuing a Certificate in Information Technology Help Desk may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

Certificate Courses

Course ID	Course	Credits
BUSI 214	Business Communications	3 credits
ISYS 110	Intro to Computer Technology	3 credits
ISYS 201	IT Support	3 credits
ISYS 207	Managing and Maintaining PCs	4 credits
ISYS 271	Networking Essentials	3 credits
ISYS 281	Installing Windows Server	3 credits
ISYS 282	Linux	3 credits
ISYS 285	Network Security	3 credits

Total Program Credits: 25

Additional Notes About the Certificate in Information Technology Help Desk Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ISYS 201 IT Support	3 credits	None
ISYS 207 Managing and Maintaining PCs	4 credits	None
ISYS 271 Networking Essentials	3 credits	ISYS 207 (concurrent enrollment allowed)
ISYS 285 Network Security	3 credits	ISYS 271 (concurrent enrollment allowed)

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
BUSI 214 Business Communications	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
ISYS 110 Introduction to Computer Technology	3 credits	None
ISYS 281 Installing Windows Server	3 credits	ISYS 207 and ISYS 271
ISYS 282 Linux	3 credits	None

Certificate in Medical Assisting

Program Overview

Upon completion of this certificate, students will demonstrate competency in the administrative and clinical skills of an entry-level medical assistant.

To Learn More About This Program

Contact Shelley Todd at 269-783-2148 or stodd@swmich.edu.

Certificate Requirements

To earn this certificate, students must have an overall GPA of 2.0 or higher, fulfill the course requirements of the program listed below, and complete a minimum of 21 credit hours. Additionally, each prerequisite course and all MEDA courses must be completed with a minimum grade of C. Talk to an advisor for specific details.

Course Offerings

This program is part of MWTEC (Michigan Workforce Training and Education Collaboration). Students pursuing this Certificate in Medical Assisting will complete BIOL 110, SPEE 104, and HEED 101 at their "degree-granting" institution (see * below) and the other nine (9) courses through Southwestern Michigan College, the "provider" college. The nine courses offered through the provider college are all online through the Canvas Learning Management System (LMS) platform and are charged at a per credit hour rate established by MWTEC. This rate differs from the Southwestern Michigan College tuition rate. The three courses offered through the degree-granting institution are charged at the rate set by that institution and offered in the format available at that institution. For SMC students, that rate would be the set contact hour rate posted on the SMC website.

Certificate Courses

Course ID	Course	Credits
*BIOL 110	Human Biology	4 credits
*HEED 101	Medical Terminology	3 credits
HEED 137	Disease Overview	3 credits
HEED 175	Introduction to Electronic Health Records	3 credits
MEDA 210	MA Clinical Procedures	5 credits
MEDA 211	MA Pharmacology	3 credits
MEDA 212	MA Diagnostic and Lab Procedures	4 credits
MEDA 220	Medical Office Administration	3 credits
MEDA 221	Insurance Claims Processing	3 credits
MEDA 245	Medical Assisting Internship	4 credits
MEDA 251	Medical Assistant Seminar	1 credit
*SPEE 104	Intro to Human Communication	3 credits

Total Program Credits: 39

Additional Notes About the Certificate in Medical Assisting Program

- Three courses below are completed at the degree-granting institution. Nine courses are completed online through Southwestern Michigan College using Canvas LMS.
- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog.
- All prerequisites must be satisfied with a final grade of C or better.
- This program (i.e., the 9 courses taught online) only begins in the Fall semester.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FALL SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
BIOL 110 Human Biology	4 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
HEED 101 Medical Terminology	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
MEDA 210 Clinical Procedures	5 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
SPEE 104 Intro to Human Communication	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed

SPRING SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
HEED 175 Introduction to Electronic Health Records	3 credits	HEED 101; ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
MEDA 211 MA Pharmacology	3 credits	BIOL 110; HEED 101
MEDA 212 Diagnostic and Lab Procedures	4 credits	BIOL 110; HEED 101
MEDA 220 Medical Office Administration	3 credits	HEED 101
MEDA 221 Insurance Claims Processing	3 credits	HEED 101

SUMMER SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
HEED 137 Disease Overview	3 credits	HEED 101; ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
MEDA 245 Medical Assisting Internship	4 credits	MEDA 210; MEDA 211; MEDA 212; MEDA 220; MEDA 221
MEDA 251 Medical Assistant Seminar	1 credit	MEDA 210; MEDA 211; MEDA 212; MEDA 220; MEDA 221; MEDA 245 (concurrent enrollment in MEDA 245 allowed)

Credential in Nursing Assistant (CNA)

Program Overview

Upon completion of this credential program, students will be able to pass a certification exam and provide basic health care to long-term care for patients under the direction of a Licensed Practical Nurse (LPN) or Registered Nurse (RN). Skills gained in the program include giving baths, making beds, dressing the patient, helping the patient to walk, measuring vital signs, and feeding the patient.

To Learn More About This Program

Contact the Office of First Year Experience at 269-782-1499 or fye@swmich.edu.

Credential Requirements

To earn this credential, students must have an overall GPA of 2.0 or higher, fulfill the course requirements of the program listed below, and complete a minimum of 4 credit hours.

Course Offerings

The course within this program may be offered on-site at our Dowagiac or Niles campus.

Prerequisite Courses:

- Students are required to successfully complete the Accuplacer exam prior to registering for the course.
- No course prerequisites are required, but previous knowledge of medical terminology is helpful.
- This position requires students to be on their feet for most of the shift. Students should be able to lift more than 20 lbs.
- Students will be required to undergo a criminal background check and drug screening. Students concerned with possible findings on their background check should talk to the Dean of the School of Nursing and Health Sciences before registering for the class.

Credential Course

Course ID	Course	Credits
HEED 120	Nurses Assistant	4 credits

Program Requirements:

- One 84-hour course is required for this certificate. Students must successfully complete both the theory and lab portions to be eligible for completion and employment.
- Students are expected to demonstrate proof of required immunizations. See program advisor for specifics.
- Students missing more than four hours of class will be asked to withdraw.

Registry:

- Students must complete the mandatory skill and theory testing at the completion of the course to become eligible for the registry. The state-approved skill and theory testing is held on the Dowagiac campus.
- Students must be registered with the state of Michigan within three months of their original employment to stay employed.
- Once registered, it is the student's responsibility to maintain this status.

Total Program Credits: 4

Credential in Phlebotomy

Program Overview

Upon completion of this credential program, students will be able to draw blood from the patient so various laboratory work can be performed to aid the physician with treatment.

To Learn More About This Program

Contact Rebecca Zuhl at 269-782-1236 or rzuhl@swmich.edu.

Certificate Requirements

To earn this credential, students must have an overall GPA of 2.0 or higher, fulfill the course requirements of the program listed below, and complete a minimum of 6 credit hours.

Course Offerings

Courses within this program may be offered on-site at our Dowagiac or Niles campus.

Prerequisite Courses:

- Students are required to successfully complete the Accuplacer exam prior to registering for the course.
- No course prerequisites are required, but previous knowledge of medical terminology is helpful.
- This position requires students to be on their feet for most of the shift. Students should be able to lift more than 50 lbs.
- Students will be required to undergo a criminal background check and drug screening. Students concerned with possible findings on their background check should talk to the Dean of the School of Nursing and Health Sciences before registering for the class.
- Students must apply for separate admission in advance by obtaining an application packet in the Office of First Year Experience. Available seats are limited. See the program contact for specifics and application deadlines.
- Students who have previously failed this class will not be able to repeat the course.

Credential Courses

Course ID	Course	Credits
HEED 116	Phlebotomy	4 credits
HEED 251	Phlebotomy Clinical	2 credits

Program Requirements:

- Students must successfully complete both the theory and lab portions of both courses to be eligible for the licensing examination.
- Students must have access to reliable transportation to complete clinical assignments.
- Students are expected to demonstrate proof of required immunizations. See program advisor for specifics.
- Students must pass the CPR course that is given within the Phlebotomy class.

Total Program Credits: 6

Certificate in Robotics

Program Overview

Upon completion of this certificate, students will gain an understanding of the role of service technicians and develop skills to install, maintain, and repair industrial control and electronic equipment used in offices, factories, homes, hospitals, aircraft, and other industries.

To Learn More About This Program

Contact Larry Holz at 269-687-5651 or lholtz@swmich.edu.

Certificate Requirements

To earn this certificate, students must have an overall GPA of 2.0 or higher, fulfill the course requirements of the program listed below, and complete a minimum of 21 credit hours. Additionally, MATH 128 and prerequisite courses must be completed with a minimum grade of C.

Course Offerings

Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

Certificate Courses

Course ID	Course	Credits
ELEC 118	Fundamentals of Electricity 1	4 credits
ELEC 119	Fundamentals of Electricity 2	4 credits
ELEC 131	Digital Electronics	3 credits
ELEC 140	Motors and Motor Control Circuits	3 credits
ELEC 218	Process Control Instrumentation 1	3 credits
ELEC 233	Programmable Logic Controllers	2 credits
INTE 159	Hydraulics and Pneumatics	3 credits
INTE 227	Industrial Robotics	2 credits
MATH 128	Contemporary Mathematics	4 credits
WELD 159	Basic Welding	2 credits

Total Program Credits: 30

Additional Notes About the Certificate in Robotics Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ELEC 118 Fundamentals of Electricity 1	4 credits	None; concurrent enrollment in ELEC 119 preferred
ELEC 119 Fundamentals of Electricity 2	4 credits	ELEC 118 (concurrent enrollment allowed)
ELEC 140 Motors and Motor Control Circuits	3 credits	None
MATH 128 Contemporary Mathematics	4 credits	AUTO 113, CONS 113, or WELD 113, Math test score (Level 3 or higher), or concurrent enrollment in MATH 128C

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ELEC 131 Digital Electronics	3 credits	ELEC 119
ELEC 218 Process Control Instrumentation 1	3 credits	ELEC 119
ELEC 233 Programmable Logic Controllers	2 credits	ELEC 119
INTE 159 Hydraulics and Pneumatics	3 credits	None
INTE 227 Industrial Robotics	2 credits	None
WELD 159 Basic Welding	2 credits	None

Certificate in Tribal Leadership

Program Overview

Upon completion of this certificate, students will be able to make an immediate contribution to their work in tribal government or tribal enterprise. Additionally, students will gain a broad understanding of business as well as specific applications in tribal settings.

To Learn More About This Program

Contact the Office of First Year Experience at 269-782-1499 or fye@swmich.edu.

Certificate Requirements

To earn this certificate, students must have an overall GPA of 2.0 or higher, fulfill the course requirements of the program listed below, and complete a minimum of 21 credit hours. Additionally, HIST 248 and any prerequisite courses must be completed with a minimum grade of C.

Course Offerings

Students pursuing a Certificate in Tribal Leadership may complete select courses for this program online. Courses within this program may also be offered on-site at our Dowagiac or Niles campus.

Certificate Courses

Course ID	Course	Credits
ACCO 201	Principles of Accounting 1	4 credits
BUSI 200	Small Business Management	3 credits
BUSI 201	Principles of Management	3 credits
BUSI 207	Business Law I	3 credits
ENGL 228	Proposal Writing	3 credits
HIST 248	Native American History	3 credits
SOCI 248	American Indian Studies and Policy	3 credits

Complete at least 2 courses from the list below

Course ID	Course	Credits
BDWI 101	Introductory Potawatomi Language	3 credits
BDWI 201	Intermediate Potawatomi Language	3 credits
BUSI 220	Marketing	3 credits
ECON 201	Macroeconomics	3 credits
ECON 202	Microeconomics	3 credits
PSYC 215	Organizational Psychology	3 credits

Total Program Credits: 28

Additional Notes About the Certificate in Tribal Leadership Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
ACCO 201 Principles of Accounting 1	4 credits	BUSI 200 (concurrent enrollment allowed)
BUSI 200 Small Business Management	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
HIST 248 Native American History	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
Program Elective	3 credits	See Course Description for details

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
BUSI 201 Principles of Management	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
BUSI 207 Business Law 1	3 credits	None; BUSI 200 recommended
ENGL 228 Proposal Writing	3 credits	ENGL 103 or ENGL 103W
SOCI 248 American Indian Studies and Policy	3 credits	ENGL 115, ENGL 103W, ENGL 103, ENGL 104, or English test score (Level 2 or higher); concurrent enrollment in ENGL 115 allowed
Program Elective	3 credits	See Course Description for details

Certificate in Welding Technology

Program Overview

Upon completion of this certificate, students will be able to have marketable welding skills. They will have an understanding of quality control, process control, and problem solving. They will have experience with the newest technological advances.

To Learn More About This Program

Contact Dan Miles at 269-687-5673 or dmiles01@swmich.edu or Atticus Weed at 269-687-5646 or aweed@swmich.edu.

Certificate Requirements

To earn this certificate, students must have an overall GPA of 2.0 or higher, fulfill the course requirements of the program listed below, and complete a minimum of 21 credit hours. Additionally, each prerequisite course must be completed with a minimum grade of C.

Course Offerings

Courses within this program are offered on-site at our Niles campus.

Certificate Courses

Course ID	Course	Credits
WELD 113	Trade Mathematics-Welding	3 credits
WELD 159	Basic Welding	2 credits
WELD 168	Welder Certification Preparation	2 credits
WELD 169	GMAW/MIG Welding	4 credits
WELD 175	GTAW/TIG Welding	4 credits
WELD 180	SMAW/Stick Welding	4 credits
WELD 265	Thermal Cutting Processes	2 credits
WELD 277	Welding Fabrication and Maintenance Repair	2 credits
WELD 280	Metallurgy, Testing, and Inspection	3 credits

Total Program Credits: 26

Additional Notes About the Certificate in Welding Technology Program

- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program.

FIRST SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
WELD 113 Trade Mathematics-Welding	3 credits	None
WELD 159 Basic Welding	2 credits	None
WELD 180 SMAW/Stick Welding	4 credits	WELD 159 (concurrent enrollment allowed)
WELD 265 Thermal Cutting Processes	2 credits	None
WELD 280 Metallurgy, Testing, and Inspection	3 credits	WELD 159 (concurrent enrollment allowed)

SECOND SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of C Required)
WELD 168 Welder Certification Preparation	2 credits	WELD 159
WELD 169 GMAW/MIG Welding	4 credits	WELD 159
WELD 175 GTAW/TIG Welding	4 credits	WELD 159
WELD 277 Welding Fabrication and Maintenance Repair	2 credits	WELD 113; WELD 159; WELD 169; WELD 175; WELD 265 (concurrent enrollment in WELD 113, 169, and 175 allowed)

Understanding Course Descriptions

In the Course Descriptions section that follows, students will find a list of all active courses for the current academic year at Southwestern Michigan College. To better understand the dynamic of each description entry, the following example and corresponding information have been provided.

Example Course Description

¹ ACCO 201 ² Principles of Accounting 1

³ 4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); ⁴ Semesters Offered: Fall, Spring, Summer.

⁵ Prerequisite: Minimum grade of C in BUSI 200, concurrent enrollment allowed. ⁶ Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

⁷ Covers the principles of accounting with an emphasis on financial accounting for sole proprietorships, also including partnerships and corporations, the accounting cycle, financial statements, worksheets, adjusting and closing entries, service and merchandising enterprises, special journals, subsidiary ledgers, cash, voucher system, receivables, inventory, plant assets, payables, payroll, and theory.

About the Course Description

1. The subject code and course number.
2. The course title.
3. The number of credit hours and the number of contact hours for the course. The contact hours are then further defined as the number of lecture hours and the number of laboratory hours per week. SMC tuition is based on the number of contact hours.
4. The semester(s) in which the course is offered.
5. The prerequisite requirements needed to enroll in the course (more information on prerequisites is listed below).
6. Information about additional course fees, if applicable (please note that course fees differ from book fees).
7. A course description defining the nature of the course content, and what students will likely study while enrolled in the course.

What are Prerequisites and Corequisites?

A prerequisite is a requirement, unless otherwise stated, indicating the preparation standard, previous course work, or simultaneous coursework recommended for enrollment in the desired course. A prerequisite differs from a corequisite in that a corequisite indicates another course that must be taken concurrently with the desired course.

Prerequisite requirements are usually satisfied in one of the following ways:

- Success in a previously completed course, often exemplified by a final grade of C or better.
- Transfer credits awarded for a course previously completed (with a final grade of C or better) at another college or university.
- By a satisfactory high school GPA or previous success in certain high school courses.
- By an ACT, SAT, or PSAT test score.
- By a satisfactory test score on an exam offered by the SMC Testing Center.

When students are permitted simultaneous enrollment in a prerequisite course (Course A) and the target course (Course B), withdrawing from Course A will not impact the student's ability to remain enrolled in the second course (Course B).

When students are enrolled in two courses that are corequisites for each other (e.g., to be enrolled in Course A the student must be enrolled in Course B; and to be enrolled in Course B the student must be enrolled in Course A), withdrawing from one of the courses means an automatic withdrawal from the other course.

When students are enrolled in two courses in which one course (Course A) is a corequisite for another course (Course B), but Course B, institutionally, is not a corequisite for Course A, should a student decide to withdraw from Course A, they can remain in Course B. If a student decides to withdraw from Course B, they cannot remain in Course A since enrollment in Course A requires enrollment in Course B (see MATH courses).

More information on understanding test scores used to satisfy prerequisite and corequisite conditions can be found on the next page.

Understanding Test Scores

Math Prerequisite Levels

Some courses at SMC may indicate that a minimum prerequisite “level” of test score is required to enroll. Math prerequisite levels are a grouping of various test scores or waivers with minimum values. Satisfying one of the criteria at a certain level will permit entrance into a desired course. The tables below show the five (5) prerequisite math levels at SMC.

Level 5 – Must satisfy one (1) of the following.

Test Code	Description	Minimum Score
A02	ACT-MATH	26
S02	SAT-MATH	610
NAUA	Next Gen Accuplacer	280

Level 4 – Must satisfy one (1) of the following.

Test Code	Description	Minimum Score
A02	ACT-MATH	24
S02	SAT-MATH	570
NAUA	Next Gen Accuplacer	256

Level 3 – Must satisfy one (1) of the following.

Test Code	Description	Minimum Score
MATH	High School GPA or GED Math Score	3.0 or 165+
A02	ACT-MATH	20
S02	SAT-MATH	520
*PSM	PSAT-MATH	520
NAUA	Next Gen Accuplacer	237

*MATH 127, 128, 150 only

English Prerequisite Levels

Some courses at SMC may indicate that a minimum English prerequisite “level” of test score is required to enroll. The tables below show the three (3) prerequisite English levels at SMC.

Level 3 – Must satisfy one (1) of the following.

Test Code	Description	Minimum Score
E115	High School GPA	2.75
A01 & A03	ACT-English & ACT-Reading	18 19
S06	SAT-Read/Write	370
PRW	PSAT-Read/Write	490
NADR & NARW	Next Gen Reading & Next Gen Writing	252 250

Level 2 – Must satisfy one (1) of the following.

Test Code	Description	Minimum Score
E115	High School GPA	2.75
A01 & A03	ACT-English & ACT-Reading	14 19
S06	SAT-Read/Write	370
PRW	PSAT-Read/Write	490
NADR & NARW	Next Gen Reading & Next Gen Writing	252 236

Level 2 – Must satisfy one (1) of the following.

Test Code	Description	Minimum Score
MMRW	High School GPA or GED Math Score	2.5 or 154+
A02	ACT-MATH	18
S02	SAT-MATH	490
PSM	PSAT-MATH	490
NAGA	Next Gen Accuplacer	247

Level 1 – Must satisfy one (1) of the following.

Test Code	Description	Minimum Score
MMR4	High School GPA or GED Math Score	2.0 or 148+
A02	ACT-MATH	16
S02	SAT-MATH	420
PSM	PSAT-MATH	420
NAGA	Next Gen Accuplacer	231

Expiration

- PSM results are good for three (3) years.
- ACT and SAT are good for two (2) years.
- NAUA and NAGA results are good for two (2) years.
- High school GPAs and GED math scores are good for ten (10) years.

Level 1 – Must satisfy one (1) of the following.

Test Code	Description	Minimum Score
A01 & A03	ACT-English & ACT-Reading	01 01
S06	SAT-Read/Write	01
PRW	PSAT-Read/Write	01
NADR & NARW	Next Gen Reading & Next Gen Writing	200 200

Expiration

- PRW results are good for three (3) years.
- ACT and SAT are good for ten (10) years.
- NADR and NARW results are good for ten (10) years.
- High school GPAs are good for ten (10) years.

Course Descriptions

Accounting

ACCO 201 Principles of Accounting 1

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in BUSI 200, concurrent enrollment allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Covers the principles of accounting with an emphasis on financial accounting for sole proprietorships, also including partnerships and corporations, the accounting cycle, financial statements, worksheets, adjusting and closing entries, service and merchandising enterprises, special journals, subsidiary ledgers, cash, voucher system, receivables, inventory, plant assets, payables, payroll, and theory.

ACCO 202 Principles of Accounting 2

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in ACCO 201. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

A continuation of ACCO 201 with emphasis on financial and managerial accounting, corporate accounting stocks, bonds, long-term investments, consolidation, cash flow statements, financial statement analysis, job order and process cost systems, standard cost systems, budgeting, cost-volume-profit relationships, responsibility accounting, differential analysis, and capital investments analysis.

ACCO 203 Federal Income Tax

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in ACCO 201 or permission of the appropriate Dean.

Places an emphasis on theory and practice on the Federal Income Tax as it applies to individuals. Principles and theory are stressed, but practice is given in realistic problems and the use of correct tax forms.

ACCO 204 Microcomputer Accounting Applications

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ACCO 201 and ISYS 110.

Uses the operation of a microcomputer-based accounting system to maintain a general ledger, accounts receivable and payable, inventory, and payrolls as well as preparing computerized financial statements and reports.

ACCO 211 Intermediate Accounting 1

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in ACCO 202.

A study of the valuation of current assets, current liabilities, plant equipment, and depreciation techniques with their effect on income.

ACCO 212 Intermediate Accounting 2

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ACCO 211.

Covers the measurement of liabilities, stockholders' equity and reserves, cash flow, analysis of internal profits, ratios and reserves, and financial statement analysis.

ACCO 214 Cost Accounting

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in ACCO 202.

Covers elements of cost, materials, labor manufacturing expenses, including job order cost accounting, process cost accounting, and standard cost accounting. For Ferris State University transfer.

ACCO 255 Internship

3 credit hours, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in ACCO 211; BUSI 240; concurrent enrollment allowed in BUSI 240; and permission of the Department Chair.

This is a capstone course in which the student searches independently, with assistance from faculty within the School of Business, for a business or industry related to the program in which the student is enrolled to complete 144 hours of a specified project or objectives. Once the student has secured a site, the student will be supervised and evaluated under the direction of a college staff member to ensure a meaningful internship experience. The student must meet with the Internship Coordinator prior to registering for this course. **This is an internship and, therefore, requires a final grade of C or better.**

Agricultural Technology

AGRI 190 Agricultural Exploration

2 credit hours, 2 contact hours (Lecture: 2; Lab: 0); Semesters Offered: Variable.

Prerequisite: None.

Introduces the agricultural industry from historical and contemporary perspectives. Investigates the broad range of career opportunities in agriculture in the local, regional, and global environment. Explores ethical issues in agriculture, including the environment and sustainability.

Art

ART 100 Introduction to Digital Art and Design

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall, Spring.

Prerequisite: Basic Computer Literacy.

This course provides an introduction to the computer graphics environment. The focus of this course is on digital illustration and design using Adobe Illustrator, a vector-based illustration application. Basic digital imaging techniques using Adobe Photoshop will also be introduced.

ART 101 Two-Dimensional Design

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall, Spring.

Prerequisite: None.

This studio-based course focuses on visual literacy by examining the patterns of our environment and the visual systems that we utilize in our daily lives. Emphasis is placed on investigating how processes and materials may communicate about the subjects they address. Coursework consists of studio work in drawing, painting, and collage as well as demonstrations, critical dialogue, and research focusing on contemporary design practices.

ART 102 Drawing 1

4 credit hours, 6 contact hours (Lecture: 2; Lab: 4); Semesters Offered: Fall, Spring.

Prerequisite: None.

This studio-based course places emphasis on drawing from observation. Focus is placed on compositional strategies and linear perspective. Coursework consists of studio work on individual and collaborative projects as well as demonstrations and critical dialogue, all designed to offer beginning students a comprehensive orientation to drawing tools, materials, and processes.

ART 103 Ceramics 1

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall, Spring.

Prerequisite: None. Additional Cost: \$28.00 Course Supplies and Materials Fee.

This studio-based course offers an overview of contemporary and traditional approaches to working with clay as an expressive material. Coursework consists of a series of progressive projects, individualized instruction, and technical demonstrations. Focus is placed on construction techniques including hand-building, wheel-throwing, glazing, firing, and surface treatments, all designed to offer beginning students a holistic orientation to the materials and processes of the medium.

ART 104 Ceramics 2

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in ART 103. Additional Cost: \$28.00 Course Supplies and Materials Fee.

A continuation of ART 103 with increased emphasis on technical considerations of the medium and further conceptual development.

ART 105 Photographic Design

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall, Spring.

Prerequisite: None; ART 100 and ART 101 recommended.

Introductory course covering the function of both traditional (SLR-single lens reflex) and digital cameras. A strong foundation will be provided in metering, exposure, lenses, B/W film processing, and printing. Emphasis is placed upon composition, creative expression aesthetics and the development of technical proficiency. A basic 35mm SLR camera with manually adjustable aperture and shutter speed is needed for this course. A digital camera may be used with permission of the instructor.

ART 106 Art Photography

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Variable.

Prerequisite: Minimum grade of C in ART 105 or permission of the appropriate Dean.

Designed for those who have a working knowledge of the photographic process (from exposure through processing the print). Advanced shooting and printing techniques as well as an introduction to other camera formats will be covered. Outside, studio flood, and strobe (flash) lighting will be discussed. In addition to learning more about what it takes to make a fine art photograph, emphasis on improving visual awareness and improved image making will be stressed.

ART 110 Art Appreciation

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

This course examines and questions artistic production in our society. Exploring a broad range of artist projects in diverse communities, environments and media, discussion topics will address and analyze shifting cultural significance, value relationships, materials, and meanings of art.

ART 120 Three-Dimensional Design

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.

Prerequisite: None.

This studio-based course places emphasis on three-dimensional problem solving. Focus is placed on conceptualization and visual communication as well as investigations into the materials, methodologies, and processes of contemporary sculptural practices.

ART 199 Independent Study in Art 1

1 to 4 credit hours, 1 to 4 contact hours (Lecture: 1 to 4; Lab: 0) Semesters Available: Variable.

Prerequisite: Permission of the Dean.

Available courses in a studio area or a special art interest outside the regular curriculum.

ART 200 Creative Process through Art

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Available: Variable.

Prerequisite: None.

This course takes both lecture and studio-based approaches in exposing class members to the possibilities for personal growth through artistic production. Students are provided an orientation to many of the studios and disciplines available through the Department of Visual and Performing Arts as well as our community-at-large. Interactive projects, demonstrations, and seminars offer multiple opportunities to model the experiences that student/educators may share with their own learning community, opening further pathways for artistic investigation. This course is designed for elementary education majors as well as anyone interested in exploring creative pursuits.

ART 203 Art History 1

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

A history of Western art from the ancient world through the medieval period. Civilizations explored include the ancient Near East and Egypt, classical Greece and Rome, and medieval Europe. Art objects and architecture are discussed within their historical context of creation, technique, aesthetics, style, subject, and purpose in an endeavor to better understand the civilizations from which they originated and their impact on Western development.

ART 204 Art History 2

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

A history of Western art from the end of the medieval period to the present. Emphases include the Renaissance, Neoclassicism, Impressionism, Modernism, pop art, and other post-Renaissance movements. Art objects and architecture are discussed within their historical context of creation, technique, aesthetics, style, subject, and purpose in an endeavor to better understand their impact on Western development.

ART 210 Drawing 2

4 credit hours, 6 contact hours (Lecture: 2; Lab: 4); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ART 102.

Approaching a successive range of projects through observational drawing, this studio-based course encourages students to investigate what these processes and materials suggest about the subjects they capture. Continuing investigations begun in ART 102 Drawing I, projects will focus on the development of a daily studio practice, designing sequential narratives (graphic novel design—storyboarding, sequencing, layout), and an introduction to working with live models, anatomy, and portraiture. Class meetings will include concentrated work on individual projects, informal discussions, technical demonstrations, and research, as students develop a cohesive portfolio of works on paper.

ART 211 Painting 1

4 credit hours, 6 contact hours (Lecture: 2; Lab: 4); Semesters Offered: Fall.

Prerequisite: None.

This studio-based course is designed for students who may be approaching oil painting for the first time as well as students with some prior experience. Progressive projects explore topics from representation to abstraction and are designed to encourage a personal investigation of the materials. Contemporary approaches and historical context are explored.

ART 212 Painting 2

4 credit hours, 6 contact hours (Lecture: 2; Lab: 4); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in ART 211.

This course continues investigations begun in ART 211 while meeting concurrently with the introductory class. Projects in this curriculum are developed in consultation with the faculty member and are designed to reflect the individual goals and objectives of the student pursuing a deeper exploration of oil and/or acrylic-based painting. Customized instruction and group feedback complement dedicated studio time in which students develop and present a comprehensive portfolio of works.

ART 213 Typography in Design

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grades of C in ART 100 and ART 101. Concurrent enrollment allowed.

A brief history of typography, study of type classification, letter forms, and typographic principles. Students will use digital publishing software (Adobe InDesign) for text formatting and page layout.

ART 215 Watercolor

3 credit hours, 4 contact hours (Lecture: 1; Lab: 3); Semesters Offered: Variable.

Prerequisite: None.

An introduction to the art of transparent watercolor and the distinctive characteristics of the medium. Color mixing, tools, and paper characteristics are examined.

ART 219 Graphic Design 1

*3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in ART 100.*

Covers a brief history of graphic design, basic graphic design principles, terminology, and procedures. The focus is on two-dimensional problem solving in the design of logos and promotional graphics. The student will work from the initial problem through design concept to finished presentation. Graphics applications introduced in the previous courses are used along with the digital imaging application, Adobe Photoshop.

ART 220 Graphic Design 2

*3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in ART 213, ART 219, and ART 230. Concurrent enrollment in ART 265 required.*

Provides additional experience with graphic design skills, digital illustration, digital imaging, and digital publishing to solve complex graphic problems. Students will have experience with clients as the projects include designing for departments in SMC or area organizations.

ART 225 Digital Photography

*3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.
Prerequisite: ART 100.*

Covers the basic principles of digital photography including the technical aspects of digital cameras and photographic techniques used with digital photography. The relationship of digital photography to graphic design, publishing, and photojournalism will be covered.

ART 230 Digital Publishing

*3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in ART 100.*

Addresses the fundamentals of digital publishing. Students will gain experience in creating a variety of publications including business cards, ads, brochures, and magazine spreads using Adobe InDesign.

ART 235 Introduction to Digital Animation

*3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Variable.
Prerequisite: Minimum grade of C in ART 100.*

This course provides an introduction to two-dimensional animation using various types of hand drawn and computer-generated processes. Basic principles such as timing and staging will be introduced. Biped and quadruped walk cycles will be covered, as well as basic lip syncing.

ART 255 Internship

*2 credit hours, 2 contact hours (Lecture: 0; Lab: 2); Semesters Offered: Fall, Spring, Summer.
Prerequisite: Approval of the Program Director.*

The student searches independently, with assistance from the Internship Coordinator, for a graphic design environment to complete 96 hours of on-site training. Students will learn about careers in the graphic arts field and how graphic production is dependent on the capabilities and limitations of the offset printing process. This course should be taken in the last semester of coursework to complete the Graphic Design Technology A.A.S. program. **This is an internship and, therefore, requires a final grade of C or better.**

ART 258 Interactive Design

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in ART 100.*

Using industry standards, this course will cover the theory and practice of user interface design for digital platforms such as websites and touchscreen interaction (mobile applications). During this course, students will design fully functional prototypes for touchscreen and desktop-based websites and applications.

ART 265 Portfolio Production

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ART 213, ART 219, and ART 230, and ART 258. Concurrent enrollment in ART 220 required.

This course will provide students with experience in finalizing project work that demonstrates acquired skills. Portfolios will be produced and presented in various formats, including PDF-based digital portfolios, online portfolio sites, and book-based portfolios. Résumé and cover letter development will also be covered.

ART 299 Independent Study in Art 2

1 to 4 credit hours, 1 to 4 contact hours (Lecture: 1 to 4; Lab:0); Semesters Offered: Variable.

Prerequisite: Permission of the Department Chair or Dean.

This course is designed for advanced students who have completed the majority (or all) of the available courses in an area of discipline or have a special interest in art or visual communication beyond the regular curriculum. Coursework will emphasize conceptual development and may employ additional media specific to the projects. It is an opportunity for the student to work individually on projects that they design collaboratively with faculty supervision, exploring creative possibilities in their own direction.

Athletic Training

ATHL 101 Kinesiology

3 contact hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C or better in HEED 101.

This course will introduce the student to a conceptual model of kinesiology, the sub-disciplines within kinesiology, and how the sub-disciplines contribute to our understanding of the broad spectrum of human physical activity. This course will cover a holistic overview of human physical activity, functional account of body structure, and analysis of human movement understanding.

ATHL 105 Introduction to Athletic Training

3 contact hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Minimum grade of C or better in ATHL 101.

This course will introduce the profession of athletic training. Students will be introduced to the role of the athletic trainer, job domains, and responsibilities of the athletic trainer and the career options for an athletic trainer. Emphasis will be placed on the prevention, recognition, and treatment of the physically active.

ATHL 110 Athletic Training Clinical I

3 contact hours, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Fall.

Prerequisite: Minimum grade of C or better in ATHL 101 and ATHL 105. Concurrent enrollment in ATHL 105 allowed.

Additional Cost: \$15.00 Malpractice Insurance Fee.

This is an introductory clinical that will allow the student to observe in a variety of clinical settings including athletic training facilities, physical therapy facilities, orthopedic facilities and more. This is a 48-hour clinical. **This course requires a final grade of PC.**

ATHL 115 Athletic Training Clinical II

3 contact hours, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Spring.

Prerequisite: Minimum grade of C or better in ATHL 101, ATHL 105, and ATHL 110. Additional Cost: \$15.00 Malpractice Insurance Fee.

This is a continuation of ATHL 110. Students will observe and assist in a variety of clinical settings including athletic training facilities, physical therapy facilities, orthopedic facilities, and more. This is a 48-hour clinical. **This course requires a final grade of PC.**

Automotive Technology

AUTO 103 Intro to Automotive Technology

*3 contact hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall, Spring.
Prerequisite: None. Additional Cost: \$35.00 Course Supplies and Materials Fee.*

This is an introductory course which gives students an overview of the operating systems of the modern automobile. Students will be introduced to the tools and terminology used in the automotive industry as well as the EPA, CAFE, NHTSA regulations that govern the industry. Students will learn to perform basic service and maintenance procedures. Students will also study how the automotive repair business is structured.

AUTO 113 Trade Mathematics-Automotive

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.
Prerequisite: None.*

This course stresses the use of formulas, mathematical techniques, and algebra used in practical automotive field applications including project set up, material estimating and ordering, and efficient inventory management and material utilization.

AUTO 116 Brake Systems

*3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall.
Prerequisite: None. Additional Cost: \$35.00 Course Supplies and Materials Fee.*

This is the first of two courses that teaches theory, service, and repair of automotive braking systems. The course provides an overview of various hydraulic and mechanical brake systems used on today's automobiles. In the course students will learn the correct usage of brake machining equipment, precise measuring techniques, and proper procedures in a comprehensive hands-on hydraulic brakes lab environment.

AUTO 119 Electrical 1

*3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall.
Prerequisite: None. Additional Cost: \$35.00 Course Supplies and Materials Fee.*

This course will build a solid foundation of electrical theory and principles needed for diagnosis and repair of basic automotive systems. Material covered in this course will include Ohm's law, Kirchhoff's law, electron theory, capacitance, resistance, AC/DC voltage, magnetism, electrical test equipment, and circuit design and wiring diagram usage. Basic soldering and wiring repair will also be covered.

AUTO 122 Steering and Suspension Systems

*3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall.
Prerequisite: None. Additional Cost: \$35.00 Course Supplies and Materials Fee.*

The student will have a good understanding of the theory of operation and service of today's advanced steering and suspension systems upon completion of this course. Topics covered include steering/suspension systems diagnosis and repair, tire and wheel service, component diagnosis and replacement, and introduction to alignment settings. Noise, vibration, and harshness issues are also covered in this course. Alignment theory, operation, and service procedures for passenger car, light-duty truck suspension systems. Diagnosis, correction, and adjustments of alignment systems are covered.

AUTO 131 Manual Transmissions

*3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in AUTO 103. Additional Cost: \$35.00 Course Supplies and Materials Fee.*

Design, theory, diagnostics, testing, and proper repair of the following systems are covered: manual transmission/transaxle assemblies and similar drivetrain components. Students will disassemble, inspect, repair, and reassemble the following: manual transmissions, manual transaxles, CV joints, half shafts, transfer cases, axle assemblies, drive-shafts, and clutches. Emphasis will be given to clutch performance concerns.

AUTO 147 Engine Repair 1

*3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in AUTO 103. Additional Cost: \$35.00 Course Supplies and Materials Fee.*

This course presents engine theory and operation and studies the various engine designs utilized today. This course will focus on repair techniques for today's engines. The course will utilize precision measuring tools, specialized tools and equipment, and emphasize following prescribed procedures needed to properly repair today's modern engine.

AUTO 148 Engine Repair 2

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in AUTO 147. Additional Cost: \$35.00 Course Supplies and Materials Fee.

Using comprehensive hands-on lab work, correct usage of engine machining equipment, precise measuring techniques, and diagnostic procedures students will disassemble, inspect, repair, and reassemble an automotive internal combustion engine. Emphasis will be given to performing engine machining procedures required for a proper engine overhaul; from valve resurfacing to cylinder boring and restoration. Additional topics covered include hybrid and alternative fuel technology.

AUTO 216 Heating and Air Conditioning

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in AUTO 103. Additional Cost: \$55.00 Course Supplies and Materials Fee.

This class covers theory, operation, diagnostics, and repair of car/light truck heating and cooling systems. Topics include: R134a and future refrigerants and reclaiming and recycling of these refrigerants. Engine cooling and cabin heating component operation is also covered. Proper service procedures and component replacement is covered in detail. Electrical system component operation, sensors, and blower motor controls are discussed. This course includes section 609 certification.

AUTO 222 Electrical 2

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in AUTO 103 and AUTO 119. Additional Cost: \$35.00 Course Supplies and Materials Fee.

This course will cover battery, starting and charging system, chassis lighting, dash and electrical circuits design and function. Testing and diagnosis skills using meters, test equipment, and diagnostic tools will be covered. Hands on component removal/replacement and wiring harness repair procedures will be covered.

AUTO 223 Electrical 3

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in AUTO 222. Additional Cost: \$35.00 Course Supplies and Materials Fee.

This course is an in-depth study of the theory, diagnosis, and repair of chassis electrical and electronic systems, including the study of electronic dash circuits, security systems, inflatable restraint systems, electronic cruise control, and multiplex body electrical systems. The student will be utilizing diagnostic scan tools and advanced lab scope techniques. Module circuit designs, programming procedures, and usage is discussed.

AUTO 227 Engine Performance 1

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in AUTO 103 and AUTO 119. Additional Cost: \$35.00 Course Supplies and Materials Fee.

The student will be provided with a basic understanding of the theory and operation of the fuel metering and emission devices found on past and present automobiles and light trucks and how they relate to engine performance. Practical experience will be gained through diagnosing, testing, and servicing the various systems found on these vehicles. Various ignition system designs will also be covered.

AUTO 228 Engine Performance 2

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in AUTO 227. Additional Cost: \$35.00 Course Supplies and Materials Fee.

The student will expand on the knowledge gained in Auto Engine Performance Systems 1 and apply the theories to the more advanced systems found on current vehicles. Systems covered include computer-controlled ignition and fuel systems, distributorless ignition, coil-on-plug ignitions, throttle body and port fuel injection, OBD II systems, Mode \$06, and other emissions related component systems. Diagnosis includes using scan tools, digital meters, and test equipment.

AUTO 229 Engine Performance 3

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in AUTO 228. Additional Cost: \$35.00 Course Supplies and Materials Fee.

Additional study of automotive advanced fuel and engine systems of modern automobile systems. Direct injection, alternate fuels, and advanced mechanical engine control systems will be discussed. Advanced testing of components and systems using lab scopes, pressure transducers, and electrical test equipment will be utilized extensively to identify intermittent and difficult drive-ability concerns.

AUTO 232 Advanced Brakes and Chassis Systems

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in AUTO 103, AUTO 116, AUTO 119, and AUTO 122. Additional Cost: \$35.00 Course Supplies and Materials Fee.

This class is an advanced brakes, steering, and chassis systems electrical/electronic component class covering ABS (Anti-lock Braking Systems) components, electronic suspension system components including ride control and stability systems, electronic steering assist systems, traction control systems, and other modern systems including collision alert and accident-avoidance systems. Component operation, diagnosis and testing, and replacement will be performed and discussed.

AUTO 234 Automatic Transmissions

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in AUTO 103. Additional Cost: \$35.00 Course Supplies and Materials Fee.

This course guides the student from basic transmission design, through hydraulic operations, including electronic controls as they relate to transmission performance. Theory, construction, diagnosis, and proper repair of automatic transmissions are extensively covered. Students will use transmission test equipment and diagnostic charts to diagnose, disassemble, repair, and reassemble an automatic transmission and a transaxle assembly.

AUTO 246 Alternative Fuel and Hybrid Electric Vehicles

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in AUTO 222. Additional Cost: \$35.00 Course Supplies and Materials Fee.

This course guides the student from basic carbon-based fuels and alternative fuels, through hybrid vehicle operations, including electronic controls as they relate to hybrid performance. Theory, construction, diagnosis, and proper repair techniques of hybrid vehicle systems are extensively covered. Students will use proper test equipment and diagnostics and repair a hybrid vehicle.

AUTO 255 Internship

5 credit hours, 5 contact hours (Lecture: 0; Lab: 5); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Completion of all AUTO Certificate Program courses, with a minimum grade of C, and recommendation of the program advisor.

This is a capstone course in which the student searches independently with assistance from the School of Advanced Technology Faculty for a business or industry related to the program in which the student is enrolled to complete 240 hours of a specified project or objectives. The student will be placed, supervised, and evaluated under the direction of a college staff member to insure a meaningful internship experience. The student must meet with the Internship Coordinator prior to registering for this course. **This is an internship and, therefore, requires a final grade of C or better.**

Potawatomi Language

BDWI 101 Introductory Potawatomi Language

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: None.

Introduction to Bodwéwadmimwen, the Potawatomi Language, covering the basics of pronunciation, grammar, and spelling, as well as the language's role in the culture of the Potawatomi people. The basics of verb construction and sentence construction will be addressed. Instruction will address both speaking and writing the language. Materials from the Wisconsin and Kansas Potawatomi communities will be utilized, as well as materials representing the local Pokagon Band Potawatomi dialect.

BDWI 201 Intermediate Potawatomi Language

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in BDWI 101.

Continuation of introductory Bodwéwadmimwen, the Potawatomi Language, covering more advanced aspects of pronunciation, grammar, and spelling, as well as the language's role in the culture of the Potawatomi people. Instruction will address both speaking and writing the language. Materials from the Wisconsin and Kansas Potawatomi communities will be utilized, as well as materials representing the local Pokagon Band Potawatomi dialect.

Biology

BIOL 101 General Biology 1

5 credit hours, 7 contact hours (Lecture: 4; Lab: 3); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in CHEM 100, or one year of high school chemistry with minimum grade of B taken within the last 5 years, or satisfactory Challenge test score; Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

Explores the principles of molecular and cellular biology, genetics, and evolution. Includes the scientific process; chemical principles and biological molecules; cell structure, metabolism, and reproduction; Mendelian, chromosomal, and molecular genetics, and genome organization. This course considers the development and mechanisms of evolutionary theory. Laboratory emphasizes development of lab skills, biological techniques, and instrumentation used in biology.

BIOL 102 General Biology 2

5 credit hours, 7 contact hours (Lecture: 4; Lab: 3); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in BIOL 101.

This course explores biodiversity, plant and animal form and function, and the principles of ecology. It surveys the unity and diversity of life forms such as bacteria, protists, fungi, nonvascular and vascular plants, and invertebrate and vertebrate animals from an evolutionary perspective; examines details of plant and animal anatomy and physiology in relation to their phylogenies; and introduces principles of and interactions among populations, communities, and the environment. Laboratory reinforces principles of organismal biology and ecology.

BIOL 110 Human Biology

4 credit hours, 5 contact hours (Lecture: 3; Lab: 2); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Introduces basic normal anatomy and physiological processes of humans. Emphasizes functional mechanisms of cells, tissues, organs, organ systems, and their interactions. Laboratory experience includes observation of anatomic models and specimens and participation in activities designed to illustrate physiologic concepts.

BIOL 118 Plant Biology

4 credit hours, 5 contact hours (Lecture: 3; Lab: 2); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Introduces plants as the model organism for learning about basic biological principles including cell biology, genetics, plant development, anatomy, and ecology. Students work throughout the semester as individuals and as members of collaborative working groups to answer questions, solve problems, develop questions, perform experiments, and conduct research.

BIOL 202 Microbiology

4 credit hours, 5 contact hours (Lecture: 3; Lab: 2); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in CHEM 100, or one year of high school chemistry with minimum grade of B taken within the last 5 years, or satisfactory Challenge test score; Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

Explores fundamentals of microbial structure, nutrition, metabolism, reproduction, and genetics. Considers the role of microbes in medicine and host defense mechanisms. Laboratory exercises develop skills in culture, identification, and control of microbes.

BIOL 214 Basic Human Anatomy

4 credit hours, 5 contact hours (Lecture: 3; Lab: 2); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in BIOL 101, BIOL 110, BIOL 202, BISC 111, or one year of high school biology with minimum grade of B taken within the last 5 years, or satisfactory Challenge test score.

A study of the anatomical structures of the human body, including tissues, organs, and organ systems and their relationship to function. Laboratory experience provides observation and identification of mammalian structures. Dissection of preserved specimens is a lab requirement.

BIOL 215 Principles of Human Physiology

4 credit hours, 5 contact hours (Lecture: 3; Lab: 2); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in BIOL 214; minimum grade of C in CHEM 100, or one year of high school chemistry with minimum grade of B taken within the last 5 years, or satisfactory Challenge test score.

Provides a study of the normal physiological processes of humans with emphasis on the functional mechanisms of cells, tissues, organs, and systems and their interactions. Laboratory experience provides direct observation and participation in the physiological processes of humans.

Biological Sciences

BISC 111 Biological Science

4 credit hours, 5 contact hours (Lecture: 3; Lab: 2); Semesters Offered: Fall, Spring, Summer.

Prerequisite: None.

Provides a laboratory course in biological concepts for the liberal arts curriculum. Includes an overview of basic chemistry, cellular form and function, genetic inheritance, molecular genetics, biodiversity, evolution, and ecology.

Business

BUSI 200 Small Business Management

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

This is an introductory course which focuses on creating and maintaining a sustainable competitive advantage with a small business. It gives the students the opportunity to think through and develop their small business idea and dream—with a focus on management of that business.

BUSI 201 Principles of Management

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer (Alternate Years).

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

In Principles of Management, students will learn how businesses accomplish their business objectives, including how they organize the company to be efficient and effective, how they lead and motivate employees, and how to put controls in place to make sure plans are followed and goals are met.

BUSI 207 Business Law 1

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: None. BUSI 200 recommended. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

In Business Law 1, students gain an understanding of business law as it relates to them currently and in their professional future. Included in the material is a review of the evolution of business law at the federal, state, and local levels. The course will include an introduction to the court system at the local, state, and national levels and a discussion of the substantive and procedural differences between civil and criminal law. Students will learn about contract law and the law of sales.

BUSI 208 Business Law 2

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: None. BUSI 200 and BUSI 207 recommended.

Business Law 2 continues a discussion of basic principles of civil law from Business Law I. An emphasis is placed on gaining an understanding of the law relating to business structures, the law of commercial paper, the law of security agreements, and bankruptcy. The course emphasizes the practical aspect of these legal theories by having students applying them through the use of case studies of actual lawsuits which framed and clarified the application of those legal principles.

BUSI 210 Personal Finance

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer (Alternate Years). Prerequisite: None. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Personal Finance is the study of the process known as financial planning. Students will learn practical steps to take to evaluate where they are financially today, how to set and meet financial goals, and how to control their finances as opposed to having finances control them. Topics covered include the use of financial services, purchasing insurance, automobiles, homes and other major items, taxation, and planning for the future including career choices, family choices, and retirement.

BUSI 214 Business Communications

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring. Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

This course introduces students to the principles and methodology used in effective communication within and between business organizations. Methodology includes researching, composing, evaluating, and presenting verbal and written communication and the appropriate use of either or both in given situations.

BUSI 220 Marketing

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer (Alternate Years). Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Provides an understanding and interpretation of the marketing system and its importance in the economy. Functions, institutions, and problems of marketing are examined from the viewpoint of the customer.

BUSI 221 Advertising

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring of even years. Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

A study of the procedures, techniques, purposes, and media of advertising. Special attention is given to the creation of advertising ideas, market research, and the use of media as tools in solving the problems of sales promotion.

BUSI 225 Human Resource Management

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer (Alternate Years). Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

An overview of personnel relationships in a business environment, including a study of personnel systems, staffing and organization, developing human resources, the working environment, management-labor relations, remuneration, and security and career assessment.

BUSI 240 Professionalism Workshop

1 credit hour, 1 contact hour (Lecture: 1; Lab: 0); Semesters Offered: Fall, Spring, Summer. Prerequisite: None. Strongly recommended to be taken at the end of a student's program to derive the most value from the course.

Workshop designed to provide professional "polish" for the student. Discussions will include, but are not limited to, employability and job retention skills, professionalism, ethical behavior, and personal habits.

BUSI 255 Internship

3 credit hours, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Fall, Spring, Summer. Prerequisite: Minimum grade of C in BUSI 240, concurrent enrollment allowed, and permission of the Department Chair.

This is a capstone course in which the student searches independently, with assistance from faculty within the School of Business, for a business or industry related to the program in which the student is enrolled to complete 144 hours of a specified project or objectives. Once the student has secured a site, the student will be supervised and evaluated under the direction of a college staff member to ensure a meaningful internship experience. The student must meet with the Internship Coordinator prior to registering for this course. **This is an internship and, therefore, requires a final grade of C or better.**

Computer Aided Drafting & Design

CADD 101 Introduction to CAD/Auto CAD

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.
Prerequisite: None.

An introduction to the principles of computer aided design using AutoCAD software. This course covers the creation and modification of two-dimensional geometry, dimensioning, print creation, and drawing management. Three-dimensional concepts will be introduced.

CADD 103 Blueprint Reading/Engineering Graphics I

4 credit hours, 4 contact hours (Lecture: 1; Lab: 3); Semesters Offered: Fall.
Prerequisite: None.

This course provides instruction and practice in methods of engineering graphics including technical sketching, CAD applications, applied geometry, orthographic projection, section dimensioning, tolerancing, threads and fasteners, weldments, detail and assembly drawing, charting, and basic elements of descriptive geometry. Students will also develop skills in reading and interpreting blueprint drawings.

Chemistry

CHEM 100 Fundamentals of Chemistry

4 credit hours, 5 contact hours (Lecture: 3; Lab: 2); Semesters Offered: Fall, Spring, Summer.
Prerequisite: Minimum grade of C in MATH 114, MATH 128, or MATH 150, concurrent enrollment allowed; or Math test score (Level 2 or higher); or Dean's approval. Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or English test score (Level 2 or above); concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Provides a basic overview of chemical principles for students with little or no background in chemistry. Includes fundamentals of general chemistry, organic chemistry, and biochemistry.

CHEM 101 General Chemistry 1

5 credit hours, 7 contact hours (Lecture: 4; Lab: 3); Semesters Offered: Fall, Spring.
Prerequisite: Minimum grade of C in MATH 127 or satisfactory Math test score (Level 4 or higher), concurrent enrollment allowed; minimum grade of C in CHEM 100, or one year of high school chemistry with minimum grade of B taken within the last 5 years, or satisfactory Challenge test score; Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

Measurements, atomic structure, ions and nomenclature, chemical equations, equation and solution stoichiometry, thermochemistry, the gaseous state, quantum mechanics, periodic trends, and chemical bonding. Laboratory experiments illustrate key concepts and employ quantitative measurements and calculations.

CHEM 102 General Chemistry 2

5 credit hours, 7 contact hours (Lecture: 4; Lab: 3); Semesters Offered: Spring, Summer.
Prerequisite: Minimum grade of C in CHEM 101 and MATH 127 or satisfactory Math test score (Level 4 or higher).

Second course in a two-semester sequence in general college chemistry. Includes the study of molecular structure, solid and liquid states, solutions, equilibrium, solubility product principle, acid-base theory, kinetics, redox reactions, and electrochemistry. Laboratory experiments illustrate key concepts and employ quantitative measurements and calculations.

CHEM 201 Organic Chemistry 1

5 credit hours, 7 contact hours (Lecture: 4; Lab: 3); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in CHEM 102.

The first course in a two-semester sequence in elementary organic chemistry. Investigates the structure, nomenclature, and properties (physical, chemical, spectral, and stereochemical) of aliphatic hydrocarbons and alkyl halides. Explores the chemical reactions of these compounds along with their associated mechanisms, kinetics, and stereochemistry.

CHEM 202 Organic Chemistry 2

*5 credit hours, 7 contact hours (Lecture: 4; Lab: 3); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in CHEM 201.*

Second course in a two-semester sequence in elementary organic chemistry. Investigates the structure, nomenclature, and properties (physical, chemical, spectral, and stereochemical) of aromatic hydrocarbons, alcohols, ethers, carboxylic acids and derivatives, aldehydes and ketones, amines, heterocyclic compounds, and selected biochemical compounds. Explores the chemical reactions of these organic compounds along with their associated mechanisms, kinetics, and stereochemistry.

Communications

COMM 110 Introduction to Mass Communication

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring of even years.
Prerequisite: Minimum grade of C in ENGL 103 or ENGL 103W, concurrent enrollment allowed.*

An introduction to the history, structure, and issues facing major media channels like television, newspaper, radio, and the Internet. Includes communication theory and practice. Designed for students who intend to enter the communication field and for those who want a broad overview.

COMM 115 Writing for Mass Media

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring of odd years.
Prerequisite: Minimum grade of C in ENGL 103 or ENGL 103W, concurrent enrollment allowed.*

Development of writing skills for mass media, including print and broadcast journalism and public relations. Emphasis is on developing news judgment, gathering information, using correct news style and structure, and effectively presenting material for print and electronic news media.

Construction Trades

CONS 113 Trade Mathematics-Construction

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring.
Prerequisite: None.*

This course stresses the use of formulas, mathematical techniques, and algebra used in practical construction field applications including project set up, material estimating and ordering, and efficient inventory management and material utilization.

CONS 114 Intermediate Construction Practices

*8 credit hours, 10 contact hours (Lecture: 6; Lab: 4); Semesters Offered: Fall.
Prerequisite: None. Additional Cost: \$175.00 Course Supplies and Materials Fee.*

This course introduces students to the fundamentals of construction including tools and safety, foundations, framing, roofing, insulation, and wall layouts. Students will learn how to lay out a foundation, frame house walls and set engineered trusses. This course will concentrate on Green Building techniques and processes utilized to accomplish these parts of the total construction process.

CONS 117 Print Reading for Construction Trades

*2 credit hours, 3 contact hours (Lecture: 1; Lab: 2); Semesters Offered: Spring.
Prerequisite: None.*

Instruction and practice in methods commonly used to communicate technical ideas through the use of construction prints are emphasized. Students will develop skill in reading and interpreting construction print drawings. Instruments are used to make orthographic drawings that accurately describe design and size, including sketching multi-view, sectional views, auxiliary views, and detail drawings of residential buildings.

CONS 131 Exterior Finishes

*3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.
Prerequisite: None. Additional Cost: \$125.00 Course Supplies and Materials Fee.*

This course is designed to provide students with knowledge of the terminology, components, and skills needed for application of various types of exterior finishing. Installation practices and material selection for exterior doors, windows, siding, shingles, and trim will be covered.

CONS 132 Interior Finishes

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in CONS 131. Additional Cost: \$125.00 Course Supplies and Materials Fee.

This course is designed to provide students with knowledge of the terminology, components, and skills needed for application of various types of interior finishing. Installation practices and material selection for drywall, paint, interior doors and trim, floor coverings, cabinets, and countertops will be covered.

CONS 140 Quantity and Cost Estimating

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ISYS 110.

This course will introduce students to the elements involved in the preparation of the contractor's bid proposal. Quantity takeoff, crew sizes, daily outputs, unit costs, and organization of the bid packages into general contracted and subcontracted work. The development of unit prices for estimating labor, material and equipment unit price development, productivity adjustment factors, overhead and profit, cash flow and interest calculations, conceptual estimating methods, and cost variance analysis.

CONS 145 Administration and Scheduling

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: None. Additional Cost: \$65.00 Course Supplies and Materials Fee.

This course will introduce students to field documentation and report development, including a project logic network, schedule, field reports, contract documents, contract change orders, subcontract agreements, purchase orders, field planning, filing system, ledgers, and cost control reports. The student will learn how to utilize various planning methods, procure materials, complete a subcontract agreement, maintain field records, and develop progress reports. During this course students will utilize various software packages to learn about advanced construction planning and scheduling techniques based on the critical path method, including work breakdown, crew analysis and productivity, activity time-cost relationships, project time-cost relationships, resource leveling, overlapping activity relationships and lag, and project cash flow.

CONS 150 Solar Energy Technology

1 credit hour, 1 contact hour (Lecture: 1; Lab: 0); Semesters Offered: Spring.

Prerequisite: None.

This course covers installation and mounting methods of solar photovoltaic panels, energy output calculations, overview of electrical hardware requirements, and connections to electrical systems.

CONS 161 REScheck Building Energy Codes

2 credit hours, 2 contact hours (Lecture: 2; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ISYS 110, concurrent enrollment allowed.

This course focuses on the proper use and understanding of the U.S. Department of Energy's REScheck Energy Compliance Software to meet current Residential Energy Compliance requirements. Through theory and hands-on exercises, the student will use the REScheck software to determine energy compliance of new residential structures based on current energy conservation codes and local requirements using a variety of residential building plans. Required knowledge of residential building specifications and mathematics for proper REScheck software utilization will be covered. This course prepares the student to take the U.S. Department of Energy REScheck certification exams. The Michigan Unified Energy Code (MUEC) and International Energy Conservation Code (IECC) will also be discussed, as well as the history of the Michigan Energy Code and the U.S. Department of Energy.

CONS 165 Building Analyst/Envelope

4 credit hours, 5 contact hours (Lecture: 3; Lab: 2); Semesters Offered: Fall.

Prerequisite: None.

This course provides instruction in the analytical review of energy use and conservation in residential construction. Topics will be covered from a building science perspective and include thermodynamics, heat transfer, heating systems, moisture, and humidity impact. Also covered are ventilation for air flow and health, thermal and pressure envelopes, R-Values and U-Values, building calculations, safety and health, and energy conservation. Students will learn to optimize the installation, operation, maintenance, and performance of building envelope systems. It also addresses their interaction with other building systems, and covers problems related to the building envelope such as moisture, ice dams, mildew, and drafts.

CONS 169 Green Professional

*2 credit hours, 2 contact hours (Lecture: 2; Lab: 0); Semesters Offered: Spring.
Prerequisite: None. Additional Cost: \$150.00 Course Supplies and Materials Fee.*

This course instructs students on the benefits that Green homes provide in terms of lower energy costs and long-term value. Strategies for incorporating green-building principles into homes while minimizing added cost of construction will be covered. Small business practices and management including the principles of planning, organizing, staffing/directing, and controlling will also be covered.

CONS 180 Design and Planning

*5 credit hours, 8 contact hours (Lecture: 2; Lab: 6); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in CADD 101.*

This course provides students with the opportunity to develop a set of residential drawings that include a site layout/plot plan, a floor plan, all elevation views, a section view, a foundation plan, electrical plans, and introductions to construction details. The drawings will be the start of a building permit set that the student could use to build a house. 2D and 3D drafting techniques will be used as a tool to assemble the drawings. Emphasis will be placed on a review of Section 3-Building Planning of the Michigan Residential Code/International Residential Code (2015 or current) in the development of the drawings.

CONS 255 Internship

*3 credit hours, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Fall, Spring, Summer.
Prerequisite: Minimum grade of C in all first semester Construction Trades Technology courses.*

This is a capstone course in which the student searches independently, with assistance from the School of Advanced Technology faculty, for a business or industry related to the program in which the student is enrolled to complete 144 hours per credit of a specified project or objectives. The student will be placed, supervised, and evaluated under the direction of a college staff member to insure a meaningful internship experience. The student is asked to meet with the Internship Coordinator prior to registering for this course. **This is an internship and, therefore, requires a final grade of C or better.**

Criminal Justice

CRIM 102 Serial Killer

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.
Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.*

This course examines the extent, causes, and social characteristics of serial killers. After examining general criminological theories and the characteristics of murders, the course will investigate the popular images about serial killers, the motivations of these offenders, the distribution of their crimes over time and across geographical areas, elements surrounding these offenses, and the offenders' methods of selecting victims. The topics of homicide investigation techniques, crime profiling, and the criminal prosecution of serial killers will also be covered in the course. Video material, case studies, and results from current research will provide a comprehensive investigation of these extreme and rare forms of criminal behavior.

CRIM 110 Introduction to Criminal Justice

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.*

This course will provide an overview of the criminal justice system in the United States. It will examine the various components (police, courts, and corrections) of the criminal justice system and provide a perspective on how they are linked and operate. The course will also cover the historical and contemporary issues that challenge and confront these component organizations.

CRIM 111 Introduction to Corrections

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.*

This course will provide an overview of the correctional system in the United States. It will explore the history of punishment and provide insight into community corrections and institutional corrections. This course will also examine the prison world and the issues faced in corrections today.

CRIM 112 Introduction to United States Legal Systems

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

This course shall explore the historical development, power/jurisdictions, and current issues pertaining to the courts in the United States. Further, this course will analyze the effectiveness of traditional techniques used by the courts, prosecution, and defense in the judiciary processes at both the state and federal levels.

CRIM 113 Introduction to Law Enforcement

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

This course shall explore the historical development, power/jurisdictions, and current issues pertaining to law enforcement in the United States. Further, this course will analyze the effectiveness of traditional and non-traditional techniques of law enforcements control of crime in urban and rural settings from a state and federal level.

CRIM 220 Supervision and Management in Criminal Justice

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

A study of administration and management of police organizations, including the courts, police, and corrections.

CRIM 260 Delinquency, Prevention, and Control

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

This course is a study of juvenile delinquency theories of causation and current prevention programs. It will explore the nature and extent of delinquency and examine suspected causes of delinquent behavior. It will also cover critical issues in juvenile delinquency and examine crucial policies and programs in the criminal justice system that address juvenile delinquency.

Economics

ECON 201 Macroeconomics

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: None. Concurrent enrollment in ECON 202 not recommended. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Taking ECON 202 before ECON 201 is recommended.

This course is an introduction to macroeconomic study or the causes of economic behavior at the level of national economic activity, why this level changes over time, and government spending, taxing, and monetary policies which retard or promote economic performance. Further, macroeconomic study looks at the problems of unemployment, inflation/deflation, and other challenges to economic growth on a national level. Students will gain an understanding of concepts and methodology used in macroeconomic analysis and the necessary conditions for efficiency in free market production and exchange.

ECON 202 Microeconomics

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: None. Concurrent enrollment in ECON 201 not recommended. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Taking ECON 202 before ECON 201 is recommended.

This course is an introduction to microeconomic study or the study of how individuals and individual firms make decisions about the use of scarce resources for unlimited needs and wants. Microeconomic study also looks at the ways that individuals, firms, and the public sector interact in the overall allocation of society's resources. Students will gain knowledge of concepts, methodology used in microeconomic analysis, and the necessary conditions for efficiency in free market production and exchange. Further, the student will acquire the ability to follow arguments concerning microeconomic theory to select societal problems, the ability to follow arguments concerning microeconomic theory, and how to distinguish between sound and fallacious reasoning.

Education

EDUC 101 Introduction to the Profession of Teaching

3 credit hours, 3 contact hours (Lecture: 1.5; Lab: 1.5); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

An introduction to the study and profession of education. This course aligns to Michigan Department of Education (MDE) Standards for the Preparation of Teachers by introducing Michigan's Top 10 in 10 goal to "provide every child access to an aligned, high-quality P-12 system from early childhood to post-secondary attainment" through a practice-based system.

Topics include core teaching practices, teacher certification structure and requirements, professionalism and individualized educational planning including stackable credentialing elements aligned to National Association for the Education of Young Children (NAEYC) Professional Standards, Competencies ECE I and II.

This course meets Michigan Department of Education (MDE) clinical experience requirements in the category of exploratory hours for all grade bands. This course requires 21 hours of observation/field experience scheduled individually to meet student career planning.

EDUC 115 Introduction to Early Childhood Education

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

This course focuses on building a foundational understanding of the field of early childhood care and education. This foundation is built upon the major theories and theorists and their connections to appropriate curricula implementation in early childhood settings. This course introduces whole child development beginning at conception. This course includes an introduction to formative assessment through observation and objective data collection.

Topics include theories in early childhood education and pedagogy into practice experiences, formative assessment, developmental milestones, high-quality environments, critical periods, attachment, and relationship building with children and families.

This course aligns to MDE B-K and PK-3 standards for teacher preparation and the National Association for the Education of Young Children (NAEYC) Professional Standards, Competencies ECE I and II.

EDUC 120 Educational Exploration and Planning

1 credit hour, 1 contact hour (Lecture: 1; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Emphasis is on establishing one's own academic and career goals and using those to make a clear Educational Development Plan. Develops the skills and confidence necessary to navigate the various administrative offices and services associated with college.

EDUC 208 Infant/Toddler Care

3 credit hours, 3 contact hours (Lecture: 1.5; Lab: 1.5); Semesters Offered: Fall, Summer.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

This course focuses on whole child development. Students develop knowledge of the cognitive, physical, and psychosocial development of infants and toddlers. This course addresses development prenatally through 3 years of age.

Topics include secure attachment, interactions as the foundation for all learning, play is learning, brain development, materials, and environments.

This course meets Michigan Department of Education (MDE) Clinical Experience Requirements in the category of student contact hours for the B-K grade band. This course requires a minimum of 23 hours of observation/field experience.

This course aligns with MDE B-K and PK-3 standards for teacher preparation and the National Association for the Education of Young Children (NAEYC) Professional Standards, Competencies ECE I and II.

EDUC 212 Introduction to Special Education

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

This course serves as an introduction to the field of special education. The content is anchored to historical context and current federal and state legislation. An emphasis is on applying legislated mandates to practical implementation across educational settings, including instructional strategies. This course is designed to facilitate pre-service teachers in developing the skills of planning and problem-solving to deliver effective, strength-based learning experiences in intentional learning environments.

Topics include Federal and State legislation, IFSP and IEP elements, specific category eligibility, continuum of services (LRE) universal design for instruction, inclusive practices, person-first language and practices, and anti-bias education.

This course aligns to MDE standards for teacher preparation and the National Association for the Education of Young Children (NAEYC) Professional Standards, Competencies ECE I and II.

EDUC 215 Human Development and Learning

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in PSYC 101. Additional Cost: Starting Spring 2024, \$20.00 per contact hour if enrolled in an online format of this course. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

A study of human development from birth to death. Special attention is devoted to the factors which affect an individual's physical, social-emotional, and intellectual development.

EDUC 217 Early Childhood Development

3 credit hours, 3 contact hours (Lecture: 1.5; Lab: 1.5); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

This course focuses on whole child development including physical/motor, socio-emotional, and cognitive development of children from conception through age eight. There will be a focus on the importance of observation, impact of family relationships, developmental milestones, individual diversity, appropriate environments, and strategies to enhance whole child development.

Topics include pedagogy into practice-based experiences, learner-centered content lesson planning including literacy, mathematics, science, and social studies through direct observation of children.

This course meets Michigan Department of Education (MDE) Clinical Experience Requirements in the category of student contact hours for B-K and PK-3 grade bands. This course requires a minimum of 23 hours of observation/field experience.

This course aligns to MDE standards for teacher preparation and National Association for the Education of Young Children (NAEYC) Professional Standards, Competencies ECE I and II.

EDUC 220 Guiding Children's Social Development

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

This course focuses on current brain research and its application for teacher preparation. Content includes the development of self-regulation through developmentally appropriate and culturally contextual relationship-based practices. Topics include brain research, specific strategies in a variety of environments, continuum and differentiated practices to develop co-regulation and self-regulation skills, trauma informed practices, classroom management, connection between social-emotional development and academic success, family, and community relationships.

This course aligns to Michigan Department of Education (MDE) standards for teacher preparation and National Association for the Education of Young Children (NAEYC) Professional Standards; Competencies ECE I and II. The content is applicable to all grade band implementation of specific elements of core teaching practices.

EDUC 224 Early Childhood Curriculum and Methods

*4 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in EDUC 217, concurrent enrollment allowed.*

This course focuses on developing optimal learning experiences and environments for infants through school-age children. An emphasis on the importance of play-based, meaningful, contextual planning, and assessment strategies. Students will conduct structured observations to be challenged to apply the observe, plan, and implement cycle in their placements. The course includes content supporting pre-service teachers' knowledge development in English Language Arts and Mathematics, in which students learn to design instruction integrating the other two core disciplines (social studies and science), into their planned learning experiences. Integration of the allied disciplines (integrated arts, health, physical education, social justice, and technology) is also emphasized.

Topics include Michigan Core Teaching Practices, national and state standards, project-based learning, and problem-based learning.

This course meets Michigan Department of Education (MDE) Clinical Experience Requirements in the category of student contact hours for B-K and PK-3 grade bands. This course requires a minimum of 30 hours of observation/field experience.

This course aligns with MDE B-K and PK-3 standards for teacher preparation and the National Association for the Education of Young Children (NAEYC) Professional Standards, Competencies ECE I and II.

EDUC 230 Administration of Early Childhood Programs

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in EDUC 115.*

This course meets state licensing requirements for childcare administration. This course emphasizes the importance of regulations as a foundation for providing an environment and care that lead to optimal growth for young children.

Topics include trends in childcare regulations and/or requirements and knowledge of administrative materials.

This course aligns with MDE B-K and PK-3 standards for teacher preparation and the National Association for the Education of Young Children (NAEYC) Professional Standards, Competencies ECE I and II.

EDUC 260 Emergent Literacy

*3 credit hours, 3 contact hours (Lecture: 1.5; Lab: 1.5); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.*

This course focuses on language and literacy development within the context of the whole child within learner-centered environments from birth through age 8. This course is an introduction of practice-based strategies that emphasize research-based strategies which engage children in integrated, meaningful, and functional activities.

Topics include essential instructional practices in literacy across the continuum of development, planning that is learner centered and culturally responsive, curriculum design and assessment, motivation and engagement, print concepts, phonological awareness, comprehension, early writing composition, and overall communication skill development.

This course meets Michigan Department of Education (MDE) clinical experience requirements in the category of student contact hours for B-K, PK-3, and 3-6 grade bands. The course requires a minimum of 23 hours of observation/field experience.

The course aligns to MDE standards for teacher preparation and National Association for the Education of Young Children (NAEYC) professional standards, Competencies ECE I and II.

EDUC 265 Early Childhood Internship - Infant/Toddler

*4 credit hours, 4 contact hours (Lecture: 0; Lab: 4); Semesters Offered: Fall, Spring, Summer.
Prerequisite: Permission of the Program Director.*

This course is identified as an internship experience at SMC. This course requires placement in a state-licensed infant or toddler classroom, playgroup, or family infant toddler program. To meet the requirements for this course, the student will be placed, supervised, and evaluated under the direction of a college staff member to ensure a meaningful internship experience.

Topics include environmental factors essential for quality infant/toddler care and education in group settings, high-quality, developmentally appropriate perspectives, and the importance of a knowledge base that recognizes healthy adult-child interactions and play-based experiences as the foundation for future academic learning.

This course meets Michigan Department of Education (MDE) Clinical Experience Requirements in the category of student contact hours for B-K band. This course requires a minimum of 200 hours of field experience.

This course aligns with MDE B-K standards for teacher preparation and the National Association for the Education of Young Children (NAEYC) Professional Standards, Competencies ECE I and II. **This is an internship and, therefore, requires a final grade of C or better.**

EDUC 270 Early Childhood Internship - PK-3

4 credit hours, 4 contact hours (Lecture: 0; Lab: 4); Semesters Offered: Fall, Spring, Summer.
Prerequisite: Permission of the Program Director.

This course is identified as an internship experience at SMC. To meet the requirements for this course, the student will be placed, supervised, and evaluated under the direction of a college staff member to ensure a meaningful internship experience.

This course is designed to support teacher candidates as they begin to apprentice in PK-3 classrooms, taking increasing responsibility for instructional design, delivery, and student assessment. The course is designed to engage teacher candidates in further developing awareness of PK-3 classroom culture, as well as PK-3 planning and teaching in the four core content areas (English Language Arts, science, mathematics, and social studies). It is specifically designed to assist teacher candidates in five areas: 1) developing their abilities to shape relationships with PK-3 children, build classroom community, and promote equity; 2) growing in their ability to plan for and teach the four core subjects in grades PK-3; 3) learning to plan instruction that integrates the allied disciplines (integrated creative arts, health, nutrition, physical education, social justice, and technology) into the four core subjects; 4) learning to integrate selected Michigan Core Teaching Practices into their planning and teaching; 5) learning to engage thoughtful self-observation and reflection at the conclusion of each lesson, with an eye to improving their practice for future teaching.

This course meets Michigan Department of Education (MDE) Clinical Experience Requirements in the category of student contact hours for the PK- 3 band. This course requires a minimum of 200 hours of field experience.

This course aligns with MDE PK-3 standards for teacher preparation and the National Association for the Education of Young Children (NAEYC) Professional Standards, Competencies ECE I and II. **This is an internship and, therefore, requires a final grade of C or better.**

Robotics

ELEC 118 Fundamentals of Electricity 1

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall.
Prerequisite: None. Concurrent enrollment in ELEC 119 preferred. Additional Cost: \$35.00 Course Supplies and Materials Fee.

Students will learn how electricity is safely generated, distributed, and consumed, and how to safely install and maintain electrical circuits having resistive loads. Students will also learn series and parallel resistive circuits. Activities will include basic tools, instruments, and calculations needed for on-the-job use. The National Electrical Code will be introduced.

ELEC 119 Fundamentals of Electricity 2

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in ELEC 118, concurrent enrollment allowed.

Students will learn how series and parallel RL, RC, LC, and RLC circuits are used and how AC is generated, distributed, and consumed. Tools, instruments, and calculations will be used to safely install and maintain circuits that have inductive and capacitive reactive loads. The National Electrical Code will be used.

ELEC 131 Digital Electronics

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in ELEC 119. Additional Cost: \$30.00 Course Supplies and Materials Fee.

This course is an introductory course covering the use of digital electrical logic concepts. Students will construct virtual circuits, test and troubleshoot digital circuits by observing and interpreting digital codes and numbers. Topics covered but not limited to weighted numbering systems, math functions, and sequential logic.

ELEC 140 Motor and Motor Control Circuits

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall.
Prerequisite: None.

The student will learn to construct and build relay ladder diagrams, install typical motor control circuits in conformance with the National Electrical Code, and the use of standard diagrams and wiring plans. Troubleshooting of circuits will be emphasized to allow students to develop critical thinking skills.

ELEC 208 Electronic Communications

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ELEC 119. Additional Cost: \$35.00 Course Supplies and Materials Fee.

This course covers electronic communications techniques and systems having wide application in business and industry. Topics will include oscillators, modulators, demodulators, high frequency amplifiers, transmission lines, fiber optics, and lasers.

ELEC 212 Microprocessors

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ELEC 131. Additional Cost: \$45.00 Course Supplies and Materials Fee.

This course provides a foundational understanding of computers and industrial controls. Topics include basic operation, memory considerations, connecting peripherals, using an assembler, using a ROM programmer, programming on-chip timers, counters, serial and parallel I/O, and programming interrupts.

ELEC 218 Process Control Instrumentation 1

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ELEC 119.

This course is designed to study solid state devices such as transistors, diodes, and amplifiers, in addition to the operation and maintenance of sensors, transducers, controllers, and final control elements. Principles and practices relating to many kinds of devices used to control temperature, pressure, flow, level, and motion will be studied.

ELEC 233 Programmable Logic Controllers

2 credit hours, 4 contact hours (Lecture: 1; Lab: 3); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ELEC 119.

This course covers the installation, programming, and management of programmable logic controllers (PLC), human machine interfaces (HMI), and motion control. PLC ladder logic utilizing both discrete and analog I/O are covered. Hands-on training focuses on Allen-Bradley devices and Rockwell software.

ELEC 234 Advanced PLC and Motion Control

2 credit hours, 4 contact hours (Lecture: 1; Lab: 3); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in ELEC 233.

This course covers programming of PID loop, motion control, sensor utilization, and open and closed loop control. Also covered are the safe operation and maintenance of sensors, transducers, controllers, and final control elements and other devices used to control industrial processes. Principles and practices relating to many kinds of devices used to control temperature, pressure, flow, level, force, and motion will be studied. Hands-on training focuses on Allen-Bradley devices and Rockwell software. There is also an emphasis on troubleshooting PLC programs.

ELEC 255 Internship

2 credit hours, 2 contact hours (Lecture: 0; Lab: 2); Semesters Offered: Variable.

Prerequisite: Completion of all Robotics Certificate Program courses with a minimum grade of C and recommendation of the program advisor.

This is a capstone course in which the student searches independently, with assistance from the Internship Coordinator, for a business or industry related to the program in which the student is enrolled to complete 48 hours per credit of a specified project or objectives. The student will be placed, supervised, and evaluated under the direction of a college staff member to insure a meaningful internship experience. The student must meet with the Internship Coordinator prior to registering for this course. **This is an internship and, therefore, requires a final grade of C or better.**

English

ENGL 103W Freshman English 2 with Workshop

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Satisfactory English test score (Level 2 or higher).

Provides instruction in the writing of expository prose. Varied writing strategies are presented for use in the planning and developing of essays. The course includes an introduction to documentation and research procedures. Supplemental instruction in support of reading, writing, and research skills is provided through specialized workshops which meet in addition to the basic ENGL 103 class.

ENGL 103 Freshman English 2

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in ENGL 115 or satisfactory English test score (Level 3). Concurrent enrollment allowed.

Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Provides instruction in the writing of expository prose. Varied writing strategies are presented for use in the planning and developing of essays. The course includes an introduction to documentation and research procedures.

ENGL 104 Freshman English 3

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in ENGL 103 or ENGL 103W. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Extends and elaborates the expository prose strategies introduced in English 103. The writing assignments are analytic and/or argumentative in nature. Readings in varied genres are provided to build critical reading and thinking skills. A formal research paper is assigned.

ENGL 115 Critical Reading and Writing

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: English test score (Level 1 or higher). Students who successfully complete this course should not enroll in ENGL 103W (mutually exclusive). Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Uses content-based approach to teach students how to effectively read and study textbooks/e-books and effectively prepare for exams typical of college courses as well as cover basic techniques of composition emphasizing the building of writing skills necessary to succeed in college-level courses. Includes techniques for critical thinking and evaluating arguments. Reviews basic sentence structure, grammar, and editing, plus instruction and practice in essay development and organization.

ENGL 199 Independent Study in English 1

1 to 4 credit hours, 1 to 4 contact hours (Lecture: 1-4; Lab: 0); Semesters Offered: Variable.

Prerequisite: Permission of the Department Chair or Dean.

This course is for students who have completed all available courses in this subject area or who have a special interest in this subject area outside of the regular curriculum.

ENGL 228 Proposal Writing

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Variable.

Prerequisite: Minimum grade of C in ENGL 103 or ENGL 103W.

Provides an overview of the grant proposal process, including developing ideas, locating funding sources and researching, writing, and presenting a proposal. Students will apply the skills learned throughout the course by creating a fully researched grant proposal.

ENGL 231 American Literature 1

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall of odd years.

Prerequisite: Minimum grade of C in ENGL 103 or ENGL 103W.

Studies movements and themes in representative works of major American authors from Colonial literature through Romanticism.

ENGL 232 American Literature 2

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring of odd years.

Prerequisite: Minimum grade of C in ENGL 103 or ENGL 103W.

Presents a study of works by representative American authors from Realism and Naturalism to the present.

ENGL 235 American Ethnic Literature

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall of even years.
Prerequisite: Minimum grade of C in ENGL 103 or ENGL 103W.*

This course introduces students to significant literature written by ethnic American authors, including African Americans, American Indians, Chicano/as and Latina/os, Asian Americans, and Jewish Americans. As such, it is designed to provide an overview of important works of American ethnic literature across genres and styles. Students will explore both the literary and cultural elements that distinguish each work. In addition to discussing each text on its own terms, students will consider how each work functions within a broader context of ethnicity. As students go along, they will be introduced to specific cultural and historical issues related to each work.

ENGL 251 Children's Literature

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.
Prerequisite: None.*

This course presents a study of the genres of literature for children and young adults. The emphasis is upon the qualities that are inherent in successful literature for this age group. Comparative multicultural readings may include picture books, fairy tales, modern fantasy, realistic fiction, and nonfiction.

ENGL 261 Creative Writing/Fiction

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.
Prerequisite: None. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.*

Introduces fundamentals in the writing of short fiction. The course is designed to enhance comprehension of the creative process through directed writing in the short story genre. The workshop approach includes analysis of student as well as professional writings.

ENGL 263 Creative Writing/Poetry

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring of even years.
Prerequisite: None.*

Introduces fundamentals in the writing of poetry. The course is designed to enhance comprehension of the creative process through directed writing in poetry. The workshop approach includes analysis of students as well as professional writing.

ENGL 265 Creative Nonfiction Writing

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring of odd years.
Prerequisite: None.*

Introduces fundamentals in creative nonfiction, a genre that incorporates literary techniques and styles into the crafting of engaging and factual narratives. As a core component of the Communications program, the course is designed to enhance comprehension of the writing process through directed writing and reading in the creative nonfiction genre. The workshop approach includes analysis of student writing as well as professional writing.

ENGL 282 Survey of British Literature 2

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring of even years.
Prerequisite: Minimum grade of C in ENGL 103 or ENGL 103W.*

Provides a study of British Literature from Romanticism to the Modern Period (Blake to Beckett) concentrating on major figures and works and on contemporary methods of evaluation.

ENGL 299 Independent Study in English 2

*1 to 4 credit hours, 1 to 4 contact hours (Lecture: 1 to 4; Lab: 0); Semesters Offered: Variable.
Prerequisite: Permission of the Department Chair or Dean.*

This course is for students who have completed all available courses in this subject area or who have a special interest in this subject area outside of the regular curriculum.

Environmental Science

ENST 112 Environmental Science

4 credit hours, 5 contact hours (Lecture: 3; Lab: 2); Semesters Offered: Fall, Spring, Summer.
Prerequisite: None. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Explores the relationships between living and nonliving components of the environment and provides insight into man's impact on the natural world. Includes laboratory and field work activities.

Fire Science

FISC 100 Introduction to Emergency Services and Firefighter 1

6 credit hours, 6 contact hours (Lecture: 6; Lab: 0); Semesters Offered: Fall.
Prerequisite: None.

This course provides an overview to fire protection and emergency services; career opportunities in fire protection and related fields; culture and history of emergency services; fire loss analysis; organization and function of public and private fire prevention services; fire departments as part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protections systems; introduction to fire strategy and tactics; and life safety initiatives. All objectives are to be demonstrated at an introductory level.

FISC 101 Principles of Emergency Services and Firefighter 2

6 credit hours, 6 contact hours (Lecture: 6; Lab: 0); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in FISC 100.

This course builds on the introduction to emergency service built in FISC 100. In this course students will complete all requirements for Firefighter Level 2 certification.

FISC 105 Fire Behavior and Combustion

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.
Prerequisite: None.

This course explores the theories and fundamentals of how and why fires start, spread, and are controlled.

FISC 111 Building Construction

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in FISC 100.

This course provides the components of building construction related to firefighter and life safety. The elements of construction and design of structures are shown to be key factors when inspecting buildings, preplanning fire operations, and operating at emergencies.

FISC 200 Principles of Firefighter Safety and Survival

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in FISC 100 and FISC 101.

This course provides the student with an in-depth analysis of the 16 Firefighter Life Safety Initiatives that were established by the National Fire Academy. This course also reviews in detail why a focus should be put on the need for cultural and behavior change throughout emergency services.

FISC 201 Fire Prevention and Community Risk Reduction

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in FISC 100 and FISC 101.

This course provides fundamental knowledge relating to the field of fire prevention. Topics include history and philosophy of fire prevention; organization and operation of a fire prevention bureau; use and application of codes and standards; plans review; fire inspections; fire and life safety education; and fire investigation.

FISC 214 Fire Service Community Relations

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in FISC 100 and FISC 101.*

This course provides an overview of how a public safety professional should communicate and interact with the public as well as other fire service personnel. This class will meet NFPA standards for Fire Instructor 1 certification.

FISC 216 Leadership On and Off the Fireground

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in FISC 100 and FISC 101.*

This course introduces concepts of general leadership as well as leadership for fire ground operations. The course aligns with NFPA company officer standards and students will meet requirements for the certification of Fire Officer 1.

FISC 218 Fire Protection Systems

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in FISC 100 and FISC 101.*

This course provides information relating to the features of design and operation of fire alarm systems, water-based fire suppression systems, special hazard fire suppression systems, water supply for fire protection, and portable fire extinguishers.

Geography

GEOG 110 Physical Geography

*4 credit hours, 5 contact hours (Lecture: 3; Lab: 2); Semesters Offered: Fall, Spring.
Prerequisite: None. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.*

Surveys major earth systems (atmosphere, hydrosphere, and lithosphere) that interact to produce the physical environment. Investigates plate tectonics and agents of erosion and deposition (water, ice, wind, and gravity) and resulting surface features and landforms. Explores atmospheric heating, pressure, and circulation patterns as a basis for understanding weather, disturbances, and climate. Laboratory and group activities illustrate principles and methods of physical geography.

Health Education

HEED 101 Medical Terminology

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.
Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.*

Designed to acquaint the student with the basic structure of medical terms (including prefixes, suffixes, roots, and their combining forms and plurals). Proper pronunciation, spelling, definition of medical terms and building a professional medical vocabulary is emphasized.

HEED 116 Phlebotomy

*4 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall, Spring.
Prerequisite: Satisfactory test score; HEED 101 preferred. Concurrent enrollment in HEED 251 required. Additional Cost: \$35.00 Course Supplies and Materials Fee.*

Provides training to meet today's health care facilities' phlebotomy requirements. NOTE: Students must also successfully complete clinical experience (2 credits) to be eligible for the certification exam.

HEED 120 Nurses Assistant

*4 credit hours, 5 contact hours (Lecture: 3; Lab: 2); Semesters Offered: Fall, Spring, Summer.
Prerequisite: Satisfactory test score. Additional Cost: \$95.00 Background, Drug Screening, and Malpractice Insurance Fee.*

Designed to provide the student with the knowledge and skill necessary to perform uncomplicated tasks in the personal care of sick and/or disabled patients and in the maintenance of a safe and healthful environment for those patients. At the conclusion of the course, the student is eligible to complete the Nurse's Aide certification exam as prepared by OBRA. See specific semester course offerings for details.

HEED 131 Emergency Medical Technician 1

5 credit hours, 7 contact hours (Lecture: 3; Lab: 4); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

This class is an entry-level course into the delivery of pre-hospital emergency medical care. This program provides both written and practical instruction emphasizing the knowledge and skills utilized by the health care professional in the pre-hospital environment. Upon successful completion of both written and practical components of HEED 131, students are eligible to take the National Registry Certification Examination for Medical First Responders and are eligible for licensure in Michigan and Indiana.

HEED 132 Emergency Medical Technician 2

5 credit hours, 7 contact hours (Lecture: 3; Lab: 4); Semesters Offered: Spring.

Prerequisite: Successful completion of both the practical and written components of HEED 131. Additional Cost: \$95.00 Background, Drug Screening, and Malpractice Insurance Fee.

This class takes the student who passed HEED 131 or has a current Medical First Responder License to the Emergency Medical Technician level of licensure. Upon successful completion of both the written and practical components of HEED 132, students are eligible to take the National Registry Certification Examination for Emergency Medical Technician and are eligible for licensure in Michigan and Indiana.

HEED 137 Disease Overview

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in HEED 101; Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course. Note: Medical Assisting students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution. Additional Cost: \$305.00 Course Fee.

A study of common human diseases including prevention, etiology, signs and symptoms, pharmaceuticals, diagnostic and treatment modalities, prognoses, and the use of medical references for research verification.

HEED 163 Nutrition

2 credit hours, 2 contact hours (Lecture 2; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

A comprehensive study of the principles of nutrition as applied to healthy people of all ages.

HEED 175 Introduction to Electronic Health Records

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in HEED 101, concurrent enrollment allowed; Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Note: Medical Assisting students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution. Additional Cost: \$305.00 Course Fee.

This is an introductory course which focuses on learning and using an electronic health record. It gives the health care student the opportunity to utilize an electronic health record to learn front office tasks, complete clinical care tasks, and complete coding and billing tasks. These are skills needed in today's health care facilities.

HEED 251 Phlebotomy Clinical

2 credit hours, 2 contact hours (Lecture: 0; Lab: 2); Semesters Offered: Fall, Spring.

Prerequisite: None. Concurrent enrollment in HEED 116 required. Additional Cost: \$95.00 Background, Drug Screening, and Malpractice Insurance Fee.

This 32-hour, non-paid, clinical experience will offer the student a series of activities that will require on-the-job application of the skills and knowledge acquired in HEED 116. Successful completion of this course will make the student eligible for a national certification examination. Students will be required to undergo a criminal background check and/or urine drug screen.

Health Information Technology

HIMS 101 Introduction to Health Information Management Systems

4 credit hours, 5 contact hours (Lecture: 3; Lab: 2); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

This course introduces Health Information Management (HIM) and its role in health care delivery systems. Topics include standards, regulations, and initiatives; payment and reimbursement systems, health care providers, and disciplines; and electronic health records (EHRs). Upon completion, students should be able to demonstrate an understanding of health information management and health care organizations, professions, and trends. **This course requires a final grade of C or better.**

HIMS 180 Health Care Law

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in HIMS 101. Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

This course covers legal terminology in addition to legislative and regulatory processes. Topics include confidentiality; privacy and security policies, procedures, and monitoring; release of information policies and procedures; and professional-related and practice-related ethical issues. Upon completion, students should be able to implement policies and procedures for access and disclosure of Protected Health Information (PHI) as well as apply and promote ethical standards. **This course requires a final grade of C or better.**

HIMS 201 ICD Coding

4 credit hours, 5 contact hours (Lecture: 3; Lab: 2); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in BIOL 110, HEED 101, and HEED 137. Concurrent enrollment in HIMS 202 required.

This course reviews the principles of coding diseases, conditions, and diagnosis utilizing the International Classification of Disease-10th revision system. The course will include lab practice, using both computerized and manual methods. **This course requires a final grade of C or better.**

HIMS 202 CPT Coding

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in BIOL 110, HEED 101, and HEED 137. Concurrent enrollment in HIMS 201 required.

This course reviews the principles of coding using the Current Procedural Terminology (CPT) system. The course will include laboratory practice in the assignment of codes using both computerized and manual methods. **This course requires a final grade of C or better.**

HIMS 203 Advanced Clinical Coding

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in HIMS 201 and HIMS 202.

This course reviews the principles of coding diseases, conditions, procedures, and services utilizing various classification and coding systems presented in earlier courses. Detailed and complex case studies from patient records will be used in exercises to reinforce coding theory and skills. New advancements in clinical coding, not covered in previous course work, will also be introduced. **This course requires a final grade of C or better.**

HIMS 205 Health Information Management Science

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in HIMS 101.

This course covers electronic health record (EHR) systems, design, implementation, and application. Topics include EHR, informatics, speech and imaging technology, information/network security and integrity, data dictionaries, modeling, and warehousing. Upon completion students should be able to facilitate usage of electronic health record systems and other technologies. **This course requires a final grade of C or better.**

HIMS 210 Quality Assurance

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in HIMS 101.

This course reviews the concepts and procedures utilized in the performance of quality assurance in the health care system. This course covers maintenance, compilation, analysis, and presentation of health care statistics and research protocols and techniques. Topics include basic statistical principles, indices, databases, registries, vital statistics, descriptive statistics, research protocol monitoring, Institutional Review Board processes, and knowledge-based research techniques. Upon completion, students should be able to apply, interpret, and present health care statistics and utilize research techniques to gather and interpret health care data. This course also introduces principles of quality assessment and improvement, utilization, risk, and case management in health care. Topics include continuous quality improvement, case management processes, data analysis/reporting techniques, credentialing, regulatory quality monitoring requirements, and outcome measures and monitoring. Group and individual assignments will be completed in the following areas of study: quality assurance and management, performance improvement, statistical presentation, resource management, and risk management. **This course requires a final grade of C or better.**

HIMS 255 Health Information Technology Internship

4 credit hours, 4 contact hours (Lecture: 0; Lab: 4); Semesters Offered: Fall, Spring, Summer.
Prerequisite: Minimum grade of C in all other courses required in HIT Program. Concurrent enrollment in HIMS 290 required. Permission of the Dean is required for registration. Additional Cost: \$95.00 Background, Drug Screening, and Malpractice Insurance Fee.

In this course the student, with assistance from the HIT Program Director, will be placed in a hospital or other health agency to apply the principles that have been learned in health information technology. The student will be on-site 80 hours. **This is an internship and, therefore, requires a final grade of C or better.**

HIMS 290 HIMS Capstone

2 credit hours, 4 contact hours (Lecture: 0; Lab: 4); Semesters Offered: Fall, Spring, Summer.
Prerequisite: Minimum grade of C in all other courses required in HIT Program. Concurrent enrollment in HIMS 255 required. Permission of the Dean is required for registration.

Incorporating the domains, subdomains, and tasks for the two-year HIT Program from the American Health Information Management Association into projects, oral and written presentations, and case studies along with completion of mock accreditation exams. Students will be eligible to sit for the national Registered Health Information Technician (RHIT) credentialing examination after completing the two-year degree. **This is a capstone course and, therefore, requires a final grade of C or better.**

History

HIST 101 Western Civilization 1

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall, Spring.
Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

The Western experience from its origins in antiquity through the fifteenth century. Investigation includes ancient Near Eastern and Greek civilizations, Roman civilization and the closing of the classical era, medieval faiths and societies, and the opening of the early modern world.

HIST 102 Western Civilization 2

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall, Spring.
Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

Western peoples and their influence since the opening of the sixteenth century. Investigation includes the Renaissance and Reformation, colonization and the Atlantic World, Revolutionary and Napoleonic Europe, the rise of modern science and industrial life, modernity and imperialism, twentieth century politics and warfare, postmodernism, and the Information Age.

HIST 201 United States History 1

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

The invention of the United States and the development of American peoples from pre-Columbian times through the Civil War. Leading topics include Native American and colonial societies, Revolutionary America and the early republic, antebellum slavery and reform, sectionalism, and the Civil War.

HIST 202 United States History 2

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

The United States and its peoples from the close of the Civil War to the present. Emphasis is provided to developments in liberty, equality, and diversity. Leading topics include southern and Indian reconstruction, industrialism and progressivism, the world wars and Great Depression, and Cold War and contemporary America.

HIST 230 Michigan History

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

A survey of Michigan peoples from pre-Columbian times to the present. Topics include Native American societies, the colonial and early national eras, the Underground Railroad and Michigan in the Civil War, industrial transformation and Michigan in the world wars, and rising challenges in the state's development since the 1950s.

HIST 247 American Slavery

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring of odd years.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

Investigates the origins, institutions, practices, conclusions, and legacies of slavery as developed in colonial Euro-America and the United States. Three "calls for freedom" are highlighted: the era of the American Revolution, Anti-Slavery and Abolitionist movements, and the era of Civil War and Reconstruction. Integral to course discussion is the Black community's essential role in the expansion of American liberty and civil rights.

HIST 248 Native American History

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall of odd years.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

This course surveys the history of American Indians from pre-Columbian times to the present. It examines relationships between Native American peoples and colonial Americans, and subsequently, with the United States. Students further receive introduction to American Indian customs and cosmology.

HIST 299 Independent Study in History

1 to 4 credit hours, 1 to 4 contact hours (Lecture: 1 to 4; Lab: 0); Semesters Offered: Variable.

Prerequisite: Permission of the Department Chair or Dean.

This course is designed for students who have completed all available courses in this subject area or who have a special interest in this subject area outside the regular curriculum.

Humanities

HUMA 202 Introduction to American Pop Culture

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

An exploration of American popular culture in the post-WWII era. The disciplines of history, anthropology, literature, music, and sociology are used as vehicles for the exploration.

HUMA 204 Introduction to Film

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

An introduction to the art of the film via viewing of representative foreign films, as well as American films. The course focuses on the content of films (e.g., social, cultural, thematic dimensions) as well as exploring the varied technical aspects of movie making that shape the final artistic product.

HUMA 205 Great American Films

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Variable.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

An exploration of American cinema from the silent film era to the present. A selection of classic films is viewed in class and then discussed in terms of content and cinematic technique. The course explores how the films viewed reflect themes in American culture.

HUMA 210 Introduction to Non-Western Civilization

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

An introduction to the civilizations of Africa, Asia, and other Non-Western regions. Vehicles for this course include the disciplines of history, anthropology, literature, religion, art, and sociology.

HUMA 243 Women's and Gender Studies in the Humanities

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

An introduction to the fields of women's and gender studies. Emphases include the representation of women and the LGBTQ+ community in fine arts, pop culture, athletics, and the entertainment media. A global and multicultural perspective is used to discuss issues of representation in the humanities as well as how the humanities are used as educational and activist tools.

Industrial Technology

INTE 126 Introduction to Manufacturing Systems

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: None.

Students will learn a broad range of modern manufacturing techniques utilized in industry. Among topics covered will be production methods utilizing a variety of materials including both ferrous and non-ferrous metals and plastics. Students will also learn assembly techniques needed for low and high-volume manufacturing and how these meet the requirements of industry. Other topics will include ethics, social and environmental responsibilities, the evolution of modern practices and methods, and the challenges to manufacturing industries competing in a global economy.

INTE 159 Hydraulics and Pneumatics

*3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Spring.
Prerequisite: None.*

This course consists of lectures and laboratory work emphasizing hydraulic and pneumatic principles in an industrial environment.

INTE 227 Industrial Robotics

*2 credit hours, 4 contact hours (Lecture: 1; Lab: 3); Semesters Offered: Fall, Spring, Summer.
Prerequisite: None.*

This course is designed and certified by FANUC Robotics as an introductory course in robot application, programming, and troubleshooting. Simple programs will be written and edited. Students will obtain hands-on experience with FANUC industrial robots and training simulators. Upon completion, students will receive FANUC Handling Tool Operations and Programming certification.

INTE 229 Industrial Robotics Vision

*1 credit hour, 2 contact hours (Lecture: 0; Lab: 2); Semesters Offered: Fall.
Prerequisite: Minimum grades of C in INTE 227.*

This course covers the basic tasks and procedures required to work with a vision system on an industrial robot. Topics include set up, teaching, testing, troubleshooting, and modifying vision applications. Upon completion, students will receive FANUC iRVision Operation and Programming certification.

INTE 237 Industrial Robotic Welding

*2 credit hours, 2 contact hours (Lecture: 1; Lab: 1); Semesters Offered: Spring.
Prerequisite: Minimum grade of C or better in WELD 159 and INTE 227. Additional Cost: \$100.00 Course Supplies and Materials Fee.*

This course covers the basic tasks and procedures required to program and setup welding operations on an industrial robot. Topics include set up, teaching, testing, troubleshooting, and modifying welding applications. Upon completion, students will receive FANUC ArcTool Operation and Programming certification.

INTE 245 Robot Integration and Automation

*2 credit hours, 4 contact hours (Lecture: 1; Lab: 3); Semesters Offered: Spring.
Prerequisite: Minimum grades of C in INTE 159, INTE 227 and ELEC 233.*

This course covers integration of industrial robots with PLCs, material handling equipment, and stand-alone equipment. Students will design an automated system that uses a robot in a work cell and program, debug, and troubleshoot the system.

INTE 255 Internship

*3 credit hours, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Fall, Spring, Summer.
Prerequisite: Completion of welding certificate; recommendation of program advisor.*

This is a capstone course in which the student searches independently, with assistance from the School of Business and Advanced Technology faculty, for a business or industry related to the program in which the student is enrolled to complete a minimum of 144 total hours of a specified project or objectives. The student will be placed, supervised, and evaluated under the direction of a college staff member to insure a meaningful internship experience. The student must meet with the Internship Coordinator prior to registering for this course. **This is an internship and, therefore, requires a final grade of C or better.**

Information Systems

ISYS 110 Introduction to Computer Technology

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.
Prerequisite: None. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.*

This course provides the student with an understanding of the basics of computing operations, key applications, and working in an online environment. More specifically, this course covers operating systems, word processing, spreadsheets, presentation software, electronic mail, networks, using the Internet, and the impact of computing and the Internet on society.

ISYS 115 Programming Logic and Design

*3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall.
Prerequisite: None.*

This is an introductory course in computer programming logic and design. The student will learn concepts applicable to all programming languages. Topics include data types, arrays, logic control structures, algorithms, structured programming methods, report generation, memory addressing schemes, functions, and modules. Students will learn to use charts commonly used in business and information processing. Program logic will be developed using flowcharts and pseudocode to create structured solutions to problems. Several integrated lab exercises will be completed using commercial development software.

ISYS 181 Spreadsheets

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring.
Prerequisite: None. Additional Cost: \$100.00 Certification Fee.*

Offers an introduction to spreadsheet design and application. The use and design of worksheets, templates, databases, charts, and macros will be emphasized to create easy-to-use customized applications. The student will develop a project for a business environment. Current versions of spreadsheet applications will be used. This leads to advanced certification.

ISYS 201 IT Support

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring.
Prerequisite: None. Additional Cost: \$115.00 Certification Fee.*

This course covers concepts of support of internal users and external customers. Students will learn self-management skills, communication skills, troubleshooting and problem-solving techniques and demonstrate an understanding of the roles and responsibilities of the support specialist. This course will introduce tools and techniques for incident tracking, asset management, and change management.

ISYS 207 Managing and Maintaining PCs

*4 credit hours, 5 contact hours (Lecture: 3; Lab: 2); Semesters Offered: Fall, Spring.
Prerequisite: None. Additional Cost: \$115.00 Certification Fee.*

Teaches students how to isolate and correct minimal hardware problems and is a survey of operating systems. Students will learn to install, use, and troubleshoot internal computer components and support operating systems. This class also provides information on how to maintain a healthy system through preventative maintenance and diagnostic testing. The intent of this course is to prepare students to become better PC support technicians in order to extend the operational life of the PC. This course leads to certification. This course requires students to take two third-party assessments.

ISYS 215 Selected Topics in Information Technology

*2 to 3 credit hours, 2 to 4 contact hours (Lecture: 2 to 4; Lab: 0 to 2); Semesters Offered: Variable.
Prerequisite: None.*

Various topics in computer information systems are addressed.

ISYS 229 Scripting Languages

*3 credits hours, 4 contact hours (Lecture 2; Lab 2); Semesters Offered: Spring
Prerequisite: None.*

Course introduces scripting languages, including Python, for network engineers. Topics include language syntax, functions definitions, and basic data collections. Students will use Python scripting languages to automate routing network configurations. Learners will write stand-alone programs to perform various tasks.

ISYS 255 Internship

*3 credit hours, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Fall, Spring, Summer.
Prerequisite: Minimum grade of C in ISYS 281. Permission of the Department Chair.*

This is a capstone course in which the student searches independently, with assistance from the School of Business faculty, for a business or industry related to the program in which the student is enrolled to complete 144 hours of a specified project or objectives. Once the student has secured a site, the student will be supervised and evaluated under the direction of a college staff member to ensure a meaningful internship experience. The student must meet with the Internship Coordinator prior to registering for this course. **This is an internship and, therefore, requires a final grade of C or better.**

ISYS 271 Networking Essentials

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in ISYS 207. Concurrent enrollment allowed. Additional Cost: \$173.00 Certification Fee.

Covers the overall physical layouts of various types of local area networks. It will provide information and discussion of network operating systems, file servers, workstations, network topologies, protocols, cabling, network applications, and current topics related to networks. This course requires students to take a third-party assessment. There will be an additional charge for the exam.

ISYS 272 Configuring Windows Devices

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in ISYS 281.

This course provides students with the skills and knowledge needed to plan, design, and implement a Windows desktop infrastructure. The course provides guidance on planning and deploying desktops by using several technologies such as User State Migration Tool (USMT), Microsoft Deployment Toolkit (MDT), Virtual Desktop Infrastructure (VDI), and more. Additionally, the course describes how to protect desktops and monitor their health and performance.

ISYS 281 Installing Windows Server

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ISYS 207 and ISYS 271.

Introduces students to Windows Server. Students will learn to use Windows commands and utilities to manage a single server network. This course will include hands-on experience to familiarize students with basic installation and administration of Windows Server. This course requires students to take a third-party assessment.

ISYS 282 LINUX

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: None. Additional Cost: \$175.00 Certification Fee.

UNIX is considered the operating system of the web. This course will cover basics of UNIX concepts, architecture, and administration. Students will develop applications using file processing, shell programming, UNIX utilities, and other UNIX applications. Current versions of UNIX or Linux will be used.

ISYS 283 Administering Windows Server

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in ISYS 281.

Students taking this course will learn how to set up, configure, and maintain a Windows Server Infrastructure. Topics covered include administering, diagnosing, and troubleshooting, Directory Services, DHCP, DNS, network security, outing and remote access, and system performance. This course leads to certification. This course requires students to take a third-party assessment.

ISYS 284 Advanced Windows Server

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in ISYS 281.

This course teaches the student skills and knowledge necessary to perform advanced management and provisioning of services within the Windows 2012 environment.

ISYS 285 Network Security

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in ISYS 271. Concurrent enrollment allowed. Additional Cost: \$255.00 Certification Fee.

This course will provide a comprehensive overview of network security. This course is mapped to Comp TIA's Security+ Certification exam. This course will cover general security concepts, communication security, infrastructure security, cryptography, and operational/ organizational security. This course requires students to take a third-party assessment. There will be an additional charge for the exam.

ISYS 288 CISCO Routers and Switches

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in ISYS 271. Additional Cost: \$310.00 Certification Fee.

This course is a comprehensive guide for anyone wishing to obtain a solid background in basic CISCO networking concepts. Students are first introduced to theory-based concepts, which are followed up with practical hands-on labs. Students learn skills to configure, install, and troubleshoot CISCO routers and switches.

ISYS 290 Systems Analysis

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in ISYS 110 and ISYS 207.

An examination of business operations concerned with the design and maintenance of forms, records, and office systems to include study of input/output systems, work flow planning, office layout, work measurement, and types of business procedure specifications. Information retrieval research will also be included. Basic tools of system analysis are introduced such as the systems flowchart, decision tables, GANTT charts, and Dataflow diagrams.

ISYS 295 Cybersecurity Analysis

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in ISYS 285. Additional Cost: \$247.00 Certification Fee.

Learners taking this course will be taught how to master intermediate-level cybersecurity skills and knowledge. This course will show students how to configure and manage network threat detection tools. Learners will also acquire skills to perform data analysis, and interpret the results to identify vulnerabilities, address threats, and mitigate risks to an organization's data, applications, and digital infrastructure. This course maps to CompTIA's CySA+ Certification exam objectives.

Mathematics

MATH 114 Algebraic Essentials

4 credit hours, 4 contact hours (Lecture 4; Lab 0); Semesters Offered: Fall, Spring, Summer
Prerequisite: Satisfactory Math test score (Level 1 or higher).

Provides an introduction to one and two variable algebraic equations; linear inequalities; graphing with the rectangular coordinate system; polynomial operations; variation; factoring; an introduction to functions; and solving linear equations, systems of linear equations, and quadratic equations. A review of pre-algebra concepts is included. **If simultaneously enrolled in MATH 114C, discontinuation of this course means automatic discontinuation from MATH 114C.**

MATH 114C Foundations of Algebraic Essentials

1 credit hour, 1 contact hour (Lecture 0; Lab 1); Semesters Offered: Fall, Spring, Summer
Prerequisite: None. Concurrent enrollment in MATH 114 required.

Provides structured support for students concurrently enrolled in MATH 114. Additional problem-solving methods, concept review, and individualized attention will be provided to contribute to successful learning of algebraic essentials content.

MATH 127 College Algebra

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall, Spring, Summer.
Prerequisite: Minimum grade of B- in MATH 114, satisfactory Math test score (Level 3 or higher), or concurrent enrollment in MATH 127C.

Provides a study of polynomial, quadratic, radical, rational, exponential, and logarithmic functions, their graphs and applications; inverse functions; graph transformations; a review of linear equations and inequalities; systems of linear equations; and an introduction to the theory of equations and complex numbers. **If simultaneously enrolled in MATH 127C, discontinuation of this course means automatic discontinuation from MATH 127C.**

MATH 127C Foundations of College Algebra

2 credit hours, 2 contact hours (Lecture 0; Lab 2); Semesters Offered: Fall, Spring, Summer
Prerequisite: Minimum grade of C in MATH 114 or satisfactory Math test score (Level 2 or higher). Concurrent enrollment in MATH 127 required.

Provides structured support for students concurrently enrolled in MATH 127. Additional problem-solving methods, concept review, and individualized attention will be provided to contribute to successful learning of college algebra content.

MATH 128 Contemporary Mathematics

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in AUTO 113, CONS 113, or WELD 113, satisfactory Math test score (Level 3 or higher), or concurrent enrollment in MATH 128C.

Provides the non-science major with an introduction to ideas and applications of topics in traditional and modern mathematics. Explores the nature of problem solving, logic, numeration systems, the history of mathematics, real numbers, classical and modern geometry, applications of algebra and geometry, finance, and probability and statistics. Recommended for the Arts/Humanities and Communications pathways. **If simultaneously enrolled in MATH 128C, discontinuation of this course means automatic discontinuation from MATH 128C.**

MATH 128C Foundations of Contemporary Mathematics

2 credit hours, 2 contact hours (Lecture 0; Lab 2); Semesters Offered: Fall, Spring, Summer

Prerequisite: None. Concurrent enrollment in MATH 128 required.

Provides structured support for students concurrently enrolled in MATH 128. Additional problem-solving methods, concept review, and individualized attention will be provided to contribute to successful learning of contemporary mathematics content.

MATH 129 Finite Mathematics with College Algebra

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in MATH 127, 150 or satisfactory Math test score (Level 4 or higher).

Provides Computer Information Systems and Business curricula with a survey of set theory, graphing, linear equation systems, matrices, linear programming, permutations and combinations, and probability with particular attention to applications in the area of business.

MATH 130 Precalculus Mathematics

5 credit hours, 5 contact hours (Lecture: 5; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in MATH 127 or satisfactory Math test score (Level 4 or higher).

Provides a review of the fundamentals of algebra, analytic geometry, and complex numbers. Emphasizes advanced algebra topics, trigonometry, and calculus-oriented concepts including a study of linear, polynomial, exponential, logarithmic, and trigonometric functions, their graphs, and applications. Other topics include systems of equations, matrix algebra, sequences, and series.

MATH 141 Analytical Geometry and Calculus 1

5 credit hours, 5 contact hours (Lecture: 5; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in MATH 130 or satisfactory Math test score (Level 5). Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Provides an introduction to functions, limits and continuity, differentiation of algebraic and transcendental functions, applications of derivatives, definite and indefinite integrals, and the fundamental theorem of calculus.

MATH 142 Analytical Geometry and Calculus 2

5 credit hours, 5 contact hours (Lecture: 5; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in MATH 141. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Provides a study of techniques of integration, applications of integrals, improper integrals, parametric equations, polar coordinates, sequences, and series.

MATH 150 Statistics

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Satisfactory Math test score (Level 3 or higher) or concurrent enrollment in MATH 150C. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

This is an introductory course in concepts and methods of statistics with an emphasis on statistical literacy and thinking. Topics include methods of data collection, graphical and numerical descriptive statistics, basic concepts of probability, binomial probability distributions, normal probability distributions, central tendency, confidence intervals and hypothesis tests for proportions, means and standard deviations, correlation and regression, contingency tables, and analysis of variance. **If simultaneously enrolled in MATH 150C, discontinuation of this course means automatic discontinuation from MATH 150C.**

MATH 150C Foundations of Statistics

*2 credit hours, 2 contact hours (Lecture 0; Lab 2); Semesters Offered: Fall, Spring, Summer
Prerequisite: None. Concurrent enrollment in MATH 150 required.*

Provides structured support for students concurrently enrolled in MATH 150. Additional problem-solving methods, concept review, and individualized attention will be provided to contribute to successful learning of statistics content.

MATH 153 Mathematics for Elementary Teachers 1

*4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in MATH 128 or satisfactory Math test score (Level 3 or higher).*

Provides the elementary teacher with a minimum foundation in the structure of arithmetic. Includes problem-solving techniques; sets, relations, and bases; and the properties of natural numbers, integers, rational, and real numbers. Includes selected topics in number theory and algebra.

MATH 154 Mathematics for Elementary Teachers 2

*4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in MATH 153 or permission of the appropriate Dean.*

Analyzes geometric figures in the plane and space, including investigations into their transformations and symmetries. Considers fundamental concepts in measurement and construction. Emphasizes active participation in discovering and communicating mathematical ideas and an introduction to probability and statistics.

MATH 201 Calculus 3

*5 credit hours, 5 contact hours (Lecture: 5; Lab: 0); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in MATH 142.*

Provides a study of vector algebra, vector functions and their derivatives, partial derivatives, multiple integrals, and line integrals. Presents selected topics in vector analysis.

MATH 203 Introduction to Linear Algebra

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Variable.
Prerequisite: Minimum grade of C in MATH 141 or permission of the appropriate Dean.*

Provides a study of systems of linear equations and matrices, determinants, vector spaces, subspaces, basis and dimension, linear transformations, and eigenvalues and eigenvectors.

MATH 205 Differential Equations and Linear Algebra

*4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in MATH 142.*

Provides a study of ordinary differential equations, initial value problems, and linear algebra. Topics include techniques for solving first and second order equations, numerical methods, Laplace transforms, matrix algebra, eigenvalues and eigenvectors, linear independence, vector spaces, solution of systems of linear algebraic and differential equations, applications, and existence and uniqueness theorems.

Medical Assisting

MEDA 210 Medical Assistant Clinical Procedures

*5 credit hours, 6 contact hours (Lecture: 4; Lab: 2); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution. Additional Cost: \$647.00 Course Fee.*

This course presents theoretical material and clinical skills necessary for the medical assistant in the performance of their role. It includes the theory and clinical skills related to: asepsis, vital signs, history and physical assessment, physical therapy, and other technical skills needed to assist the physician in the clinical setting. **This course requires a final grade of C or better.**

MEDA 211 Medical Assistant Pharmacology

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C or better in BIOL 110 and HEED 101. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution. Additional Cost: \$305.00 Course Fee.

This course discusses the basic principles of pharmacology. Emphasis is placed on drug classifications, use of those drugs, routes of administration, dosages, interactions, incompatibilities, and side effects. A lab component will cover various techniques of medication administration. **This course requires a final grade of C or better.**

MEDA 212 Diagnostic and Lab Procedures

4 credit hours, 5 contact hours (Lecture: 3; Lab: 2); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C or better in BIOL 110 and HEED 101. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution. Additional Cost: \$406.00 Course Fee.

This course prepares the student to perform basic laboratory and diagnostic procedures, including preparation of patients, appropriate set up for various procedures, collecting and preparing appropriate specimens, and expected norms of laboratory test results. This course includes safety and quality control standards. **This course requires a final grade of C or better.**

MEDA 220 Medical Office Administration

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C or better in HEED 101. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution. Additional Cost: \$305.00 Course Fee.

This course provides an understanding of the administrative duties of the medical assistant in a medical office or clinic. This course helps in the development of communication skills in the medical setting and the role of the medical assistant as a member of the health care team. Included is instruction in medical correspondence and records filing, telephone procedures, appointment scheduling, receptionist duties, and general office management. **This course requires a final grade of C or better.**

MEDA 221 Insurance Claims Processing

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C or better in HEED 101. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution. Additional Cost: \$444.00 Course Fee.

This course provides an overview of the different types of medical insurance and the methods of handling the various types of insurance forms as they apply to the medical office or clinic. **This course requires a final grade of C or better.**

MEDA 240 Medical Assistant Clinical Internship

3 credit hours, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Fall, Spring, Summer.

*Prerequisite: Minimum grade of C in MEDA 210, MEDA 211, and MEDA 212. Permission of the Dean.
Additional Cost: \$95.00 Background, Drug Screening, and Malpractice Insurance Fee.*

This is a capstone course for the Medical Assisting program. This internship provides the student with the opportunity to observe and perform various clinical competencies under the supervision of a preceptor. This learning experience will be scheduled in physician's offices, clinics, or hospitals. The student will complete 48 hours per credit hour (144 clock hours) in the virtual or clinical setting. Student will study for the clinical portion of the Registered Medical Assistant (RMA) exam. The student is asked to meet with the Lead Faculty for the Medical Assisting Program prior to registering for this course. **This is an internship and, therefore, requires a final grade of C or better.**

MEDA 245 Medical Assisting Internship

4 credit hours, 4 contact hours (Lecture: 0; Lab: 4); Semesters Offered: Summer.

Prerequisite: Minimum grade of C or better in MEDA 210, MEDA 211, MEDA 212, MEDA 220, and MEDA 221. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution. Additional Cost: \$545.00 Course Fee; \$95.00 Background, Drug Screening, and Malpractice Insurance Fee.

The Medical Assisting Internship provides the student with the opportunity to observe and perform various clinical and administrative competencies under the supervision of a preceptor. This is a practical skill learning experience, and it will be scheduled in a physician's office or clinic. This is an unpaid clinical and administrative practicum. The student will complete 48 hours per credit hour (192 clock hours) in a virtual or clinical setting. Students will study for the certification exam. The student is asked to meet face-to-face or virtually with the Program Director/Lead Faculty for the Medical Assisting Certificate Program prior to registering for this course. **This is an internship and, therefore, requires a final grade of C or better.**

MEDA 250 Medical Assistant Administration Internship

3 credit hours, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in MEDA 220 and MEDA 221. Permission of the Dean. Additional Cost: \$15.00 Malpractice Insurance Fee.

This is a capstone course for the Medical Assisting Program. This internship provides the student with the opportunity to observe and perform various office related competencies under the supervision of a preceptor. This learning experience will be scheduled in physician's offices or clinics. The student will complete 48 hours per credit hour (144 clock hours) in the virtual or medical/clinic setting. Students will study for the administrative portion of the Registered Medical Assistant (RMA) exam. The student is asked to meet with the Lead Faculty of the Medical Assisting Program prior to registering for this course. **This is an internship and, therefore, requires a final grade of C or better.**

MEDA 251 Medical Assistant Seminar

1 credit hour, 1 contact hour (Lecture: 0; Lab: 1); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C or better in MEDA 210, MEDA 211, MEDA 212, MEDA 220, MEDA 221, and MEDA 245.

Concurrent enrollment in MEDA 245 allowed. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution. Additional Cost: \$101.00 Course Fee.

This course will cover current and relevant topics in medical assisting. Examples of current topics to be discussed are: professionalism, patient-centered medical homes, and studying and taking a practice Registered Medical Assistant Exam. **This is a capstone course and, therefore, requires a final grade of C or better.**

MRI Technology

MRI 200 Professional Prospectus

1 credit hour, 1 contact hour (Lecture: 1; Lab: 0); Semesters Offered: Summer.

Prerequisite: Formal admission to the MRI program is required. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course serves to orientate the MRI student to the profession of medical imaging. Students will explore the integration of MRI within the encompassing health care system. The evolution of MRI as a profession will be investigated with students classifying the various organizations and agencies that drive the development and continuing education of the MRI technologist's role and responsibilities. **This course requires a final grade of C or better.**

MRI 201 Computer Applications in Medical Imaging

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Formal admission to the MRI Program required. Minimum grade of C in MRI 200, MRI 241, and MRI 260. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course serves to provide the MRI student with a basic understanding of computer applications. Students will explore the components, principles, and operation of digital imaging systems, image data management, and data manipulation as it relates to the imaging department. Students will also explore the basic concepts of patient information management including medical record concerns, patient privacy, and regulatory issues. **This course requires a final grade of C or better.**

MRI 220 MRI Physics 1

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Formal admission to the MRI program is required. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This is the first in a series of two courses that provide the MRI student with a basic foundation of MRI physics. Students will explore the properties of atoms and their interactions within the magnetic field. Emphasis will be placed on the basic principles of MRI, data acquisition, and tissues characteristics in image formation. **This course requires a final grade of C or better.**

MRI 222 MRI Physics 2

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Formal admission to the MRI program is required. Minimum grade of C in MRI 201, MRI 220, MRI 230, and MRI 261.

Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This is the final physics course in a series of two. The course content is a continuation of Physics 1 concepts including pulse sequencing, applications, coil selection as it relates to scan selection, calculation of scan times, scan parameters, and imaging factors. Emphasis will be placed on the topics of gradient echoes, cardiac imaging, magnetic resonance angiography, diffusion, perfusion, and spectroscopy. **This course requires a final grade of C or better.**

MRI 230 MRI Procedures and Pathophysiology 1

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Formal admission to the MRI program is required. Minimum grade of C in BIOL 215, MRI 200, MRI 241, and MRI 260. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This is the first in a series of two courses that will provide the student with considerations related to routine imaging techniques of the central nervous system (CNS) and musculoskeletal system (MSK). Students will explore the signal characteristics of normal anatomy and compare it to common pathologies. Emphasis will be placed on tissue characteristics, protocol options, and positioning considerations. **This course requires a final grade of C or better.**

MRI 232 MRI Procedures and Pathophysiology 2

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Formal admission to the MRI program is required. Minimum grade of C in MRI 201, MRI 220, MRI 230, and MRI 261.

Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This is the final procedures and pathophysiology course in a series of two that will provide the student with considerations related to routine imaging techniques related to the abdomen and pelvis and special imaging techniques. Students will explore the signal characteristics of normal anatomy and compare it to common pathologies. Emphasis will be placed on tissue characteristics, protocol options, and positioning considerations. **This course requires a final grade of C or better.**

MRI 240 MRI Image Analysis

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Formal admission to the MRI program is required. Minimum grade of C in MRI 201, MRI 220, MRI 230, and MRI 261.

Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course provides the MRI student with the critical assessment skills necessary to recognize and identify pathology and artifacts. Students will explore the necessary parameter adjustments for differential diagnosis. Emphasis will be placed on quality control procedures, image post-processing, and image archiving. **This course requires a final grade of C or better.**

MRI 241 Applied Sectional Anatomy

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Summer.

Prerequisite: Formal admission to the MRI program is required. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course is a study of human anatomy as seen in multiple planes. Students will review the gross anatomy of the entire body and identify anatomic structures in the axial, sagittal, coronal, and orthogonal planes. Emphasis will be applied to the appearance characteristics of each structure as seen on illustrations and photographic images correlated with magnetic resonance (MR) and computer tomography (CT). **This course requires a final grade of C or better.**

MRI 260 Pre-Clinical Preparation

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Summer.

Prerequisite: Formal admission to the MRI program is required. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course prepares the MRI student for safe participation in clinical education within the MRI environment. Students will explore and discuss the importance of MRI safety and patient assessment. While most of the course is delivered online, students will practice and master various safety procedures in a face-to-face workshop setting. **This course requires a final grade of C or better.**

MRI 261 Clinical Practice 1

3 credit hours, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Fall.

Prerequisite: Formal admission to the MRI program is required. Minimum grade of C in MRI 200, MRI 241, and MRI 260. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This is the first in a series of three clinical courses that provides the necessary supervised clinical education needed for the MRI student to competently apply basic protocols, recognize when to appropriately alter the standard protocol, and recognize equipment and patient considerations that affect image quality. Emphasis will be placed on patient safety and comfort while professional values, attitudes, and behaviors are upheld. **This course requires a final grade of C or better.**

MRI 262 Clinical Practice 2

3 credit hours, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Spring.

Prerequisite: Formal admission to the MRI program is required. Minimum grade of C in MRI 201, MRI 220, MRI 230, and MRI 261. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This is the second in a series of three clinical courses that provides the necessary supervised clinical education needed for the MRI student to competently apply basic protocols, recognize when to appropriately alter the standard protocol, and recognize equipment and patient considerations that affect image quality. Emphasis will be placed on patient safety and comfort while professional values, attitudes, and behaviors are upheld. **This course requires a final grade of C or better.**

MRI 263 Clinical Practice 3

3 credit hours, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Summer.

Prerequisite: Formal admission to the MRI program is required. Minimum grade of C in MRI 222, MRI 232, MRI 240, and MRI 262. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This is the final clinical course in a series of three that provides the necessary supervised clinical education needed to complete all remaining competencies required by the American Registry of Radiologic Technologists (ARRT) following the primary pathway requirements. Emphasis will be placed on patient safety and comfort while professional values, attitudes, and behaviors are upheld. **This course requires a final grade of C or better.**

MRI 295 MRI Certification Exam Prep

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Summer.

Prerequisite: Formal admission to the MRI program is required. Minimum grade of C in MRI 222, MRI 232, MRI 240, and MRI 262. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course provides the student with instructional review and a self-examination process as preparation for the certification exam in MRI. Discussions will focus on the four content specifications for examination in magnetic resonance as outlined in the American Registry of Radiologic Technology (ARRT) primary pathway certification handbook. Students will have the opportunity to participate in an 8-hour registry review seminar. **This course requires a final grade of C or better.**

Music

MUSI 101 Music Theory 1

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: None.

Provides the student with a basic foundation in musical skills: reading and writing of pitch and rhythmic notation, scales, key signatures, and triadic structures. A student enrolling in this class must have a basic knowledge of musical notation. Concurrent enrollment in MUSI 105 required for music majors.

MUSI 102 Music Theory 2

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in MUSI 101 or permission of the appropriate Dean.*

A study of the basic harmonic materials of 18th century Western Europe. Emphasis is placed on harmonic analysis, part writing, and harmonizing simple melodies. Some piano skills are required. Concurrent enrollment in MUSI 106 required for music majors.

MUSI 105 Aural Skills 1

*1 credit hour, 2 contact hours (Lecture: 1; Lab: 1); Semesters Offered: Fall.
Prerequisite: None; concurrent enrollment in MUSI 101 required.*

Skills covered include aural recognition, writing, and singing of scales, intervals, triads, and elementary rhythms.

MUSI 106 Aural Skills 2

*1 credit hour, 2 contact hours (Lecture: 1; Lab: 1); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in MUSI 105 or permission of the appropriate Dean. Concurrent enrollment in MUSI 102 required.*

Continuation of MUSI 105. Intermediate rhythms, triad inversions, and harmonic dictation are introduced.

MUSI 110 Music Appreciation

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Variable.
Prerequisite: None.*

An introductory course covering significant aspects of music history and music repertoire of the Western European tradition. Music of non-Western traditions is also outlined. Fundamental knowledge through guided listening and descriptive analysis is stressed. No musical background is necessary to take this course.

MUSI 113 Jazz Ensemble

*1 credit hour, 2 contact hours (Lecture: 0; Lab: 2); Semesters Offered: Fall, Spring.
Prerequisite: Audition required; concurrent enrollment in either enrichment or credit-bearing Symphonic Band is required with limited director-approved exceptions.*

Open to students who wish to study and perform works in a wide variety of jazz and pop styles. The ensemble utilizes the standard 18-member "Big Band" instrumentation. Sight-reading abilities are required. This group performs both on and off campus. The Jazz Ensemble is a primary touring ensemble for SMC. Audition required.

MUSI 116 Symphonic Band

*1 credit hour, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Fall, Spring.
Prerequisite: A minimum of four years of previous experience in a traditional wind ensemble/concert band setting is required. Exceptions to be granted with approval of the director.*

Open to students who wish to study and perform a wide variety of wind band literature. The Symphonic Band gives two performances each semester and performs at the college's Commencement Ceremony each summer. Audition or permission of instructor is required. Sight-reading abilities are required, and a minimum of four years of previous experience in a wind band (concert band) is expected.

MUSI 118 Concert Choir

*1 credit hour, 2 contact hours (Lecture: 0; Lab: 2); Semesters Offered: Fall, Spring.
Prerequisite: Audition or recommendation from Director of Choral Activities. The ability to match pitch is required. Previous choral experience is preferred.*

Concert Choir is a large, select choral ensemble, open to all students and community members. It is designed for individuals who wish to give serious study to choral music. Concert Choir performs standard choral repertoire from a variety of musical style periods. The ability to read music is encouraged. This group may be called upon to furnish music at graduation and other functions on and off campus. Repertoire includes one or more major choral works per year.

MUSI 122 Show Choir

1 credit hour, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Fall, Spring.

Prerequisite: Audition required. Concurrent enrollment in Concert Choir (MUSI 118) is required.

A restricted-entry, top level music ensemble which requires advanced skills in singing, dancing, microphone technique, and stage presence. Sight-reading skills are necessary, and an advanced level of musicianship is required. Ensemble members will be required to participate in performances on and off campus, including performing arts tour. Literature features music from jazz, Broadway, and pop genres. This choir is a primary touring ensemble for SMC.

MUSI 123 Chamber Singers

2 credit hours, 3 contact hours (Lecture: 1; Lab: 2); Semesters Offered: Fall, Spring.

Prerequisite: Audition required; concurrent enrollment in Concert Choir (MUSI 118) is required and Applied Music, Music Theory, and Aural Skills are recommended.

This is a highly select vocal ensemble. It is geared for singers with advanced vocal technique and music reading abilities. Ensemble members will be required to participate in performances on and off campus, including tour. This ensemble will perform chamber literature from all stylistic periods, with an emphasis on literature performed acapella. This choir is a primary touring ensemble for SMC.

MUSI 125 Men's Ensemble

1 credit hour, 2 contact hours (Lecture: 0; Lab: 2); Semesters Offered: Fall, Spring.

Prerequisite: Audition required.

The SMC Men's Ensemble is a select choral ensemble, open to all students and community members. The choir performs standard choral repertoire from a variety of musical and historical periods. Performances include on and off campus concerts.

MUSI 141 Class Piano

1 credit hour, 2 contact hours (Lecture: 0; Lab: 2); Semesters Offered: Fall.

Prerequisite: None.

An introduction to basic skills and techniques involved with playing the piano. Note-reading, scales, arpeggios, and basic literature will be components of the course. Group instruction (classroom format) is used in place of the one-on-one format of private instruction.

MUSI 142 Applied Music 1

0.5 credit hour, 0.5 contact hour (Lecture: 0; Lab: 0.5); Semesters Offered: Fall, Spring.

Prerequisite: None. Additional Cost: \$140.00 Private Lesson Fee.

There will be one lesson per week for the semester. Applied music (private instruction) is available for beginning through advanced students. Applied music at each level may be taken for credit up to two semesters. Students will make arrangements with full-time music faculty before the beginning of the semester to ensure proper placement.

MUSI 143 Applied Music 2

0.5 credit hour, 0.5 contact hour (Lecture: 0; Lab: 0.5); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in MUSI 142. Additional Cost: \$140.00 Private Lesson Fee.

There will be one lesson per week for the semester. Lessons are one half hour each week for 14 weeks. Applied music (private instruction) is available for beginning through advanced students. Applied music at each level may be taken for credit up to two semesters. Students will make arrangements with full-time music faculty before the beginning of the semester to ensure proper placement.

MUSI 201 Music Theory 3

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in MUSI 102.

A study of the evolution of harmonic and melodic materials in Western Europe from the late 16th century through the 18th century. Emphasis is placed on analysis of music composed during this period, as well as short composition assignments. Concurrent enrollment in MUSI 205 required for music majors.

MUSI 202 Music Theory 4

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in MUSI 201.*

A study of the evolution of harmonic and melodic materials traced through the 20th century. Emphasis is placed on analysis of music composed during the 19th and 20th centuries in Western Europe and the United States. Short composition assignments will also be required. Concurrent enrollment in MUSI 206 required for music majors.

MUSI 203 Music History 1

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in MUSI 102.*

A study of the history of music in Western Civilization from Antiquity through the Baroque Era. Significant emphasis is on the development of styles, compositional forms, notation, and scales, as well as social, cultural, political, and economic influences.

MUSI 204 Music History 2

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in MUSI 102.*

A study of the history of music in Western Civilization from the late Baroque Era to Contemporary time. Significant emphasis is on the development of styles, compositional forms, notation, and scales, as well as social, cultural, political, and economic influences.

MUSI 205 Aural Skills 3

*1 credit hour, 2 contact hours (Lecture: 1; Lab: 1); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in MUSI 106. Concurrent enrollment in MUSI 201 is required.*

Continuation of MUSI 106. Two-part melodic dictation and sight-singing, intermediate harmonic dictation including modulation, and more advanced rhythms are introduced.

MUSI 206 Aural Skills 4

*1 credit hour, 2 contact hours (Lecture: 1; Lab: 1); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in MUSI 205. Concurrent enrollment in MUSI 202 required.*

Continuation of MUSI 205. Three- and four-part melodic dictation, atonal melodic sight-singing and dictation, chromatic harmonies, and advanced rhythms are introduced.

MUSI 213 Jazz Ensemble 2

*1 credit hour, 2 contact hours (Lecture: 0; Lab: 2); Semesters Offered: Fall, Spring.
Prerequisite: Audition required. Minimum grade of C in MUSI 113. Concurrent enrollment in either enrichment or credit-bearing Symphonic Band is required with limited director-approved exceptions.*

Open to students who wish to study and perform works in a wide variety of jazz and pop styles. The ensemble utilizes the standard 18-member "Big Band" instrumentation. Sight-reading abilities are required. This group performs both on and off campus. The Jazz Ensemble is a primary touring ensemble for SMC.

MUSI 214 Jazz Ensemble 3

*1 credit hour, 2 contact hours (Lecture: 0; Lab: 2); Semesters Offered: Fall, Spring.
Prerequisite: Audition required; minimum grade of C in MUSI 213.*

Open to students who wish to study and perform works in a wide variety of jazz and pop styles. The ensemble utilizes the standard 18 member "Big Band" instrumentation. Sight reading abilities are required. This group performs both on and off campus. The Jazz Ensemble is a primary touring ensemble for SMC.

MUSI 216 Symphonic Band 2

1 credit hour, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in MUSI 116. A minimum of four years of previous experience in a traditional wind ensemble/concert band setting is required. Exceptions to be granted with the approval of the director.

Open to students and community members who wish to study and perform a wide variety of wind band literature. The Symphonic Band gives two performances and performs at the college's Commencement Ceremony each summer. Audition or permission of instructor required. Sight-reading abilities are required, and a minimum of four years of previous experience in a wind band (concert band) is expected.

MUSI 217 Symphonic Band 3

1 credit hour, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in MUSI 216. A minimum of four years of previous experience in a traditional wind ensemble/concert band setting is required. Exceptions to be granted with the approval of the director.

Open to students and community members who wish to study and perform a wide variety of wind band literature. The Symphonic Band gives two performances and performs at the college's Commencement Ceremony each summer. Audition or permission of instructor required. Sight reading abilities are required, and a minimum of four years of previous experience in a wind band (concert band) is expected.

MUSI 218 Concert Choir 2

1 credit hour, 2 contact hours (Lecture: 0; Lab: 2); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in MUSI 118. The ability to match pitch is required. Previous choral experience is preferred.

The SMC Concert Choir is a select choral ensemble, open to all students and community members. The choir performs standard choral repertoire from a variety of musical and historical periods. Performances include on and off campus concerts.

MUSI 219 Concert Choir 3

1 credit hour, 2 contact hours (Lecture: 0; Lab: 2); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in MUSI 218. The ability to match pitch is required. Previous choral experience is preferred.

The SMC Concert Choir is a select choral ensemble, open to all students and community members. The choir performs standard choral repertoire from a variety of musical and historical periods. Performances include on and off campus concerts.

MUSI 223 Chamber Singers 2

2 credit hours, 3 contact hours (Lecture: 1; Lab: 2); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in MUSI 123.

This is a highly select vocal ensemble. It is geared for singers with advanced vocal technique and music reading abilities. Ensemble members will be required to participate in performances on and off campus, including tour. This ensemble will perform chamber literature from all stylistic periods, with an emphasis on literature performed a cappella. This choir is a primary touring ensemble for SMC.

MUSI 224 Chamber Singers 3

2 credit hours, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in MUSI 223.

This is a highly select vocal ensemble. It is geared for singers with advanced vocal technique and music reading abilities. Ensemble members will be required to participate in performances on and off campus, including tour. This ensemble will perform chamber literature from all stylistic periods, with an emphasis on literature performed a cappella. This choir is a primary touring ensemble for SMC.

MUSI 225 Men's Ensemble 2

1 credit hour, 2 contact hours (Lecture: 0; Lab: 2); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in MUSI 125.

The SMC Men's Ensemble is a select choral ensemble, open to all students and community members. The choir performs standard choral repertoire from a variety of musical and historical periods. Performances include on and off campus concerts.

MUSI 226 Men's Ensemble 3

*1 credit hour, 2 contact hours (Lecture: 0; Lab: 2); Semesters Offered: Fall, Spring.
Prerequisite: Minimum grade of C in MUSI 225.*

The SMC Men's Ensemble is a select choral ensemble, open to all students and community members. The choir performs standard choral repertoire from a variety of musical and historical periods. Performances include on and off campus concerts.

MUSI 240 Music for the Classroom Teacher

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Variable.
Prerequisite: None.*

Designed for elementary education students without regard to previous musical training. Students are prepared to use music functionally and developmentally in the elementary classroom through singing, through playing the piano and informal instruments, and through responding to music rhythmically. Creative aspects and values of music are emphasized, and materials are studied in relation to their future uses in the classroom.

MUSI 241 Class Piano 2

*1 credit hours, 2 contact hours (Lecture: 0; Lab: 2); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in MUSI 141 or permission of the Dean.*

Class Piano 2 is a continuation of MUSI 141 (Class Piano 1) and builds upon the basic skills and techniques learned in the introductory course. Music literacy, scales, arpeggios, and the performance of beginner-intermediate keyboard literature will be the foundational components of the course. Group instruction is used as a primary mode of instruction.

MUSI 251 Applied Music 3

*1 credit hour, 1 contact hour (Lecture: 0; Lab: 1); Semesters Offered: Fall, Spring.
Prerequisite: None. Additional Cost: \$280.00 Private Lesson Fee.*

There will be one lesson per week for the semester. Applied music (private instruction) is available for beginning through advanced students. Applied Music at the 200 level is required for Music majors on their major instrument or voice. Applied music at each level may be taken for credit up to two semesters. Students will make arrangements with full-time music faculty before the beginning of the semester to ensure proper placement.

MUSI 252 Applied Music 4

*1 credit hour, 1 contact hour (Lecture: 0; Lab: 1); Semesters Offered: Fall, Spring.
Prerequisite: Minimum grade of C in MUSI 251. Additional Cost: \$280.00 Private Lesson Fee.*

There will be one lesson per week for the semester. Applied music (private instruction) is available for beginning through advanced students. Applied Music at the 200 level is required for Music majors on their major instrument or voice. Applied music at each level may be taken for credit up to two semesters. Students will make arrangements with full-time music faculty before the beginning of the semester to ensure proper placement.

MUSI 253 Applied Music 5

*1 credit hour, 1 contact hour (Lecture: 0; Lab: 1); Semesters Offered: Fall, Spring.
Prerequisite: Minimum grade of C in MUSI 252. Additional Cost: \$280.00 Private Lesson Fee.*

There will be one lesson per week for the semester. Applied music (private instruction) is available for beginning through advanced students. Applied Music at the 200 level is required for Music majors on their major instrument or voice. Applied music at each level may be taken for credit up to two semesters. Students will make arrangements with full-time music faculty before the beginning of the semester to ensure proper placement.

MUSI 299 Independent Study in Music

*1 to 4 credit hours, 1 to 4 contact hours (Lecture: 1 to 4; Lab: 0); Semesters Offered: Variable.
Prerequisite: Permission of the Dean.*

This course is designed for students who have completed all available courses in this subject area or who have a special interest in this subject area outside of the regular curriculum.

Neurodiagnostic Technology

NDXT 100 Neuroanatomy and Physiology

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Formal admission to the Neurodiagnostic Technology (EEG) program required. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course provides an introduction to neuroanatomy and physiology necessary for working in the diverse field of Neurodiagnostics. Students will discuss the structures and functions of the nervous system. Topics include the central nervous system, peripheral nervous system, and blood supply. **This course requires a final grade of C or better.**

NDXT 101 Introduction to Neurodiagnostic Procedures

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Formal admission to the Neurodiagnostic Technology (EEG) program required. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course provides an introduction to the routine Neurodiagnostic testing procedures performed. Students will discuss the Scope of Practice specific to the neurodiagnostic technologist. Topics will include medical terminology, diagnostic procedures, and common neurological disorders. **This course requires a final grade of C or better.**

NDXT 102 EEG Applications

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Formal admission to the Neurodiagnostic Technology (EEG) program required. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course provides the basic skills necessary to accurately measure and apply electrodes. Students will discuss the standards for electrode placement based on the International 10-20 System of Electrode Placement. Topics will include skin preparation, skin safety, and modification techniques. **This course requires a final grade of C or better.**

NDXT 120 EEG Pre-Clinical Preparation

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Formal admission to the Neurodiagnostic Technology (EEG) program required. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course prepares the EEG student for safe participation in clinical education within the neurodiagnostic department. Students will explore and discuss the importance of patient safety, patient assessment, and equipment placement. While most of the course is delivered online, students will practice and master various procedures in a scheduled laboratory setting. **This course requires a final grade of C or better.**

NDXT 130 Principles of EEG

2 credit hours, 2 contact hours (Lecture: 2; Lab: 0); Semesters Offered: Spring.

Prerequisite: Formal admission to the Neurodiagnostic Technology (EEG) program required. Minimum grade of C in NDXT 100, NDXT 101, NDXT 102, and NDXT 120. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course explores the history of electroencephalograms (EEG). Students will discuss the use of EEGs in the diagnosis of neurological diseases. Topics will include the national competency standards for performing EEGs, fundamentals of patient care, and HIPPA compliance. **This course requires a final grade of C or better.**

NDXT 131 Principles of Electricity and Electrical Safety

1 credit hour, 1 contact hour (Lecture: 1; Lab: 0); Semesters Offered: Spring.

Prerequisite: Formal admission to the Neurodiagnostic Technology (EEG) program required. Minimum grade of C in NDXT 100, NDXT 101, NDXT 102, and NDXT 120. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course familiarizes the neurodiagnostic student with the principles of electricity and electrical safety. Students will discuss digital EEG, EEG recordings, and the digital EEG display. Topics will include risks related to current, grounding, and factors contributing to electrical injury. **This course requires a final grade of C or better.**

NDXT 132 EEG Instrumentation 1

2 credit hours, 2 contact hours (Lecture: 2; Lab: 0); Semesters Offered: Spring.

Prerequisite: Formal admission to the Neurodiagnostic Technology (EEG) program required. Minimum grade of C in NDXT 100, NDXT 101, NDXT 102, and NDXT 120. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course provides a foundation for EEG instrumentation. Students will discuss the basic requirements of the EEG system. Topics will include amplifier settings, filters, chart speeds, calibration methods, system selections, and post-acquisition setting adjustments. **This course requires a final grade of C or better.**

NDXT 200 EEG Procedures and Pathology 1

1 credit hour, 1 contact hour (Lecture: 1; Lab: 0); Semesters Offered: Spring.

Prerequisite: Formal admission to the Neurodiagnostic Technology (EEG) program required. Minimum grade of C in NDXT 100, NDXT 101, NDXT 102, and NDXT 120. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course explores the normal EEG patterns in adults during both awake and sleep cycles. Students will discuss the normal EEG variants. Topics will include waveform descriptions and medication effects on the EEG. **This course requires a final grade of C or better.**

NDXT 201 EEG Instrumentation 2

2 credit hours, 2 contact hours (Lecture: 2; Lab: 0); Semesters Offered: Spring.

Prerequisite: Formal admission to the Neurodiagnostic Technology (EEG) program required. Minimum grade of C in NDXT 100, NDXT 101, NDXT 102, and NDXT 120. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course provides the EEG student with the technical skills needed to analyze waveforms and polarity. Students will discuss techniques needed to improve EEG recording quality. Topics will include recording annotations, patient considerations based on specific need, and challenges of performing bedside procedures. **This course requires a final grade of C or better.**

NDXT 202 EEG Quality Control

1 credit hour, 1 contact hour (Lecture: 1; Lab: 0); Semesters Offered: Spring.

Prerequisite: Formal admission to the Neurodiagnostic Technology (EEG) program required. Minimum grade of C in NDXT 100, NDXT 101, NDXT 102, and NDXT 120. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course explores the physiological and non-physiological artifacts found in routine EEG recordings. Students will discuss the factors that contribute to artifacts and troubleshoot the ways to eliminate them. Topics will include impedance and common mode rejection (CMR). **This course requires a final grade of C or better.**

NDXT 220 EEG Clinical Practice 1

3 credit hours, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Spring

Prerequisite: Formal admission to the Neurodiagnostic Technology (EEG) program required. Minimum grade of C in NDXT 100, NDXT 101, NDXT 102, and NDXT 120. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This is the first in a series of two clinical courses that provides the necessary supervised clinical education needed for the EEG student to competently perform routine procedures and recognize patient considerations that affect diagnosis. Emphasis will be placed on patient safety and comfort while professional values, attitudes, and behaviors are upheld. **This course requires a final grade of C or better.**

NDXT 221 EEG Clinical Practice 2

3 credit hours, 3 contact hours (Lecture: 0; Lab: 3); Semesters Offered: Summer.

Prerequisite: Formal admission to the Neurodiagnostic Technology (EEG) program required. Minimum grade of C in NDXT 130, NDXT 131, NDXT 132, NDXT 200, NDXT 201, NDXT 202, and NDXT 220. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This is the last in a series of two clinical practice courses that provides the necessary supervised clinical education needed for the EEG student to perform routine procedures in the hospital or outpatient care facility. Emphasis will be placed on the continued practice of patient screening, safety, and performing routine procedures. **This course requires a final grade of C or better.**

NDXT 230 EEG Procedures and Pathology 2

1 credit hour, 1 contact hour (Lecture: 1; Lab: 0); Semesters Offered: Summer.

Prerequisite: Formal admission to the Neurodiagnostic Technology (EEG) program required. Minimum grade of C in NDXT 130, NDXT 131, NDXT 132, NDXT 200, NDXT 201, NDXT 202, and NDXT 220. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course provides the EEG student with skills to recognize EEG patterns related to seizures. Students will discuss the International Classification of Seizures and Information. Topics will include seizure classification, treatment, and seizure protocols. **This course requires a final grade of C or better.**

NDXT 231 EEG Procedures and Pathology 3

1 credit hour, 1 contact hour (Lecture: 1; Lab: 0); Semesters Offered: Summer.

Prerequisite: Formal admission to the Neurodiagnostic Technology (EEG) program required. Minimum grade of C in NDXT 130, NDXT 131, NDXT 132, NDXT 200, NDXT 201, NDXT 202, and NDXT 220. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course familiarizes the EEG student with the common neurological disorders found on electroencephalograms. Students will discuss the signs and symptoms related to various neurological disorders. Topics will include EEG patterns, diagnostic procedures, and patient considerations. **This course requires a final grade of C or better.**

NDXT 232 EEG Procedures and Pathology 4

1 credit hour, 1 contact hour (Lecture: 1; Lab: 0); Semesters Offered: Summer.

Prerequisite: Formal admission to the Neurodiagnostic Technology (EEG) program required. Minimum grade of C in NDXT 130, NDXT 131, NDXT 132, NDXT 200, NDXT 201, NDXT 202, and NDXT 220. Note: Students enroll for this course through Michigan Colleges Online. Tuition rates and course fees are billed at the MWTEC program rate by the provider institution.

This course familiarizes the EEG student with the skills needed to perform procedures on neonates and pediatric patients. The student will discuss the special considerations needed working with neonates and pediatric patients. Topics will include EEG patterns specific to age group, physiological variables, and challenges of working in critical care department. **This course requires a final grade of C or better.**

Nursing

NURS 160 Nursing Foundation

4 credit hours, 5 contact hours (Lecture: 5; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: Acceptance into the Nursing Program. Minimum grade of C in NURS 167. Concurrent enrollment allowed.

Additional Cost: \$170.00 NCLEX Prep Fee.

Introduction to the theoretical applications of concepts, principles, and skills needed for identifying and meeting the basic care needs of the culturally diverse adult client population. Emphasis is placed on utilization of the nursing process, effective communication skills, basic care concepts. **This course requires a final grade of C or better.**

NURS 167 Principles of Medication Administration

2 credit hours, 3 contact hours (Lecture: 2; Lab: 1); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in MATH 127. Permission of the Dean. Additional Cost: \$100.00 Background and Drug Screening Fee.

Designed to teach the student the mathematical skills essential for safe administration of medications. Topics include ratio, proportion, intravenous solution, apothecary and metric systems, and pediatric dosages. In addition, the student will be required to demonstrate proficiency in the administration of medications in a weekly laboratory setting. **This course requires a final grade of C or better. Students should refer to the specific NURS 167 course grading scale.**

NURS 168 Nursing Foundations Clinical 1

3 credit hours, 6 contact hours (Lecture: 0; Lab: 6); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in NURS 160. Concurrent enrollment allowed. Permission of the Dean. Additional Cost: \$15.00 Malpractice Insurance Fee.

Introduction to the application of nursing skills and concepts needed to provide basic care for the adult client. The student will spend 7 weeks in the skills lab learning and achieving competence in basic nursing skills. **This course requires a final grade of PC.**

NURS 170 Nursing Foundations Clinical 2

3 credit hours, 6 contact hours (Lecture: 0; Lab: 6); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in NURS 160 and NURS 168. Concurrent enrollment allowed in both. Permission of the Dean. Additional Cost: \$15.00 Malpractice Insurance Fee.

This course offers hands-on, practical application of the knowledge and skills acquired in NURS 160 and NURS 168, focusing on the nurse's role in the direct client care setting including culturally diverse care to the adult client, teamwork and collaboration, communication, client education, professionalism, and management of care. **This course requires a final grade of PC.**

NURS 178 Pharmacology 1

2 credit hours, 2 contact hours (Lecture: 2; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in BIOL 215, NURS 160, NURS 167, NURS 168, and NURS 170. Permission of the Dean. Additional Cost: \$170.00 NCLEX Prep Fee.

A basic study of drugs, their actions, therapeutic uses, and administration, emphasizing the nurse's responsibilities and limitations. **This course requires a final grade of C or better.**

NURS 186 Psychosocial Care in Nursing

2 credit hours, 2 contact hours (Lecture: 2; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in BIOL 215, NURS 160, NURS 167, NURS 168, and NURS 170. Permission of the Dean.

This course focuses on the theoretical application of concepts, principles, and skills needed for identifying and meeting client care needs. Emphasis is placed on the nurse's role in mental health and other psychosocial environments. **This course requires a final grade of C or better.**

NURS 187 Psychosocial Care Clinical

3 credit hours, 6 contact hours (Lecture: 0; Lab: 6); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in BIOL 215, NURS 160, NURS 167, NURS 168, NURS 170, and NURS 186; concurrent enrollment in NURS 186 allowed. Permission of the Dean. Additional Cost: \$15.00 Malpractice Insurance Fee.

This course offers hands-on practical application of the knowledge and skills required in NURS 186, focusing on the care of clients in mental health and other psychosocial environments. **This course requires a final grade of PC.**

NURS 194 Care of Adults 1

2 credit hours, 2 contact hours (Lecture: 2; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in BIOL 215, NURS 160, NURS 167, NURS 168, and NURS 170. Permission of the Dean.

This course focuses on the theoretical application of concepts, principles, and skills needed for identifying and meeting client care needs. Emphasis is placed on the knowledge required for the intermediate care of the culturally diverse adult medical-surgical client including medical and surgical interventions; holistic care before, during, and after medical or surgical interventions; and health promotion, education, and maintenance in relation to acute health problems. **This course requires a final grade of C or better.**

NURS 195 Care of Adults 1 Clinical

3.5 credit hours, 7.5 contact hours (Lecture: 0; Lab: 7.5); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in BIOL 215, NURS 160, NURS 167, NURS 168, NURS 170, NURS 194; concurrent enrollment in NURS 194 allowed. Permission of the Dean. Additional Cost: \$15.00 Malpractice Insurance Fee.

This course offers hands-on, practical application of the knowledge and skills acquired in NURS 194, focusing on the nurse's role in the acute care setting including culturally diverse care to the adult medical-surgical client, teamwork and collaboration, communication, client education, professionalism, and management of care. **This course requires a final grade of PC.**

NURS 204 Women's Health Care

2 credit hours, 2 contact hours (Lecture: 2; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grades of C in NURS 178, NURS 186, NURS 187, NURS 194, NURS 195, and NURS 228. Concurrent enrollment in NURS 228 allowed. Permission of the Dean.

Theoretical application of the physical and psychological care of the woman of childbearing age and older, including the care of the antepartum, intra-partum, postpartum, and newborn as well as other social issues that may affect women's health. Emphasis is placed on the knowledge required for the care of the culturally diverse maternal and newborn client. **This course requires a final grade of C or better.**

NURS 205 Women's Health Care Clinical

3 credit hours, 6 contact hours (Lecture: 0; Lab: 6); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in NURS 178, NURS 186, NURS 187, NURS 194, NURS 195; NURS 204, and NURS 228. Concurrent enrollment in NURS 204 and NURS 228 allowed. Permission of the Dean. Additional Cost: \$15.00 Malpractice Insurance Fee.

This course offers hands-on, practical application of the knowledge and skills acquired in NURS 204, focusing on the nurse's role in the obstetrical and newborn care within a culturally diverse population. **This course requires a final grade of PC.**

NURS 208 Care of the Child

2 credit hours, 2 contact hours (Lecture: 2; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in NURS 204, NURS 205, NURS 228, NURS 238, NURS 239, and NURS 212. Concurrent enrollment in NURS 212 allowed. Permission of the Dean.

Theoretical application of physiological and psychological care of the pediatric client (birth through adolescence and family). Emphasis is placed on the knowledge required for the care of the culturally diverse pediatric client. **This course requires a final grade of C or better.**

NURS 209 Care of the Child Clinical

3 credit hours, 6 contact hours (Lecture: 0; Lab: 6); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in NURS 204, NURS 205, NURS 228, NURS 238, NURS 239, NURS 208 and NURS 212. Concurrent enrollment in NURS 208 and NURS 212 allowed. Permission of the Dean. Additional Cost: \$15.00 Malpractice Insurance Fee.

This course offers hands-on, practical application of the knowledge and skills acquired in NURS 208, focusing on the nurse's role in the care of the pediatric client and family within a culturally diverse population. **This course requires a final grade of PC.**

NURS 212 Nursing Leadership

2 credit hours, 2 contact hours (Lecture: 2; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in NURS 204, NURS 205, NURS 228; NURS 238, and NURS 239. Permission of the Dean. Additional Cost: \$170.00 NCLEX Prep Fee.

Theoretical application of nursing leadership, evidence-based practice, and the systems approach to health care. Emphasis is placed on comprehensive professional role development. **This course requires a final grade of C or better.**

NURS 228 Pharmacology 2

2 credit hours, 2 contact hours (Lecture: 2; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in NURS 178, NURS 186, NURS 187, NURS 194, and NURS 195. Permission of the Dean. Additional Cost: \$170.00 NCLEX Prep Fee.

This course is a basic study of drugs, their actions, therapeutic uses, and administration emphasizing the nurse's responsibilities and limitations. **This course requires a final grade of C or better.**

NURS 238 Care of Adults 2

2 credit hours, 2 contact hours (Lecture: 2; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in NURS 178, NURS 186, NURS 187, NURS 194, NURS 195, and NURS 228. Concurrent enrollment in NURS 228 allowed. Permission of the Dean.

This course focuses on the theoretical application of concepts, principles, and skills needed for identifying and meeting diverse adult medical-surgical client care needs. Emphasis is placed on the theoretical knowledge of the nurse's role in caring for those adults experiencing complex and chronic problems including medical and surgical interventions; holistic care before, during, and after medical or surgical interventions; and health promotion, education, and maintenance in relation to complex and chronic health problems. **This course requires a final grade of C or better.**

NURS 239 Care of Adults 2 Clinical

3.5 credit hours, 7.5 contact hours (Lecture: 0; Lab: 7.5); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in NURS 178, NURS 186, NURS 187, NURS 194, NURS 195, NURS 228, and NURS 238.

Concurrent enrollment in NURS 228 and NURS 238 allowed. Permission of the Dean. Additional Cost: \$15.00 Malpractice Insurance Fee.

This course offers hands-on, practical application of the knowledge and skills acquired in NURS 238, focusing on the nurse's role in the care of the adult client experiencing complex and chronic problems including culturally diverse care, teamwork and collaboration, communication, client education, professionalism, and management of care. **This course requires a final grade of PC.**

NURS 248 Care of Adults 3

2.0 credit hours, 2.0 contact hours (Lecture: 2; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in NURS 204, NURS 205, NURS 228, NURS 238, NURS 239, NURS 212. Concurrent enrollment in NURS 212 allowed. Permission of the Dean.

This course focuses on the theoretical application of concepts, principles, and skills needed for identifying and meeting diverse adult medical-surgical client care needs. Emphasis is placed on the theoretical knowledge of the nurse's role in caring for those adults experiencing multisystem and emergent clinical problems including medical and surgical interventions; holistic care before, during, and after medical or surgical interventions; and health promotion, education, and maintenance in relation to multisystem and emergent health problems. **This course requires a final grade of C or better.**

NURS 249 Care of Adults 3 Clinical

3.5 credit hours, 7.5 contact hours (Lecture: 0; Lab: 7.5); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in NURS 204, NURS 205, NURS 228, NURS 238, NURS 239, NURS 212, and NURS 248.

Concurrent enrollment in NURS 212 and NURS 248 allowed. Permission of the Dean. Additional Cost: \$15.00 Malpractice Insurance Fee.

This course offers hands-on, practical application of the knowledge and skills acquired in NURS 248, focusing on the nurse's role in the care of the adult client experiencing multisystem and emergent problems including culturally diverse care, teamwork and collaboration, communication, client education, professionalism, and management of care. **This course requires a final grade of PC.**

Physical Education

PHED 101 Physical Education Activity

1 credit hour, 2 contact hours (Lecture: 0; Lab: 2); Semesters Offered: Fall, Spring, Summer.

Prerequisite: None.

Designed to develop basic skills, improve physical conditioning, teach rules, tactics, and values of the particular activity involved. All of the individual and team sport activities offered are taught on a beginning basis. Activities include archery, golf, tennis, weight training, bowling, volleyball, swimming, badminton, softball, handball, canoeing, windsurfing, downhill skiing, cross-country skiing, jogging, aerobic dance, step aerobics, racquetball, bicycling, sport walking, distance running, strength training, Tae Kwon Do, and kickboxing.

PHED 103 Life Wellness

3 credit hours, 3 contact hours (Lecture: 1; Lab: 2); Semesters Offered: Fall, Spring, Summer.

Prerequisite: None. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Designed to teach the skills necessary to obtain a healthy lifestyle. Physical assessment, the elements of wellness, substance abuse, and an introduction to some form of physical activity are included in the course.

PHED 111 Introduction to Coaching

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall.

Prerequisite: None.

This course prepares the student to accept coaching responsibilities at elementary, secondary, and collegiate levels. It presents the student with a variety of coaching creeds from which they will develop a logical coaching philosophy and gives practical experience in budgeting and scheduling.

PHED 112 Advanced Coaching

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.
Prerequisite: Minimum grade of C or better in PHED 111.*

This course expands the student knowledge of the coaching profession by exploring the areas of: athlete physical development, sports conditioning program design, peak health and performance evaluation, emotional wellness management, and conflict resolution.

PHED 210 Organization and Administration of Sports

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.
Prerequisite: None.*

Historical growth, present status, and the trends in sports programming. Exploring the sports industry management fundamentals, organizational theories, and development of resources. Students will become acquainted with the skills, techniques, ideas, and facts necessary to efficiently organize and administer a sports program at any school level.

PHED 215 Introduction to Recreation

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.
Prerequisite: None.*

This course offers an introductory analysis of the philosophical, economic, political, social, and psychological impacts of recreation and sport. The course also offers a contemporary analysis of trends in recreational/sport.

PHED 280 Practicum

*1 to 4 credit hours, 1 to 4 contact hours (Lecture: 0; Lab: 1 to 4); Semesters Offered: Fall, Spring, Summer.
Prerequisite: Permission of the Program Advisor.*

A practical field experience in recreation/sport. Enrollment by department approval and acceptance of practicum proposal. Students enroll in 1 to 4 credits (75-300 clock hours to meet course requirements) and are given letter grades based on a review of their employment and a comprehensive presentation to the program advisor. **This is a practicum and therefore requires a final grade of C or better.**

Philosophy

PHIL 101 Intro to Philosophical Thought

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.
Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.*

An introduction to the basic divisions of the philosophical discipline. The emphasis is upon the study of epistemology and metaphysics, tracing the historical progression of Western thought and comparing major philosophical systems of the West with those of the non-Western world.

PHIL 201 Introduction to World Religion

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring.
Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.*

An introduction to Buddhism, Hinduism, Islam, and Judaism, as well as a study of the religions of China, Japan, and the indigenous peoples. This course will assist the student to understand the historical development of these religions and the basic presuppositions including ultimate reality, world view, paths to liberation, and ethics.

PHIL 210 Introduction to Ethics

*4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall, Spring.
Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.*

This course serves as an introduction to the study of ethics. Students will read classic texts from the history of ethics: Plato, Aristotle, Hume, Mill, Kant, and Freud. Students will apply ethical theory and moral reasoning to contemporary issues in business, politics, the environment, and/or the health care industry. Students personally will confront the tension between "living the good life" and "living a life in which there is goodness."

PHIL 299 Independent Study in Philosophy

*1 to 4 credit hours, 1 to 4 contact hours (Lecture: 1-4; Lab: 0); Semesters Offered: Variable.
Prerequisite: Permission of the Department Chair or Dean.*

This course is for students who have completed all available courses in this subject area or who have a special interest in this subject area outside of the regular curriculum.

Physics

PHYS 101 Introductory Physics 1

*5 credit hours, 6 contact hours (Lecture: 4; Lab: 2); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in MATH 130 or satisfactory Math test score (Level 5).*

A non-calculus based college physics course providing an overview of basic principles of kinematics, dynamics, work and energy, rotational dynamics, fluids, heat, thermodynamics, and mechanical waves. Not recommended for Engineering or Physics majors.

PHYS 102 Introductory Physics 2

*5 credit hours, 6 contact hours (Lecture: 4; Lab: 2); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in PHYS 101.*

A non-calculus based college physics course providing an overview of basic principles of static and dynamic electricity and magnetism, D.C. and A.C. circuits, electromagnetic waves, reflection and refraction of light, interference and diffraction of light, relativity, and an introduction to modern physics. Not recommended for Engineering or Physics majors.

PHYS 201 General Physics 1

*5 credit hours, 6 contact hours (Lecture: 4; Lab: 2); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in MATH 141.*

A calculus-based physics course providing an introduction to the principles of kinematics, dynamics, work and energy, rotational dynamics, fluids, heat, thermodynamics, and mechanical waves. Emphasizes problem-solving methods. Recommended for Engineering and Physics majors.

PHYS 202 General Physics 2

*5 credit hours, 6 contact hours (Lecture: 4; Lab: 2); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in PHYS 201.*

A calculus-based physics course providing an introduction to the principles of static and dynamic electricity and magnetism, D.C. and A.C. circuits, electromagnetic waves, reflection and refraction of light, interference and diffraction of light, relativity, and an introduction to modern physics. Emphasizes problem-solving methods. Recommended for Engineering and Physics majors.

Political Science

POSC 201 American Government

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.
Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.*

A study of how the American political system operates, focusing on governmental policy areas, the enacting of laws and citizen influence, and related current events.

Psychology

PSYC 101 General Psychology

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

This is the first course in the study of individual human behavior. Subjects addressed include learning, development, the scientific method, personality, mental health, perception, emotion, and motivation.

PSYC 102 Psychology of Adjustment

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in PSYC 101. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

An exploration of the principles of psychology applied to the individual's adjustment to the stress of normal living and the fulfillment of potentials.

PSYC 180 Social Psychology

3 credit hours, 3 contact hours (Lecture 3; Lab 0); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in PSYC 101. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Social psychology is the scientific study of how individuals think, influence, and relate to one another. The goal of this course is to introduce students to the fundamental theories and research methods prevalent within the field of social psychology, the branch of psychology concerned with the origin of social interactions, as well as their effects on the individual. Topics explored in this course include, but are not limited to, social cognition, attitudes, conformity, altruism and prosocial behavior, stereotyping and prejudice, conflict and aggression, persuasion and power, obedience and group dynamics, decision making, social identity, and self-concept formation.

PSYC 205 Child Psychology

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in PSYC 101. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

A study of psychological principles as they apply to the family and the implications on personality development, child growth and development, attitudes, and other important aspects of child rearing.

PSYC 215 Organizational Psychology

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in PSYC 101. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

An introductory course for business and technical students. Basic psychological principles and concepts are taught, as well as how they apply to work situations such as job satisfaction, interpersonal relations, mental health factors, group dynamics, and decision making.

PSYC 260 Abnormal Psychology

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in PSYC 101. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

This course is designed for students interested in pursuing careers in psychology, social work, or psychiatric nursing. The course will provide an overview of abnormal psychology including clinical assessment, diagnosis, disorders, and treatment.

PSYC 296 Educational Psychology

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in PSYC 101. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

It is designed to acquaint the student with the study and application of psychological concepts and principles as they relate to the teaching and learning process, classroom management, educational goals and objectives, measurement and evaluation, and diversity awareness.

PSYC 299 Independent Study in Psychology

1 to 4 credit hours, 1 to 4 contact hours (Lecture: 1 to 4; Lab: 0); Semesters Offered: Variable.

Prerequisite: Permission of the Dean.

This course is designed for students who have completed all available courses in this subject area or who have a special interest in this subject area outside of the regular curriculum.

Science Education

SCIE 190 Earth Science for Elementary Educators

3 credit hours, 5 contact hours (Lecture: 2; Lab: 3); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

A laboratory-based course specifically designed for prospective elementary teachers. The objectives of the course are to aid students in developing meaningful and functional understanding of key earth science concepts and their interrelations, to provide students with open-ended problem-solving environments that facilitate insight in the nature of science as an intellectual activity, to explore alternate conceptions of scientific phenomena, to help students develop more positive attitudes about science, and increase their confidence in their ability to do science.

Speech Language Pathology

SLP 110 Introduction to Speech Language Pathology

2 credit hours, 2 contact hours (Lecture: 2; Lab: 0); Semesters Offered: Variable.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

Introduction to behavioral and social aspects of communication, with emphasis on development, adult, adult functions, and cultural differences, in addition to disorders. Also examines general approaches to rehabilitation of the communicatively disabled and current controversies.

Sociology

SOCI 201 Principles of Sociology

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

An introduction to the scientific study of human society and social interactions. The course covers basic principles of social structure and process with an analysis of culture, socialization, status, role, stratification, and social change.

SOCI 202 Social Problems

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

This course is designed to provide an overview of concepts, theories, and research essential for analysis of social problems in American society. Issues examined include poverty, race, deviance and crime, immigration, and alienation. There will be an opportunity to focus on topics of students' interest.

SOCI 203 Marriage and Family

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Provides an introduction to the sociological and social psychological factors in marriage. The course includes topics such as partner selection, changing marriage patterns, sex roles, and conflict within the modern family structure.

SOCI 240 Minority Groups in America

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

Traces the history of several minority groups in the United States and analyzes their current demographic, economic, and social situations. Minority/Dominant relationships are examined. Emphasis is placed on the study of prejudice and discrimination.

SOCI 248 American Indian Studies and Policy

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring of even years.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

This omnibus course discusses dimensions of Native American identity as delineated through demography and history, society and culture, religion and education, and politics and economics. Particular attention is given to interpreting Native American sovereignty and self-governance as developed in relationship with U.S. national and state authorities. To close, the class will undertake comparative analysis, referencing the indigenous peoples of Alaska and Hawaii, Latin America, and across the world.

SOCI 299 Independent Study in Sociology

1 to 4 credit hours, 1 to 4 contact hours (Lecture: 1 to 4; Lab: 0); Semesters Offered: Variable.

Prerequisite: Permission of the Dean.

This course is designed for students who have completed all available courses in this subject area or who have a special interest in this subject area outside of the regular curriculum.

Social Work

SOWK 100 Introduction to Social Work

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring.

Prerequisite: None. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

An introduction to the field of social work with its diverse settings, client populations, and activities as a career choice. This course provides a brief history of the social work profession, and then presents an overview of the settings, methods, values, and characteristics of the social work profession. It includes social work knowledge, skills, and value base. This course will contain a component of service learning to acquaint the student with field experience. Emphasis is placed on class discussion and current events.

SOWK 120 Social Work/Interview Skills

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in SPEE 102. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

This course is an introduction to the types, purposes, and stages of interviewing. Basic empathy skills will be covered. Skills in observation, listening, non-verbal communication, rapport-building, information giving, and information gathering will be taught. Basic training in recording and documentation will be reviewed. There will be an emphasis on working with culturally diverse, oppressed, or maladaptive clients.

SOWK 200 Introduction to Social Welfare

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in SOWK 100 and SOWK 120. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.

The main focus of this course is to give students an understanding of the emergence of the institution of social welfare by tracing its historical roots. This course will explore the historical development of social welfare in the Old and New Worlds. Social welfare policies and programs within the United States will be reviewed along with a discussion of the values underlying the existing systems.

SOWK 205 Theories and Methods of Practice 1

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Variable.

Prerequisite: Minimum grade of C in SOWK 100 and SOWK 120.

This course is devoted to theories, methods, and values of social work practice. The main focus of this course is on the direct service roles and generalist roles for entry level into the practice. Various theoretical models will be covered in this course. The primary focus will be on individuals and families. A variety of interventions will be addressed that deal with the psychosocial issues faced by the client.

SOWK 240 Field Experience

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Variable.

Prerequisite: Minimum grade of C in SOWK 100 and SOWK 120; and completion of 45 credit hours including specific SOWK courses and recommendation of the program advisor.

This is a capstone course in which the student searches independently, with assistance from the program advisor, for a human services agency in which the student will be placed to complete 96 hours (48 hours per credit) observing the social services roles, assisting in service delivery under close supervision, and exploring career interests and aptitude. The student will be placed, supervised, and evaluated under the direction of a college staff member. Students will prepare for a program interview with the program advisor and Advisory Board. The student is asked to meet with the program advisor prior to registering for this course. **This is a capstone course and therefore requires a final grade of C or better.**

Spanish

SPAN 101 Elementary Spanish 1

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall.

Prerequisite: None.

Designed as the first class in a series of courses for students who want to learn to speak Spanish and who are considering further language instruction at a four-year institution. Presents the fundamentals of pronunciation and basic grammar structure.

SPAN 102 Elementary Spanish 2

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Spring.

Prerequisite: Minimum grade of C in SPAN 101 or one year of high school Spanish.

The second class in a series of courses designed for students who want to learn to speak Spanish and who are considering further language instruction at a four-year institution. Provides a continued emphasis on the spoken language and reading of graded materials in Spanish for comprehension without translation. Requires extensive use of spoken Spanish in the classroom.

SPAN 199 Independent Study in Spanish 1

1 to 4 credit hours, 1 to 4 contact hours (Lecture: 1 to 4; Lab: 0); Semesters Offered: Variable.

Prerequisite: Permission of the Department Chair or Dean.

This course is designed for students who have completed all available courses in this subject area or who have a special interest in this subject outside of the regular curriculum.

SPAN 201 Intermediate Spanish 1

4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Fall.

Prerequisite: Minimum grade of C in SPAN 102 or three years of high school Spanish.

The third class in a series of courses designed for students who want to learn to speak Spanish and who are considering further language instruction at a four-year institution. Reviews and applies essential principles of Spanish grammar structure and training in idiomatic usage through oral and written exercises and intensive practice of the spoken language and reading of Spanish texts.

SPAN 202 Intermediate Spanish 2

*4 credit hours, 4 contact hours (Lecture: 4; Lab: 0); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in SPAN 201 or four years of high school Spanish.*

The fourth class in a series of courses designed for students who want to learn to speak Spanish and who are considering further language instruction at a four-year institution. Reviews and applies essential principles of Spanish grammar structure and training in idiomatic usage through oral and written exercises and intensive practice of the spoken language and reading of Spanish texts.

SPAN 299 Independent Study in Spanish 2

*1 to 4 credit hours, 1 to 4 contact hours (Lecture: 1 to 4; Lab: 0); Semesters Offered: Variable.
Prerequisite: Permission of the Department Chair or Dean.*

This course is designed for students who have completed all available courses in this subject area of who have a special interest in this subject outside of the regular curriculum.

Speech

SPEE 102 Fundamentals of Public Speaking

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.
Prerequisite: None. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.*

Develops the skills and confidence necessary to speak effectively in public. Emphasis is on principles and techniques of audience analysis, research, development, organization, and delivery of informative and persuasive speeches. Students apply principles in classroom exercises and speeches.

SPEE 104 Introduction to Human Communication

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall, Spring, Summer.
Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed. Additional Cost: \$20.00 per contact hour if enrolled in an online format of this course.*

Surveys and examines the communication process in interpersonal, small-group, and organizational settings. The course includes listening and interviewing skills, as well as nonverbal, gender, and inter-cultural communication. Students utilize principles learned in classroom exercises.

Theatre

THEA 110 Theatre Appreciation

*3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Variable.
Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.*

An introductory course in theatre designed for the non-theatre major. Students will develop an appreciation and enjoyment of the dramatic arts. This survey of theatrical history, principles, and practices includes units on theory, performance, terminology, production, and technical aspects. Students will have the opportunity to become familiar with theatre through hands-on experience, video/film, and reading/performing plays.

THEA 150 Applied Theatre

*0.5 to 3.0 credit hours, 0.5 to 3.0 contact hours (Lecture: 0.5 to 3.0; Lab: 0); Semesters Offered: Variable.
Prerequisite: None.*

Provides variable credit for supervised experience involving one or more aspects of theatrical expression/production through college theatre productions. The nature of involvement is to be determined between the instructor and student. No more than 6 credits may be applied toward graduation requirements.

THEA 180 Play Production

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Variable.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

Introduces the student to the fundamentals of play production. This course explores the technical aspects involved in performance arts events. Students will work with all production elements including set design, lighting, costume design, makeup, and publicity.

THEA 181 Acting 1

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Variable.

Prerequisite: None.

Instructs the basic principles for the actor: movement and relaxation exercises, vocal technique, improvisation, character analysis, and development. Specific attention will be devoted to auditioning techniques and ensemble performance.

THEA 184 Acting 2

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Variable.

Prerequisite: Minimum grade of C in THEA 181.

Builds on the knowledge and skills acquired in THEA 181, concentrating on period style acting techniques. Students will be exposed to stage combat, poetry, sonnets, and classic theatrical pieces. Students will learn about scoring, scansion, and interruption of classic works. Students will do intensive work in movement, voice, and diction.

THEA 185 Improvisation

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Variable.

Prerequisite: None.

Techniques of improvisational performing for the beginning actor. This course includes spontaneous and planned exercises to evoke and inspire the actor's capacity for inventive imagination and sense of ensemble. Emphasis is placed on scene development, monologues, and storytelling.

THEA 210 Musical Theatre Workshop

1 credit hour, 2 contact hours (Lecture: 2; Lab: 0); Semesters Offered: Variable.

Prerequisite: Audition required.

Study of musical theatre role preparation and styles, particularly developing the skills necessary to approach and prepare roles for musical theatre. Acting, movement, singing, musical preparation, and coordination of the above elements are included.

THEA 220 Stagecraft

3 credit hours, 4 contact hours (Lecture: 2; Lab: 2); Semesters Offered: Variable.

Prerequisite: Minimum grade of C in ENGL 115, ENGL 103W, ENGL 103, or ENGL 104, or satisfactory English test score (Level 2 or higher). Concurrent enrollment in ENGL 115 allowed.

This is an introduction to theatre arts of design, acting, direction, and business through laboratory experience mixed with lecture. Students will work on construction and operating crews, handle business details under supervision, and generally participate in the operation of college theatre.

Welding Technology

WELD 113 Trade Mathematics-Welding

3 credit hours, 3 contact hours (Lecture: 3; Lab: 0); Semesters Offered: Fall.

Prerequisite: None.

This course stresses the use of formulas, mathematical techniques, and algebra used in practical welding field applications including project set up, material estimating and ordering, and efficient inventory management and material utilization.

WELD 159 Basic Welding

*2 credit hours, 3 contact hours (Lecture: 1; Lab: 2); Semesters Offered: Fall, Spring.
Prerequisite: None. Additional Cost: \$150.00 Course Supplies and Materials Fee.*

This course is a survey of the hands-on application of the oxy/acetylene and plasma cutting processes, such as the shielded metal arc, gas metal arc, and gas tungsten arc welding processes.

WELD 168 AWS Welder Certification Preparation

*2 credit hours, 4 contact hours (Lecture: 1; Lab: 3); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in WELD 159. Additional Cost: \$270.00 Certification Fee, Course Supplies and Materials Fee.*

This course administers the written examinations and performance testing in accordance with requirements of AWS SENSE QC10 and AWS EG2.0 for the MIG welding process. All individuals that meet the specified performance criteria will be awarded an AWS SENSE Program Welder certification. AWS welder certification is independent of the letter grade received in this course.

WELD 169 GMAW/MIG Welding

*4 credit hours, 6 contact hours (Lecture: 2; Lab: 4); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in WELD 159. Additional Cost: \$250.00 Course Supplies and Materials Fee.*

This course is the application of gas metal arc welding. Short circuit, axial spray transfer, and pulsed processes for different joints in all positions on carbon steel and aluminum will be explored.

WELD 175 GTAW/TIG Welding

*4 credit hours, 6 contact hours (Lecture: 2; Lab: 4); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in WELD 159. Additional Cost: \$200.00 Course Supplies and Materials Fee.*

This course covers the application of the gas tungsten arc welding process for different joints in all positions. Includes welding of non-ferrous metals using both regular and pulsed current.

WELD 180 SMAW/STICK Welding

*4 credit hours, 6 contact hours (Lecture: 2; Lab: 4); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in WELD 159, concurrent enrollment allowed. Additional Cost: \$200.00 Course Supplies and Materials Fee.*

This course covers the application of shielded metal arc welding (SMAW) processes in all positions with multiple electrode classes and polarities.

WELD 200 Advanced Welding

*3 credit hours, 4 contact hours (Lecture: 1; Lab: 3); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in WELD 277. Additional Cost: \$175.00 Course Supplies and Materials Fee.*

This course will cover industry specific welding processes and materials including multipass out of position welding with GMAW, GTAW, and SMAW. Emphasis will be placed on weld joint preparation for groove welds and pipe welding.

WELD 265 Thermal Cutting Processes

*2 credit hours, 3 contact hours (Lecture: 1; Lab: 2); Semesters Offered: Fall.
Prerequisite: None. Additional Cost: \$100.00 Course Supplies and Materials Fee.*

This course will cover an in-depth study, and hands on practice of oxy-fuel, plasma, and air carbon arc cutting, gouging, and scarfing.

WELD 277 Welding Fabrication and Maintenance Repair

*2 credit hours, 4 contact hours (Lecture: 1; Lab: 3); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in WELD 113, WELD 159, WELD 169, WELD 175, and WELD 265. Concurrent enrollment in WELD 113, WELD 169, or WELD 175 allowed. Additional Cost: \$175.00 Course Supplies and Materials Fee.*

This course will cover the fundamentals of layout and fabrication from a blueprint, cost estimation, and material selection. It will also outline the maintenance repair process and provide hands on use of these skills.

WELD 280 Metallurgy, Testing, and Inspection

*3 credit hours, 3 contact hours (Lecture: 1; Lab: 2); Semesters Offered: Fall.
Prerequisite: Minimum grade of C in WELD 159, concurrent enrollment allowed.*

This course will provide welders with an understanding that special attention is needed when welding certain types of metal. Recognition of the different metal types and welding techniques involved will be covered.

WELD 287 Fabrication and Maintenance II

*3 credit hours, 4 contact hours (Lecture: 1; Lab: 3); Semesters Offered: Spring.
Prerequisite: Minimum grade of C in WELD 277. Additional Cost: \$175.00 Course Supplies and Materials Fee.*

This course will use the equipment covered in WELD 277 to plan, design, and build multicomponent welding projects to blueprint specifications.
